Menidia menidia

Total Specimens: 316 | Total Populations (40 km R): 9

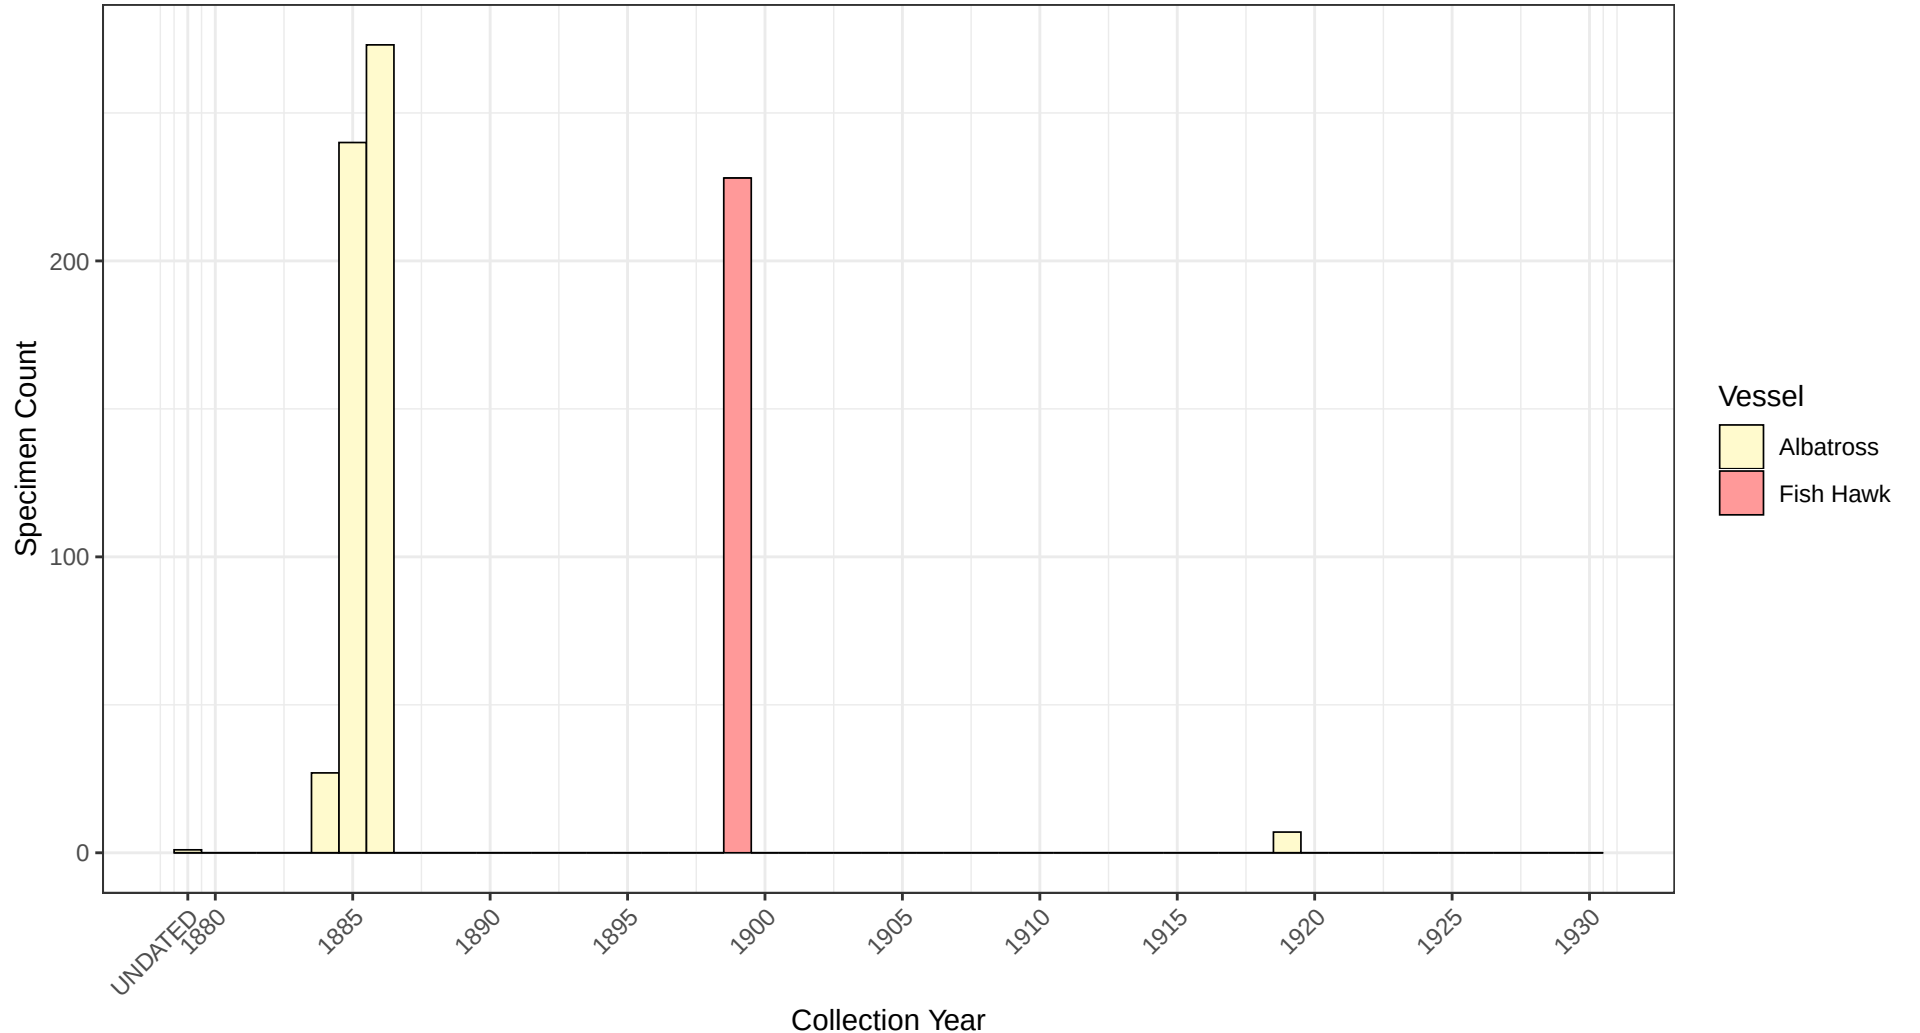

Alosa pseudoharengus

Total Specimens: 1358 | Total Populations (40 km R): 7

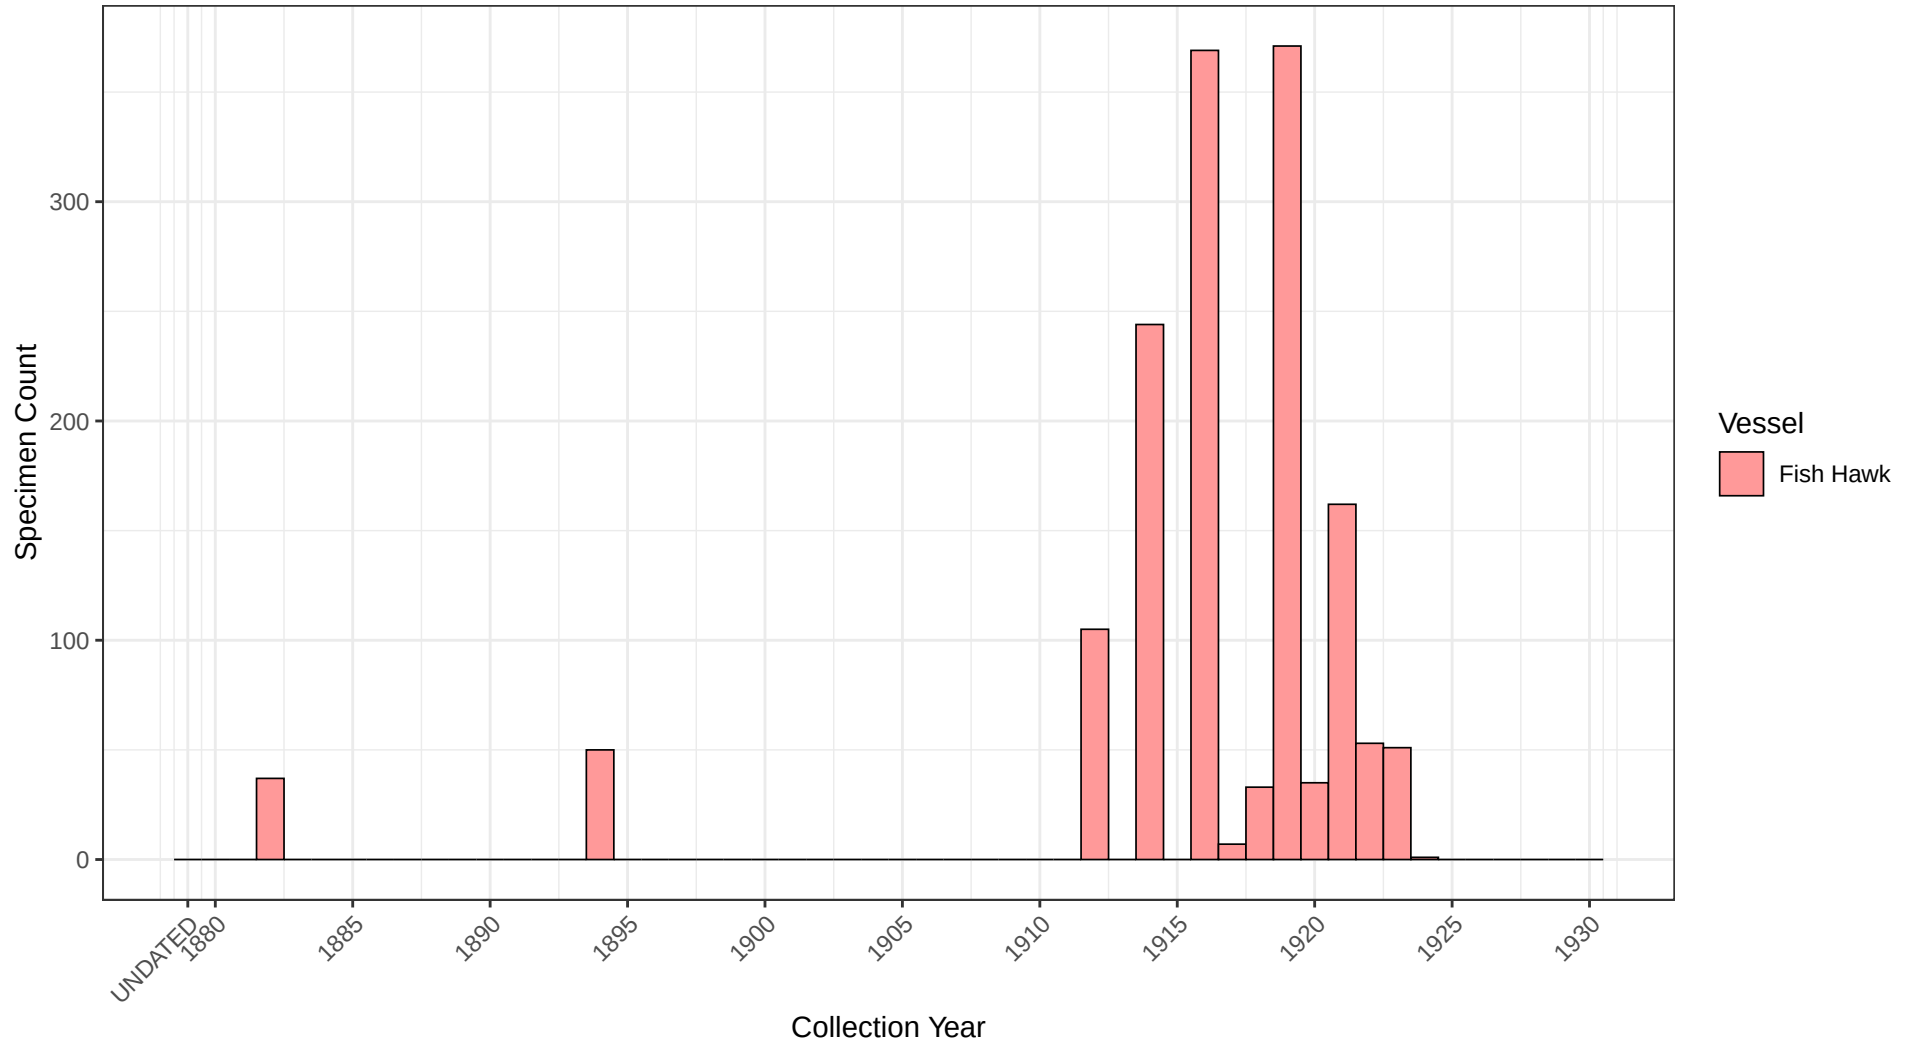

Atherinomorus stipes

Total Specimens: 776 | Total Populations (40 km R): 7

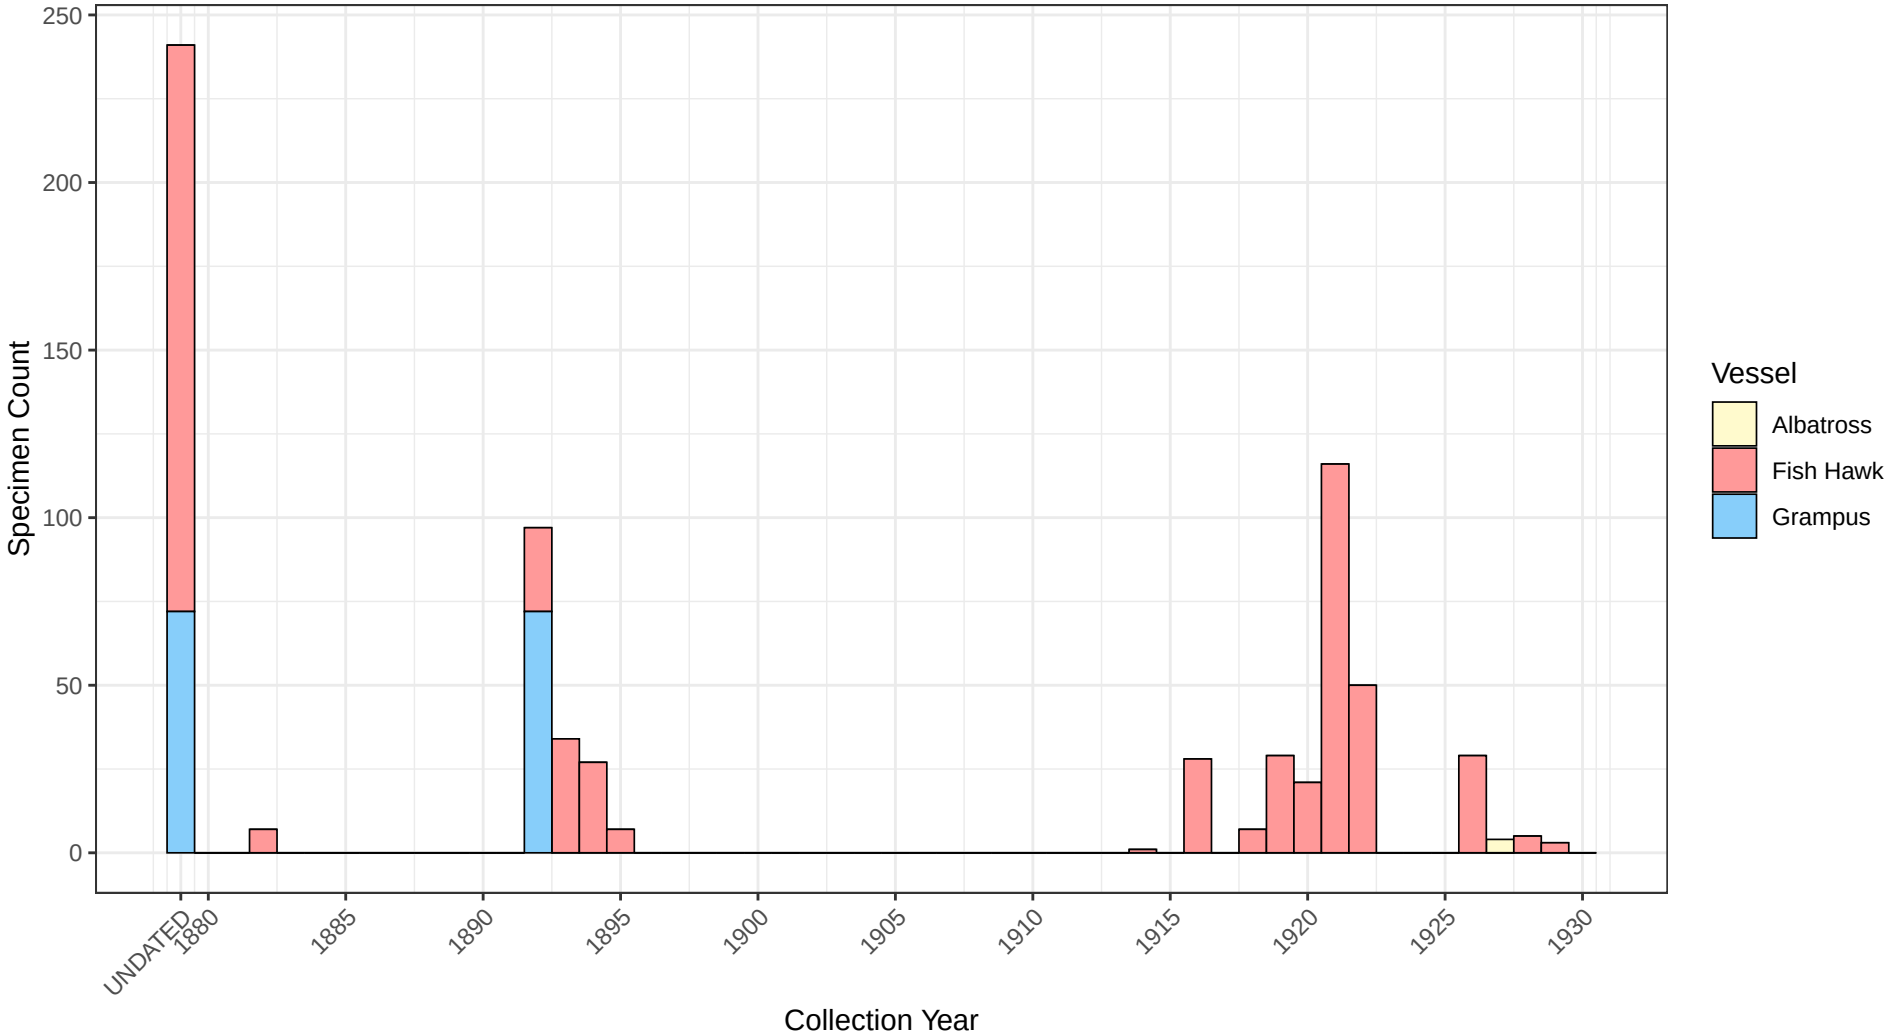

Alosa aestivalis

Total Specimens: 1518 | Total Populations (40 km R): 5

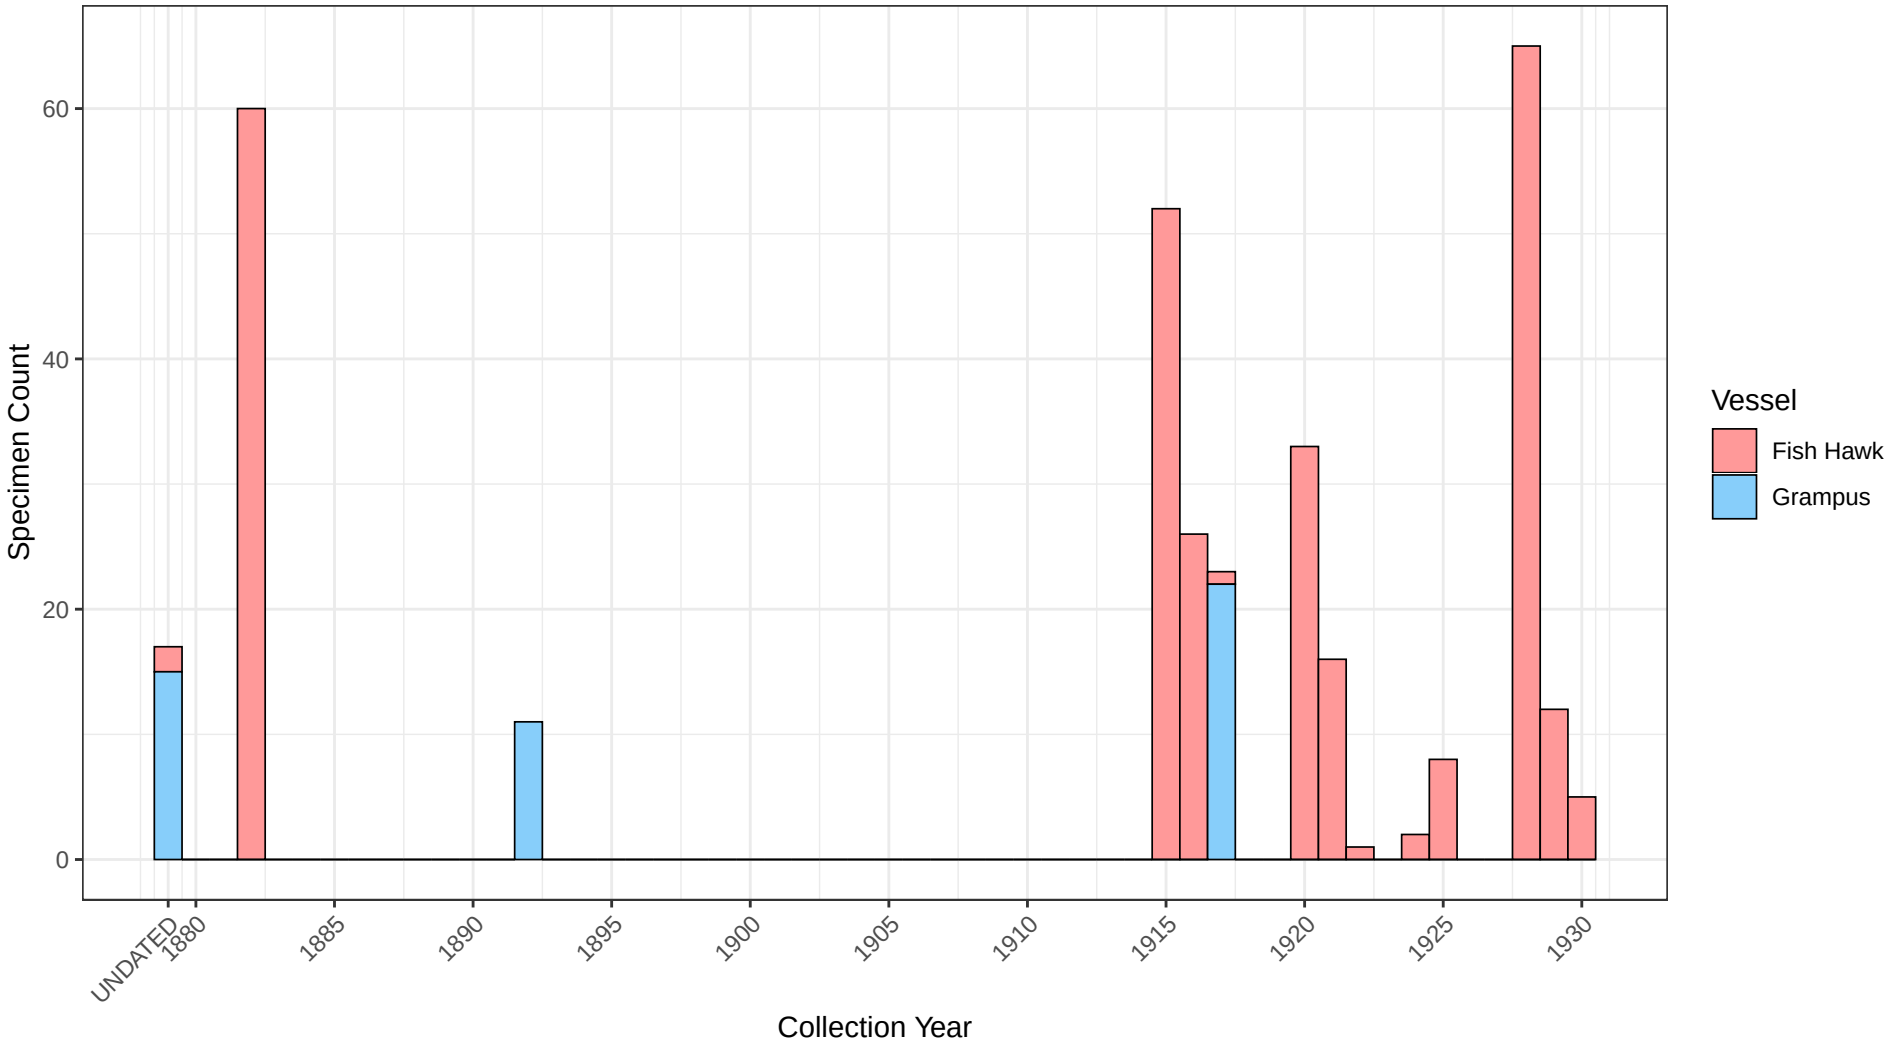

Brevoortia tyrannus

Total Specimens: 706 | Total Populations (40 km R): 4

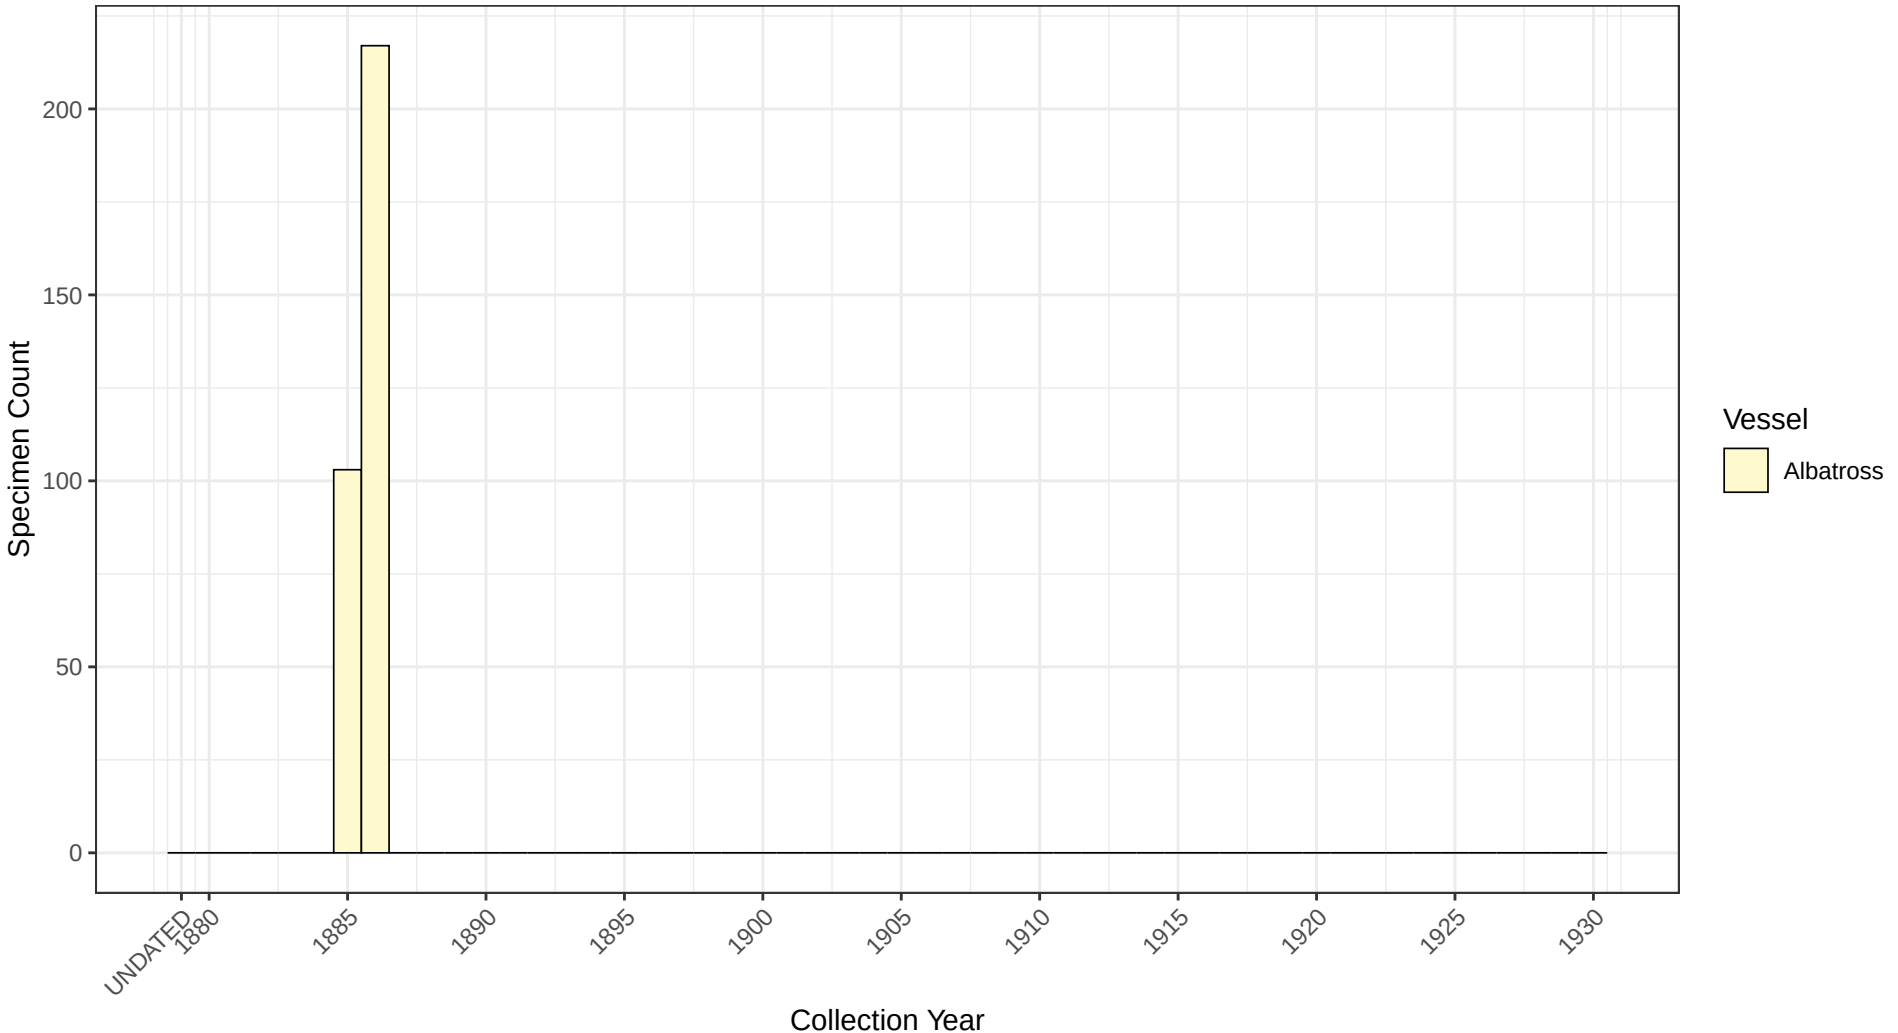

Anchoa mitchilli

Total Specimens: 331 | Total Populations (40 km R): 4

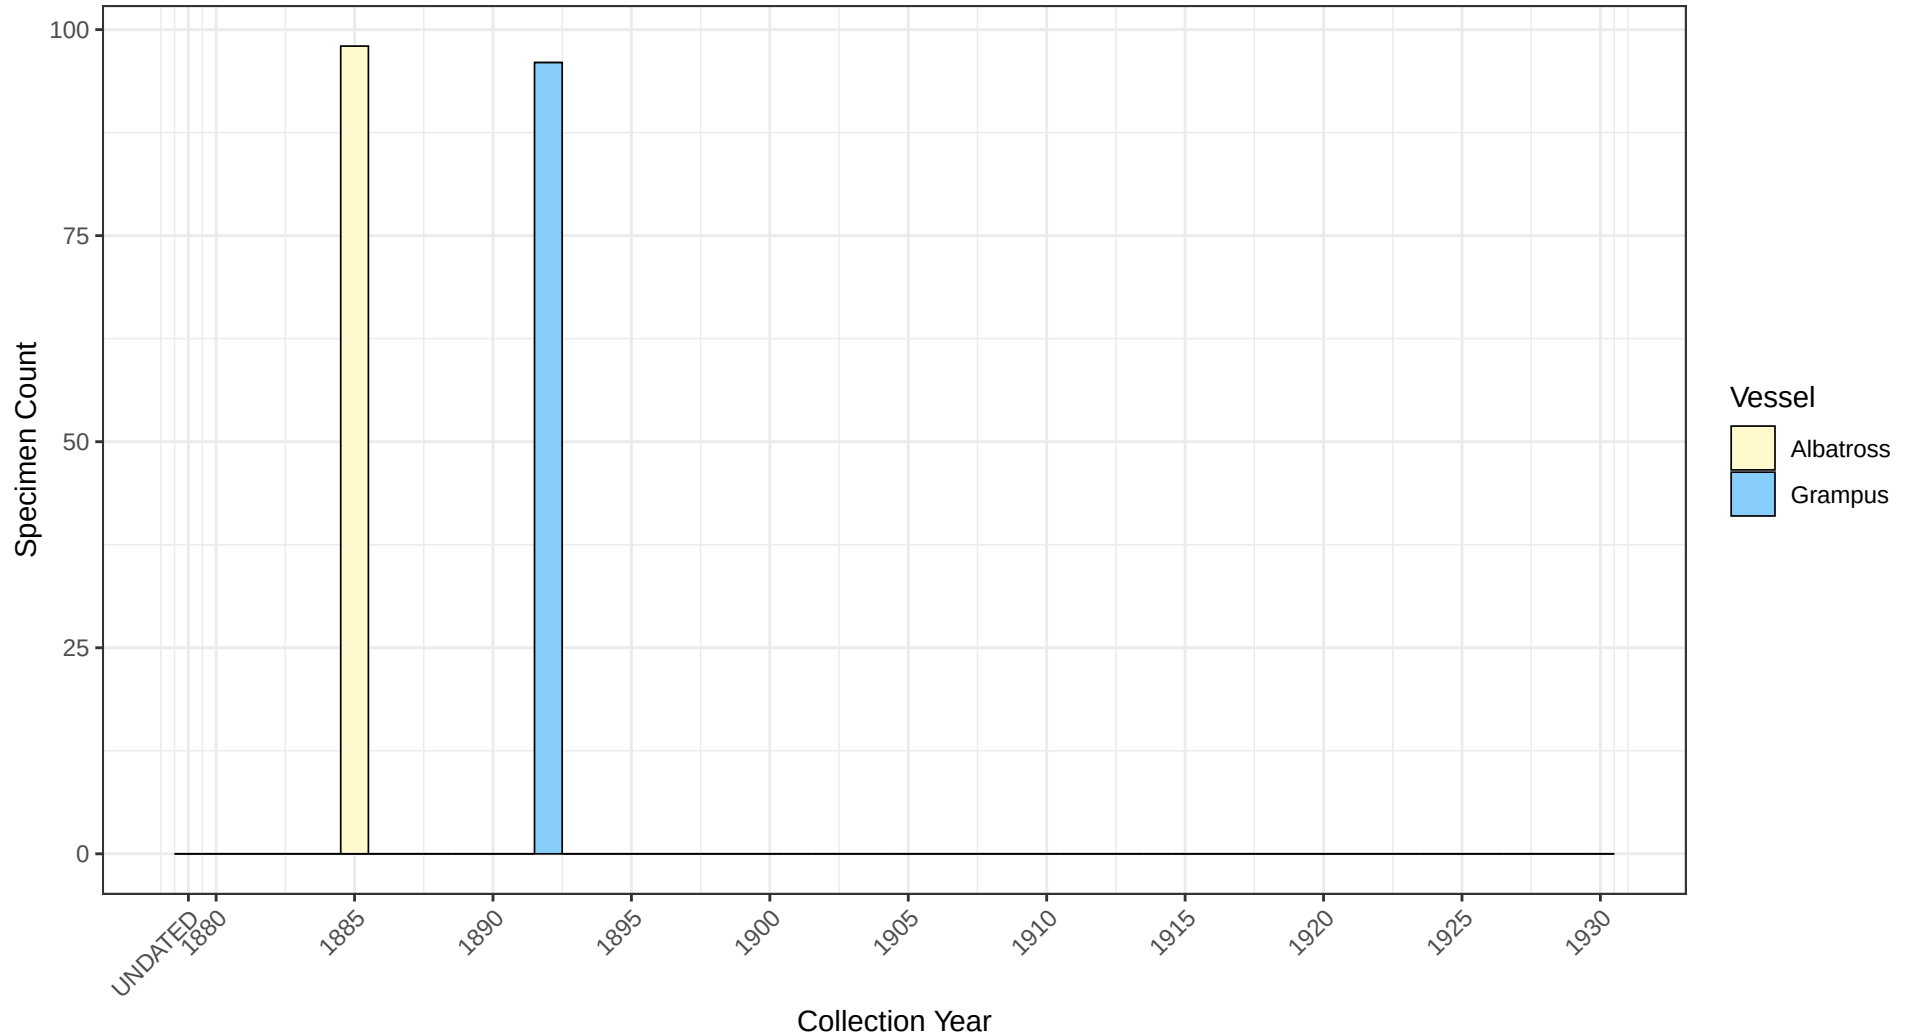

Gonichthys cocco

Total Specimens: 320 | Total Populations (40 km R): 4

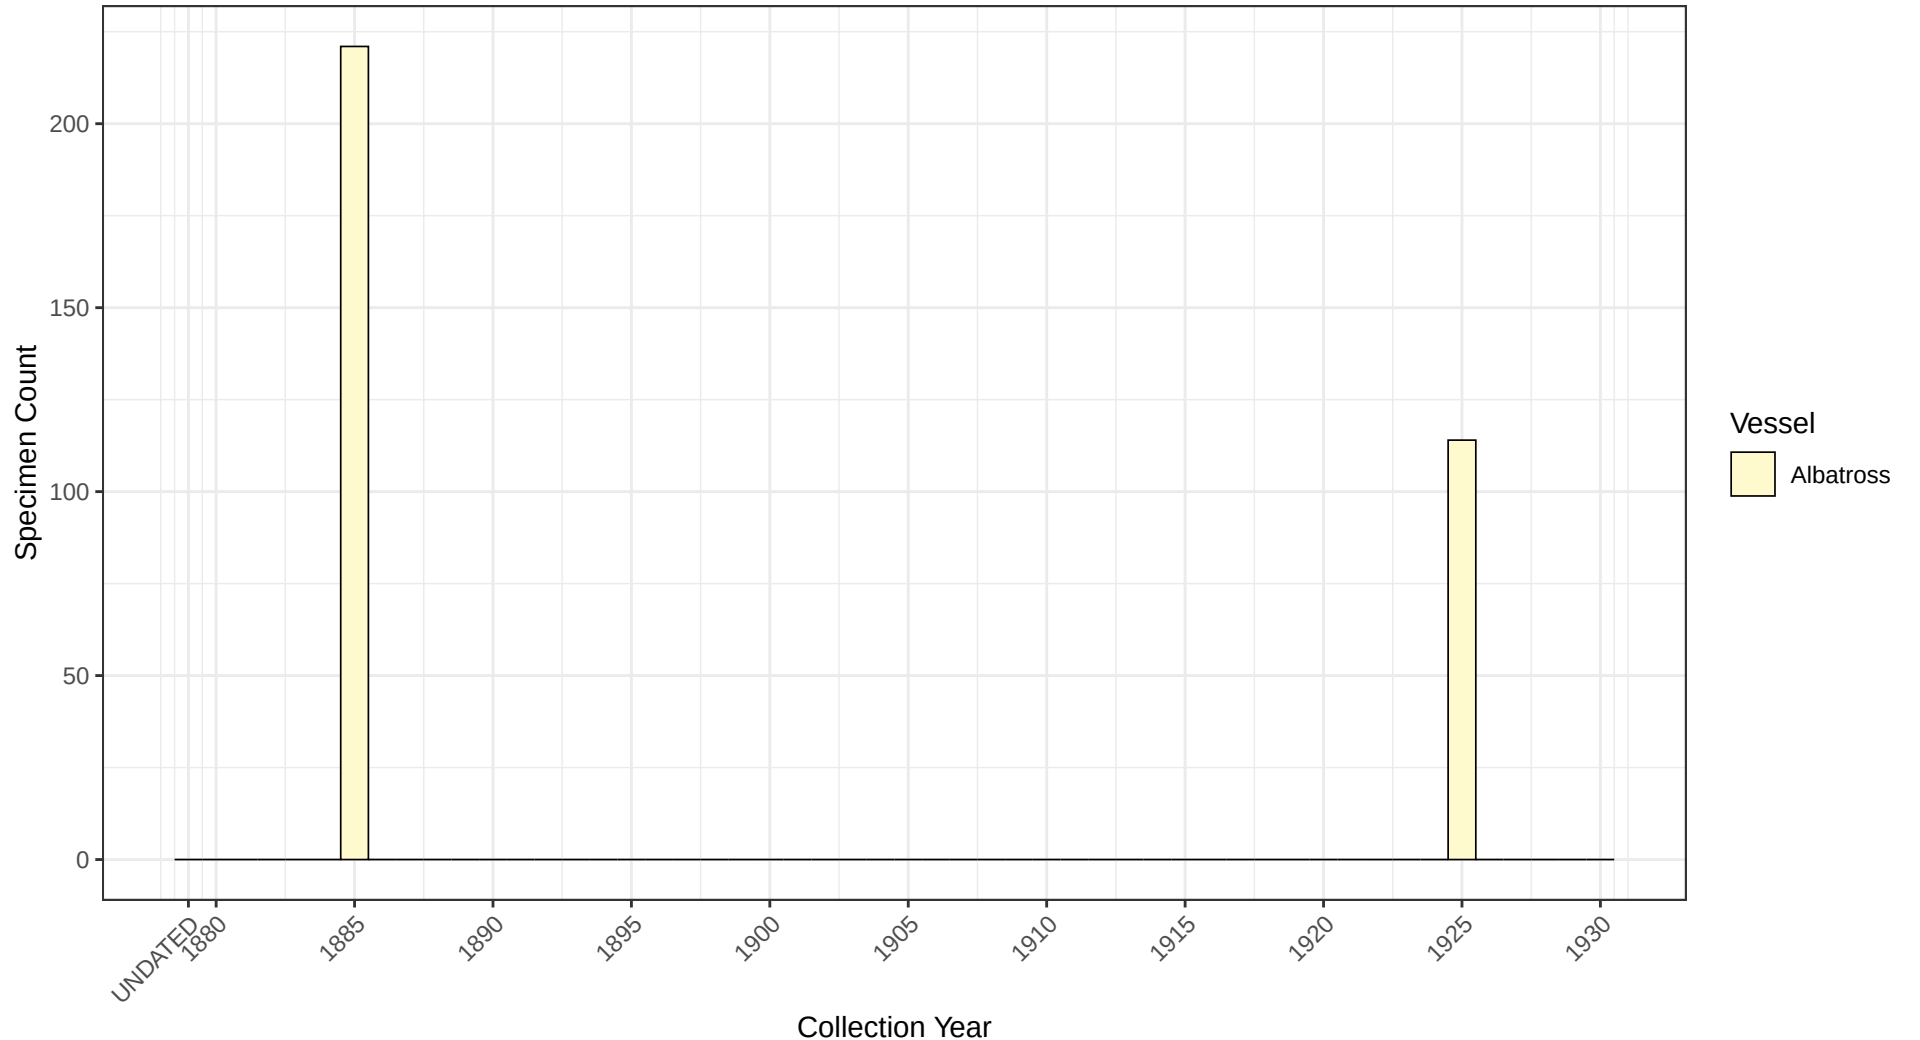

Anchoa cayorum

Total Specimens: 194 | Total Populations (40 km R): 4

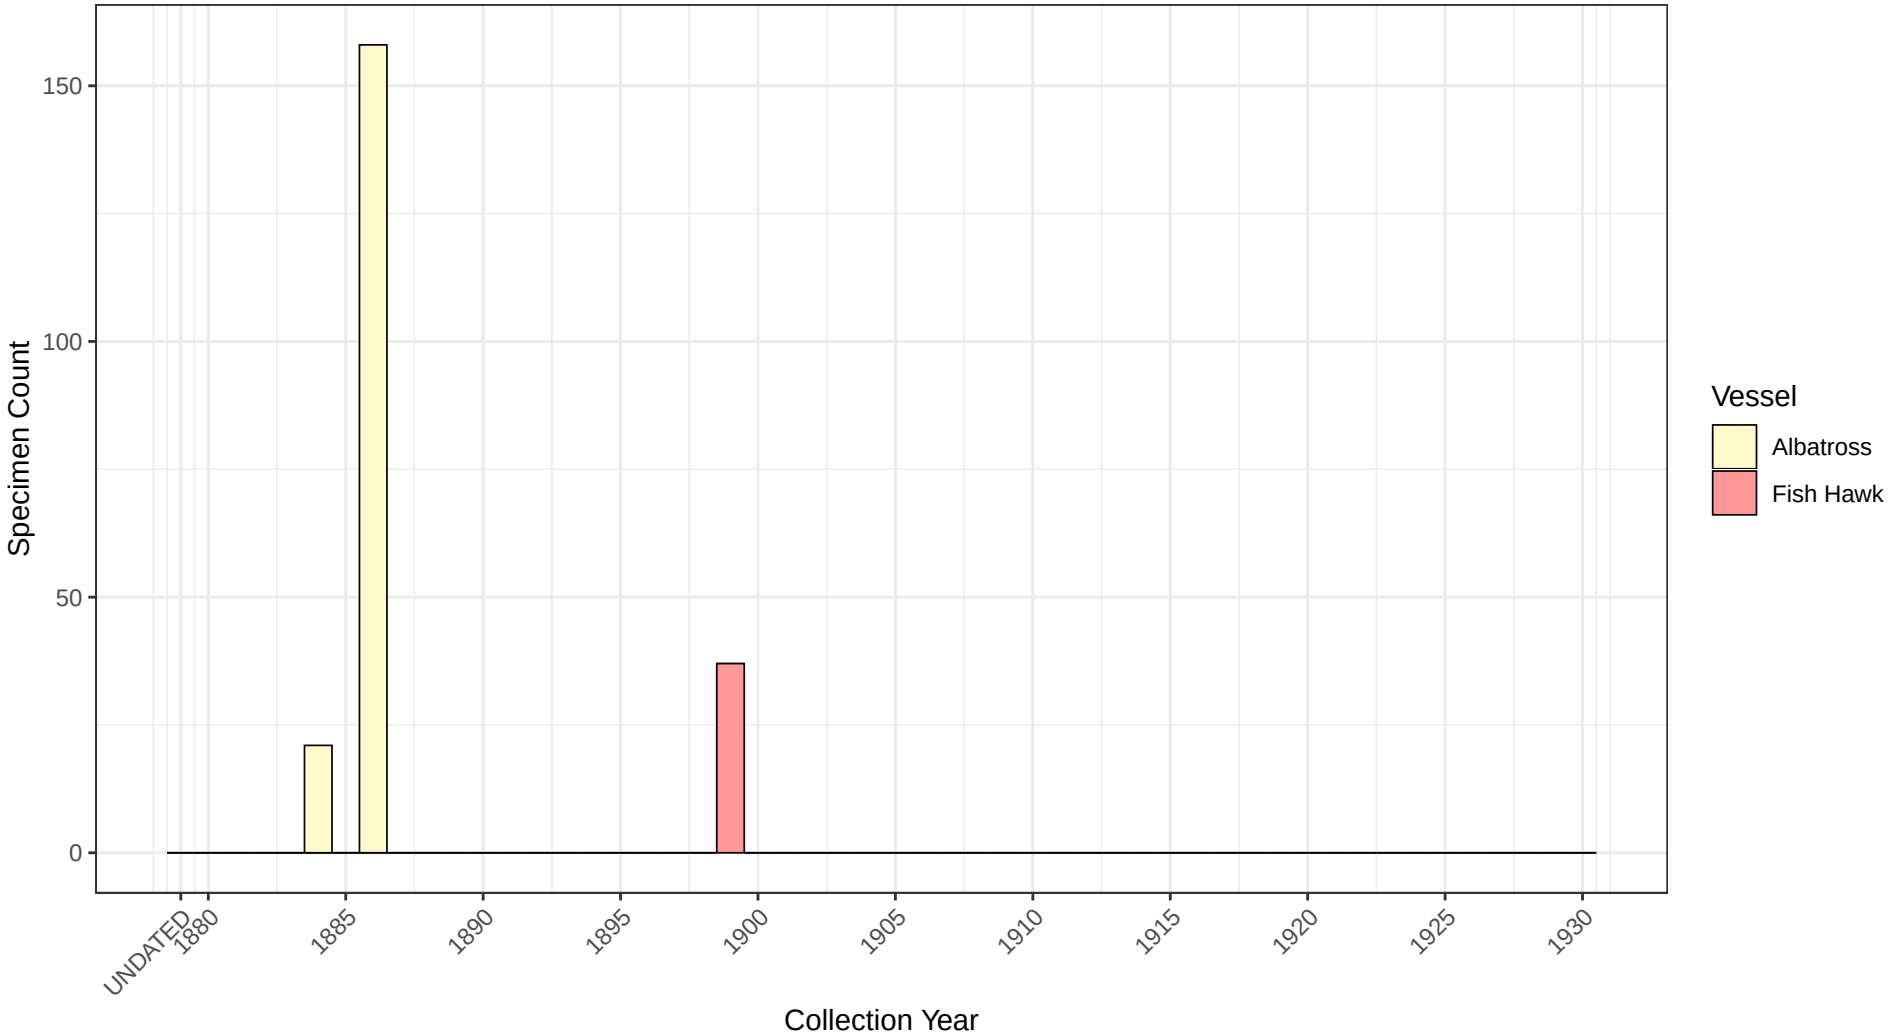

Jenkinsia stolifera

Total Specimens: 335 | Total Populations (40 km R): 3

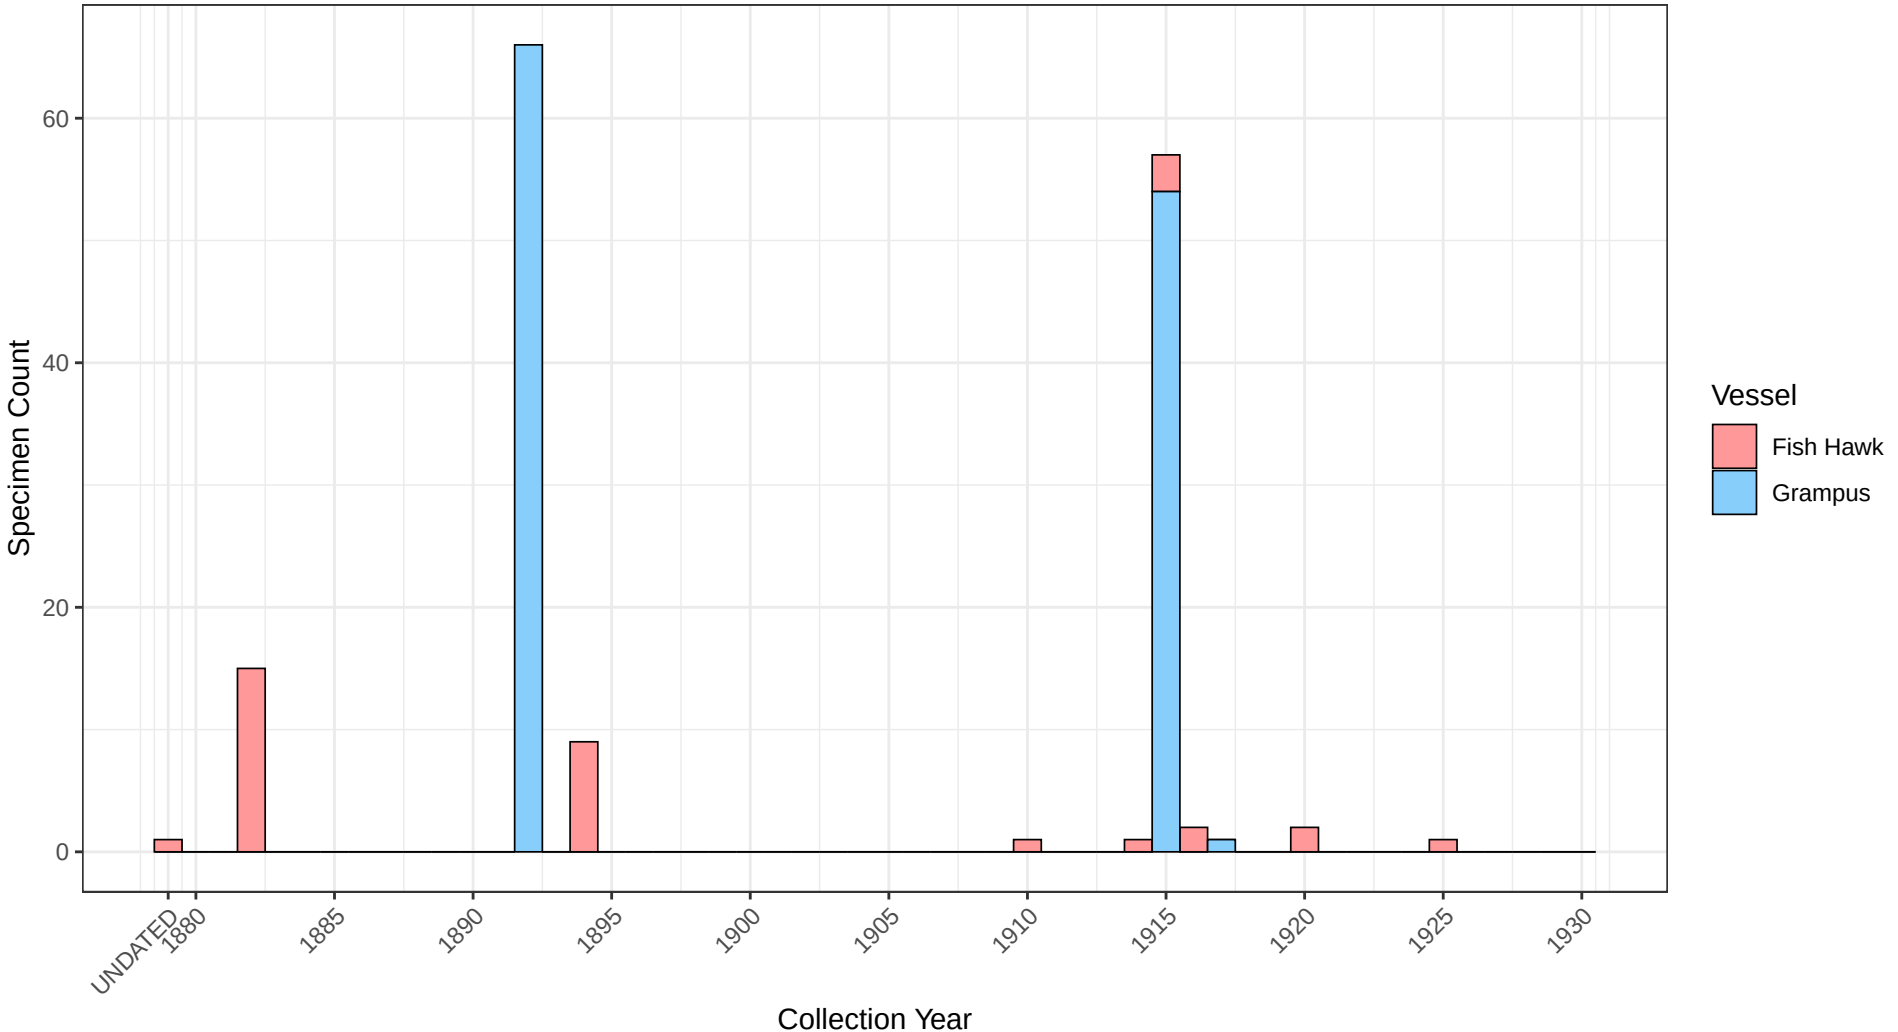

Jenkinsia lamprotaenia

Total Specimens: 216 | Total Populations (40 km R): 3

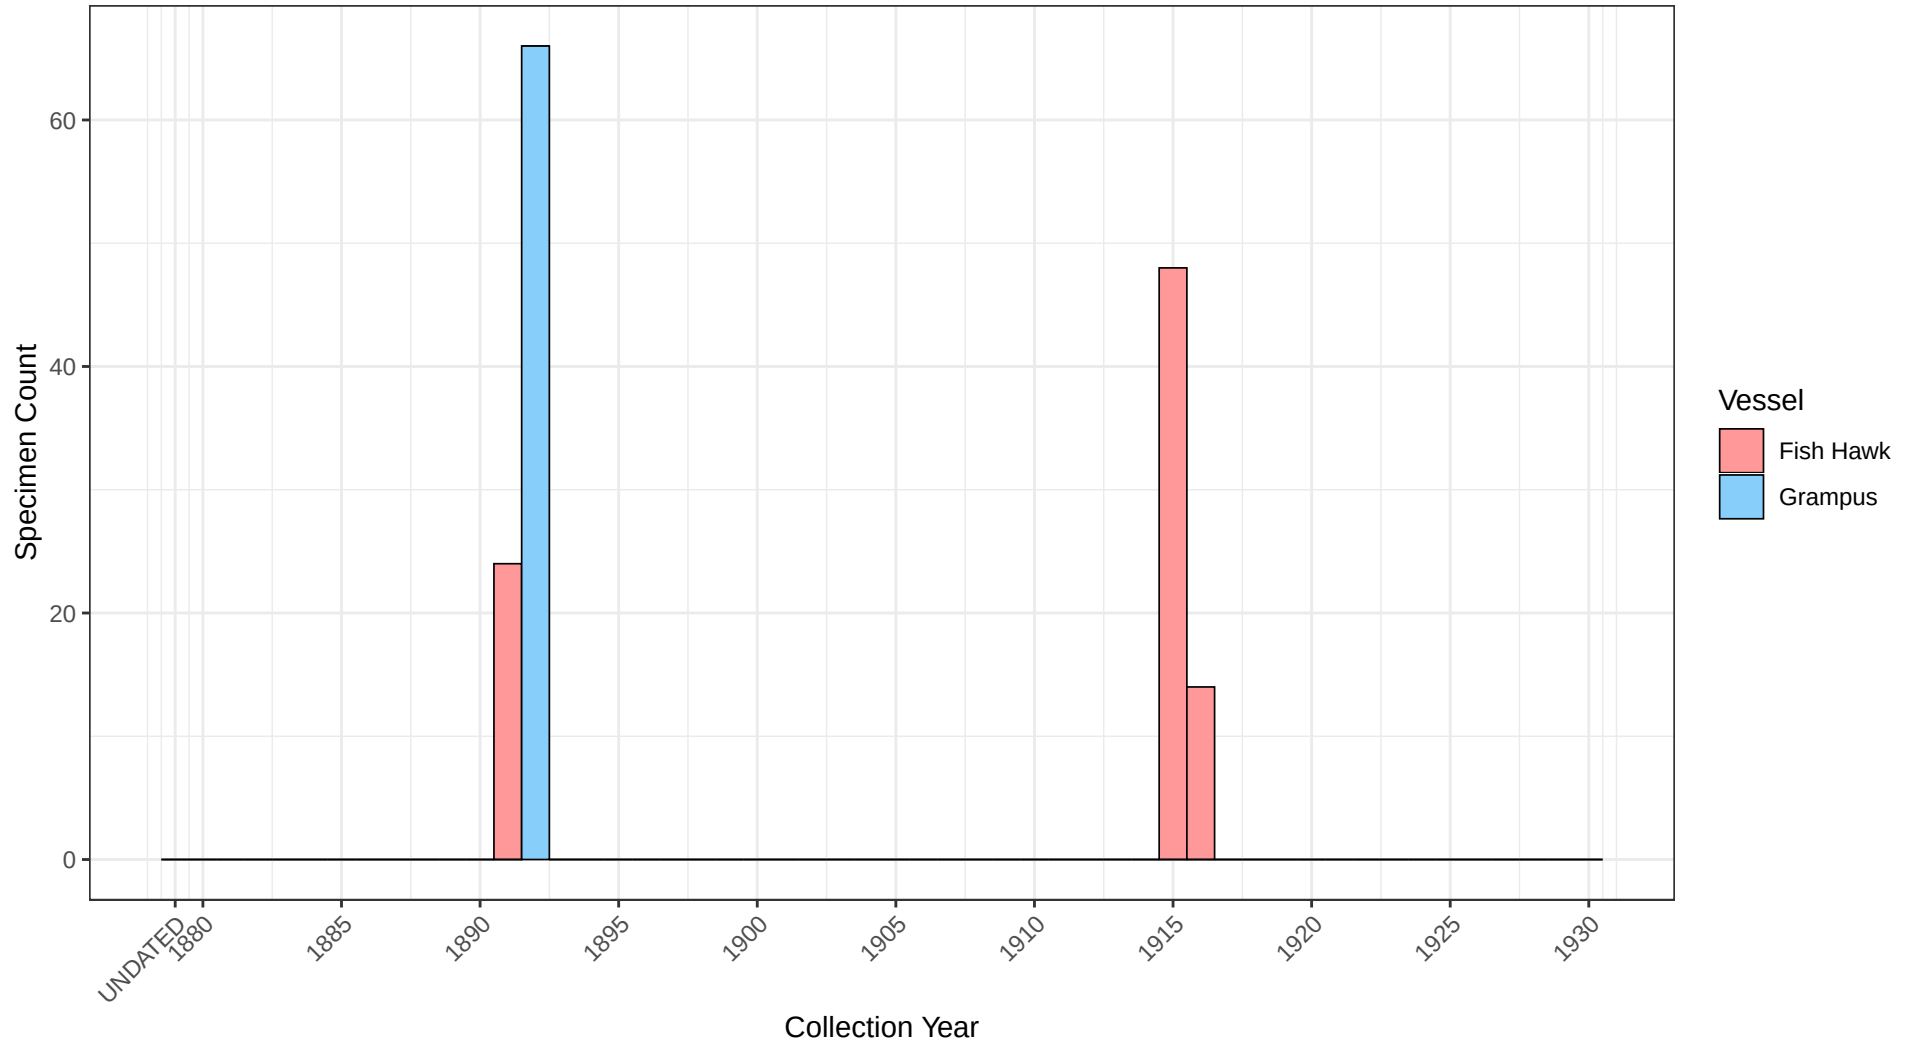

Syngnathus fuscus

Total Specimens: 156 | Total Populations (40 km R): 3

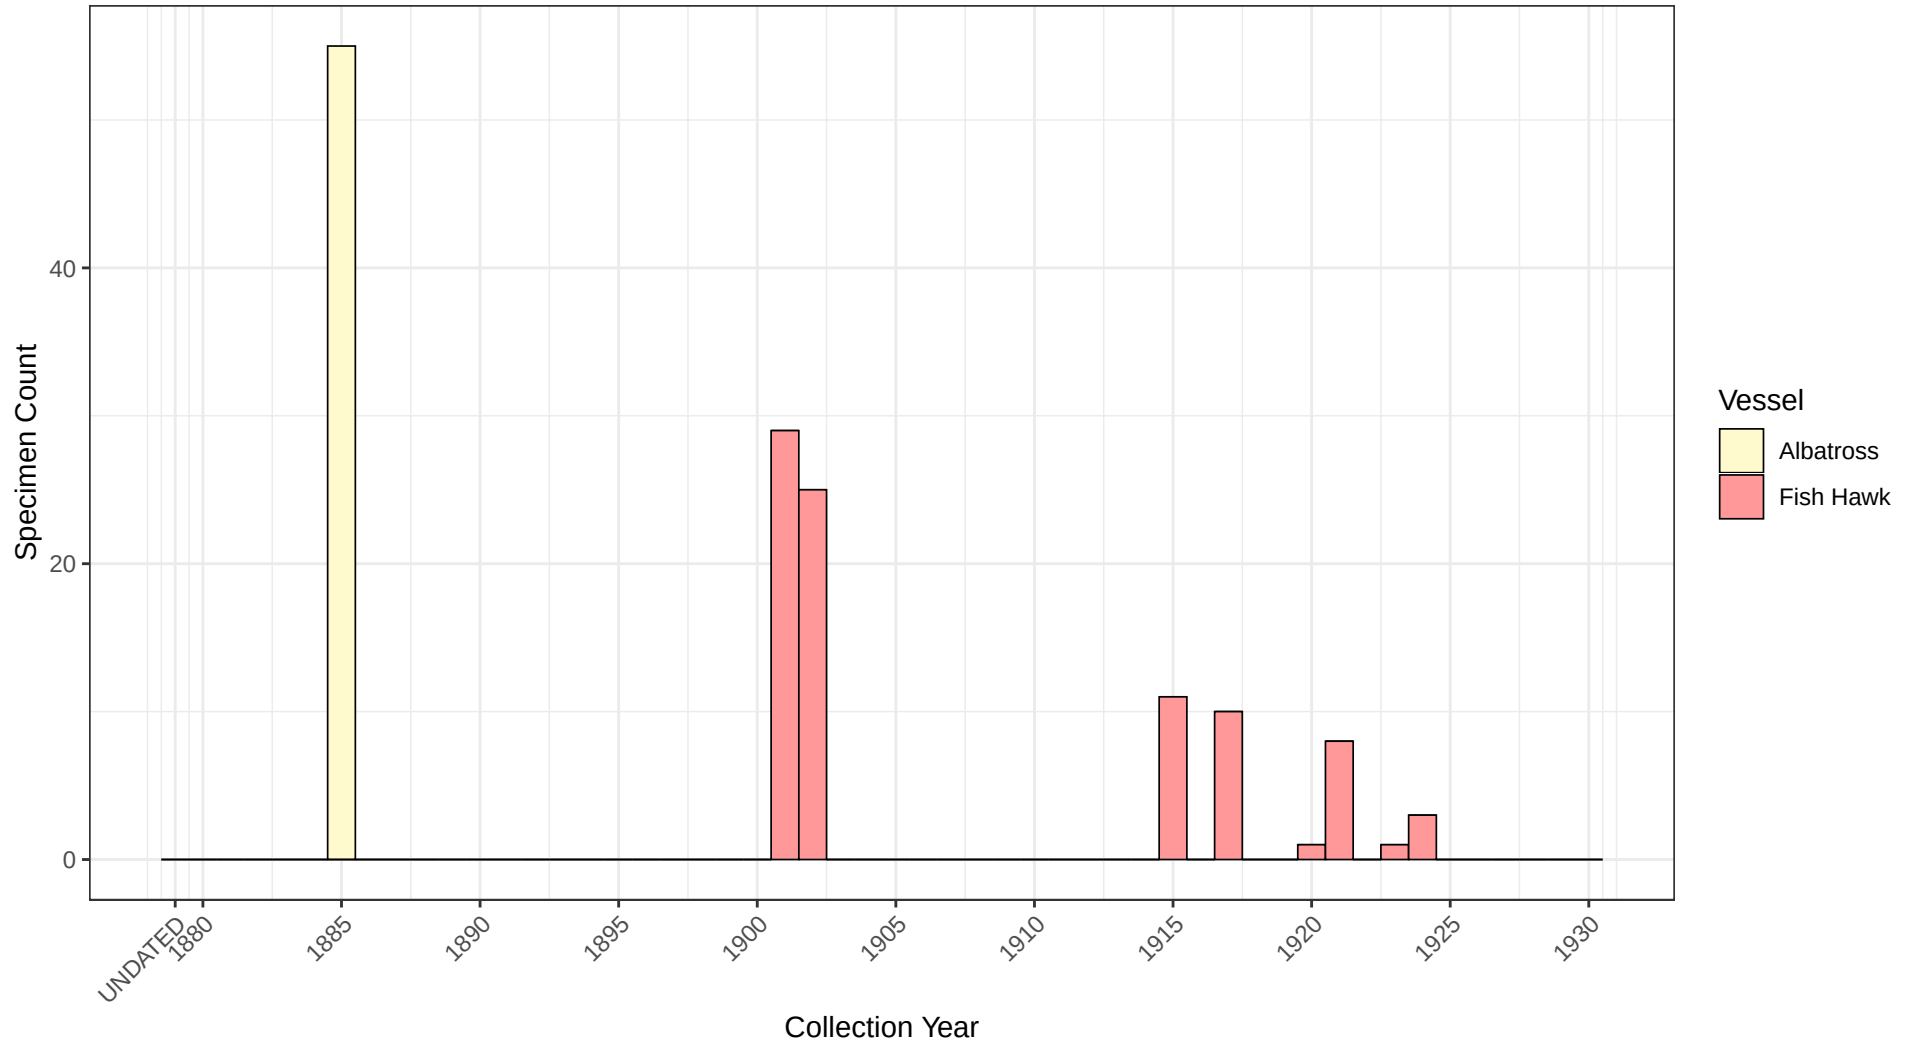

Membras martinica

Total Specimens: 152 | Total Populations (40 km R): 3

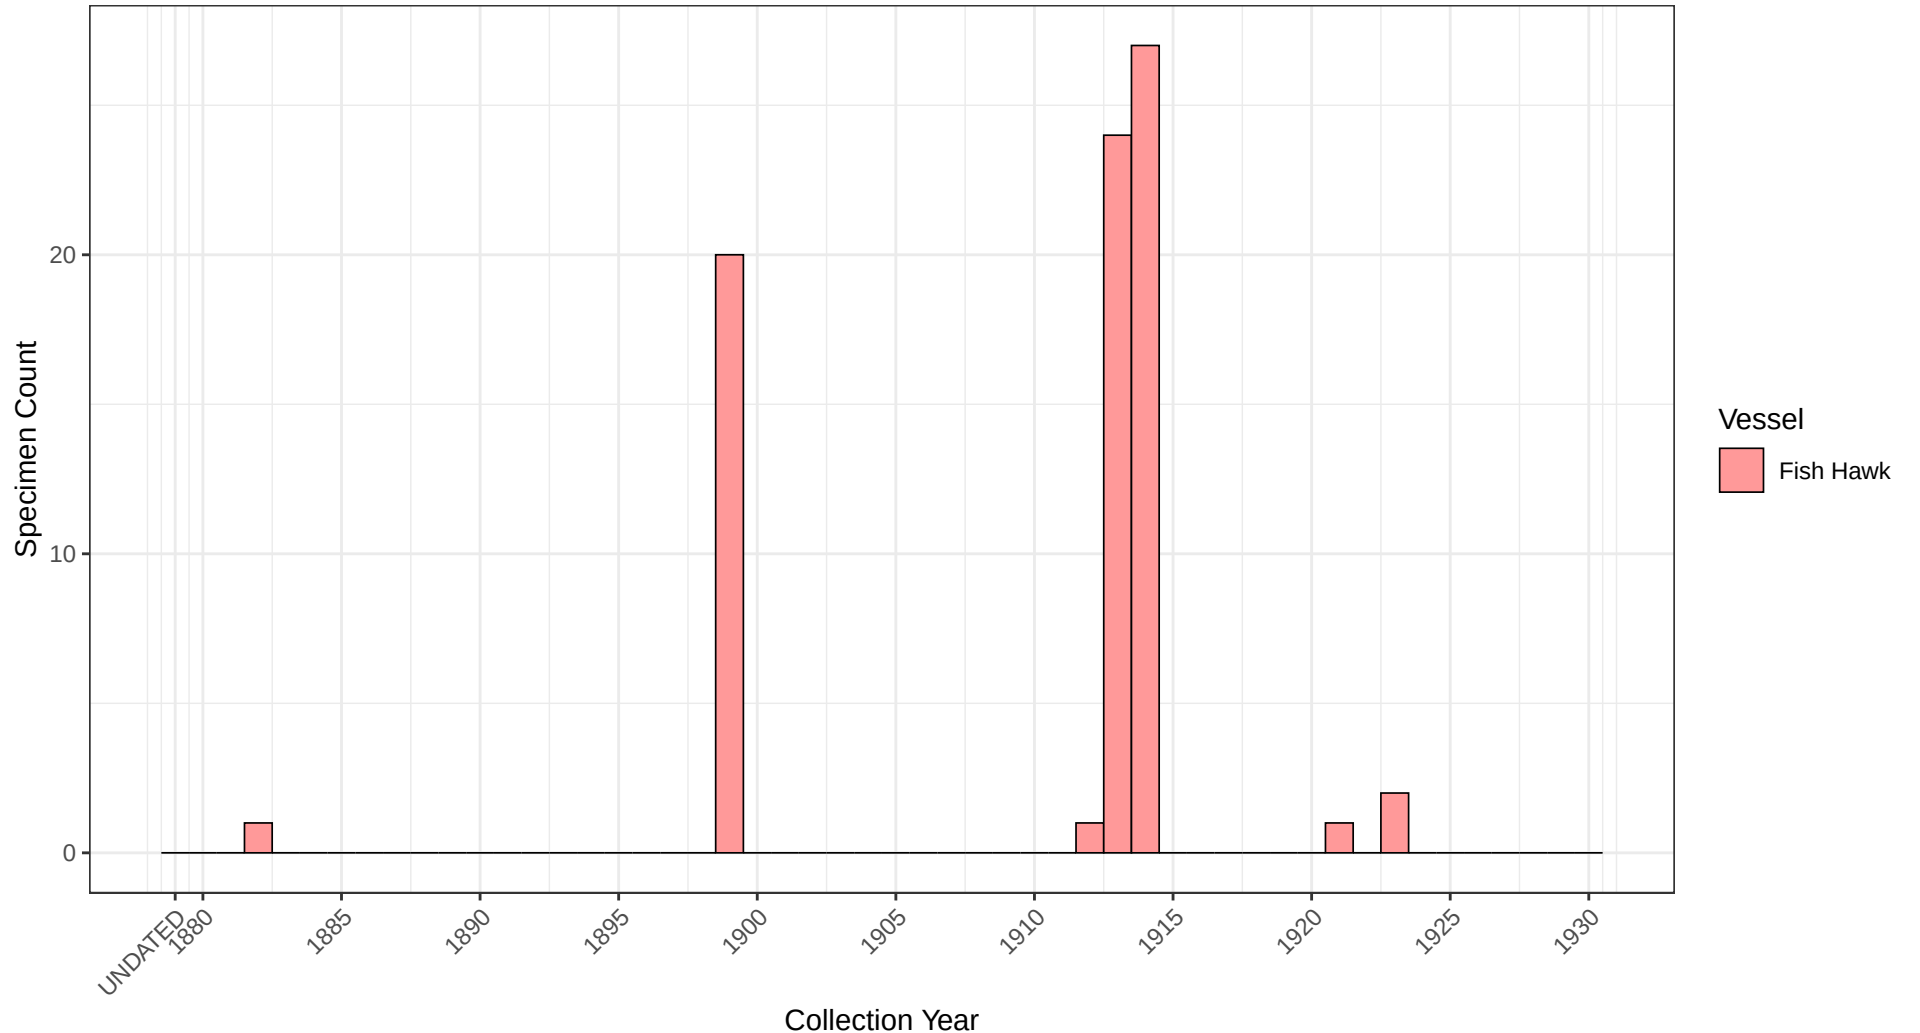

Monacanthus ciliatus

Total Specimens: 143 | Total Populations (40 km R): 3

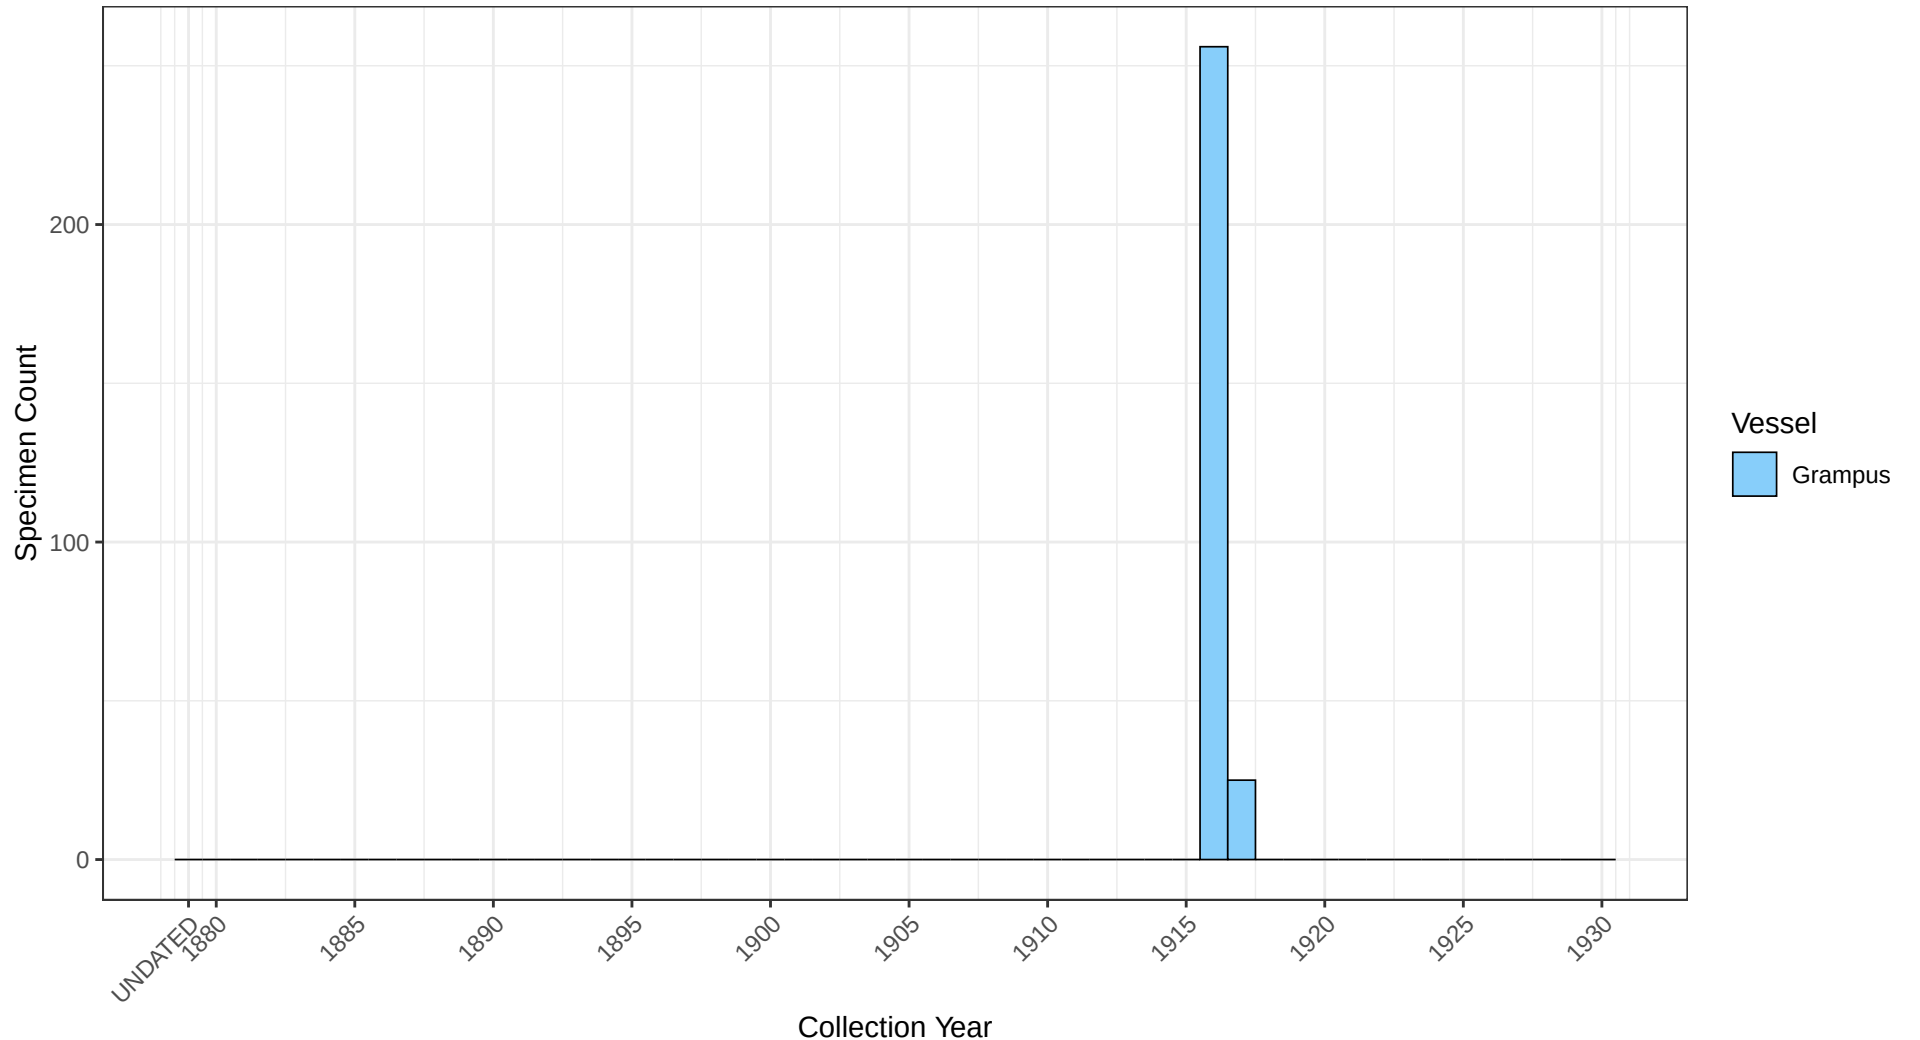

Stephanolepis hispida

Total Specimens: 76 | Total Populations (40 km R): 3

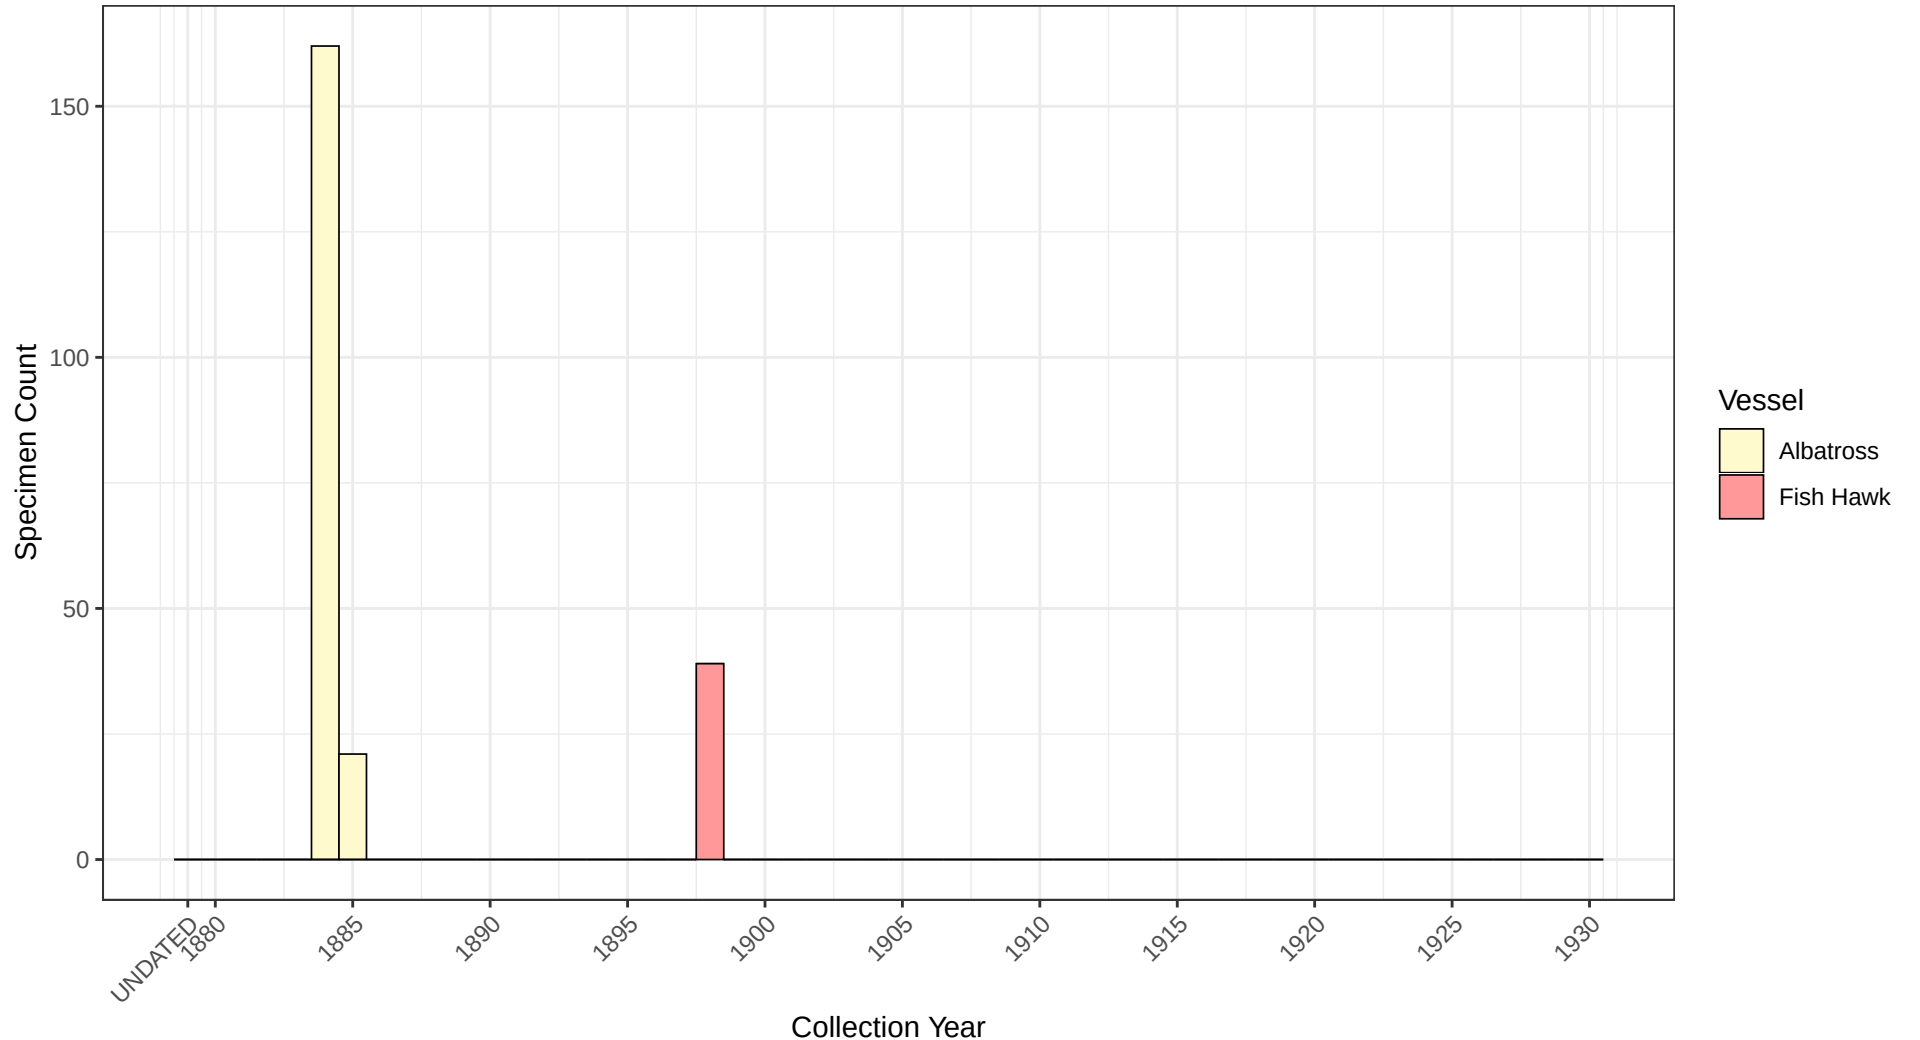

Gambusia affinis

Total Specimens: 281 | Total Populations (40 km R): 2

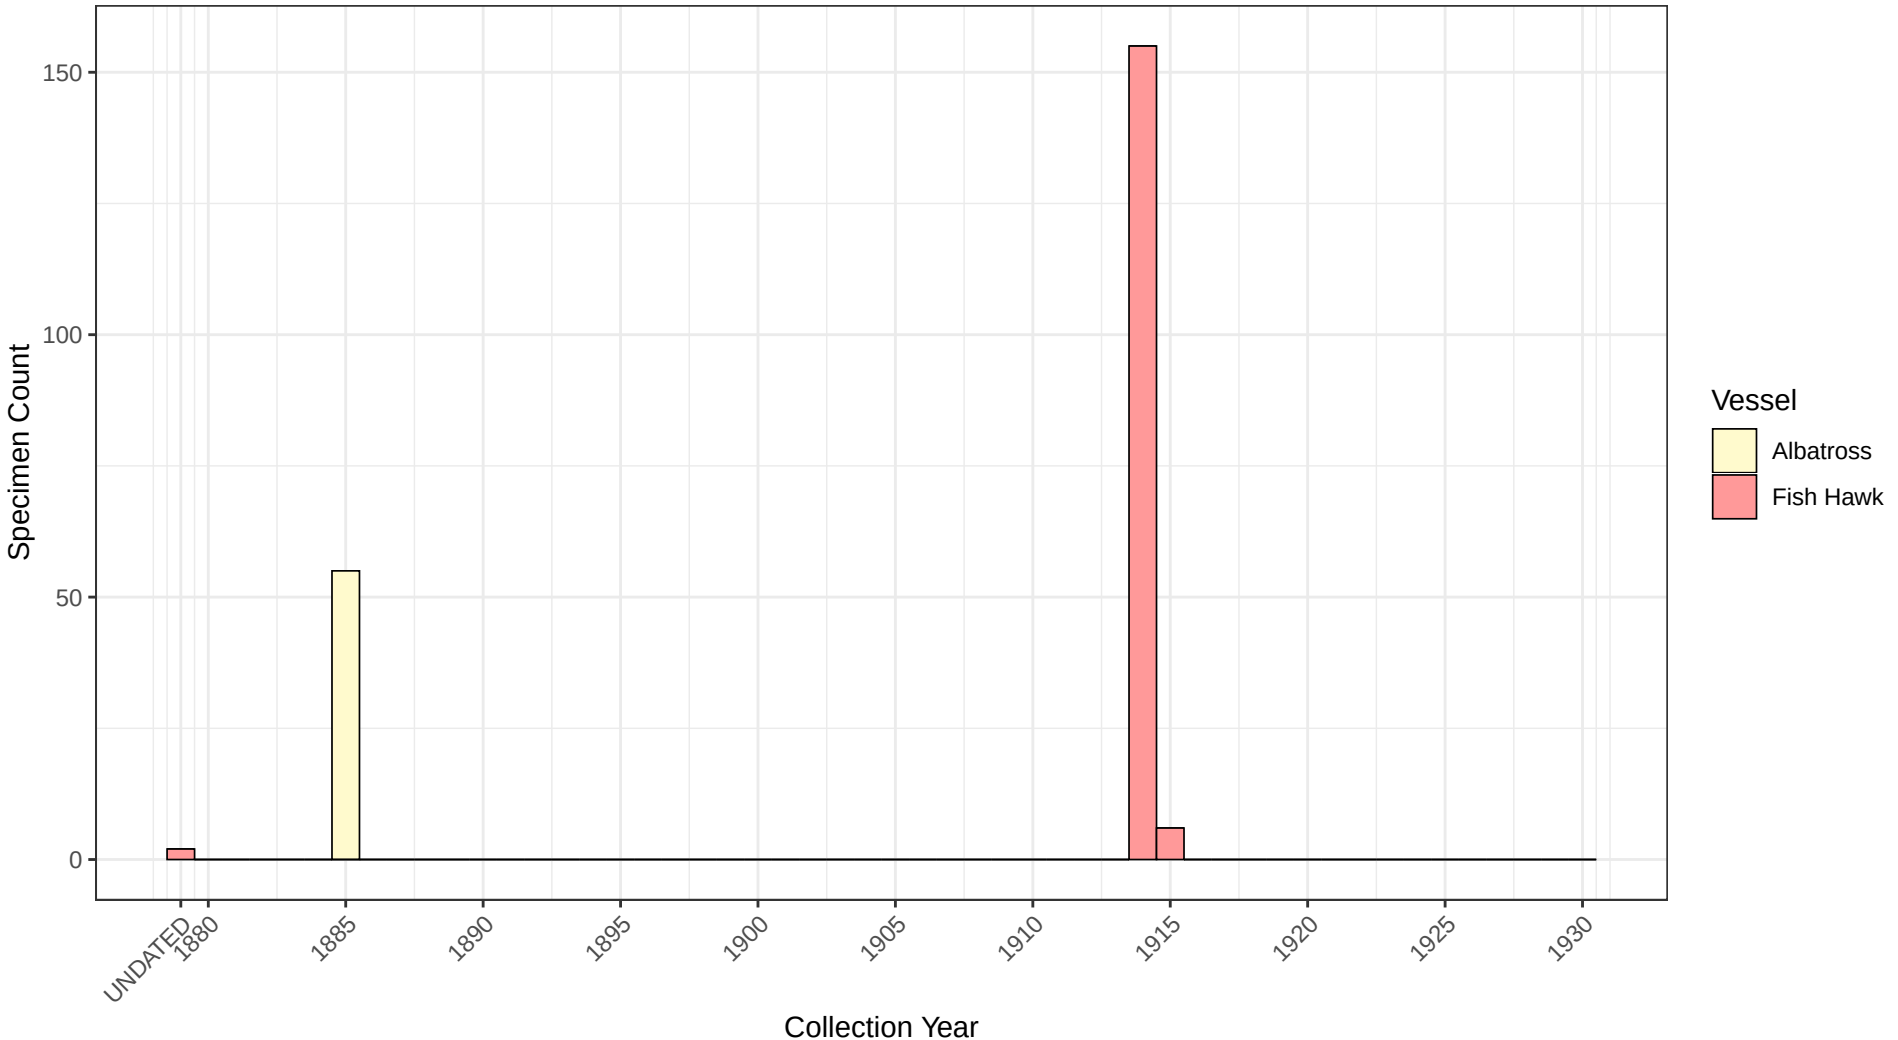

Fundulus similis

Total Specimens: 222 | Total Populations (40 km R): 2

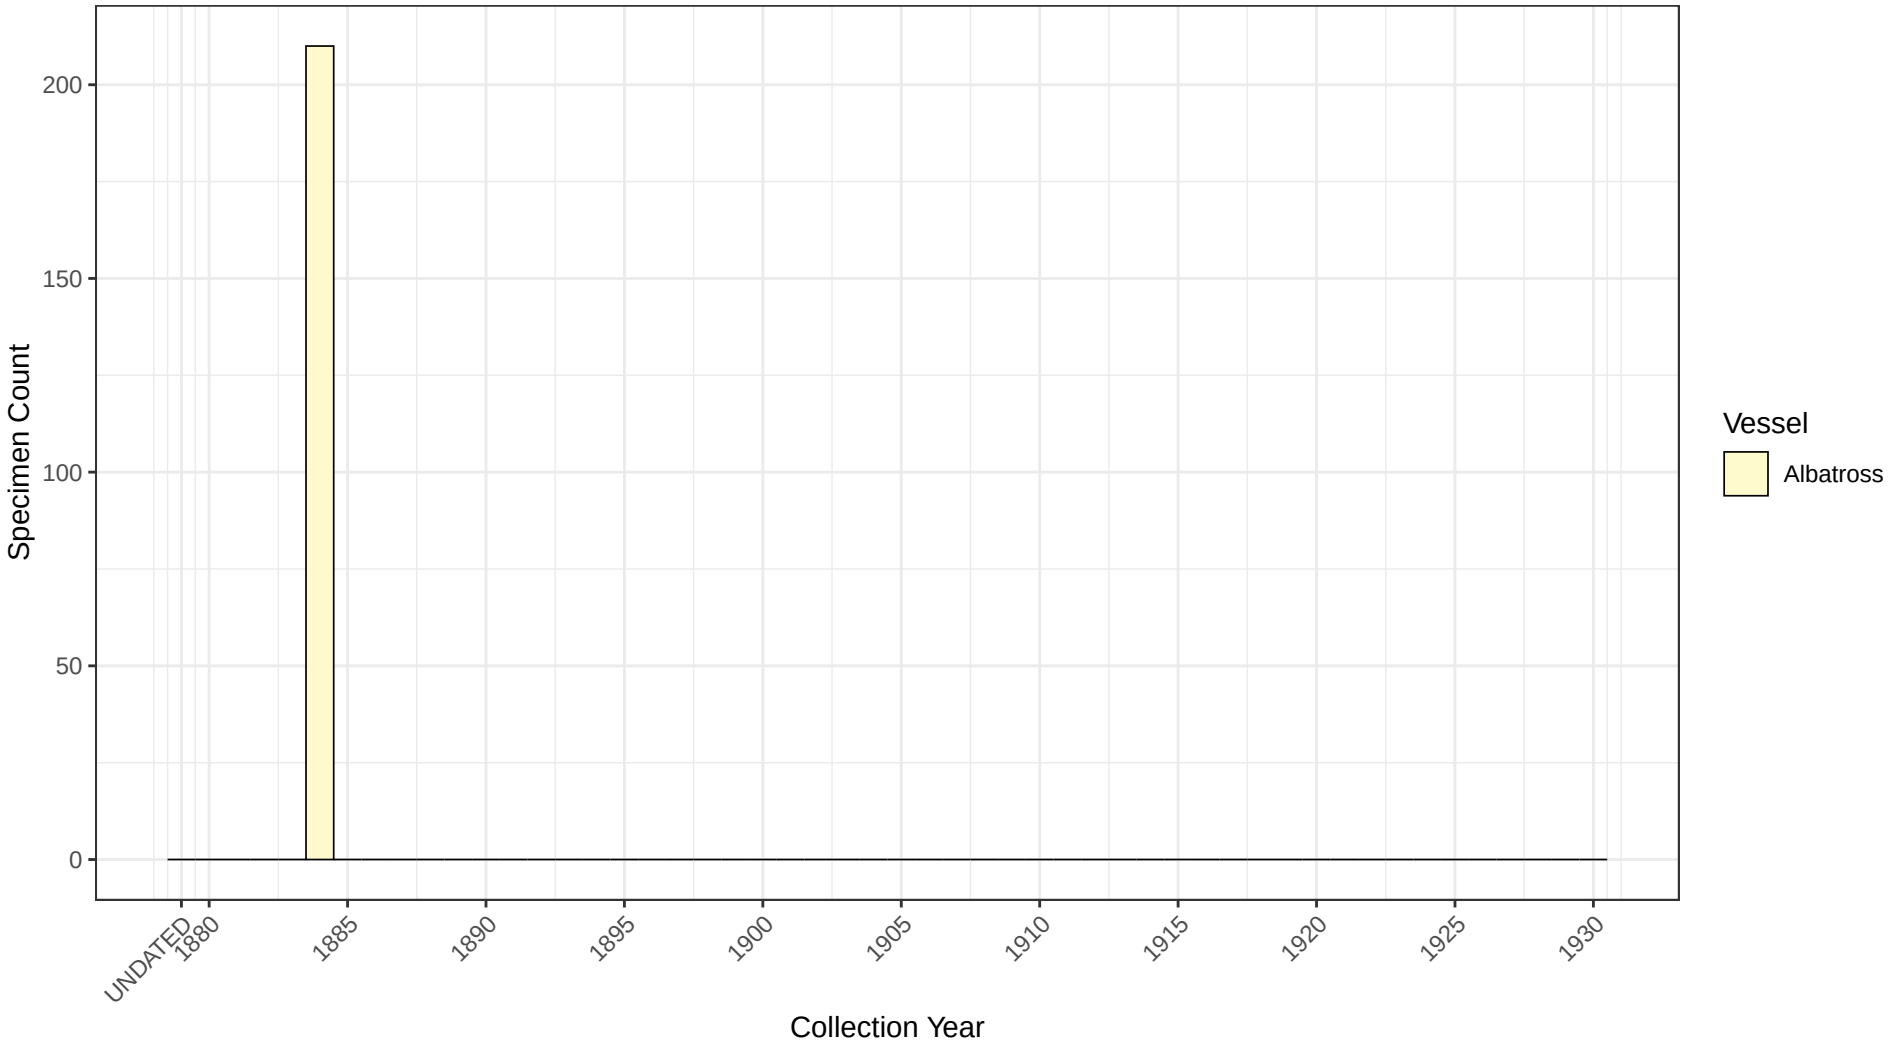

Exocoetus volitans

Total Specimens: 218 | Total Populations (40 km R): 2

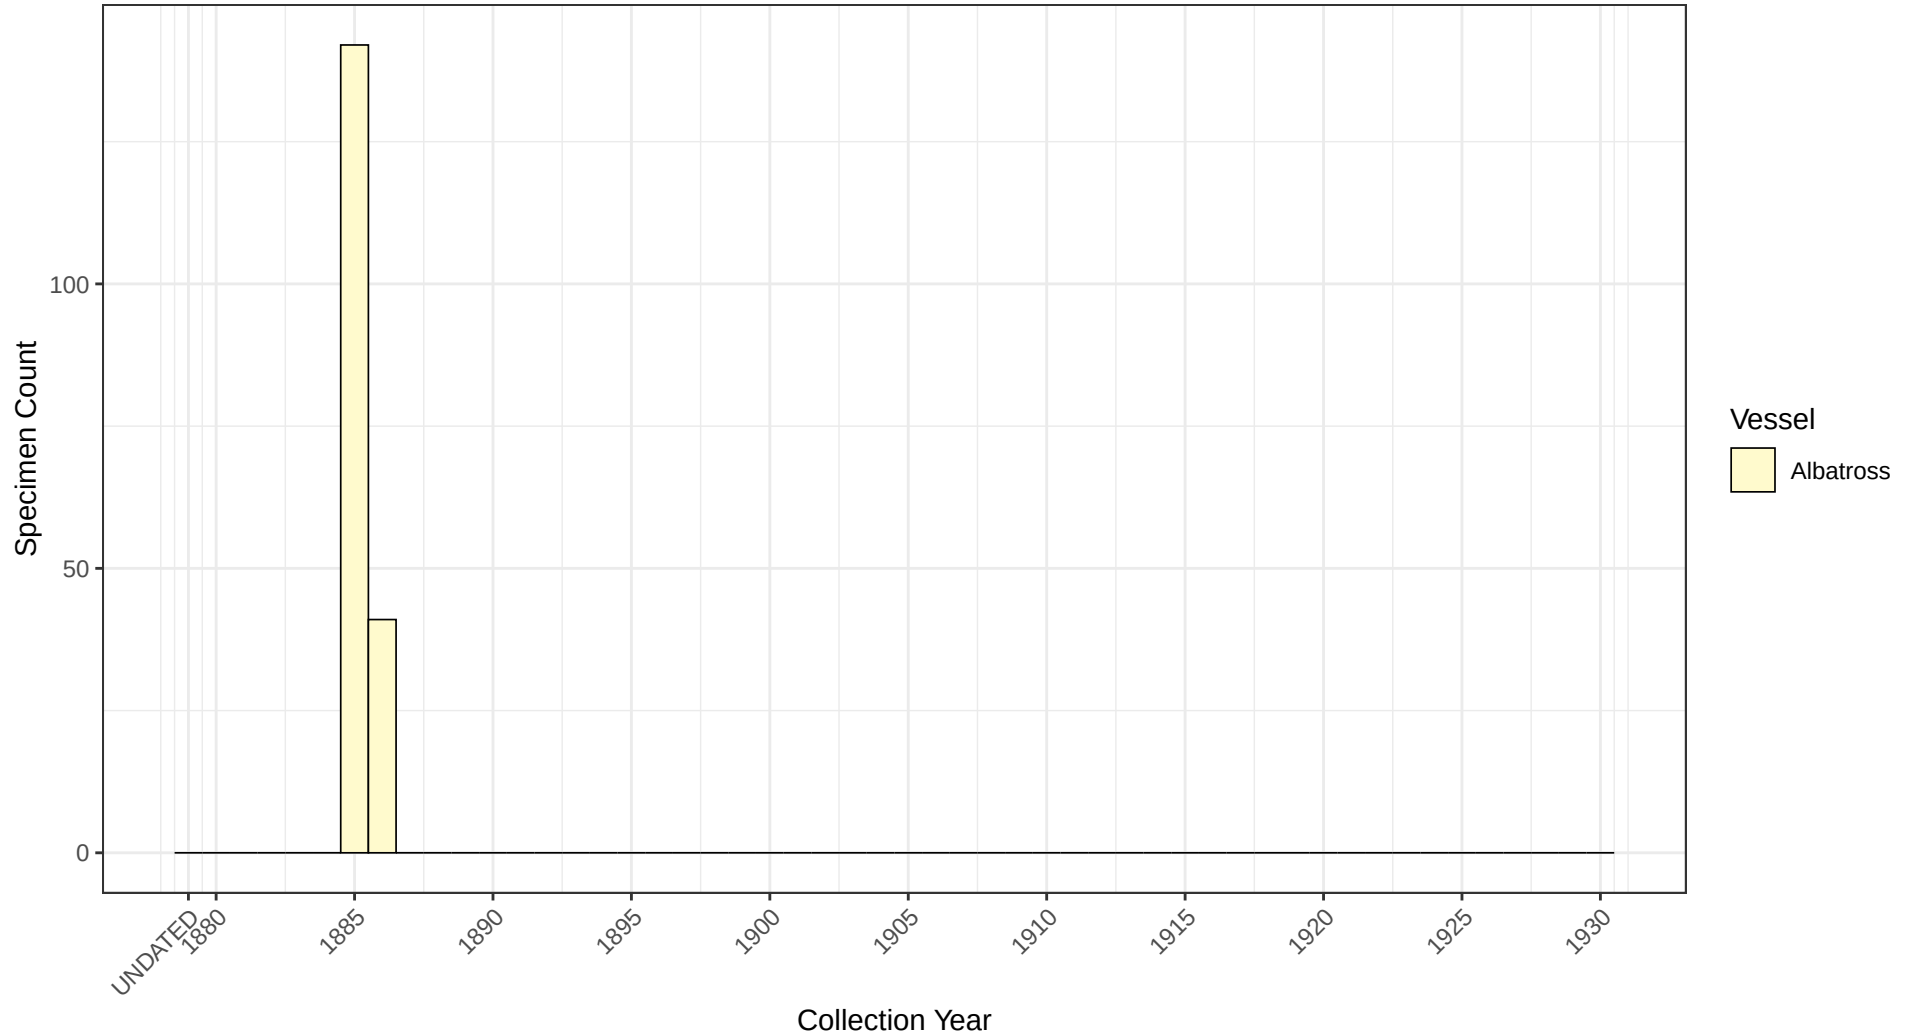

Anchoa colonensis

Total Specimens: 210 | Total Populations (40 km R): 2

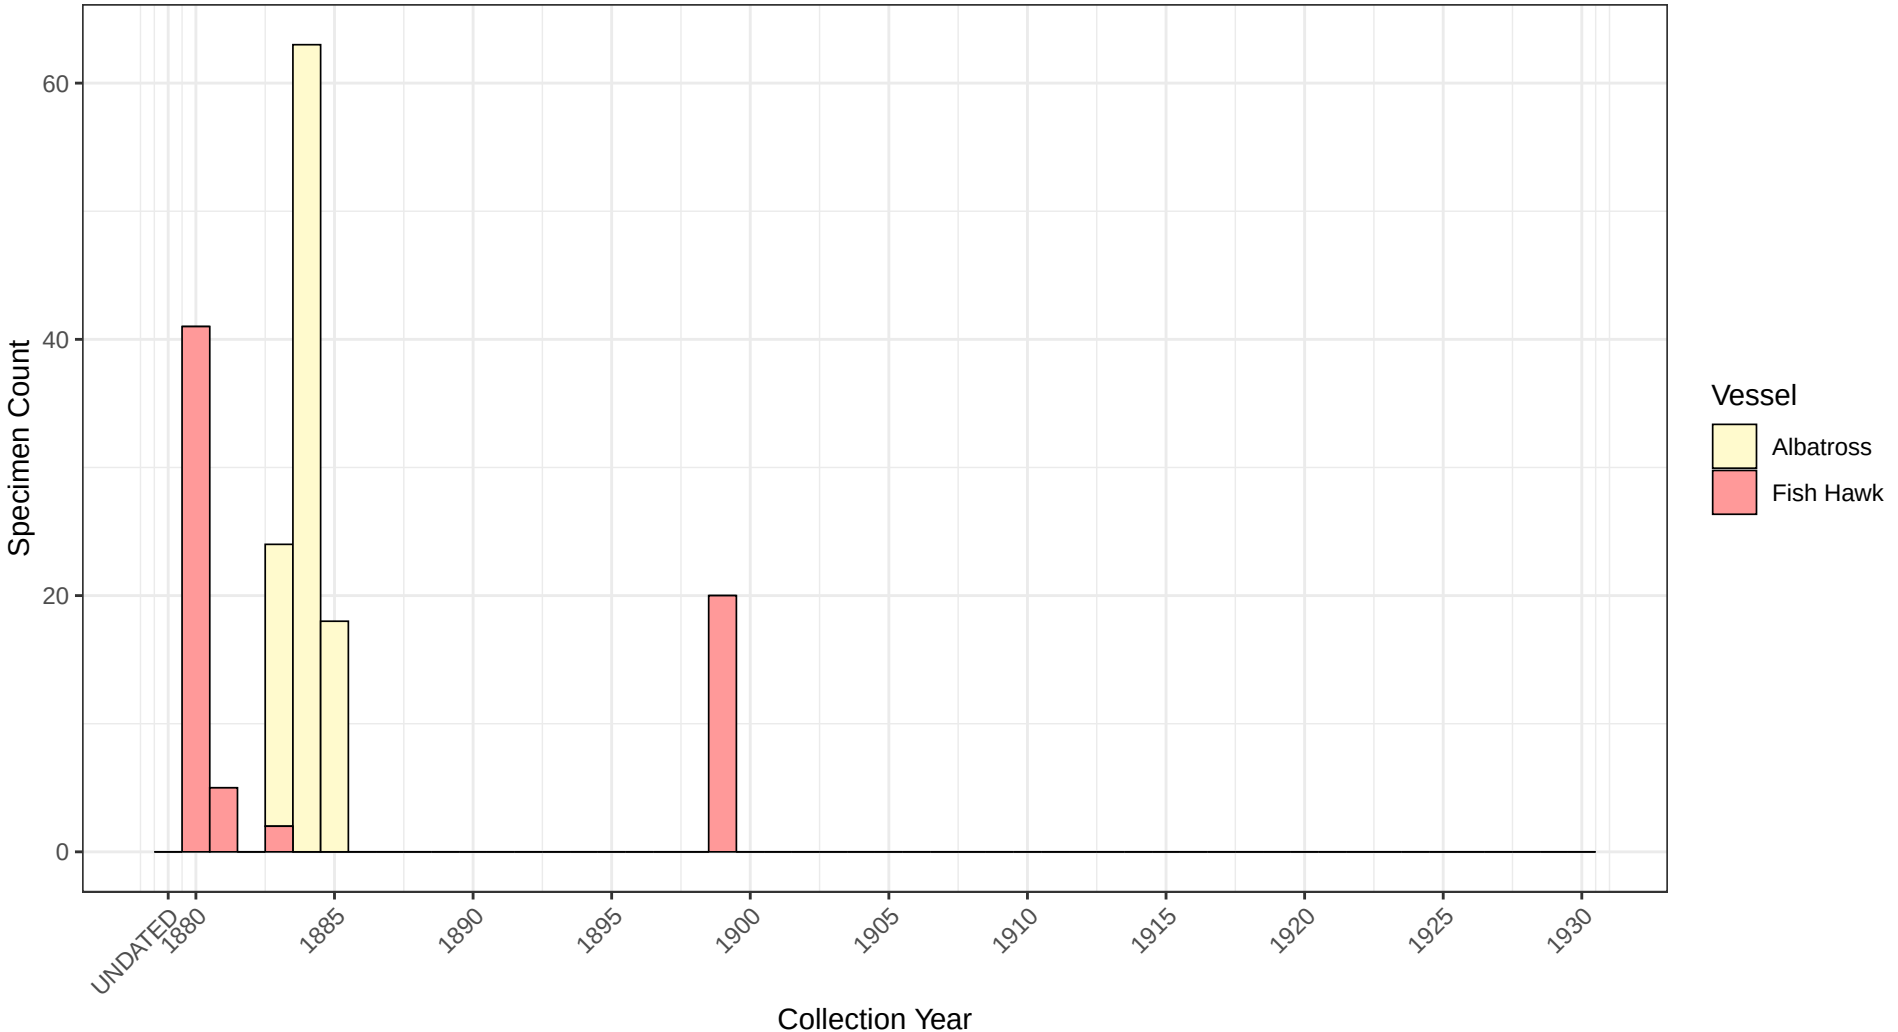

Fenestraja plutonia

Total Specimens: 183 | Total Populations (40 km R): 2

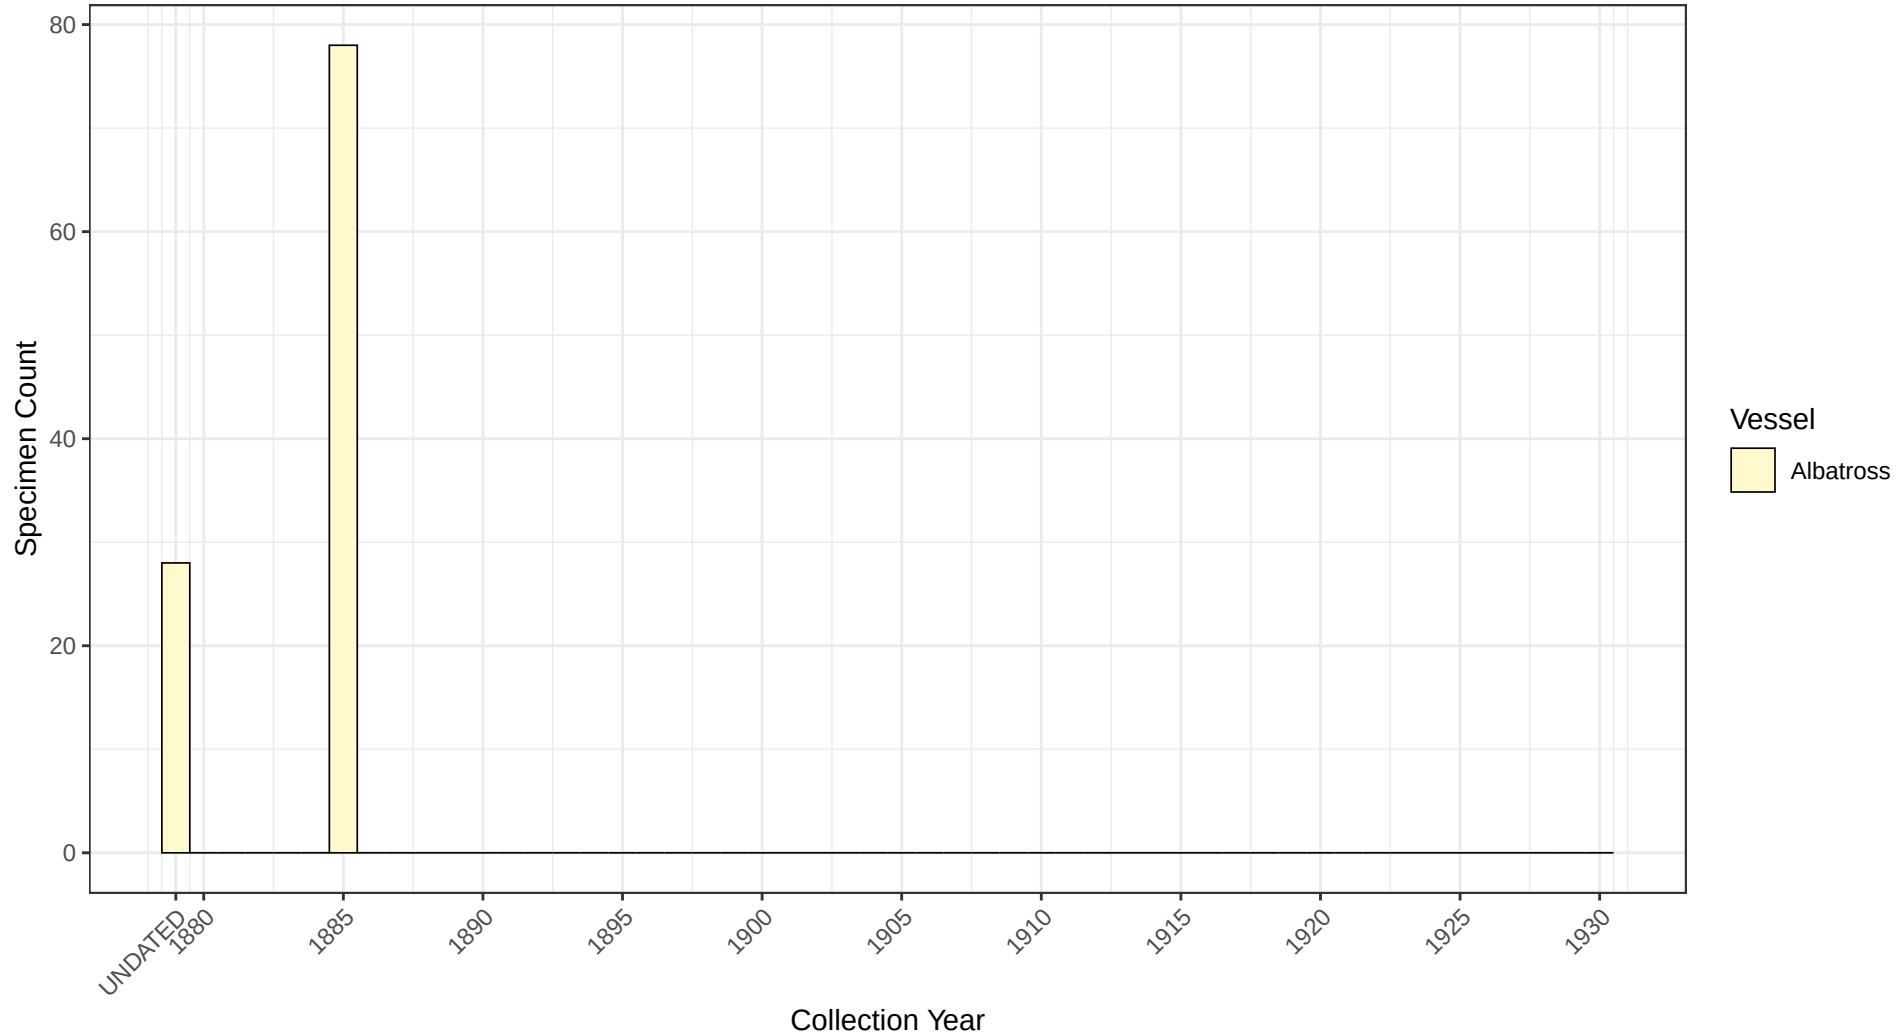

Citharichthys arctifrons

Total Specimens: 171 | Total Populations (40 km R): 2

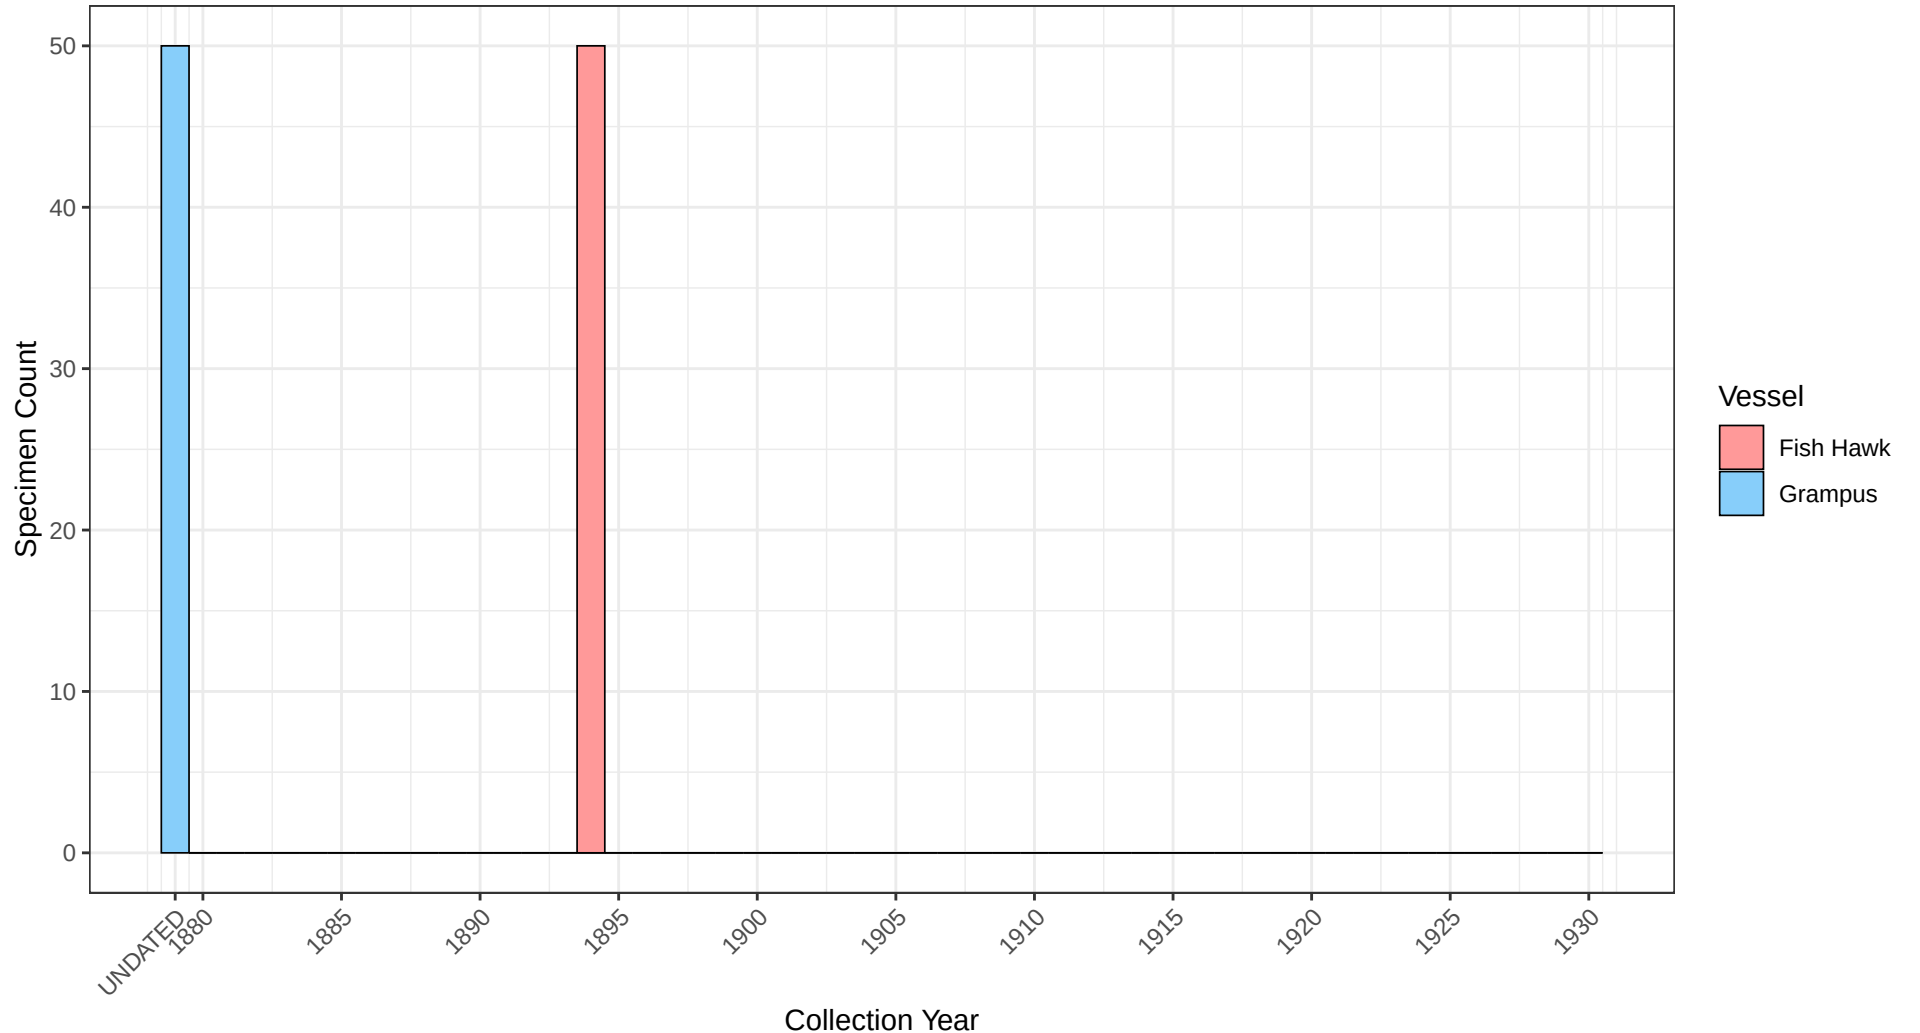

Atherina harringtonensis

Total Specimens: 106 | Total Populations (40 km R): 2

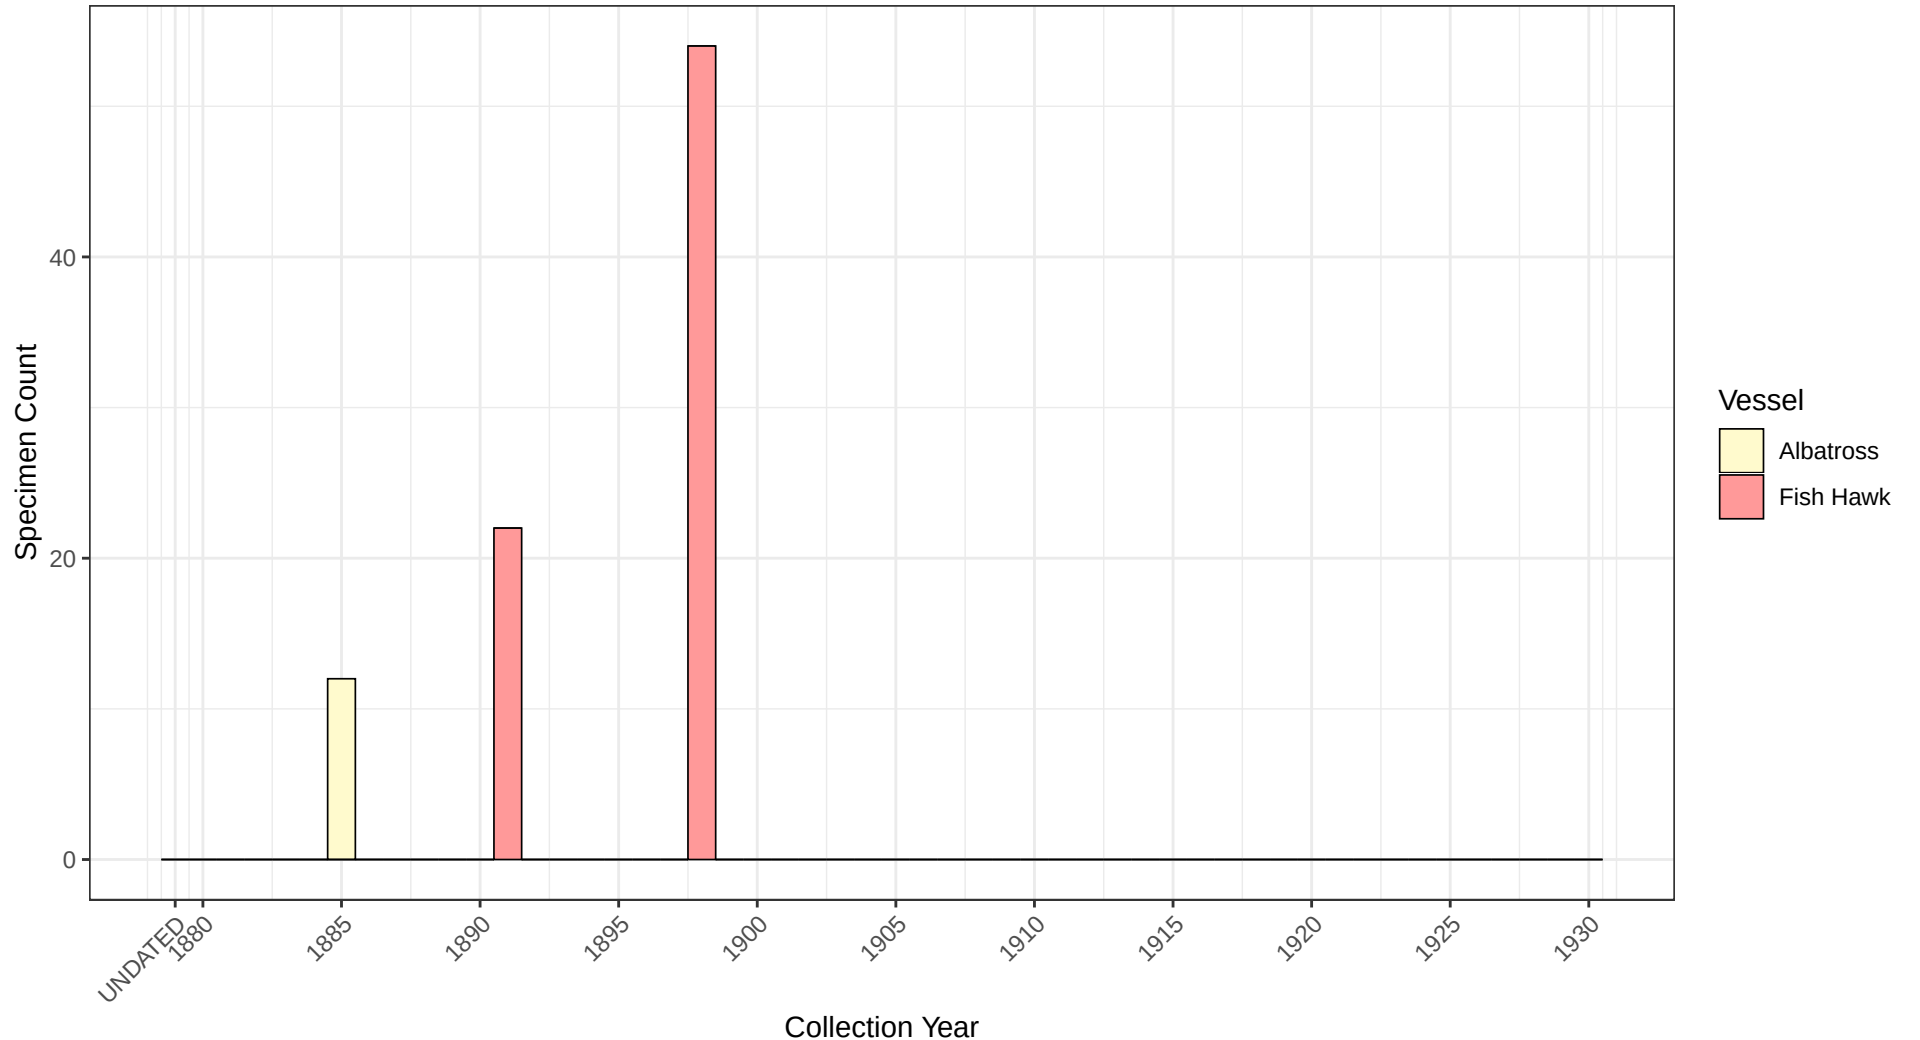

Clupea harengus

Total Specimens: 100 | Total Populations (40 km R): 2

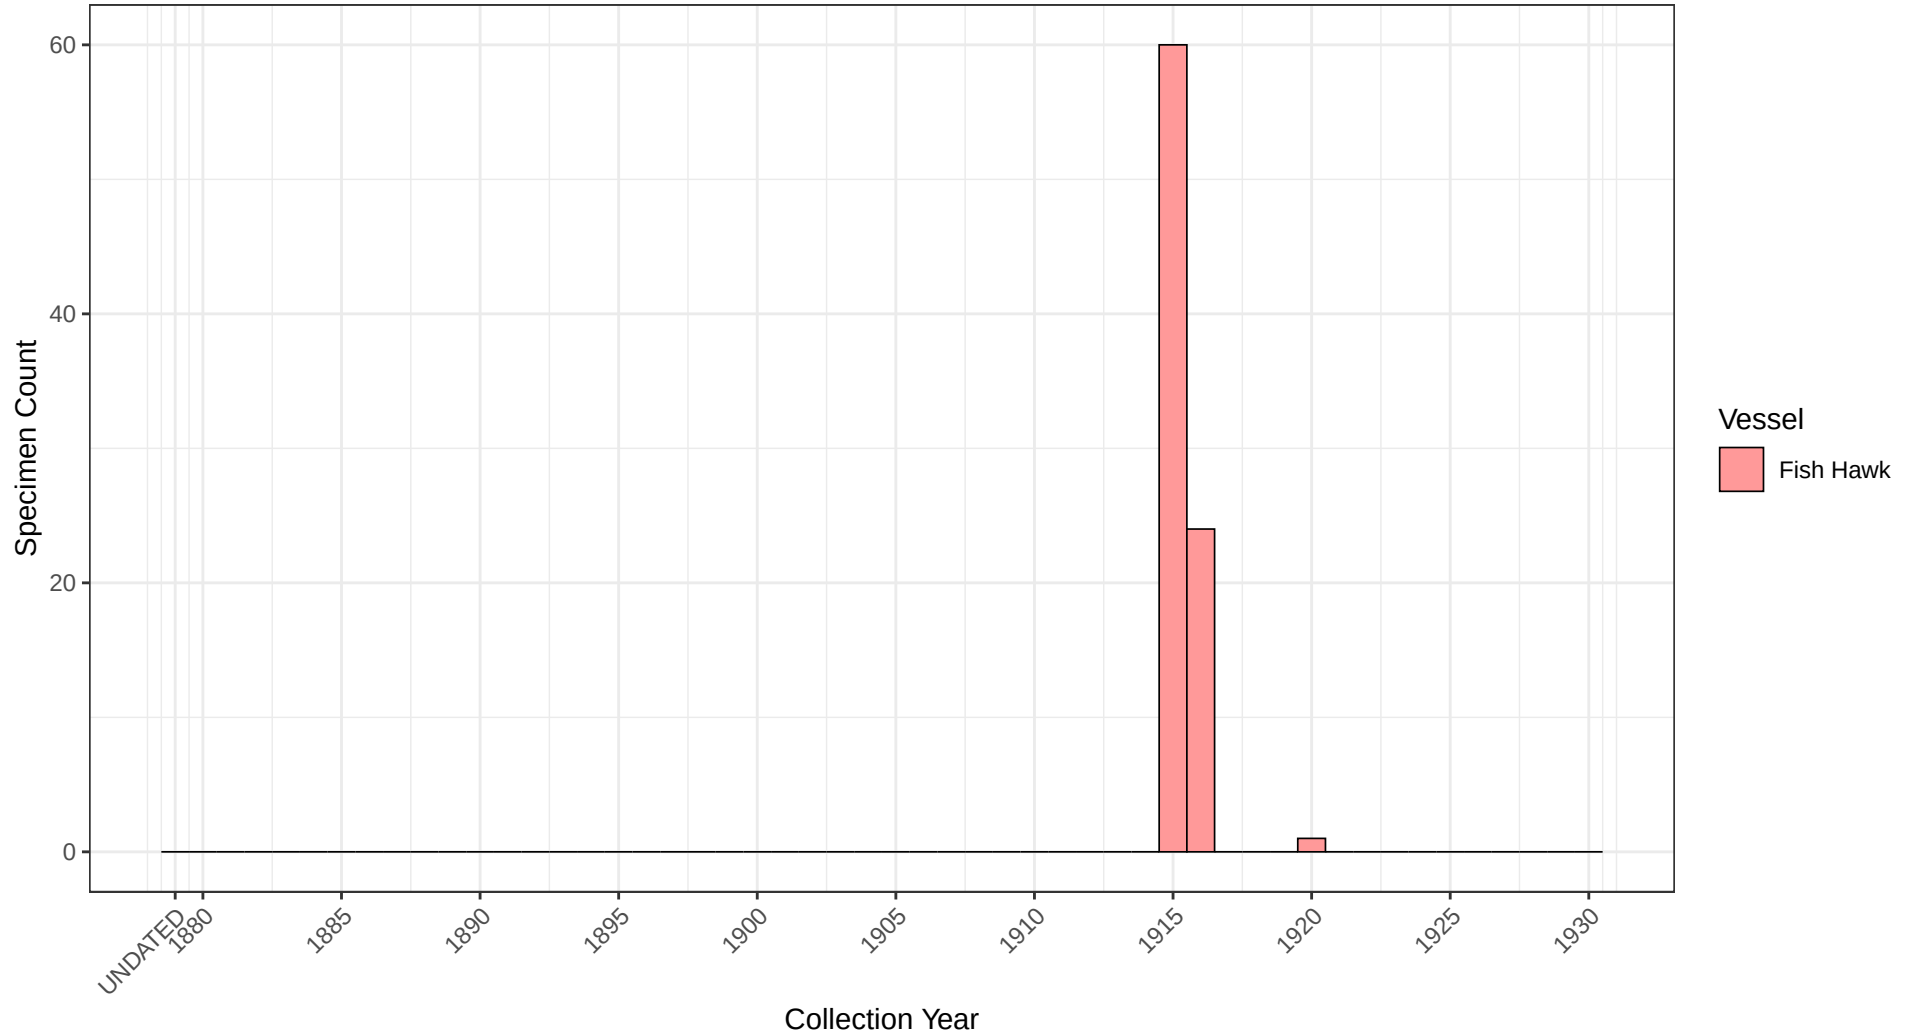

Fundulus heteroclitus

Total Specimens: 88 | Total Populations (40 km R): 2

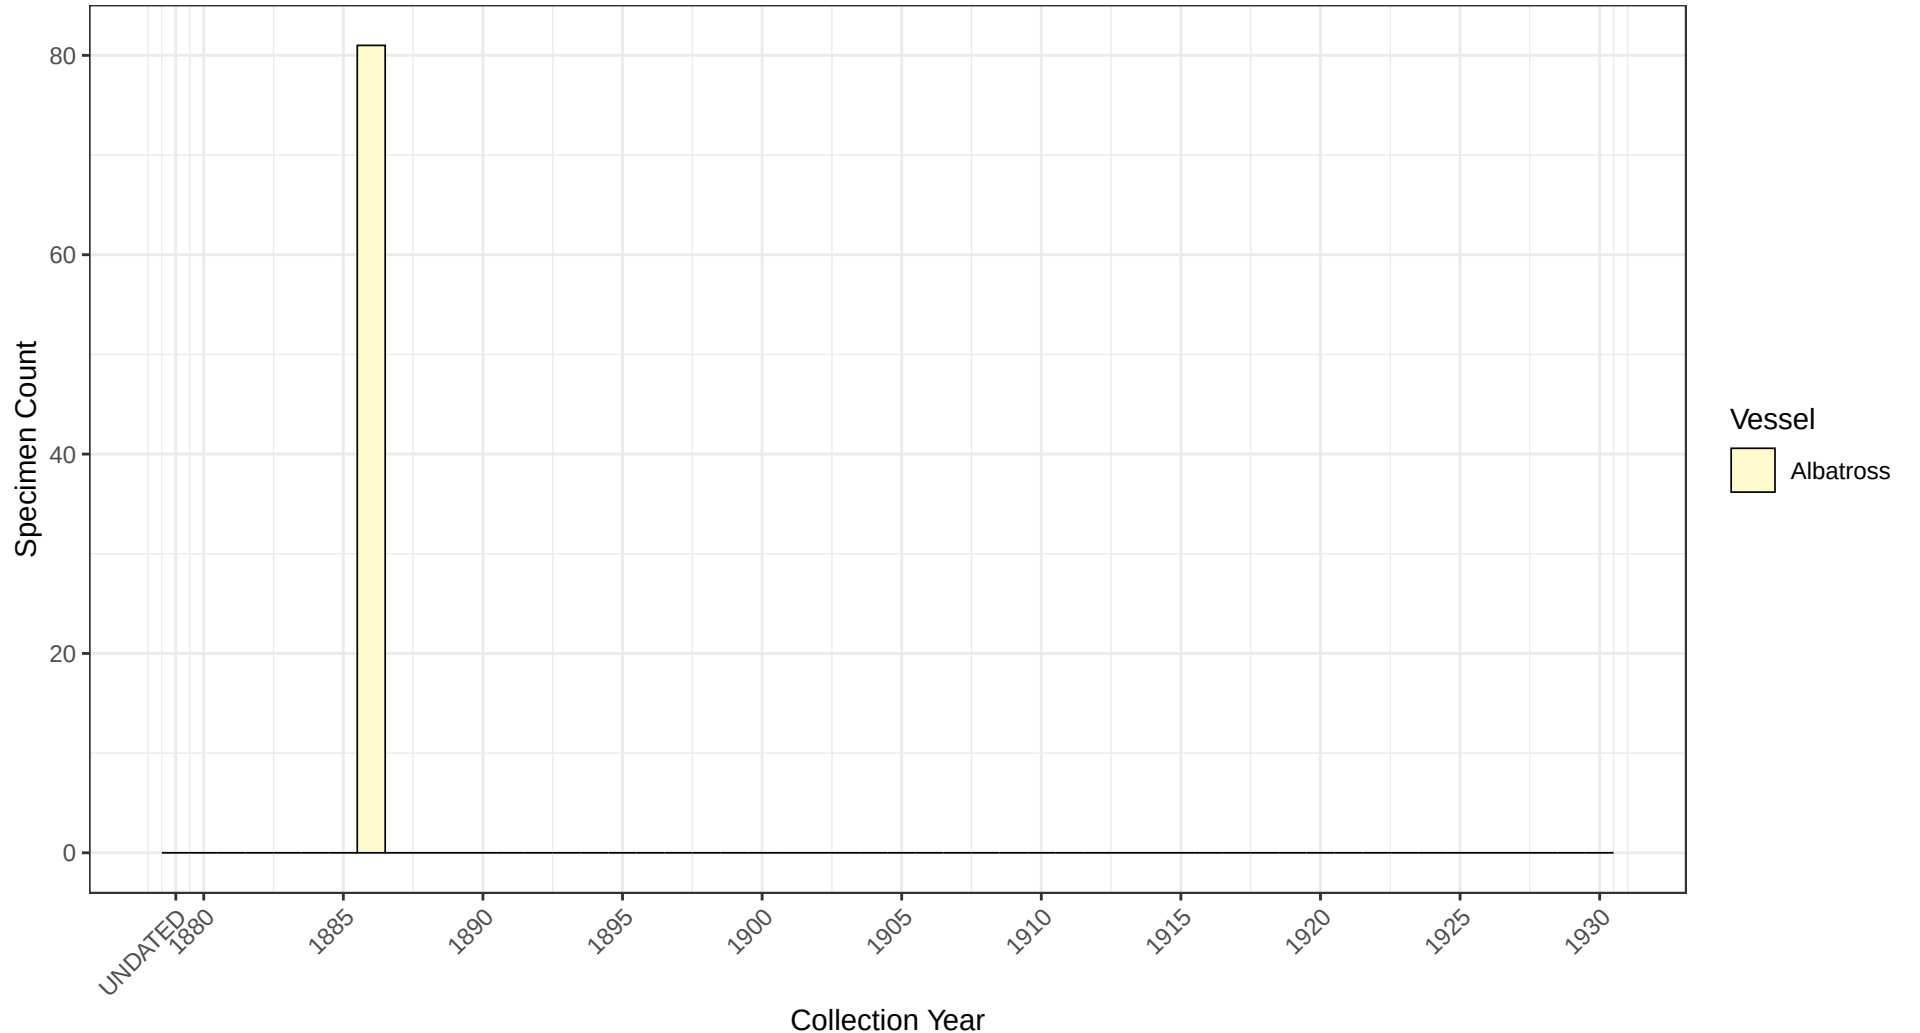

Gobiosoma ginsburgi

Total Specimens: 85 | Total Populations (40 km R): 2

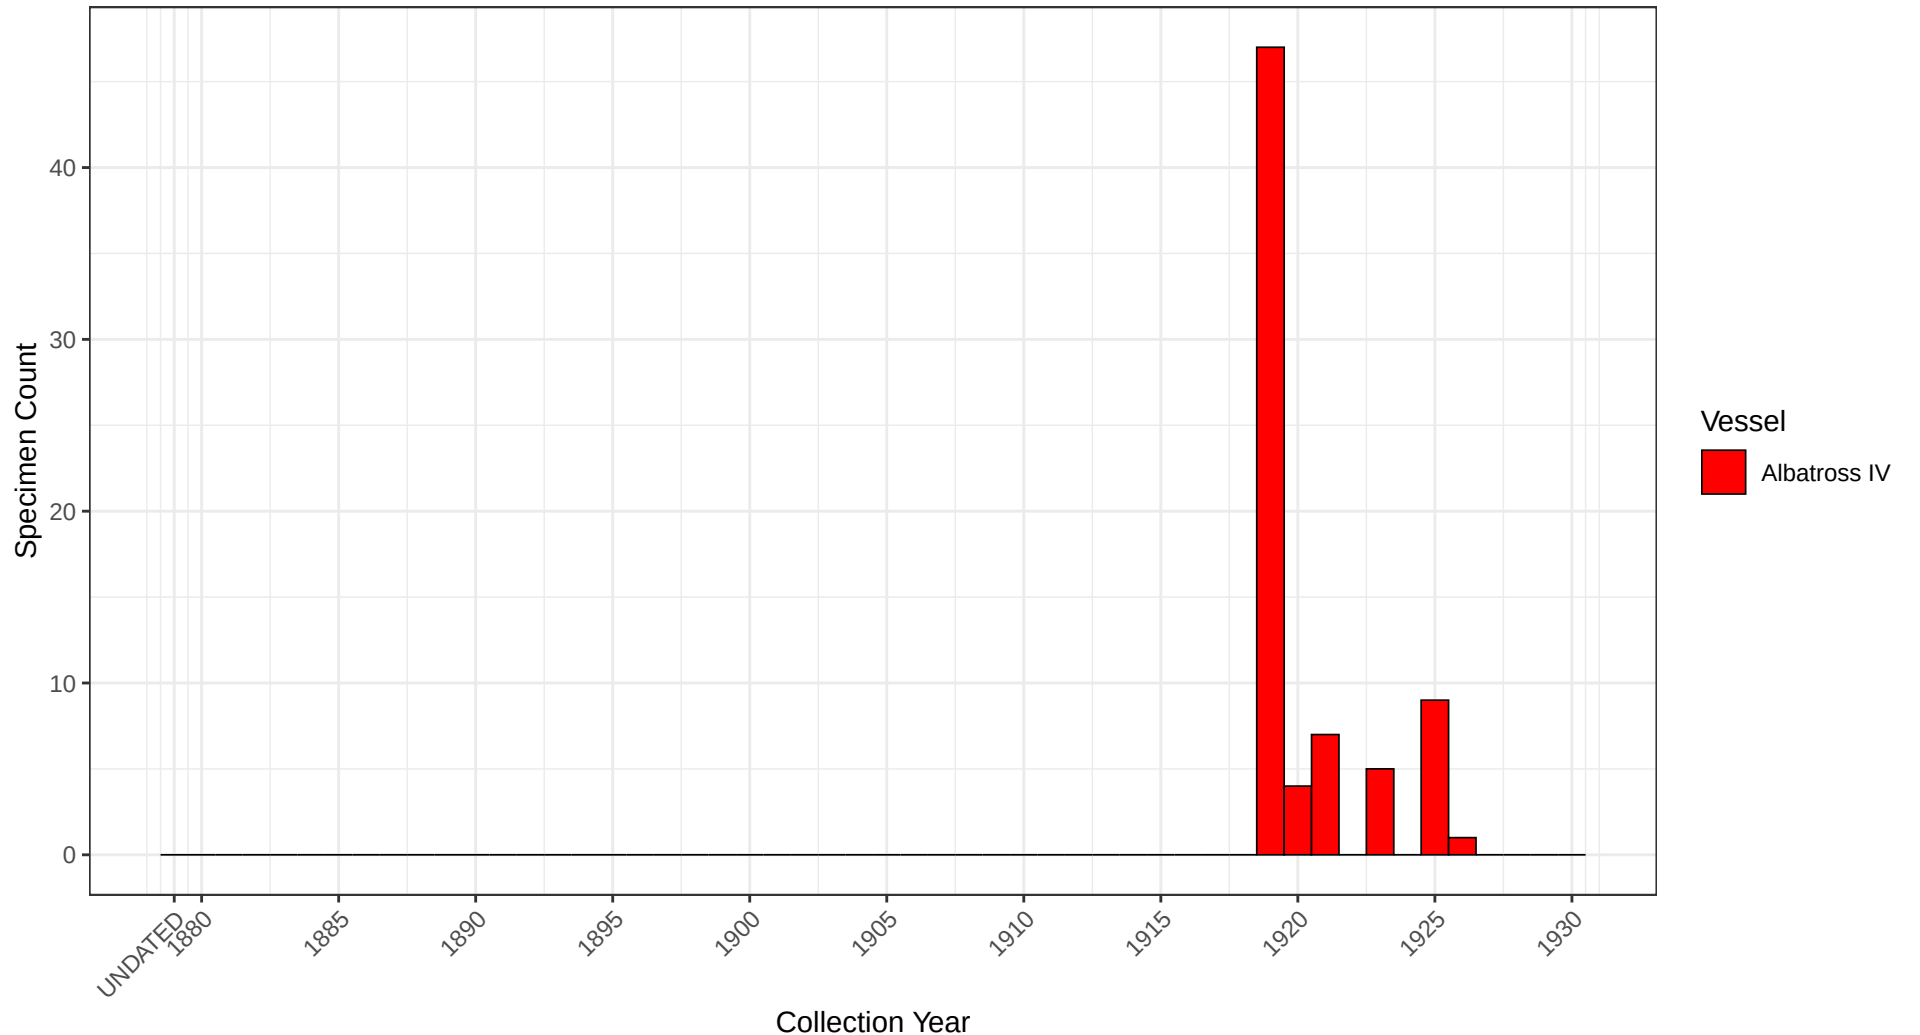

Myctophum affine

Total Specimens: 81 | Total Populations (40 km R): 2

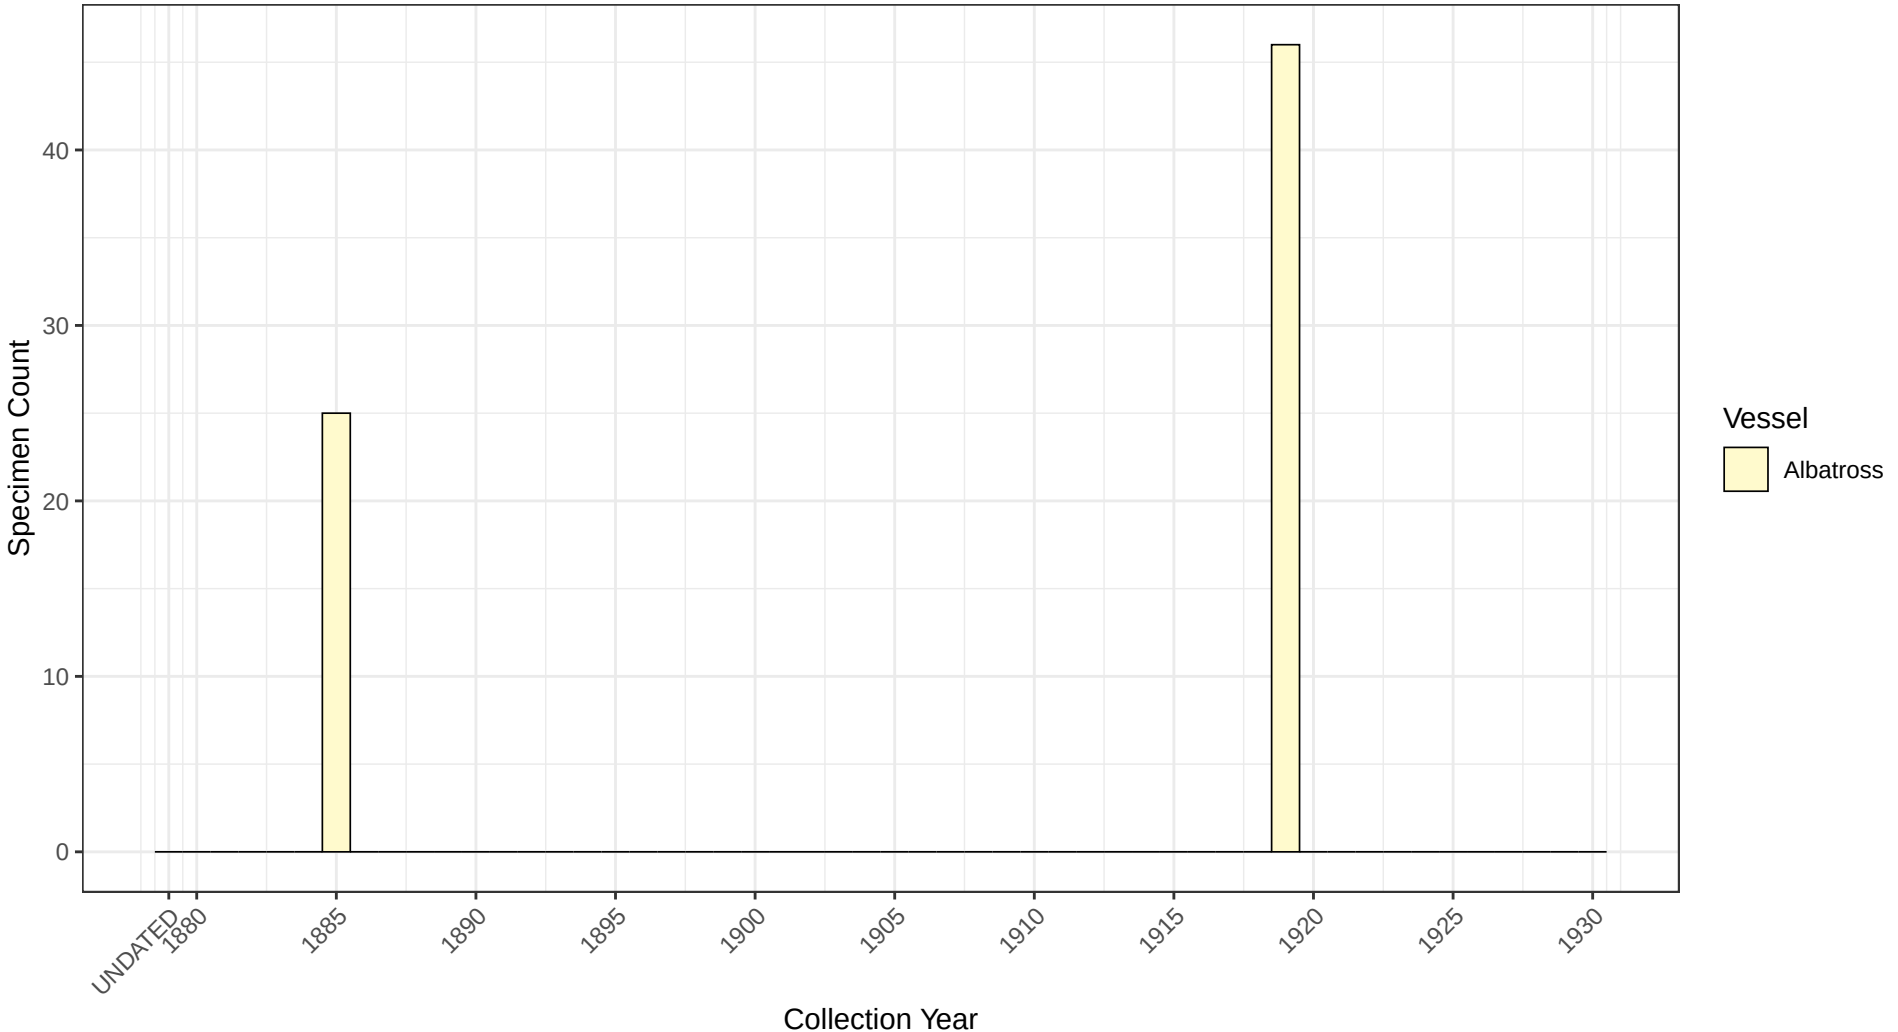

Melanostigma atlanticum

Total Specimens: 73 | Total Populations (40 km R): 2

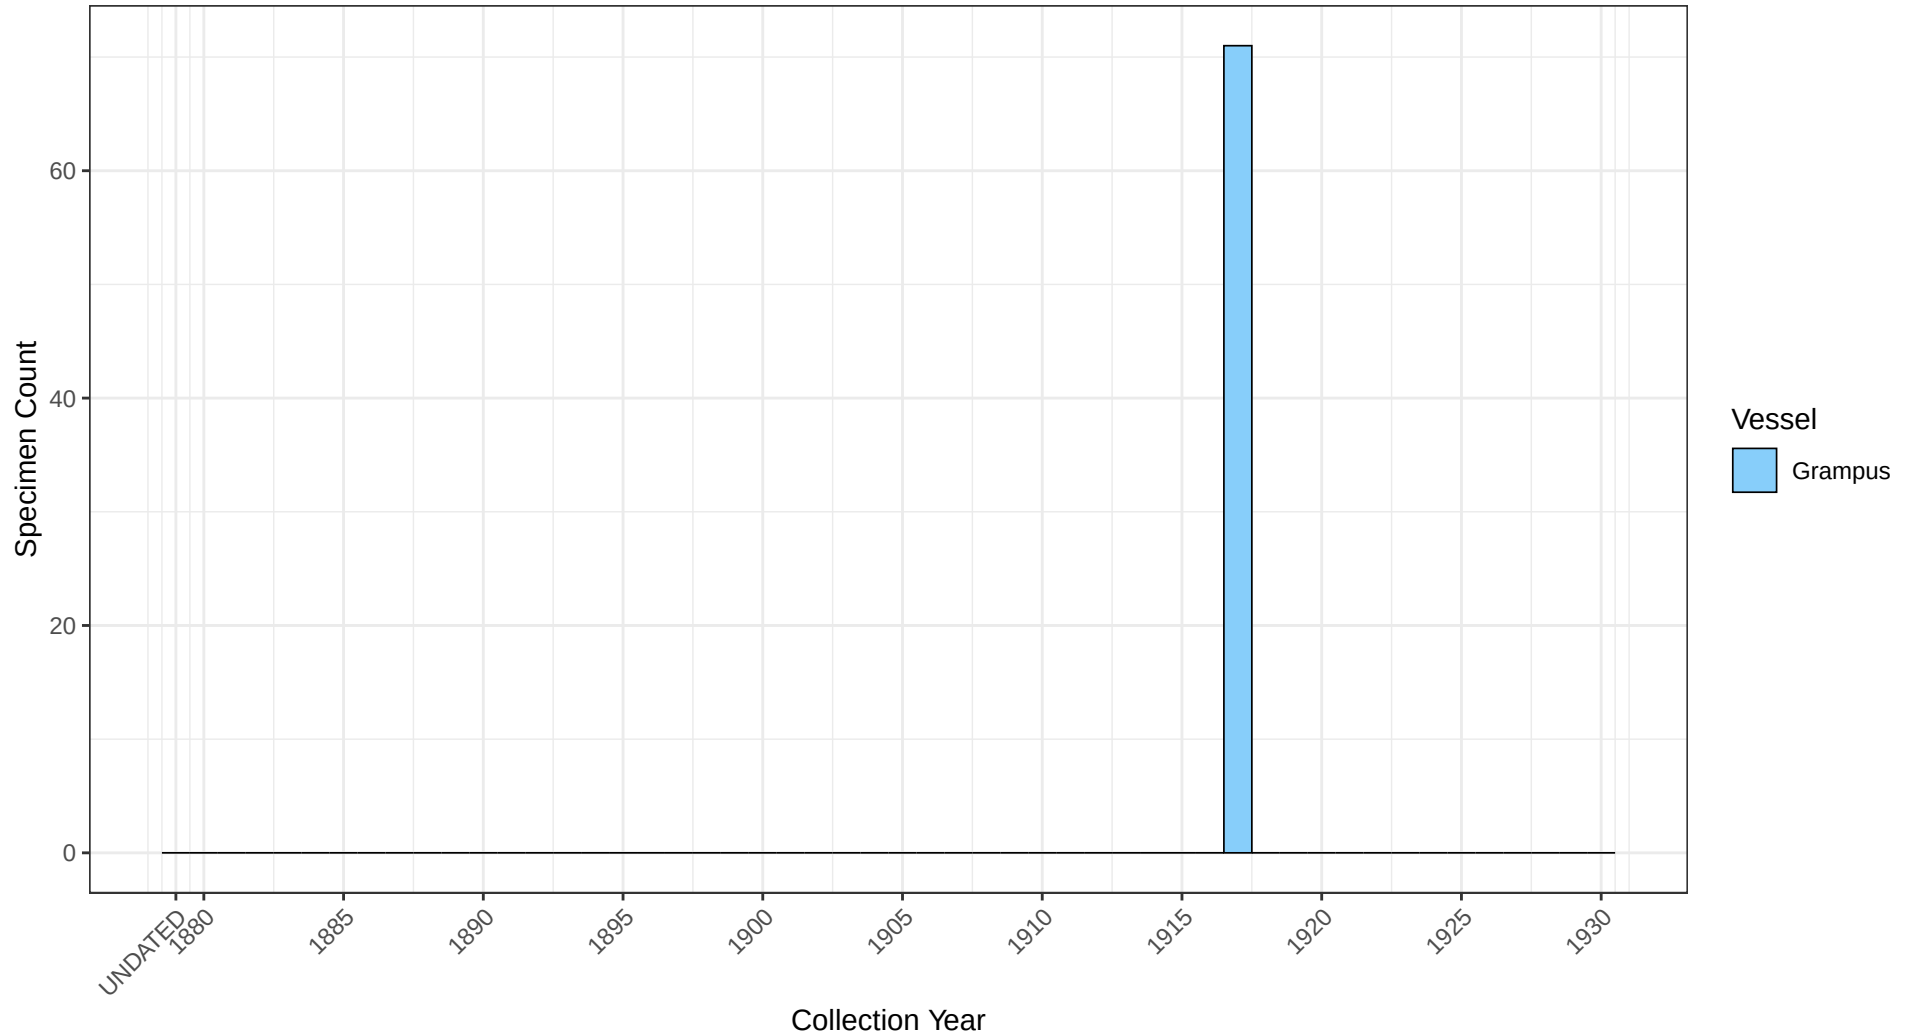

Chloroscombrus chrysurus

Total Specimens: 71 | Total Populations (40 km R): 2

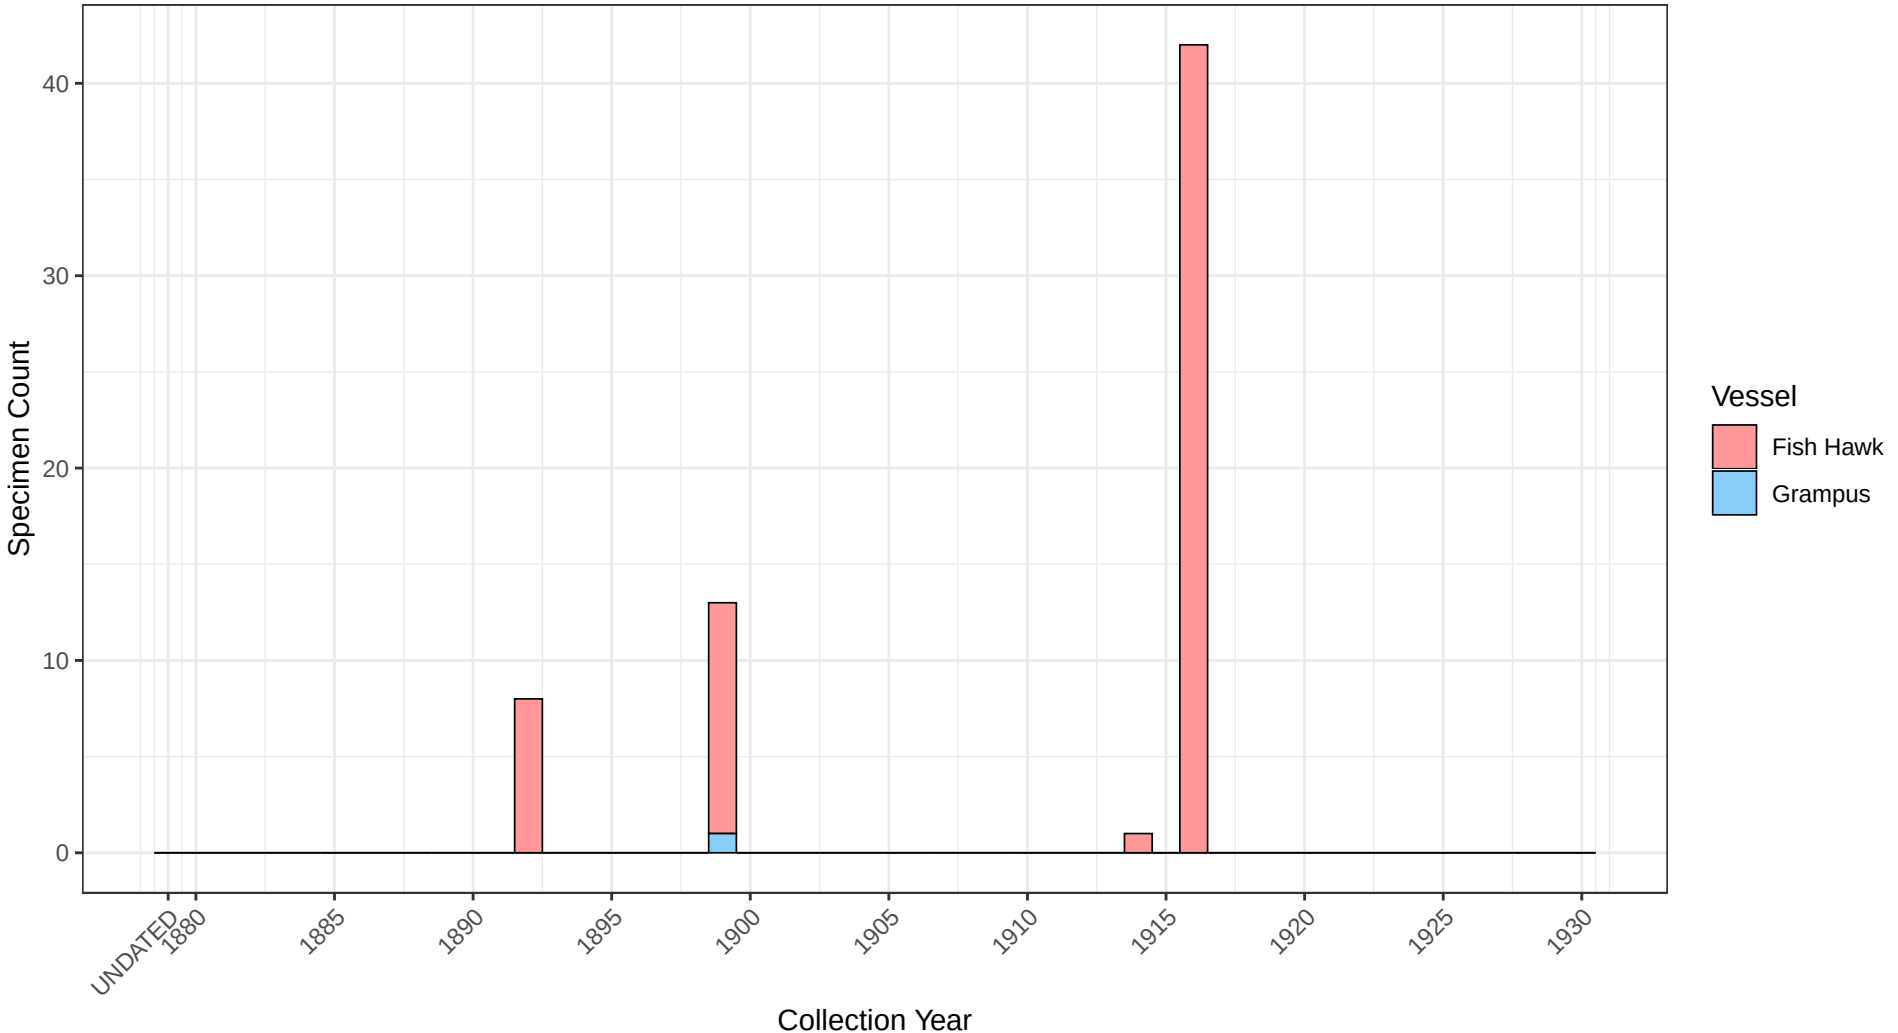

Syacium papillosum

Total Specimens: 71 | Total Populations (40 km R): 2

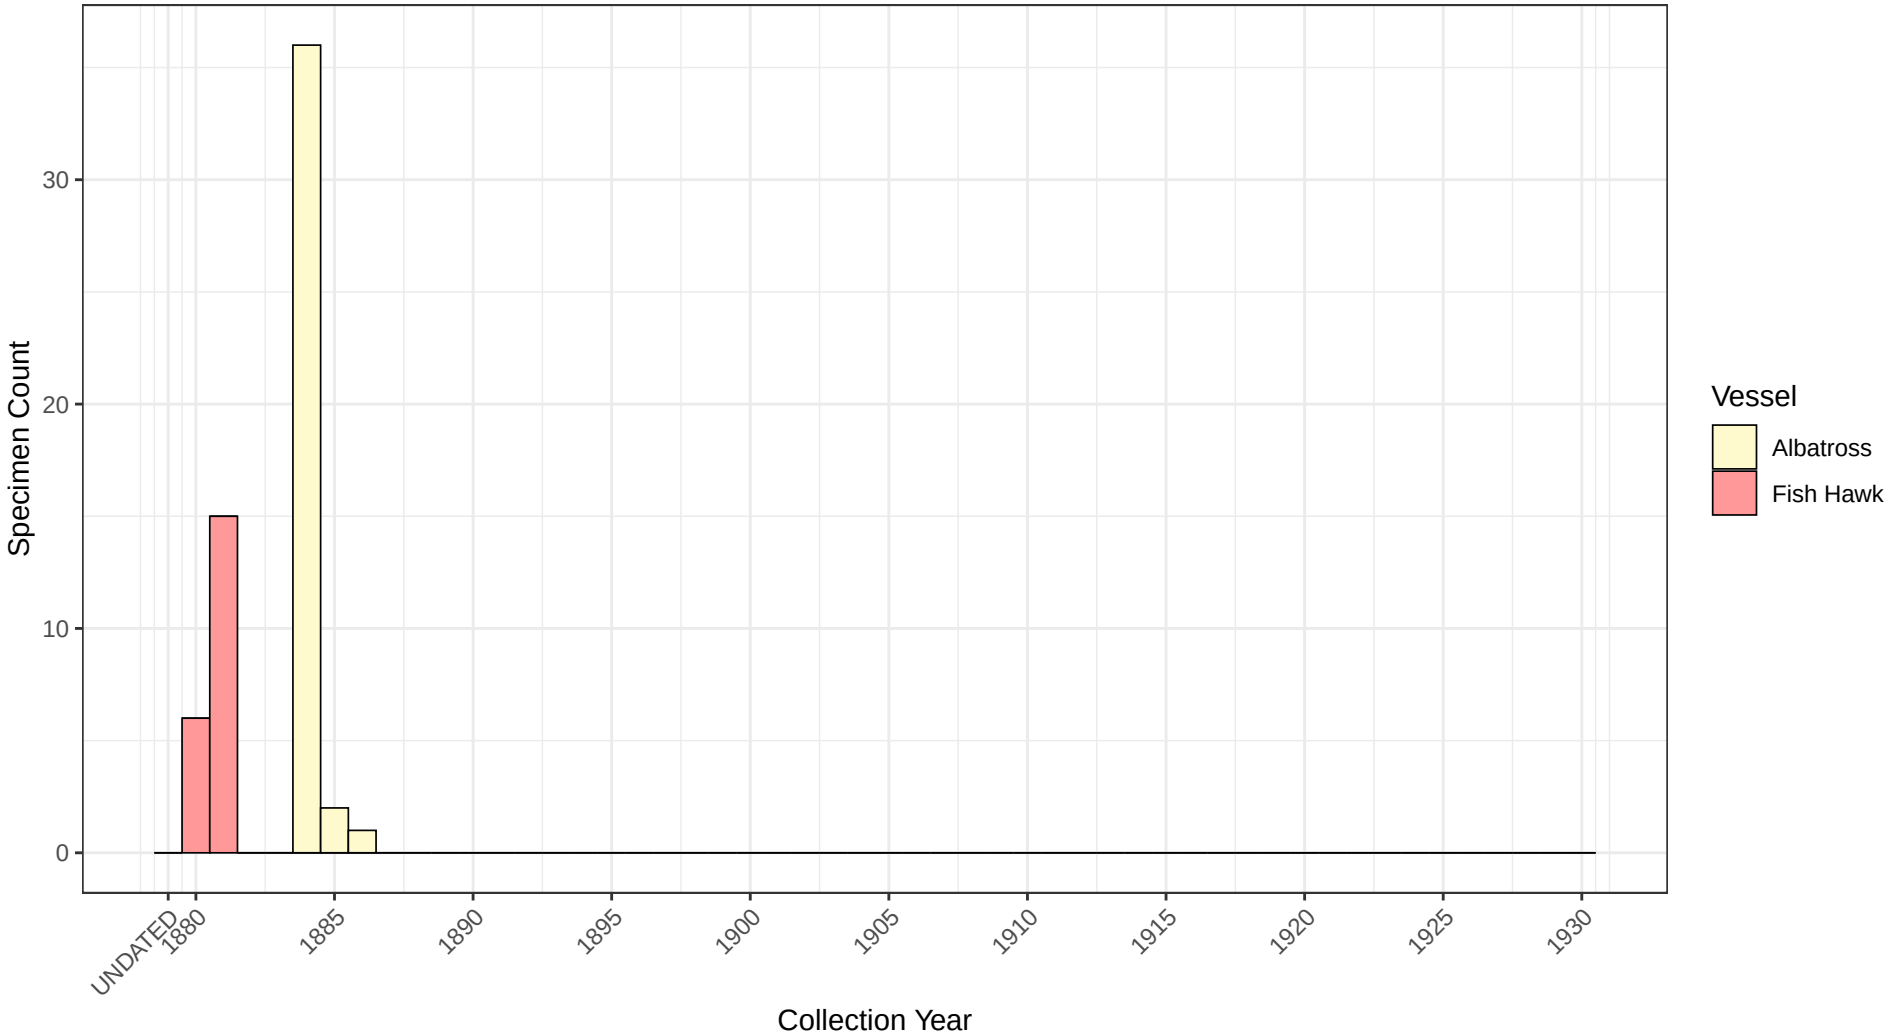

Pseudopleuronectes americanus

Total Specimens: 64 | Total Populations (40 km R): 2

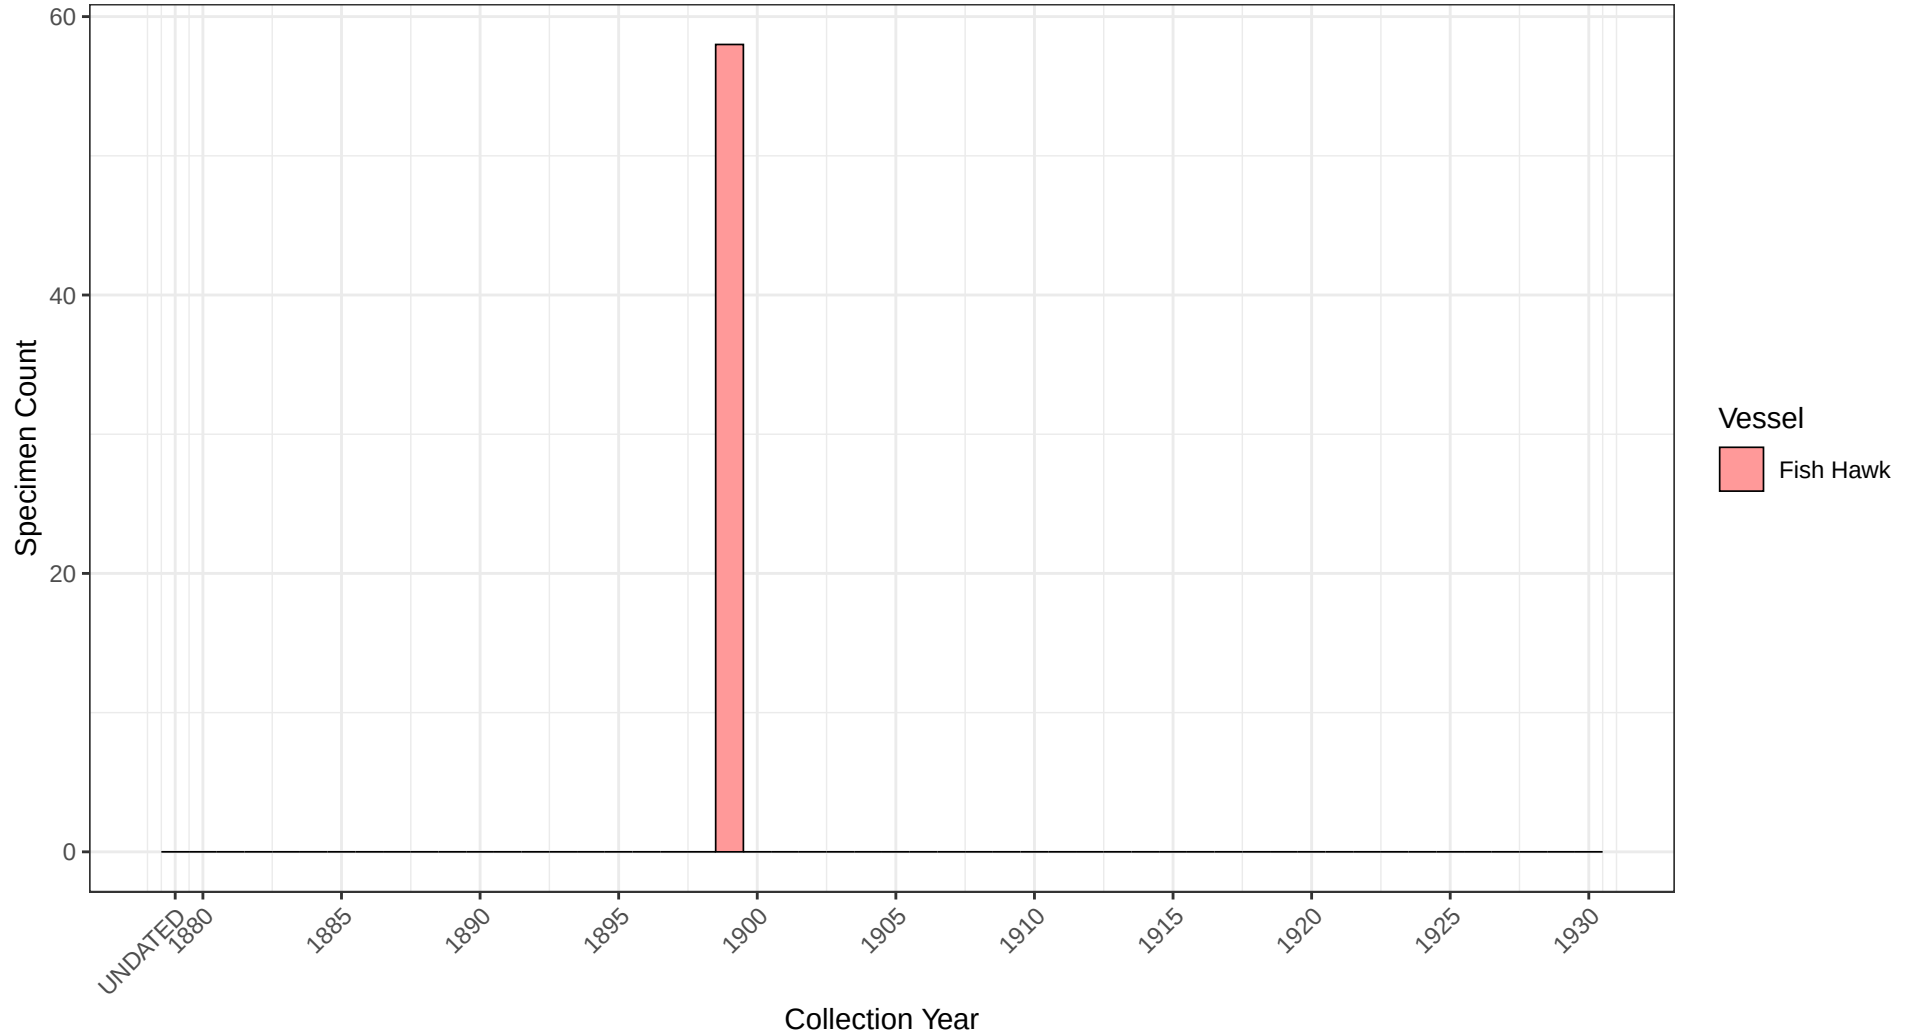

Lycenchelys verrillii

Total Specimens: 60 | Total Populations (40 km R): 2

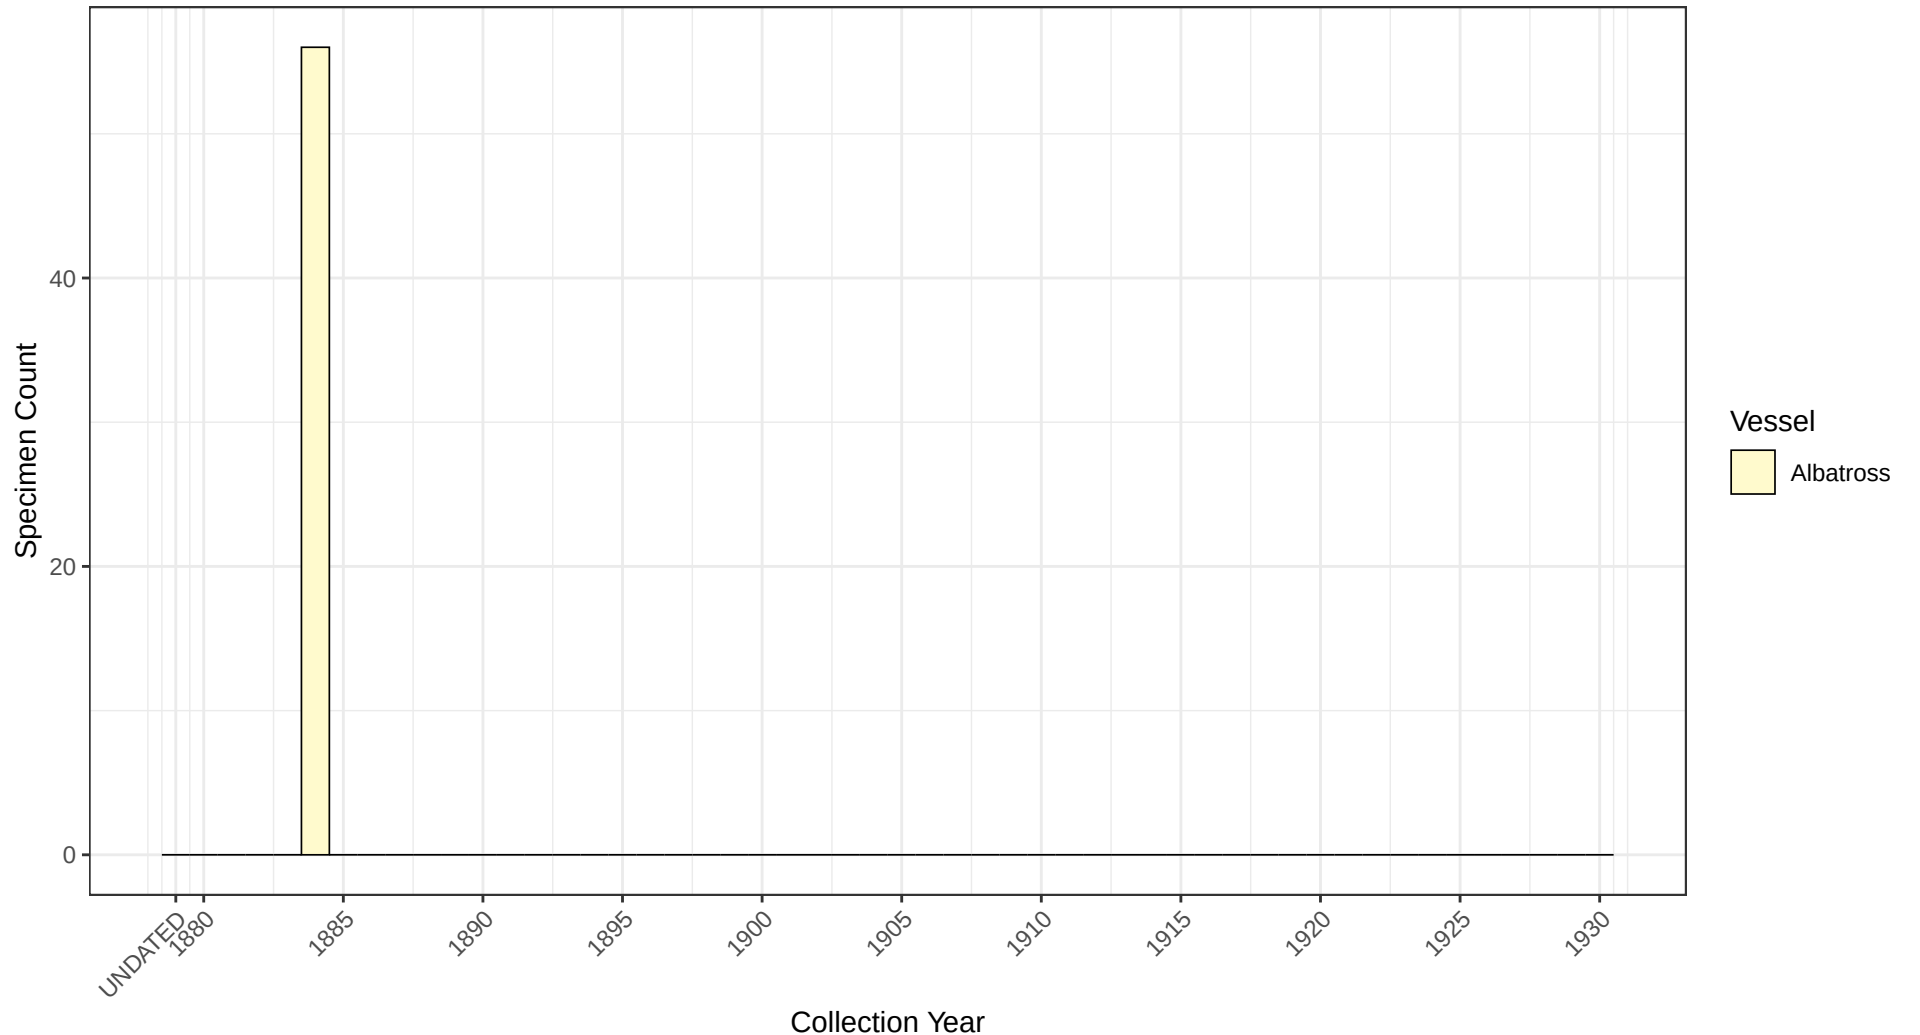

Sparisoma radians

Total Specimens: 58 | Total Populations (40 km R): 2

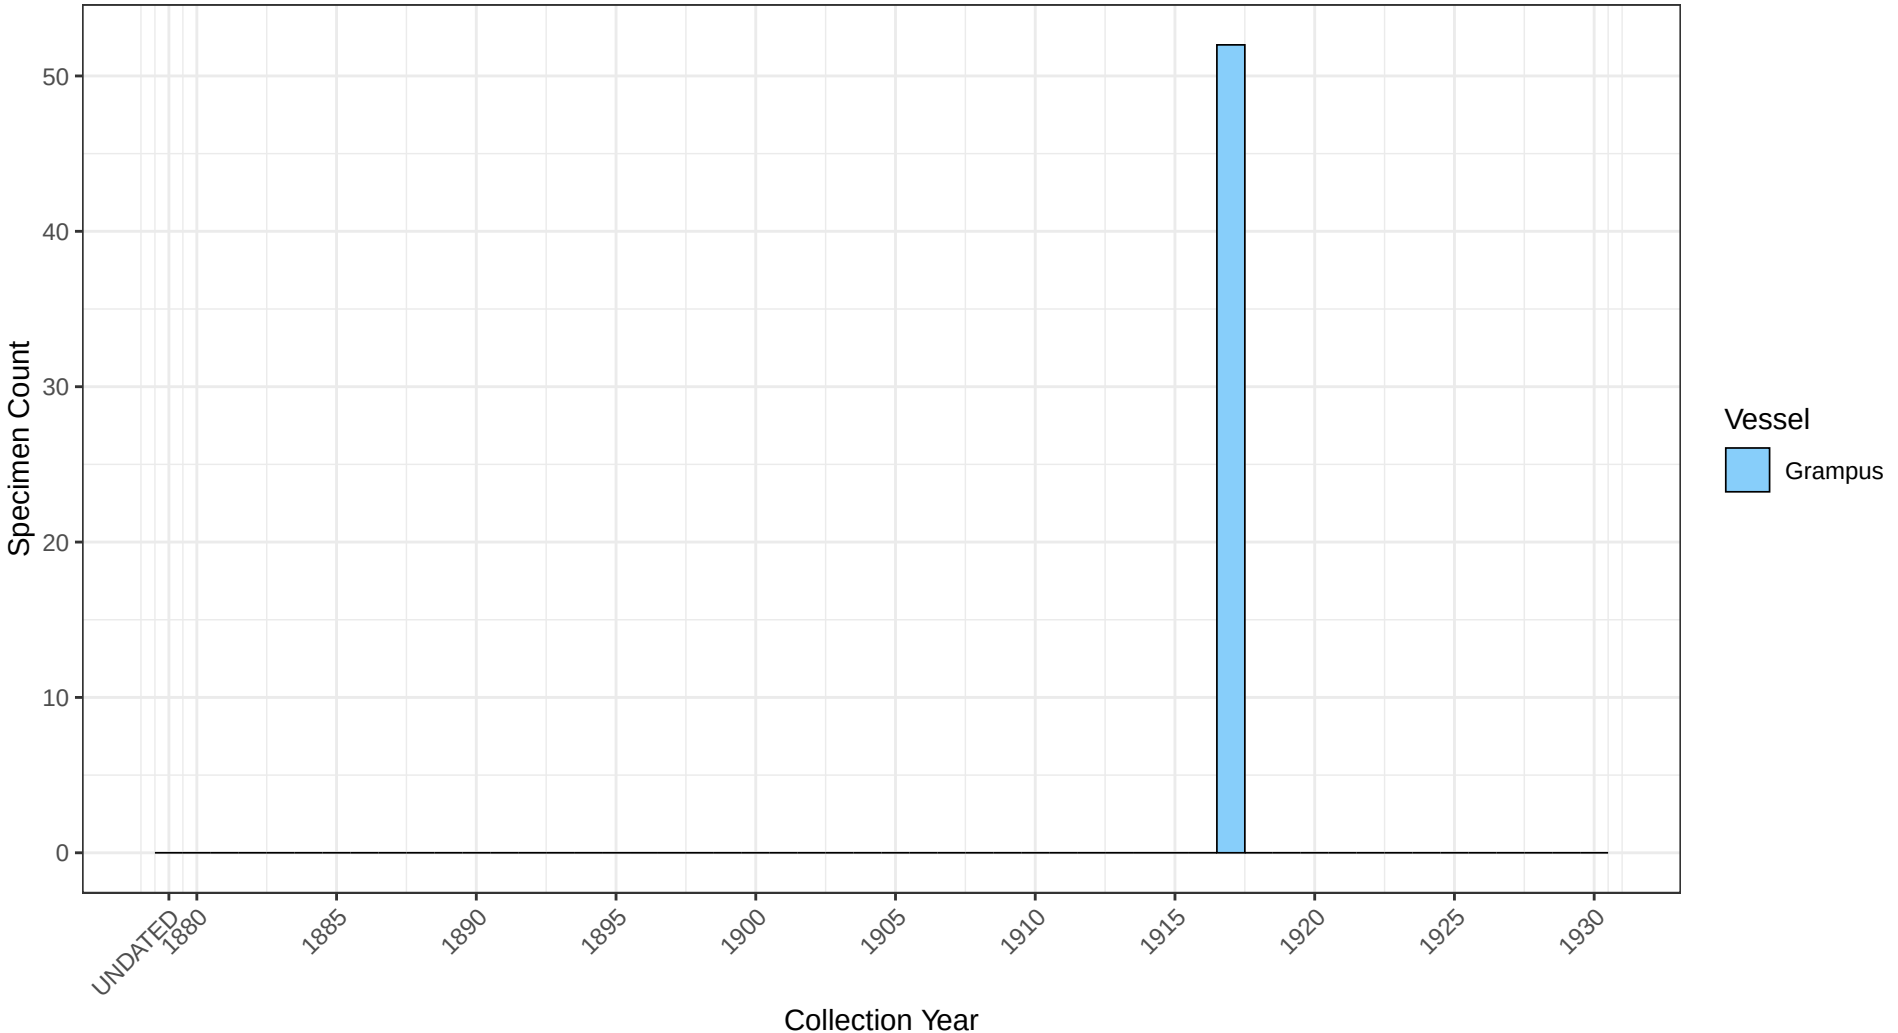

Harengula humeralis

Total Specimens: 56 | Total Populations (40 km R): 2

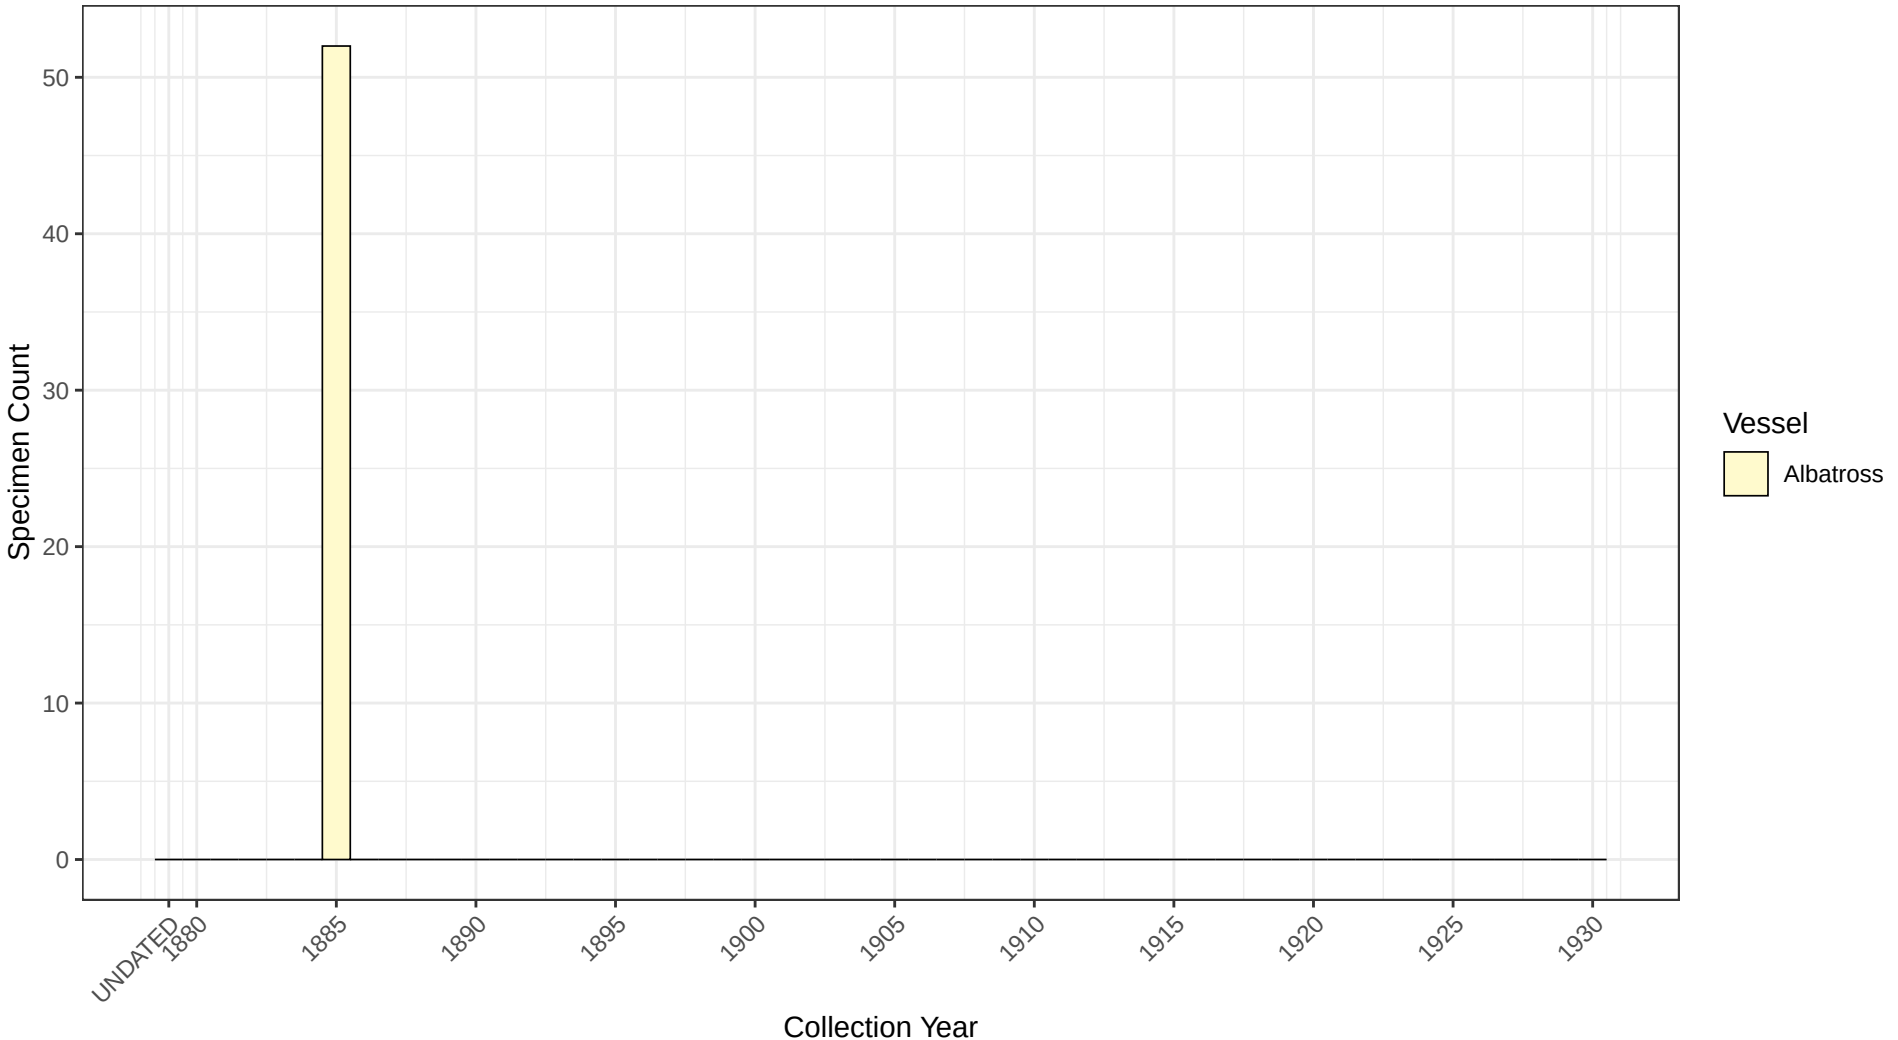

Brevoortia patronus

Total Specimens: 52 | Total Populations (40 km R): 2

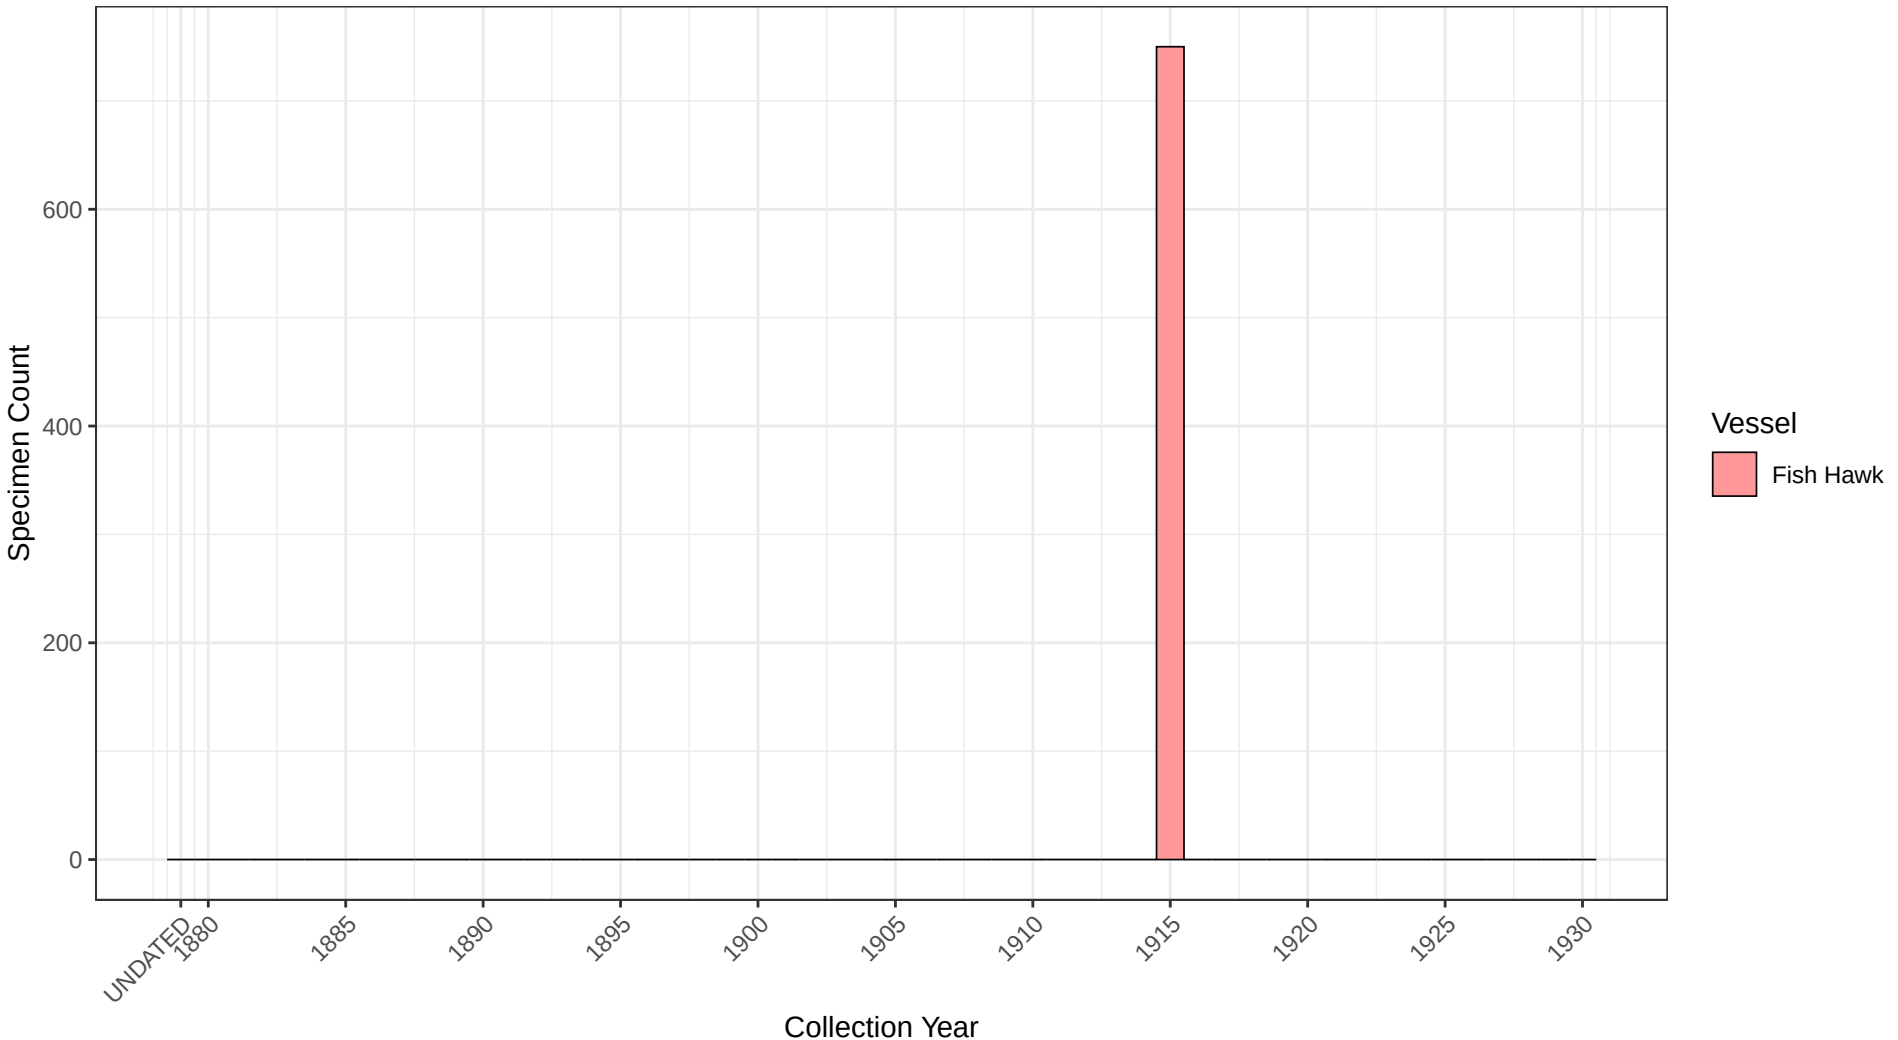

Haemulon aurolineatum

Total Specimens: 52 | Total Populations (40 km R): 2

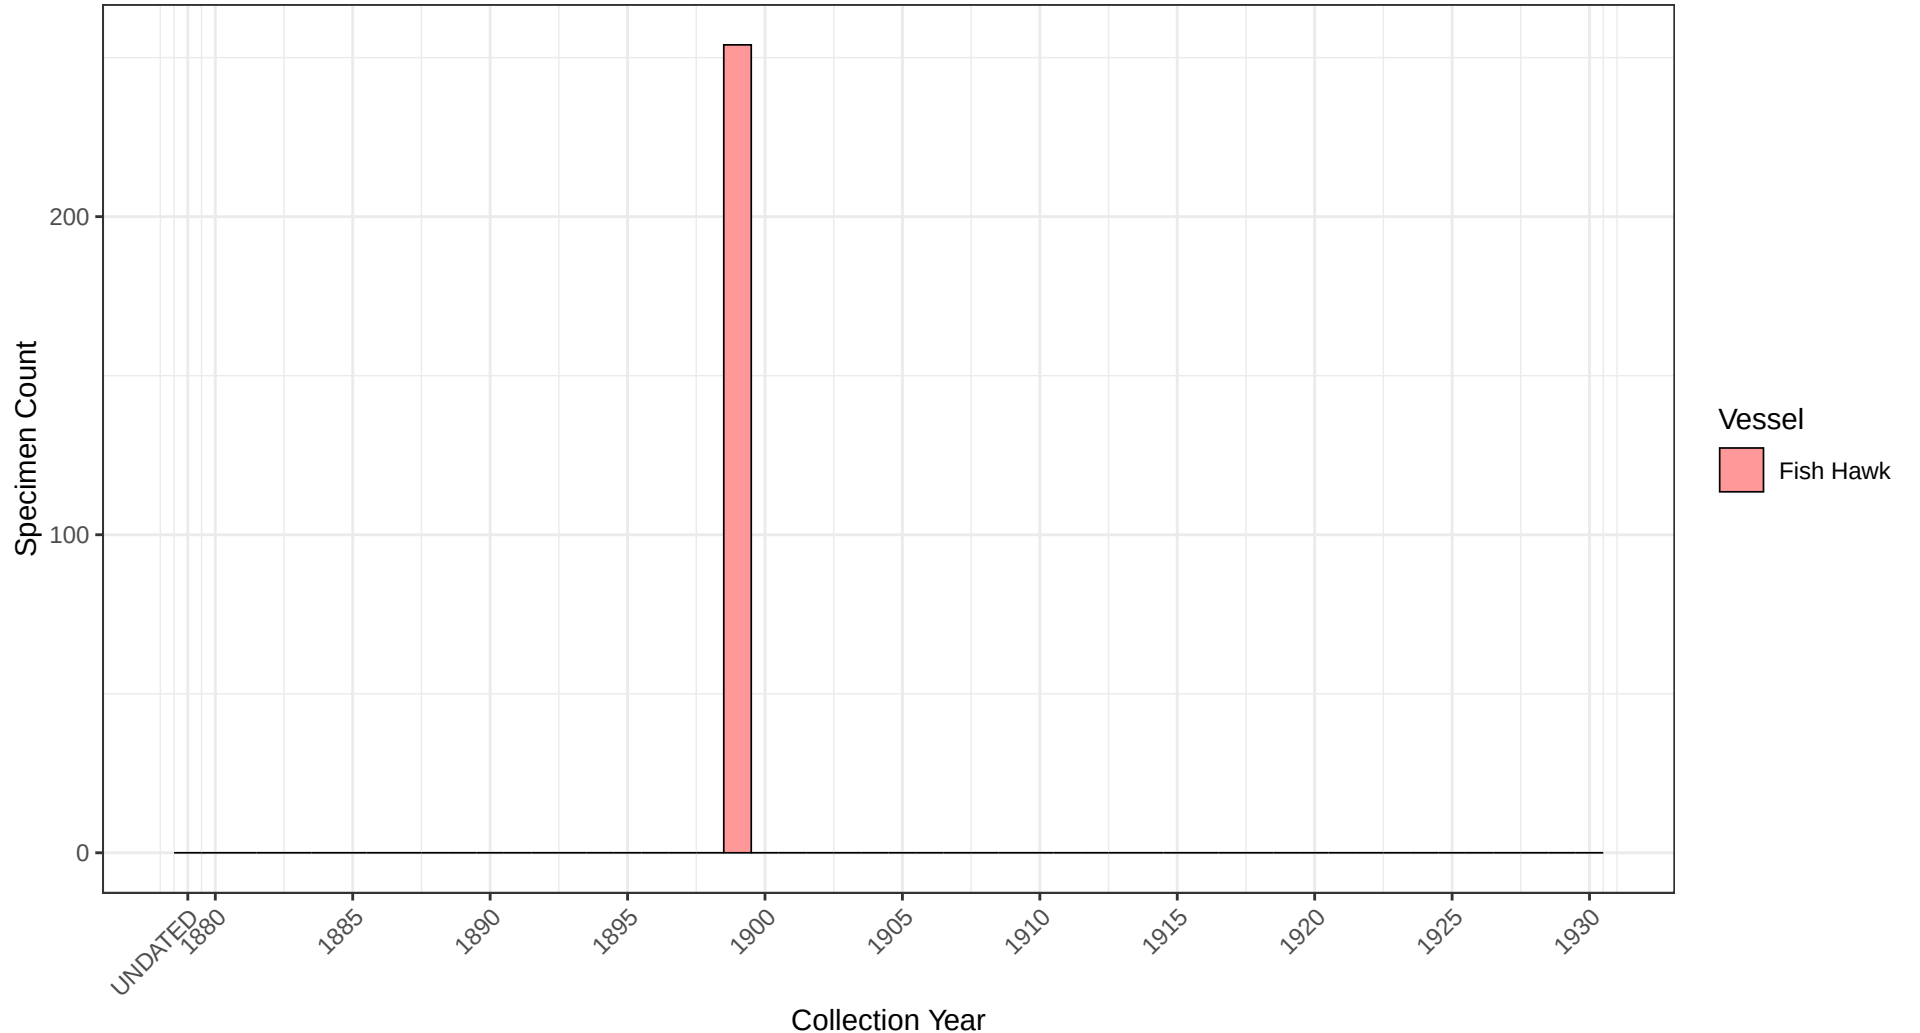

Stellifer lanceolatus

Total Specimens: 750 | Total Populations (40 km R): 1

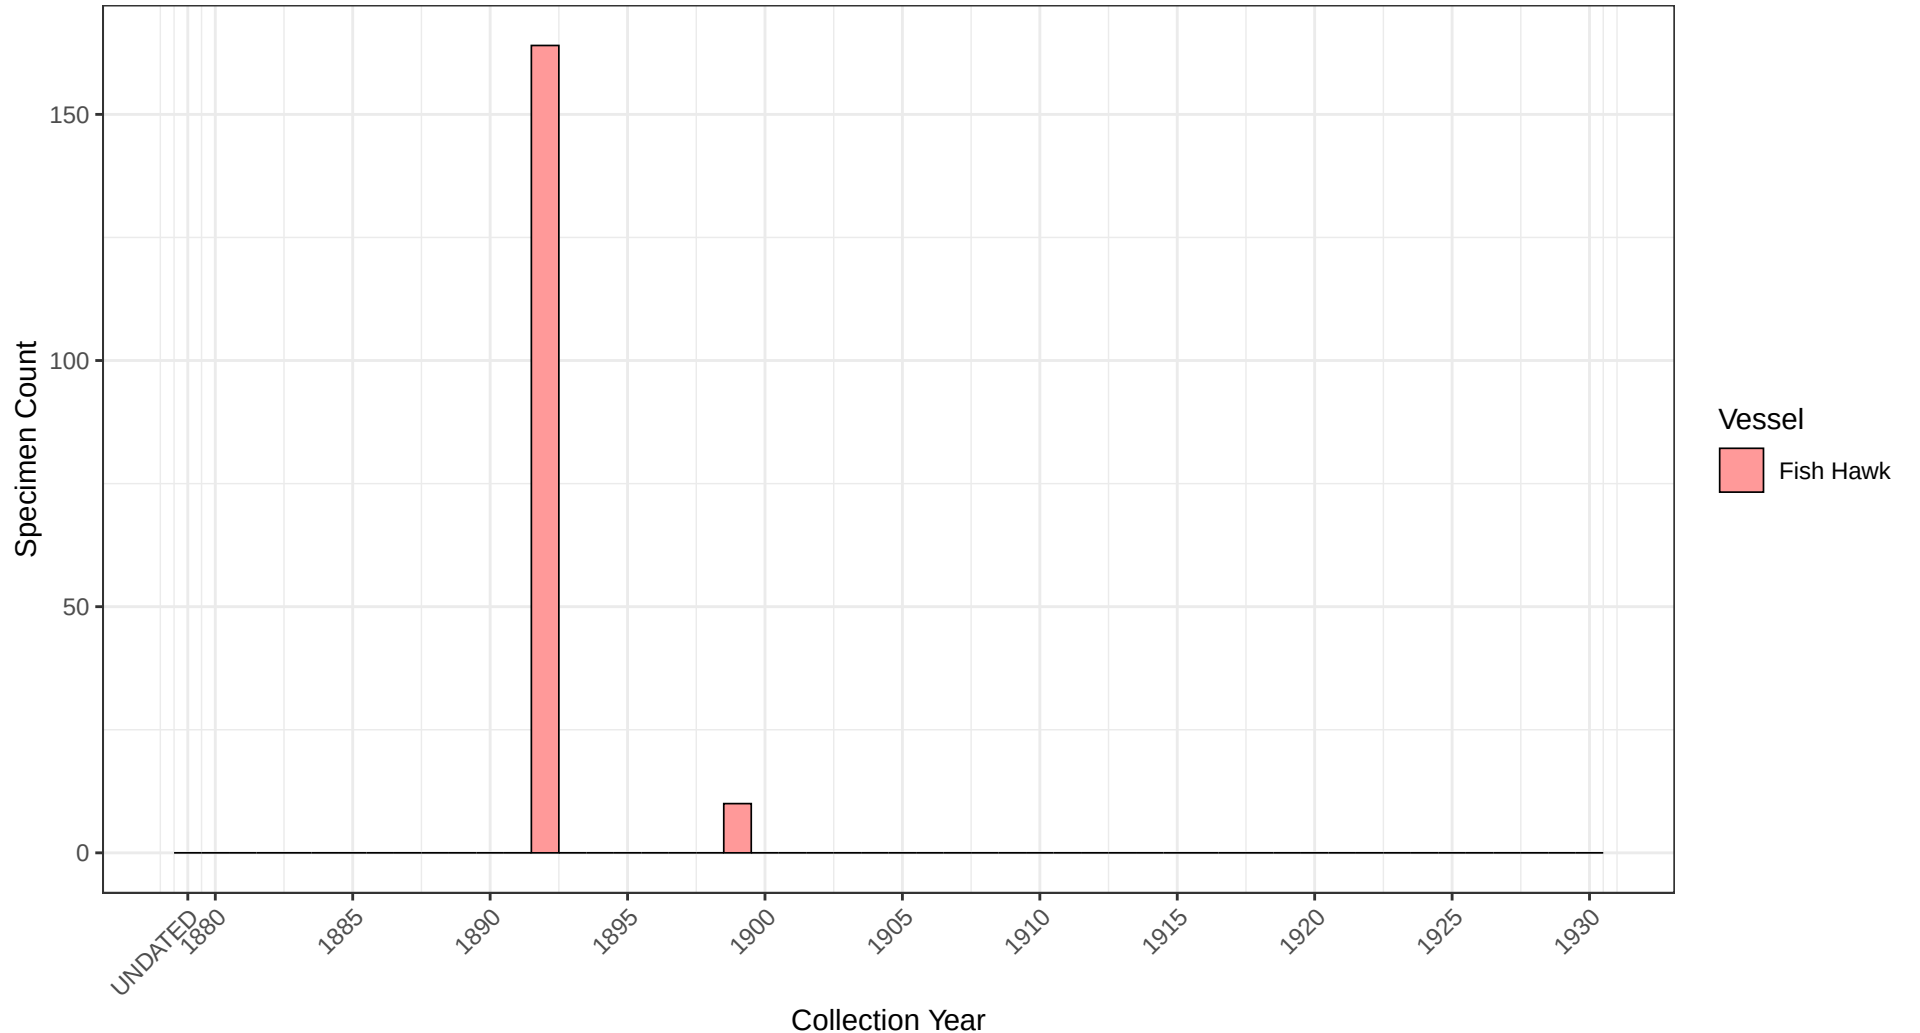

Poecilia vivipara

Total Specimens: 254 | Total Populations (40 km R): 1

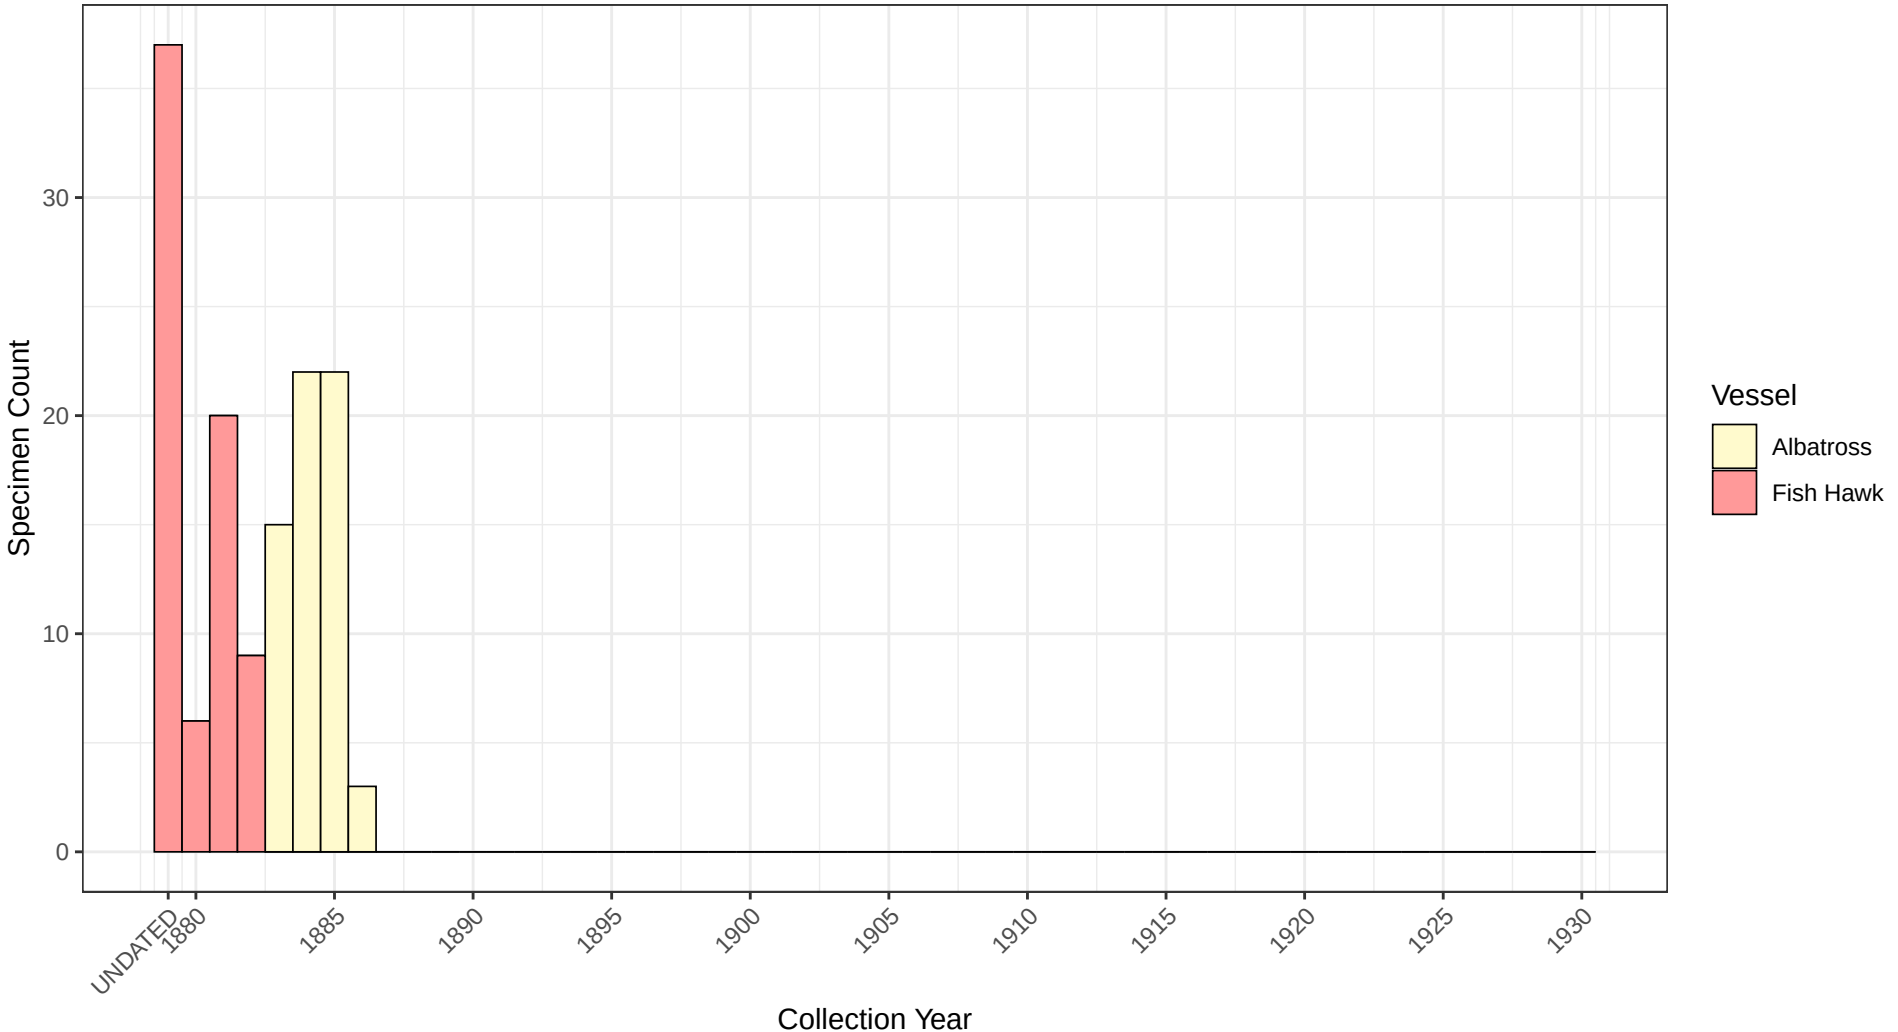

Centropristis striata

Total Specimens: 174 | Total Populations (40 km R): 1

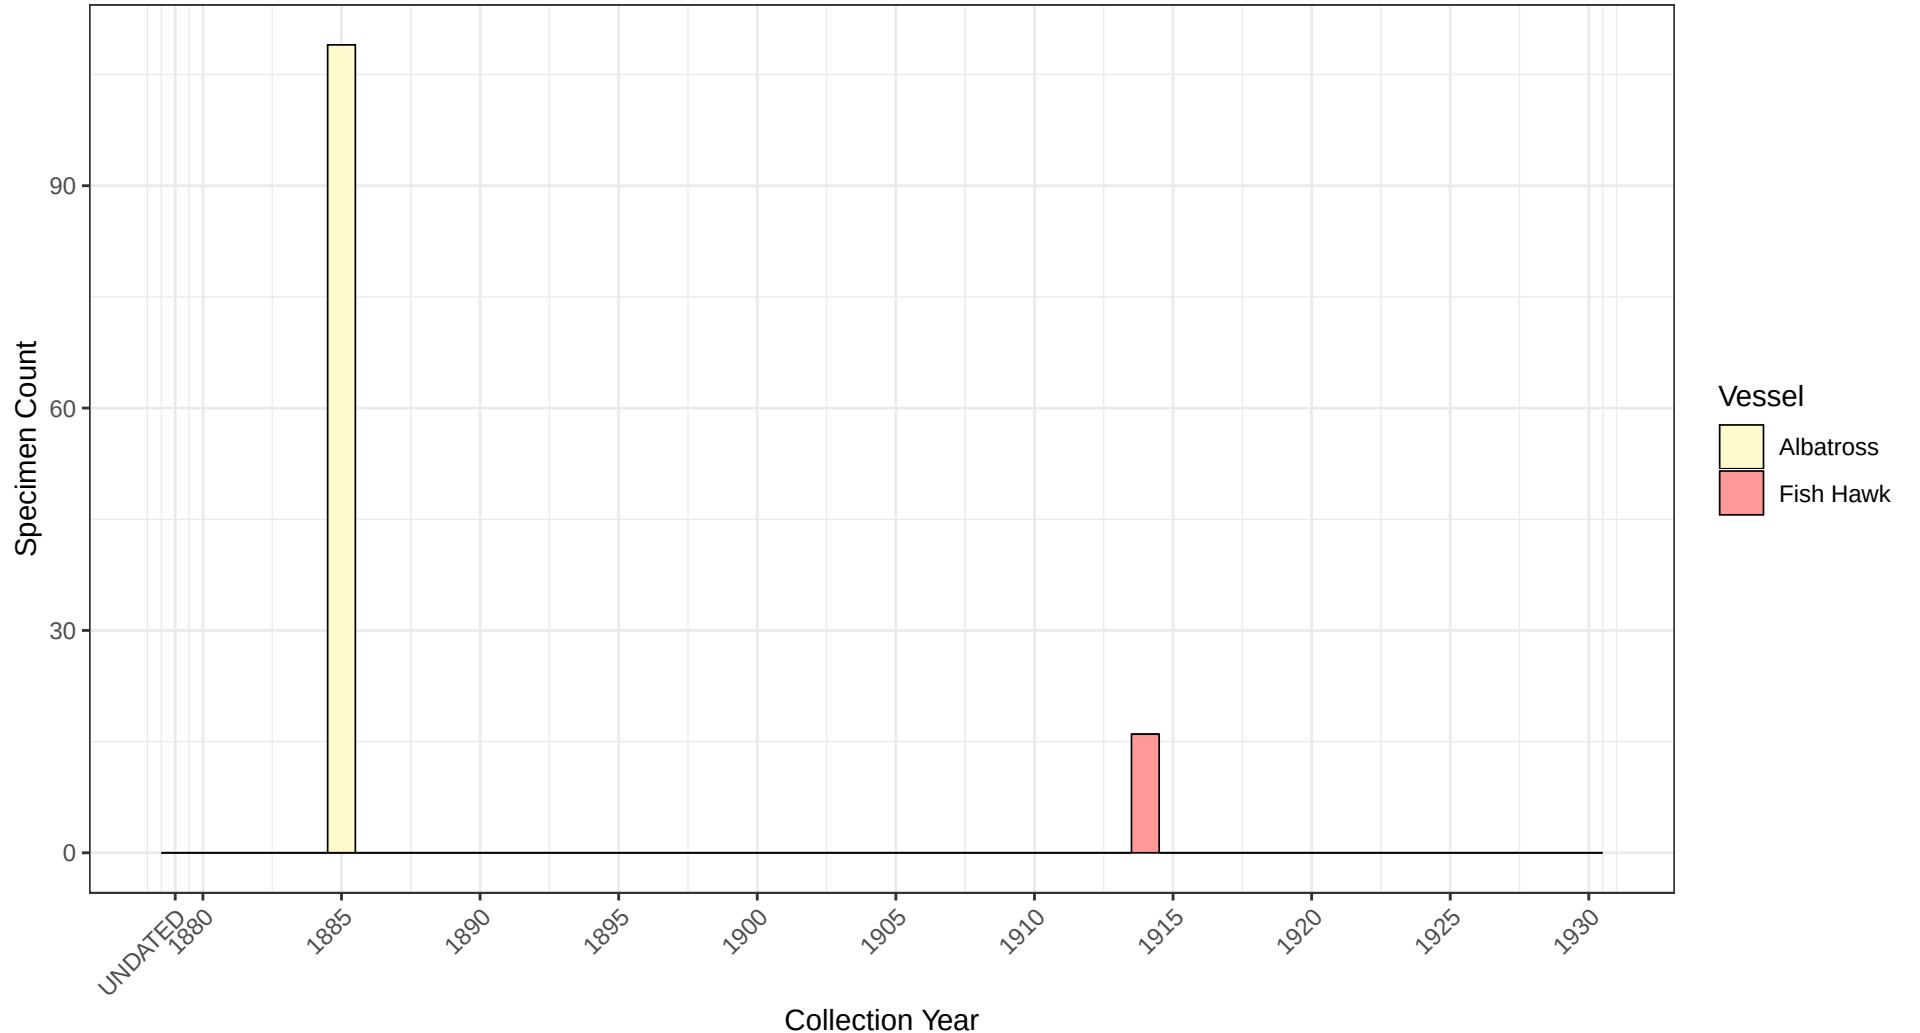

Glyptocephalus cynoglossus

Total Specimens: 134 | Total Populations (40 km R): 1

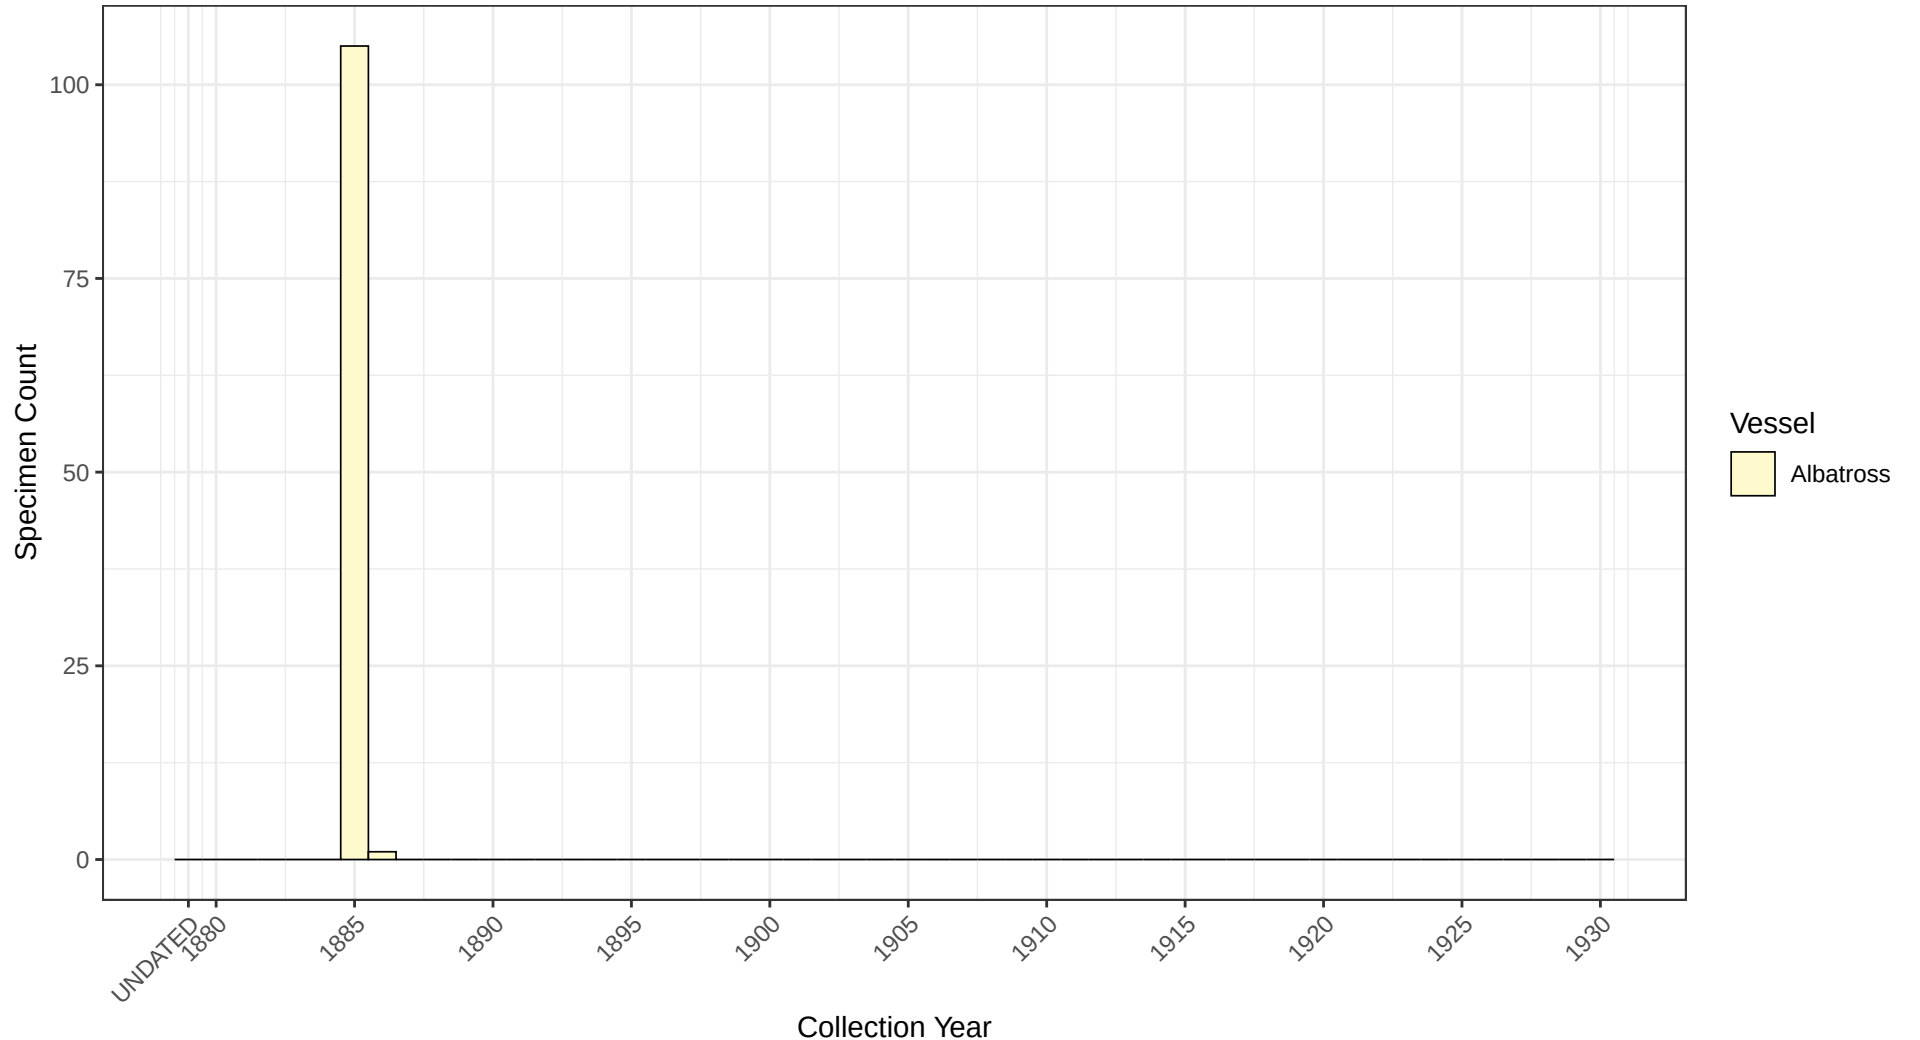

Decapterus punctatus

Total Specimens: 125 | Total Populations (40 km R): 1

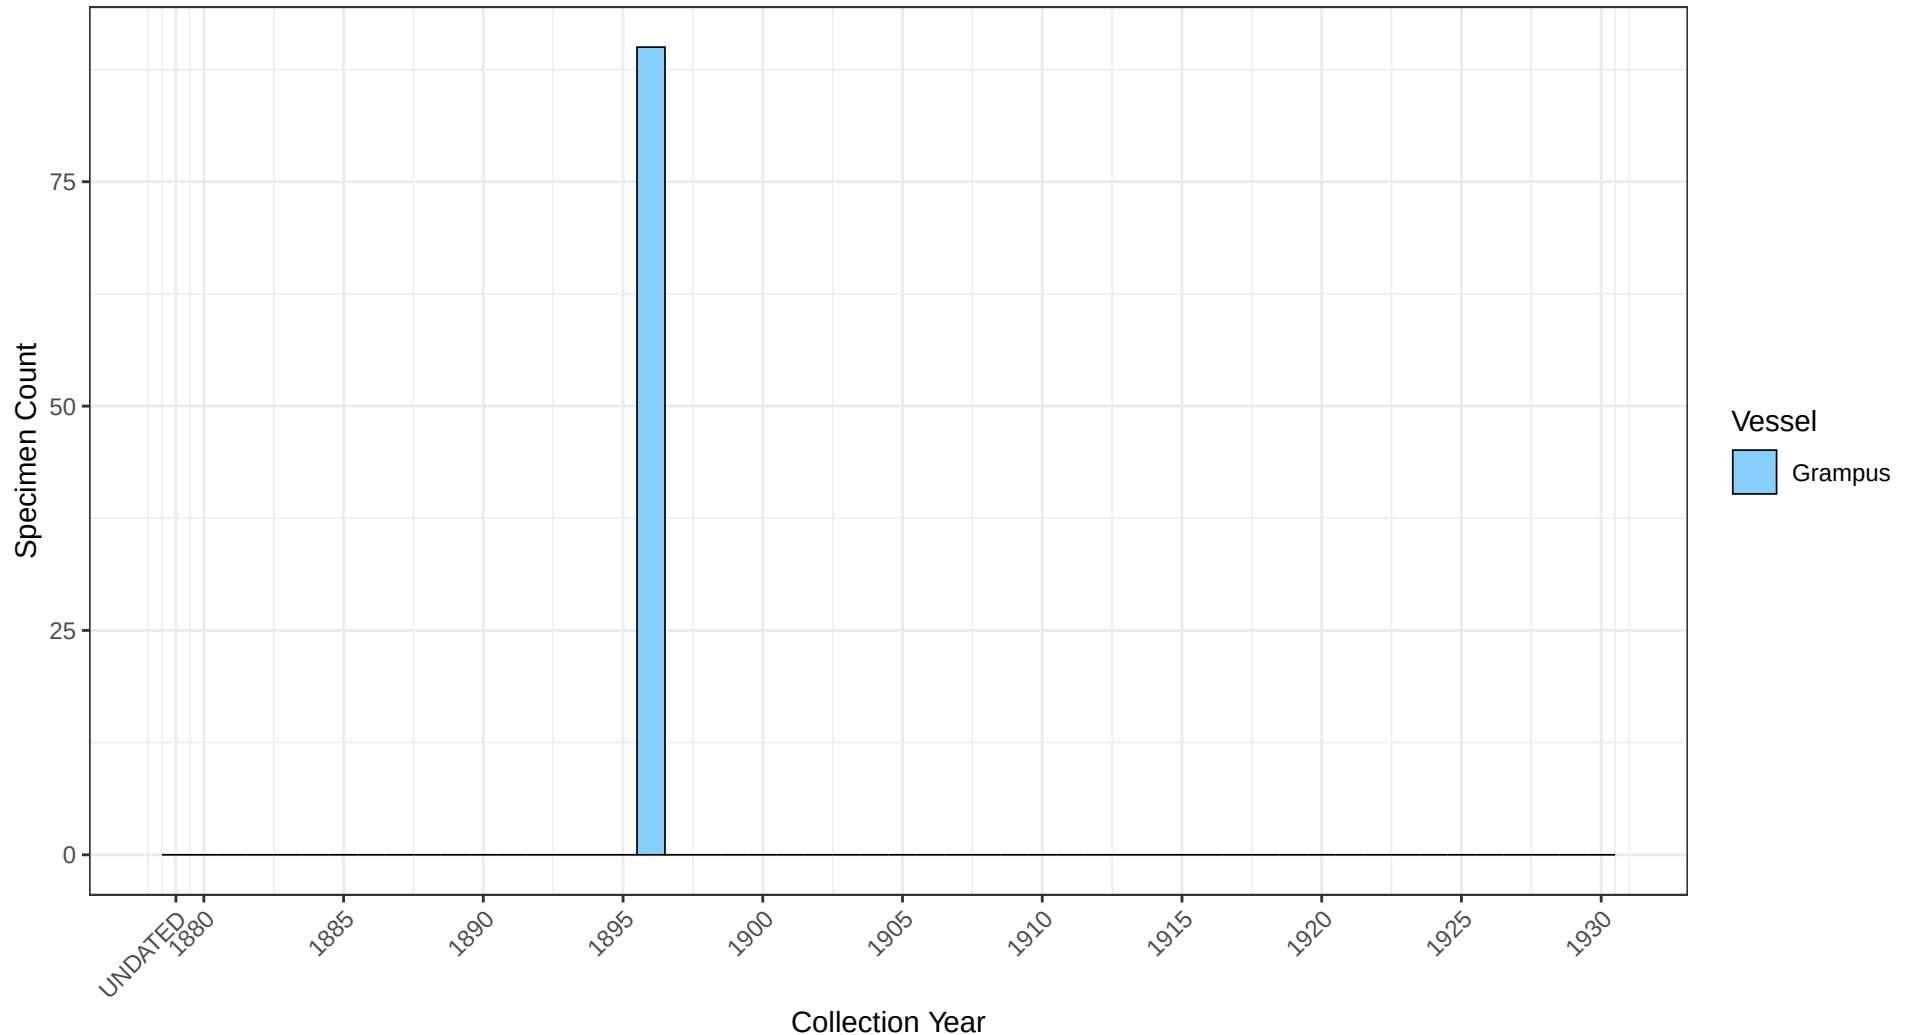

Laemonema barbatulum

Total Specimens: 106 | Total Populations (40 km R): 1

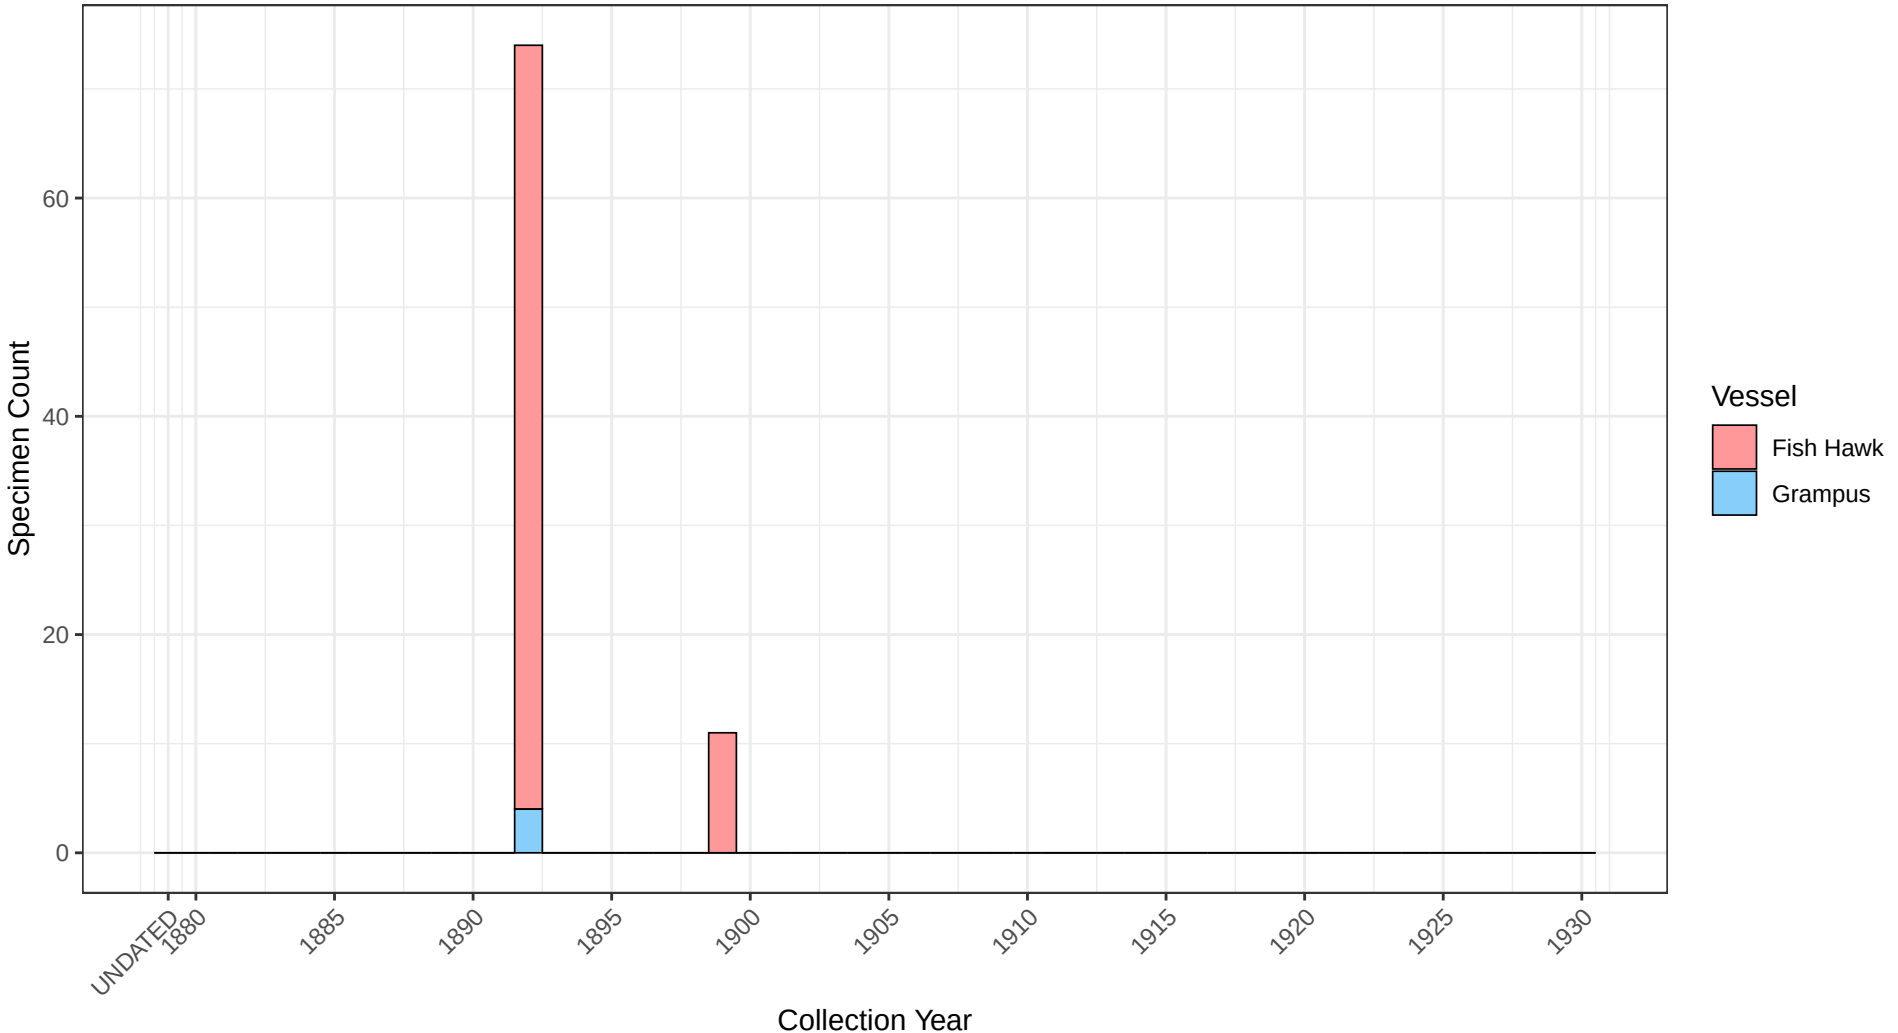

Ammodytes dubius

Total Specimens: 90 | Total Populations (40 km R): 1

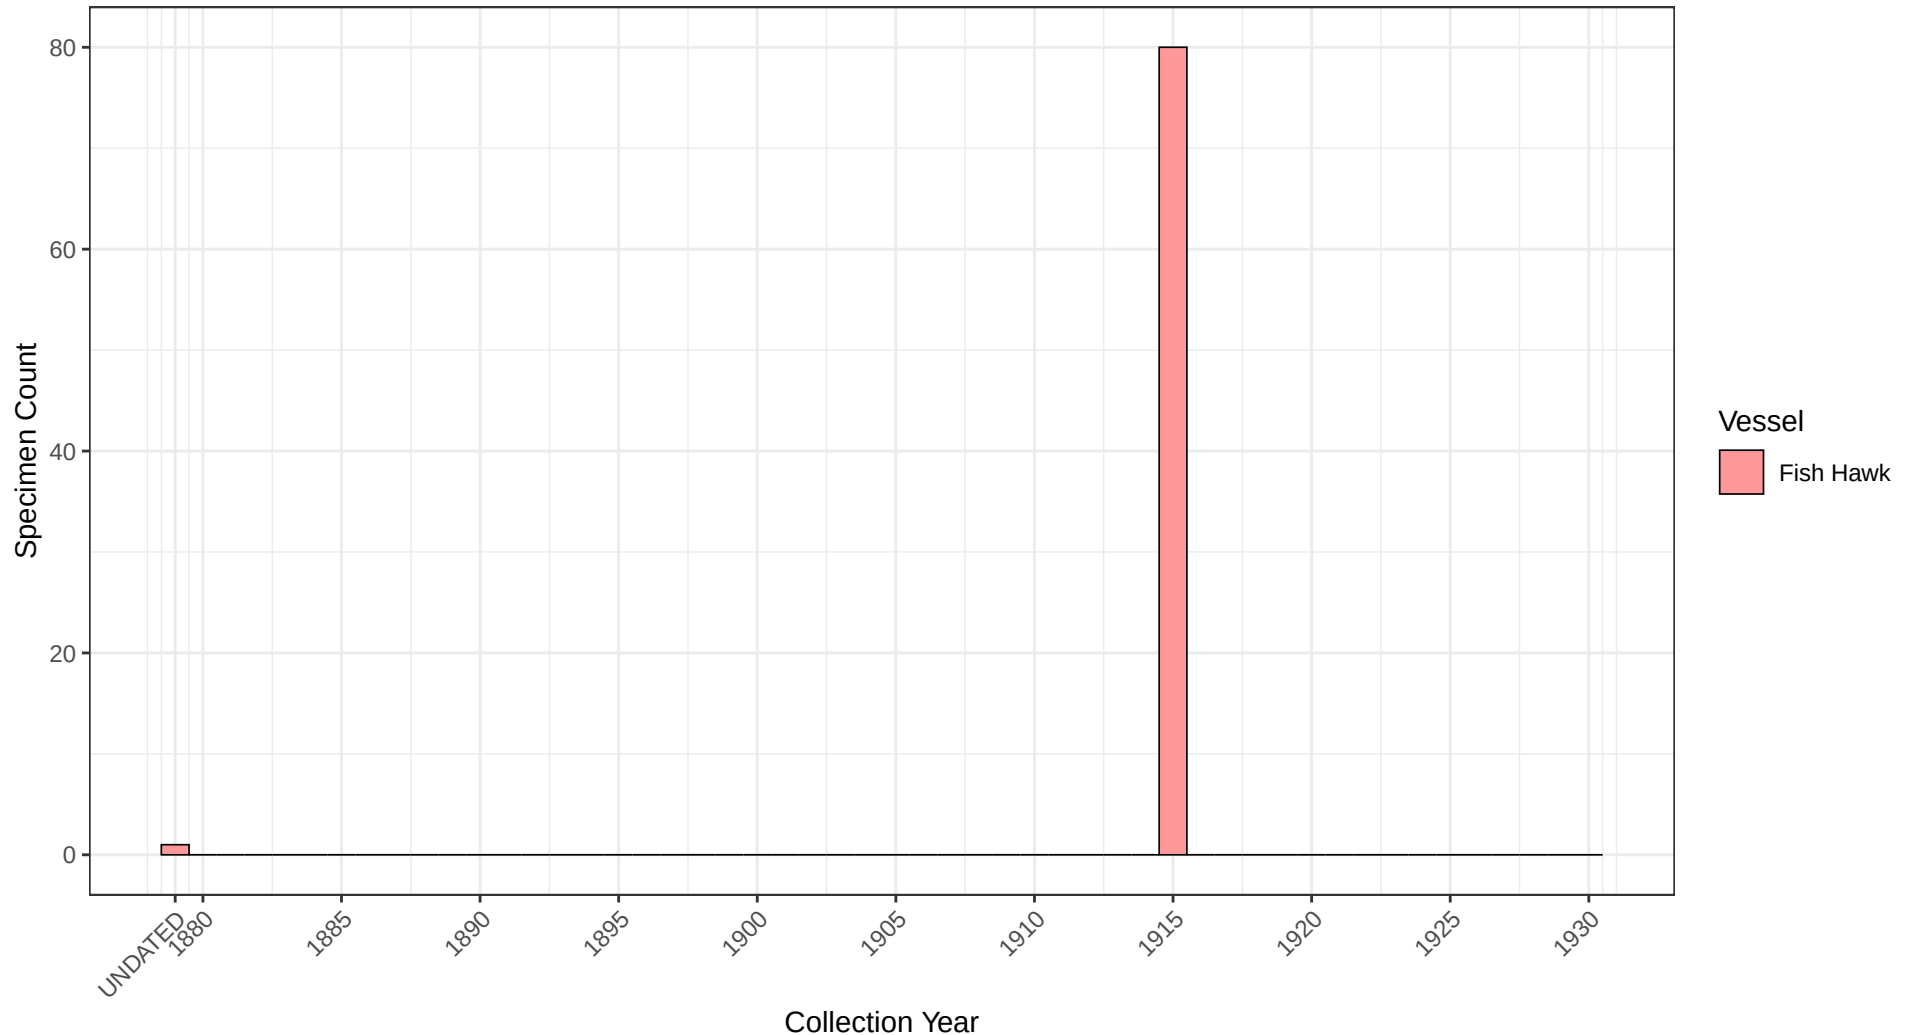

Tautogolabrus adspersus

Total Specimens: 85 | Total Populations (40 km R): 1

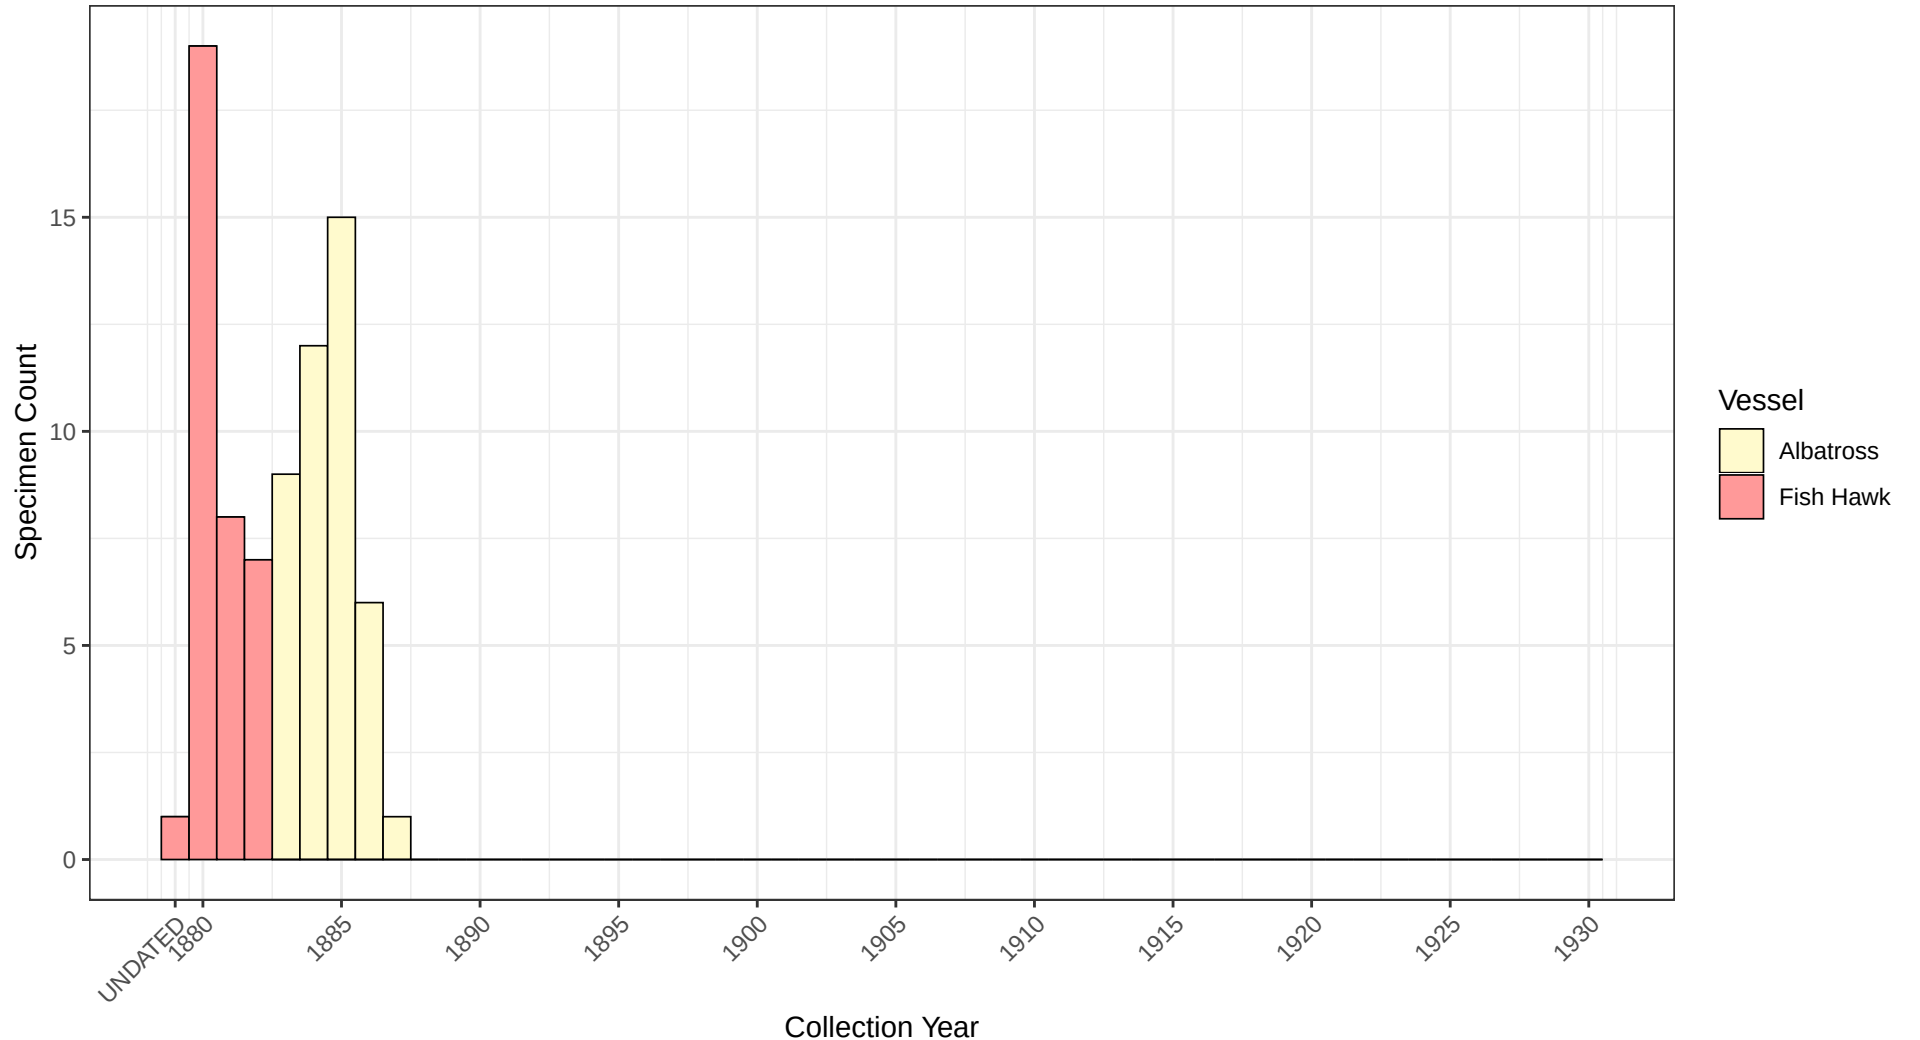

Lagodon rhomboides

Total Specimens: 81 | Total Populations (40 km R): 1

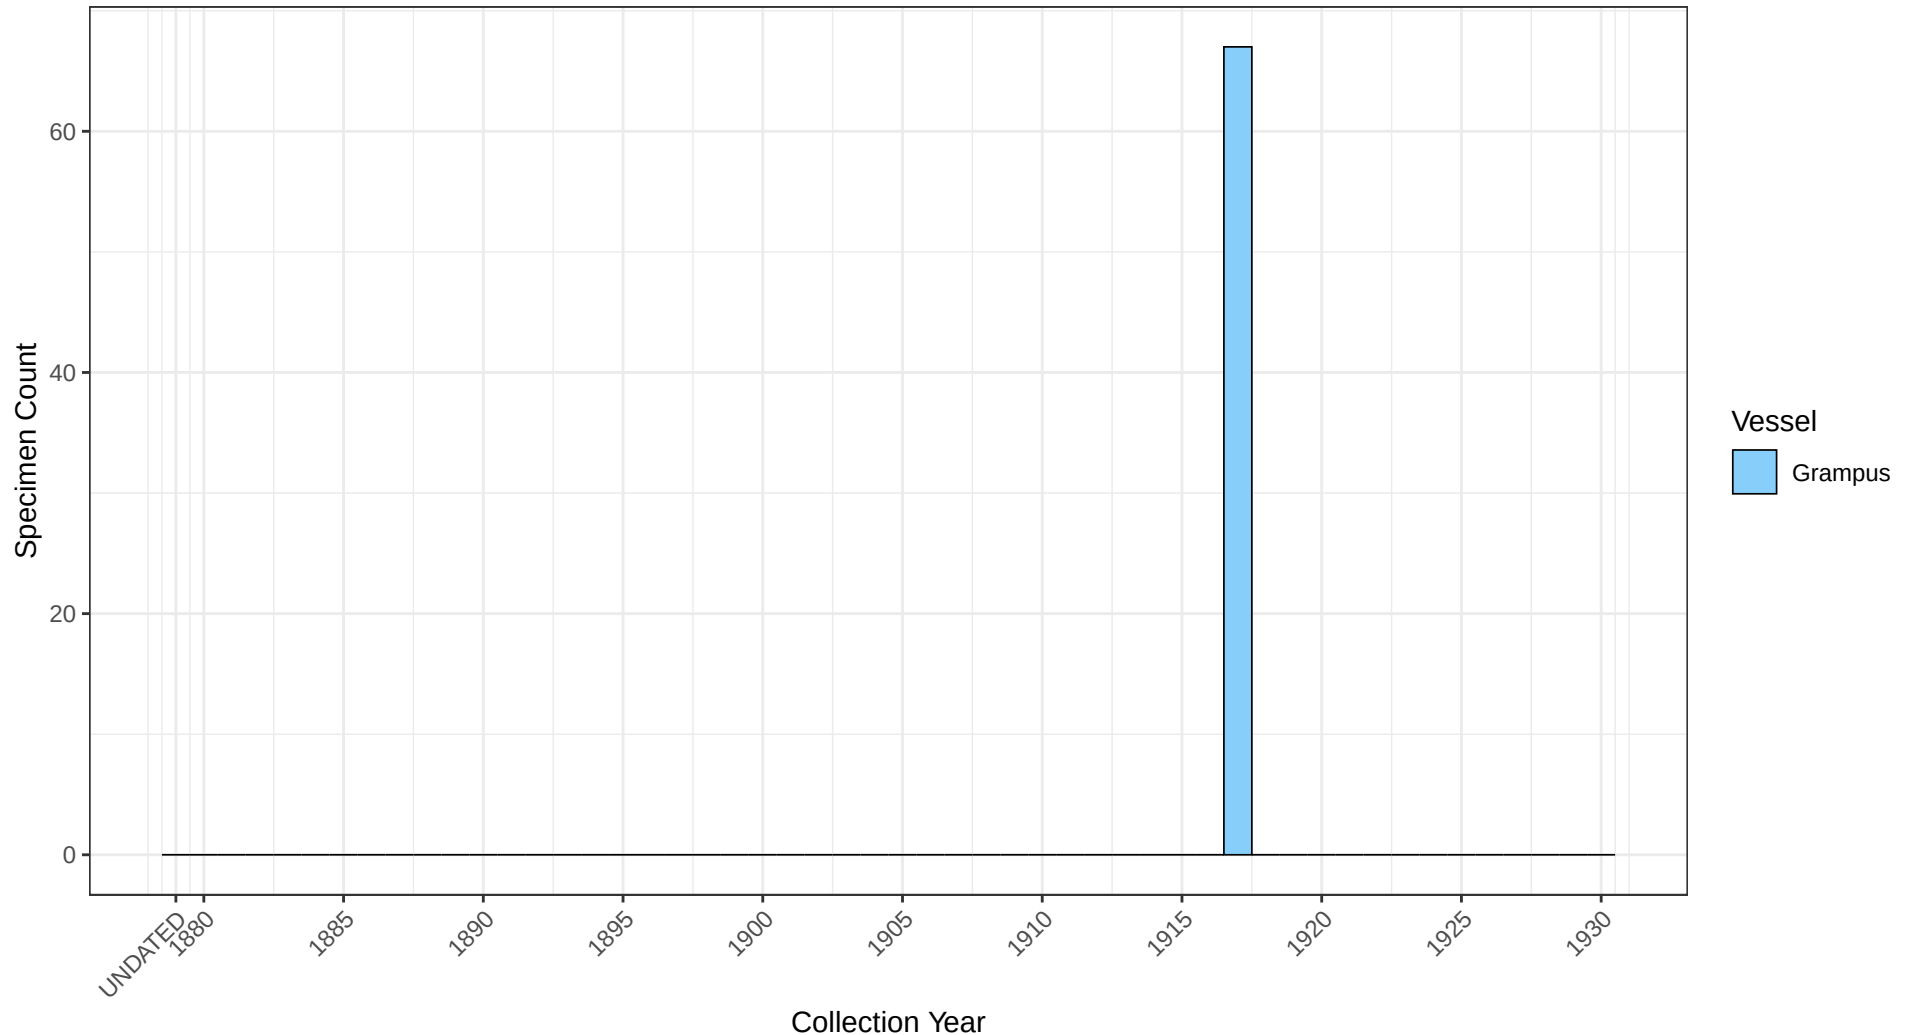

Nezumia bairdii

Total Specimens: 78 | Total Populations (40 km R): 1

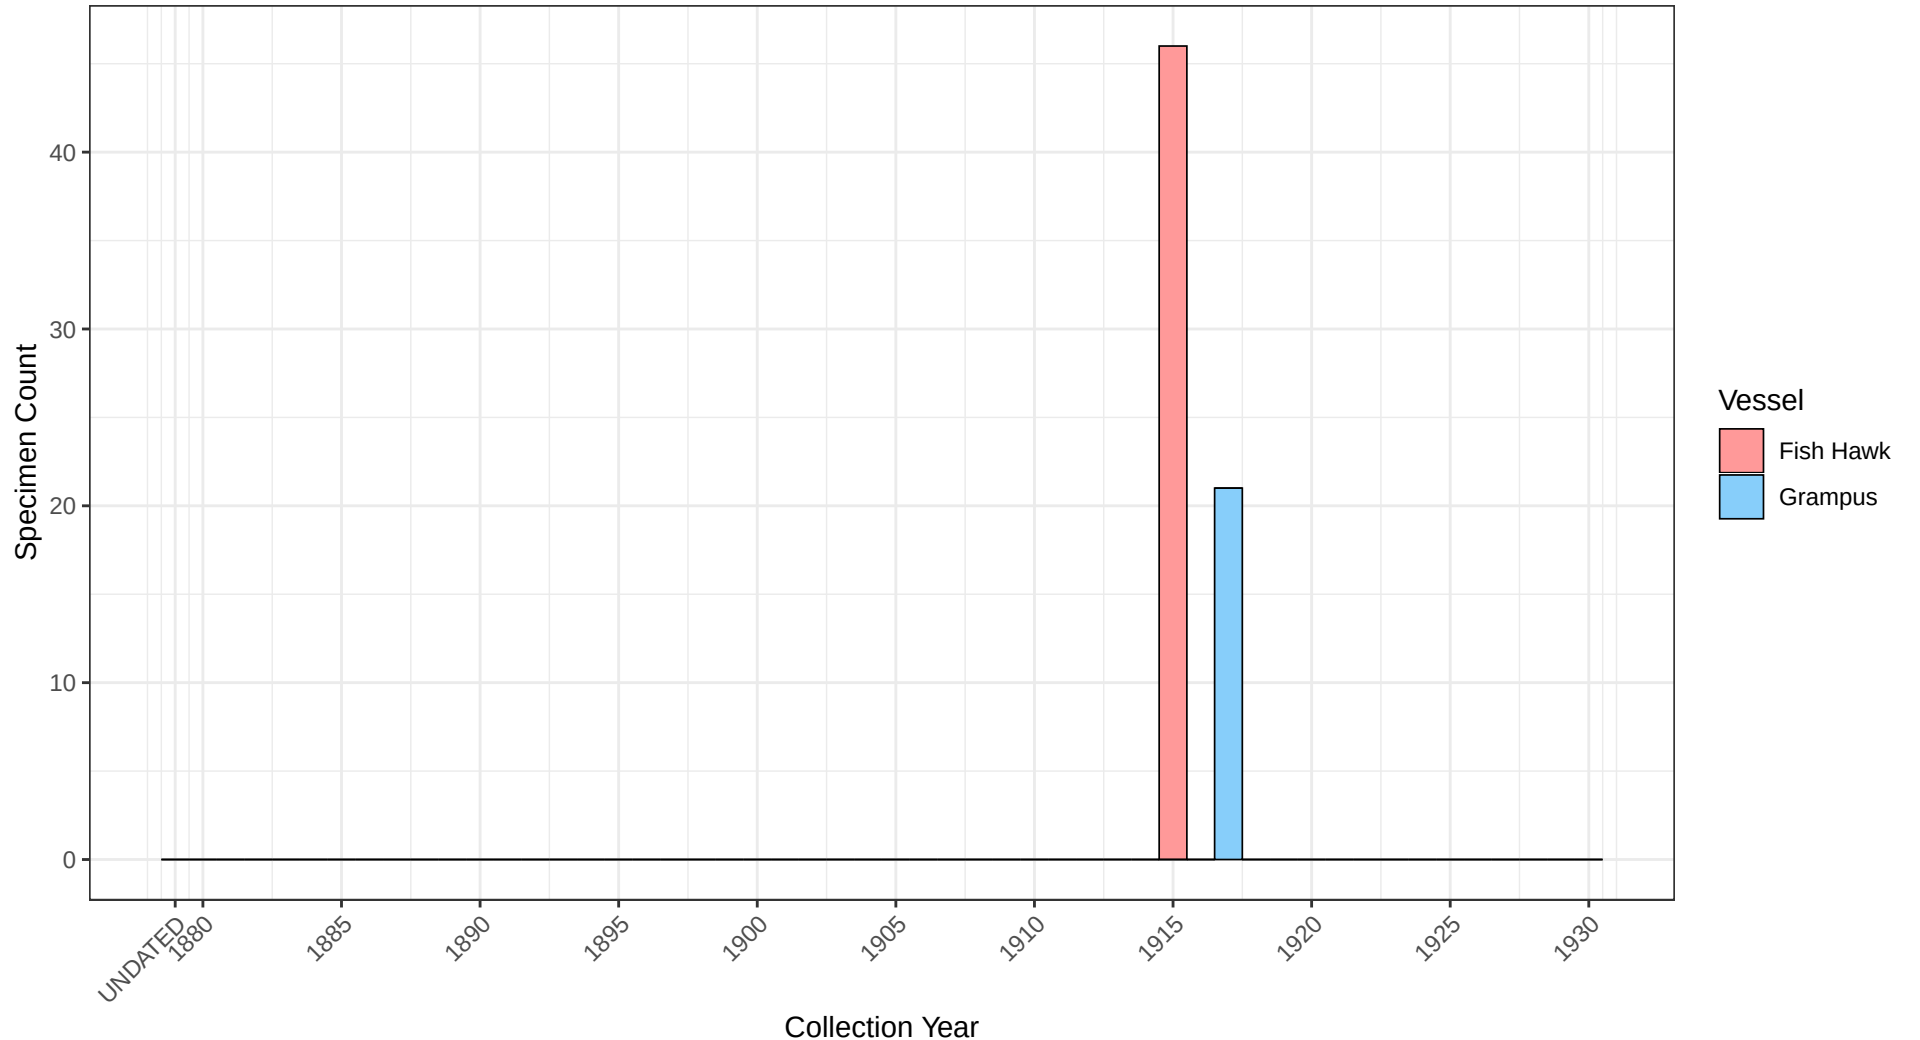

Etropus crossotus

Total Specimens: 67 | Total Populations (40 km R): 1

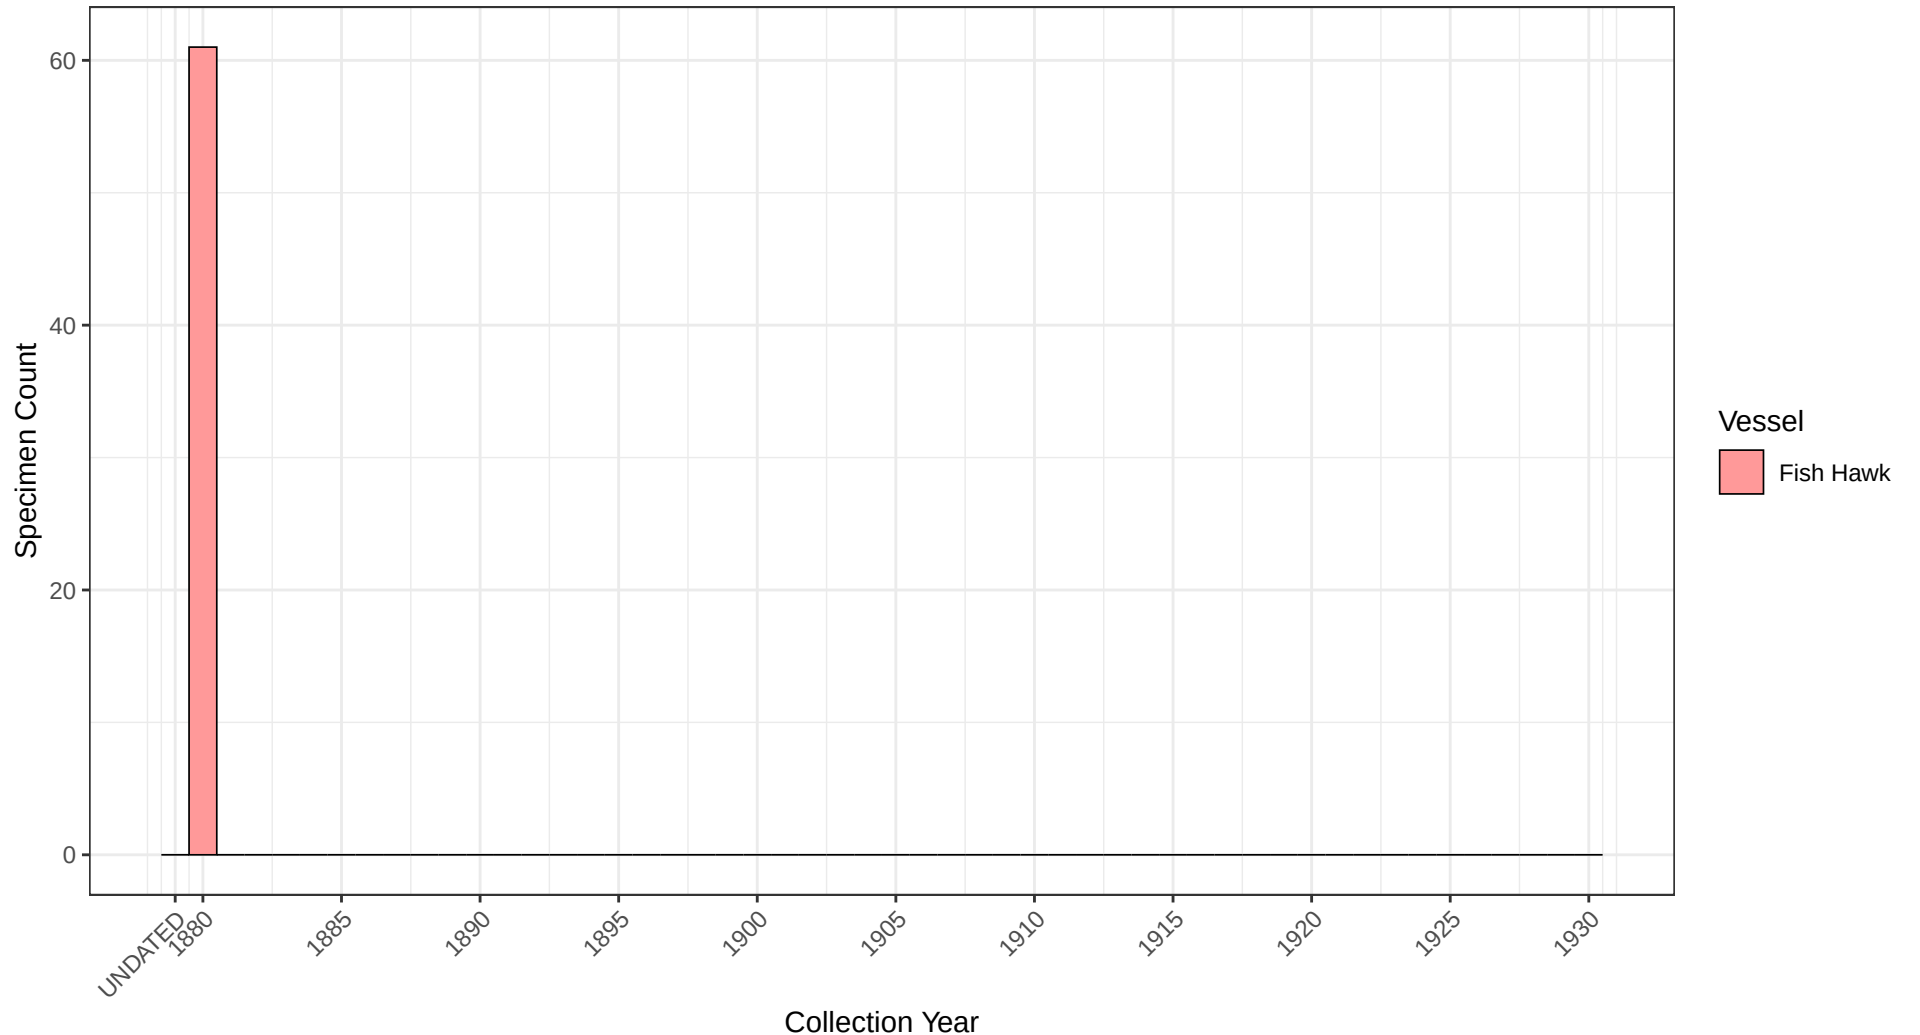

Mullus auratus

Total Specimens: 67 | Total Populations (40 km R): 1

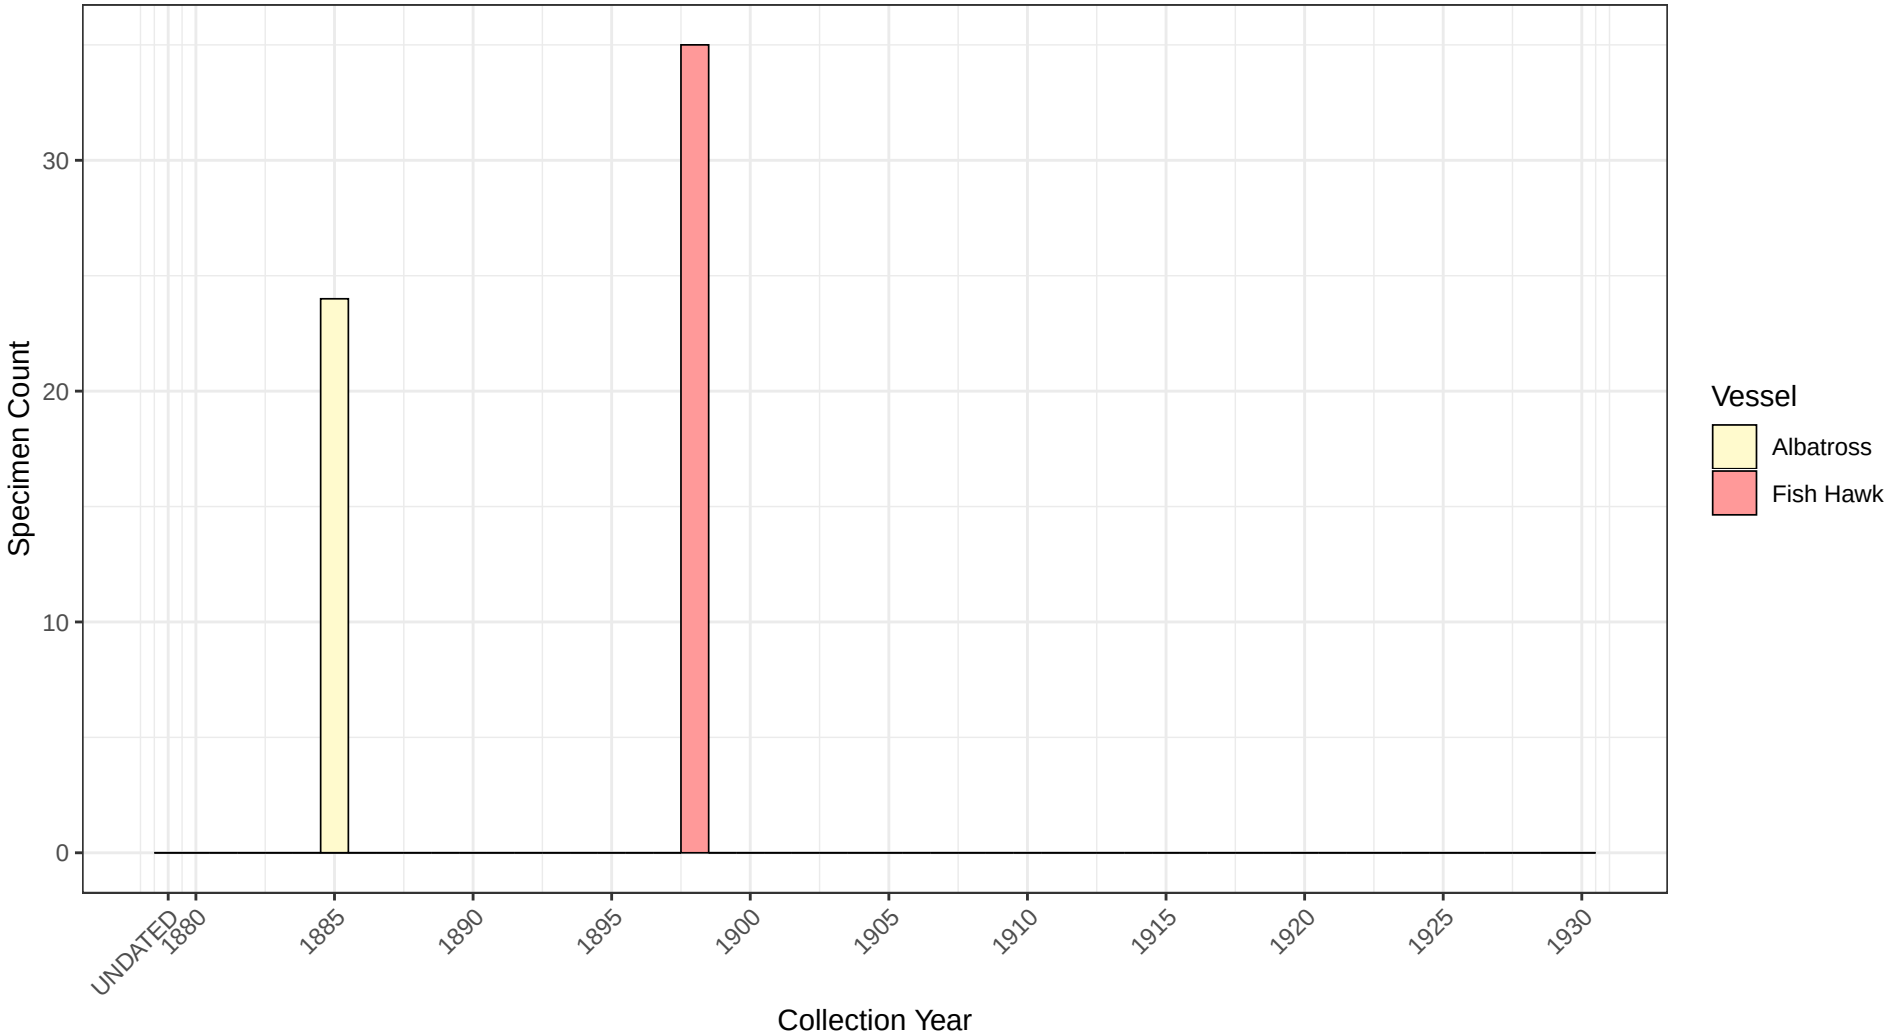

Phycis chesteri

Total Specimens: 61 | Total Populations (40 km R): 1

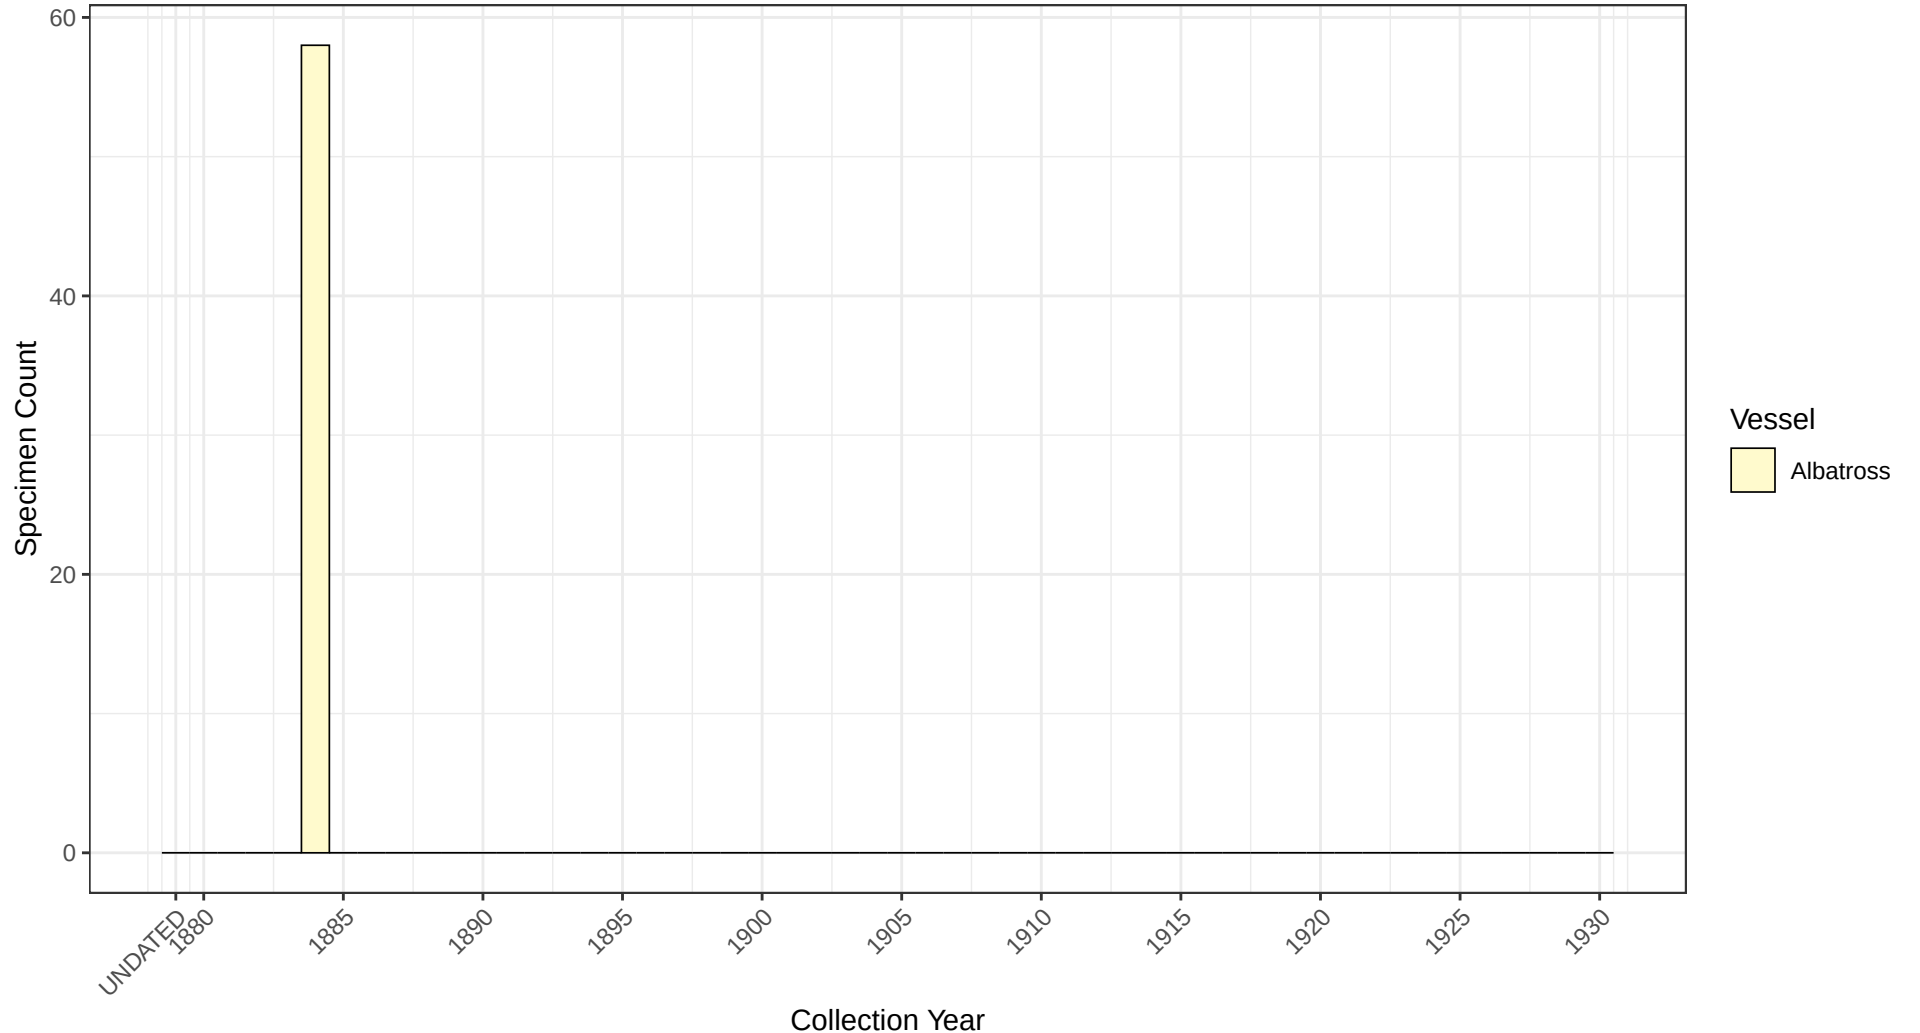

Menidia peninsulae

Total Specimens: 59 | Total Populations (40 km R): 1

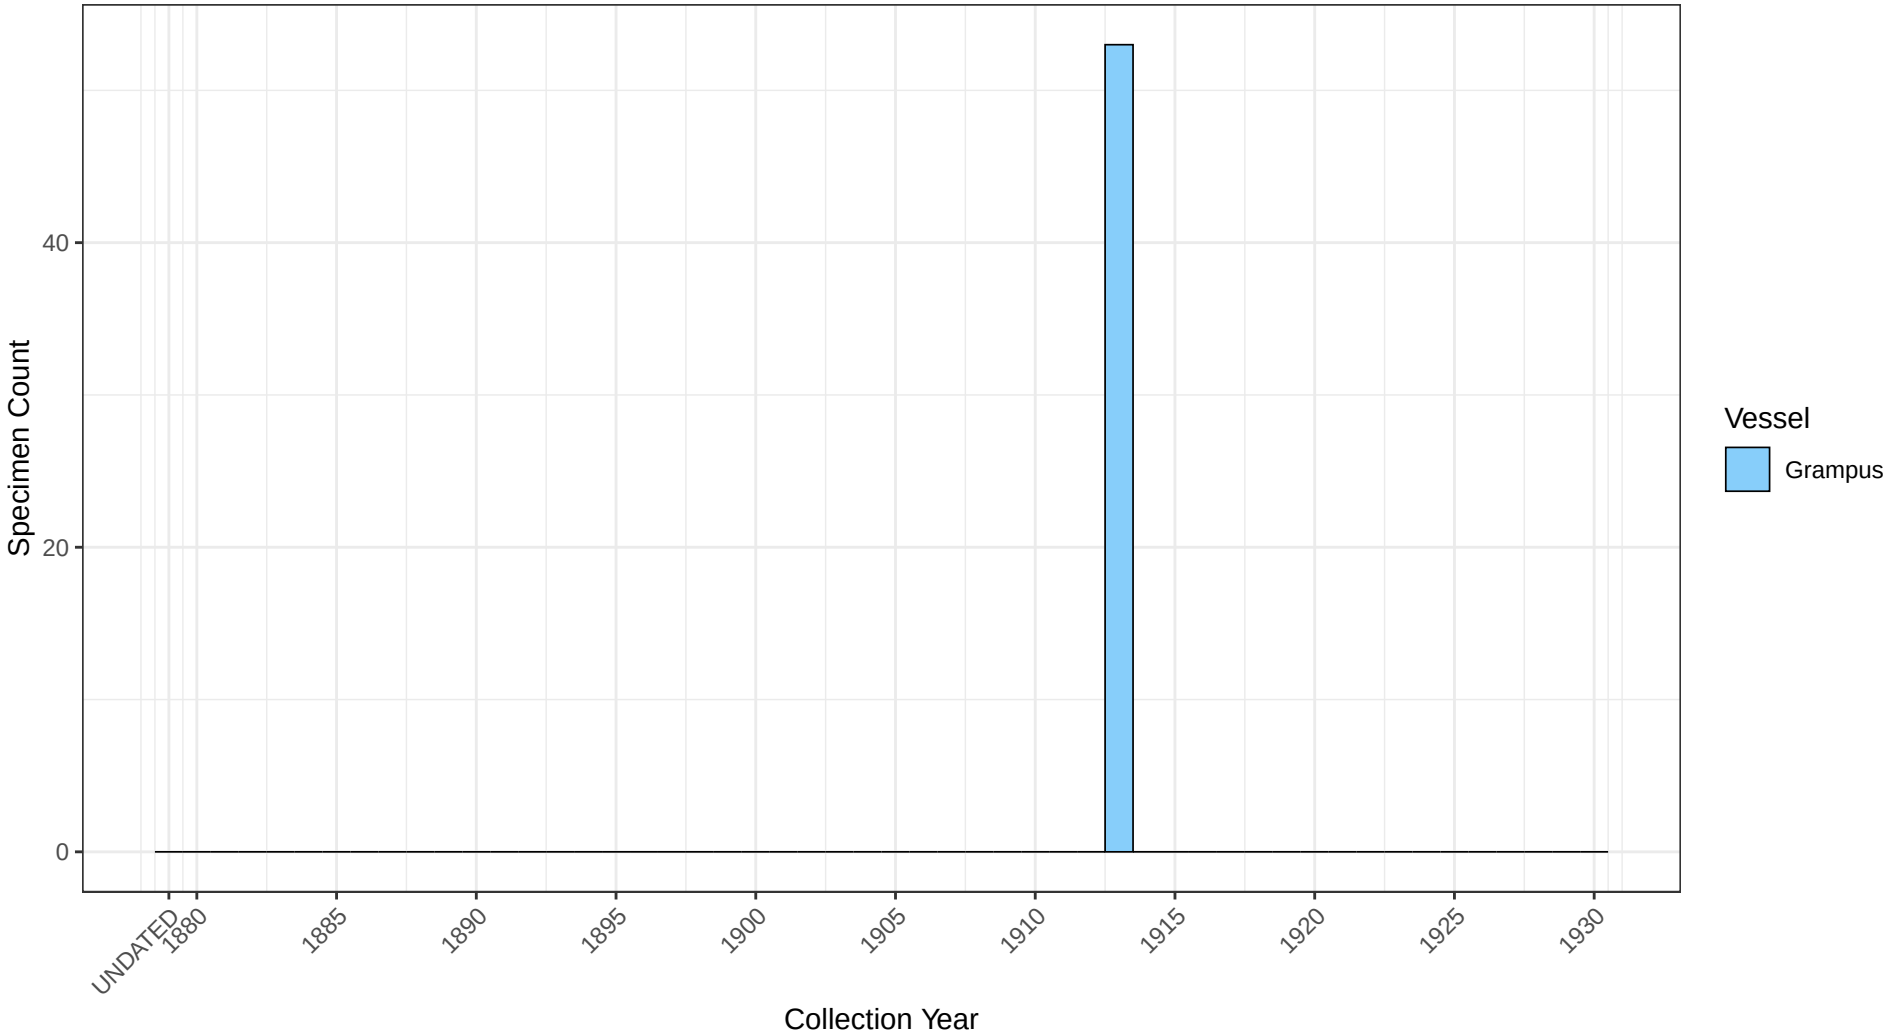

Eucinostomus argenteus

Total Specimens: 58 | Total Populations (40 km R): 1

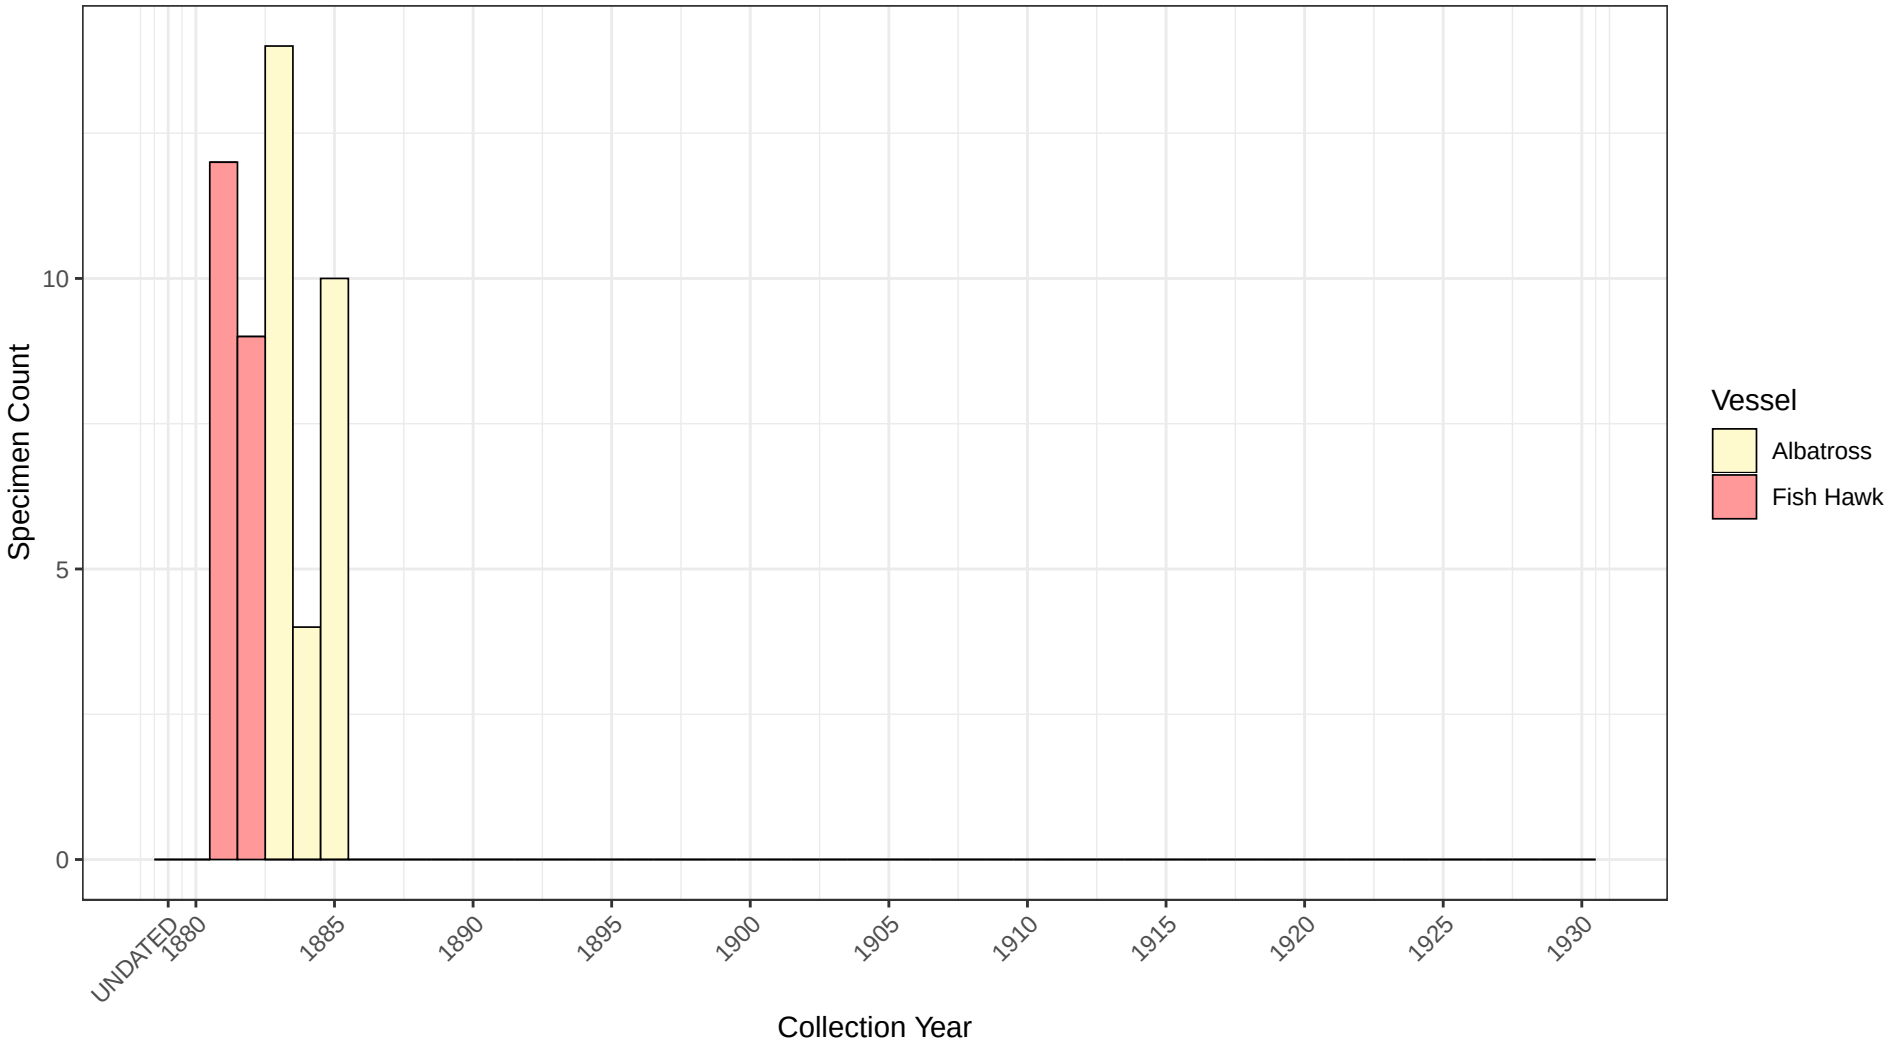

Cyclopterus lumpus

Total Specimens: 53 | Total Populations (40 km R): 1

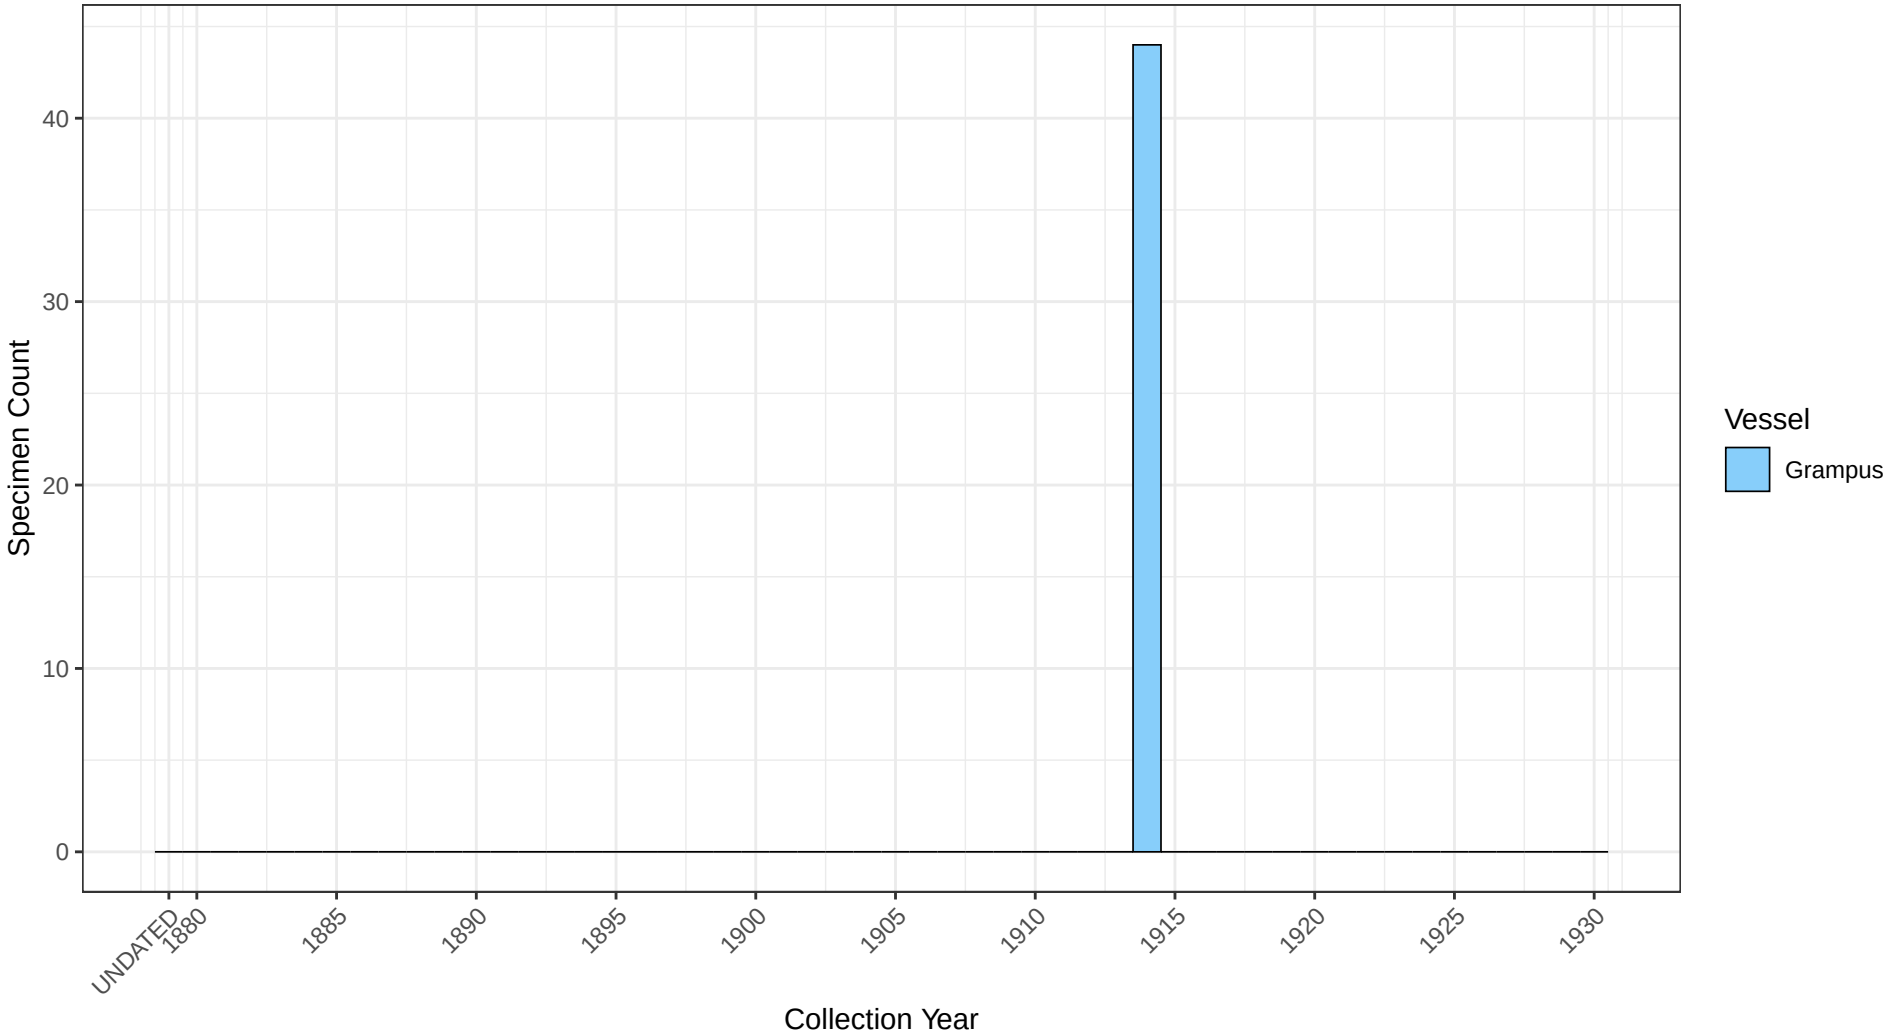

Dibranchus atlanticus

Total Specimens: 49 | Total Populations (40 km R): 1

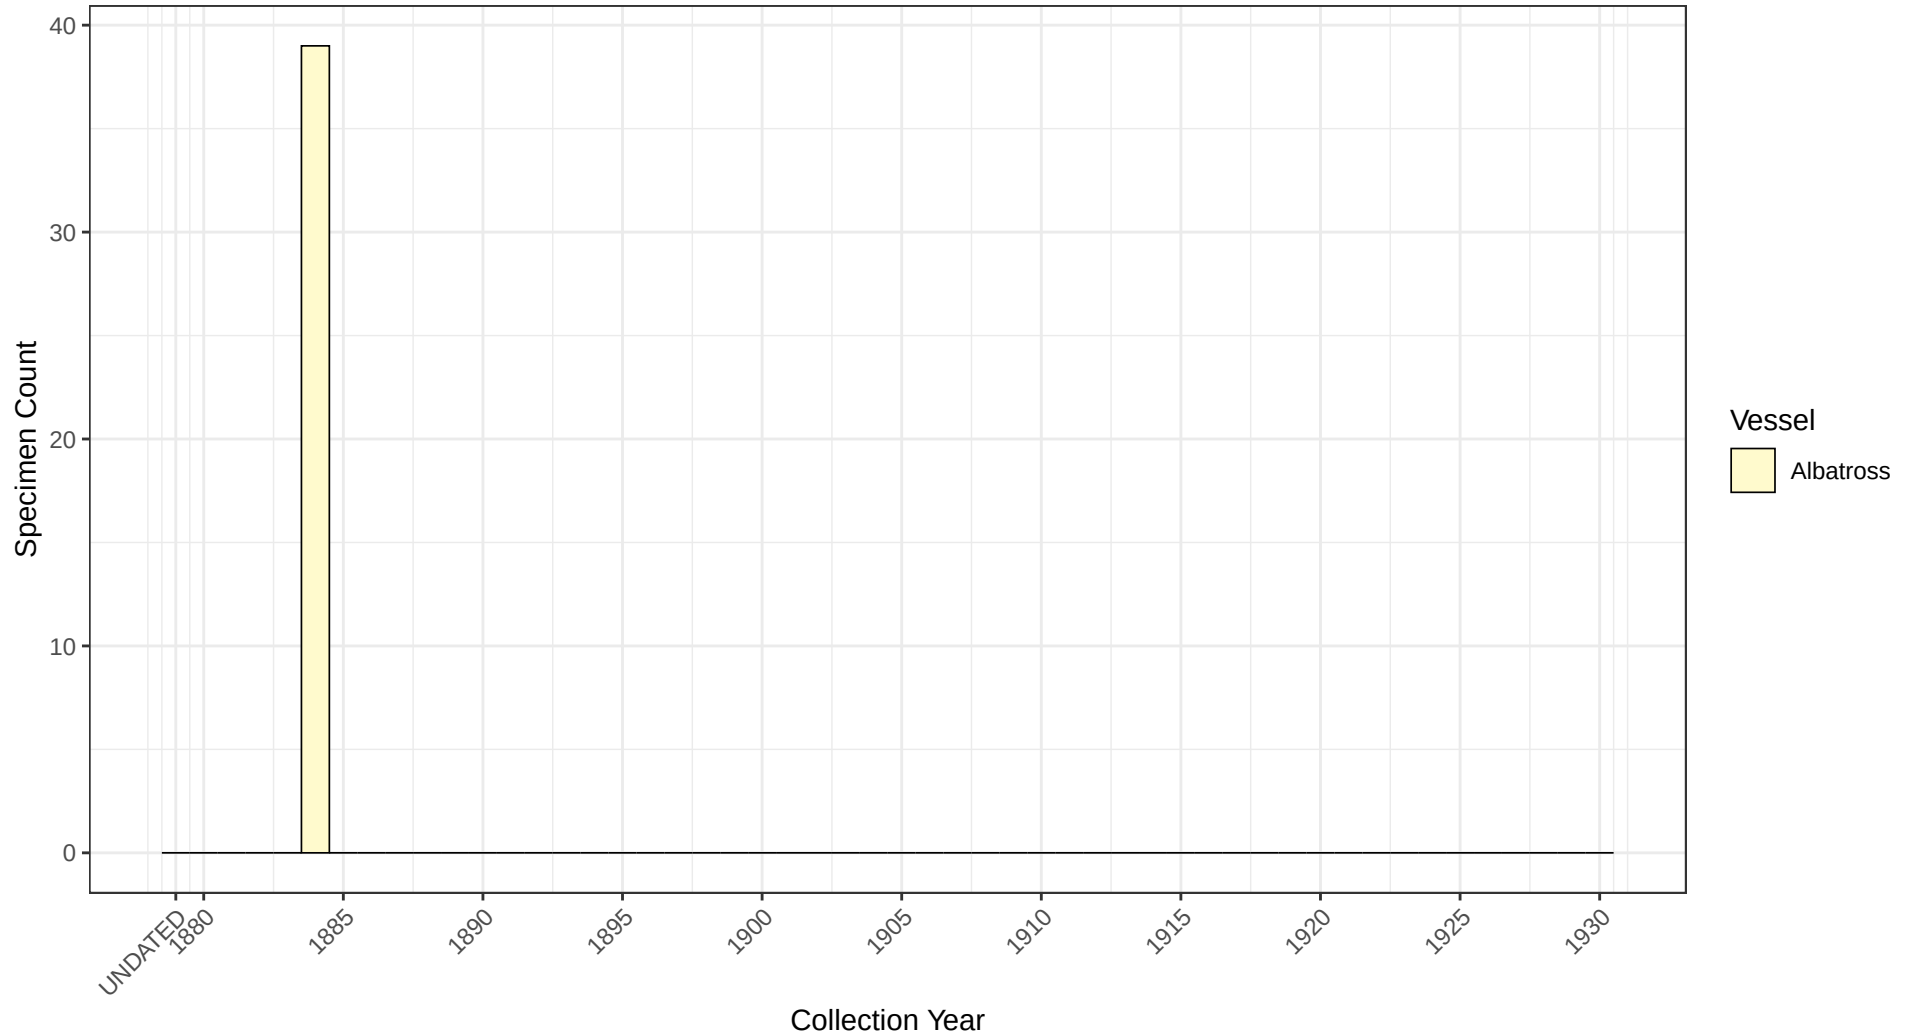

Centrobranchus nigroocellatus

Total Specimens: 44 | Total Populations (40 km R): 1

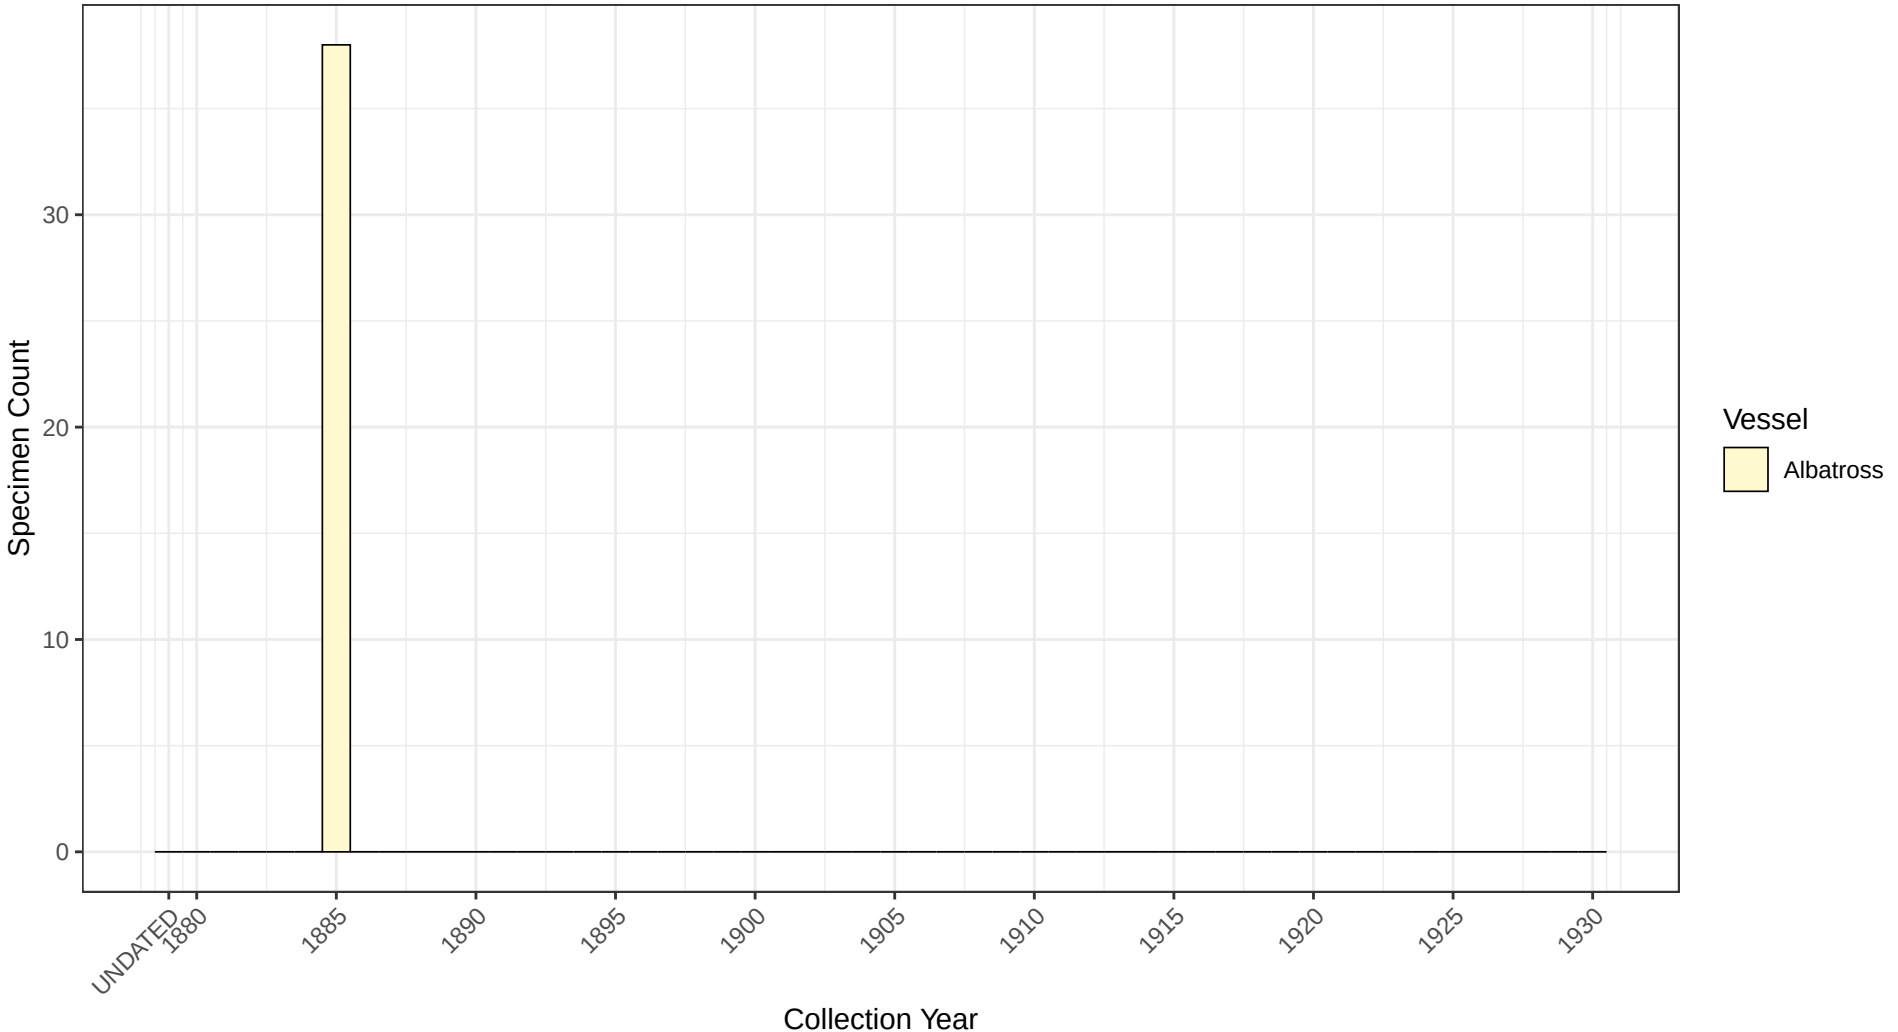

Cetengraulis edentulus

Total Specimens: 39 | Total Populations (40 km R): 1

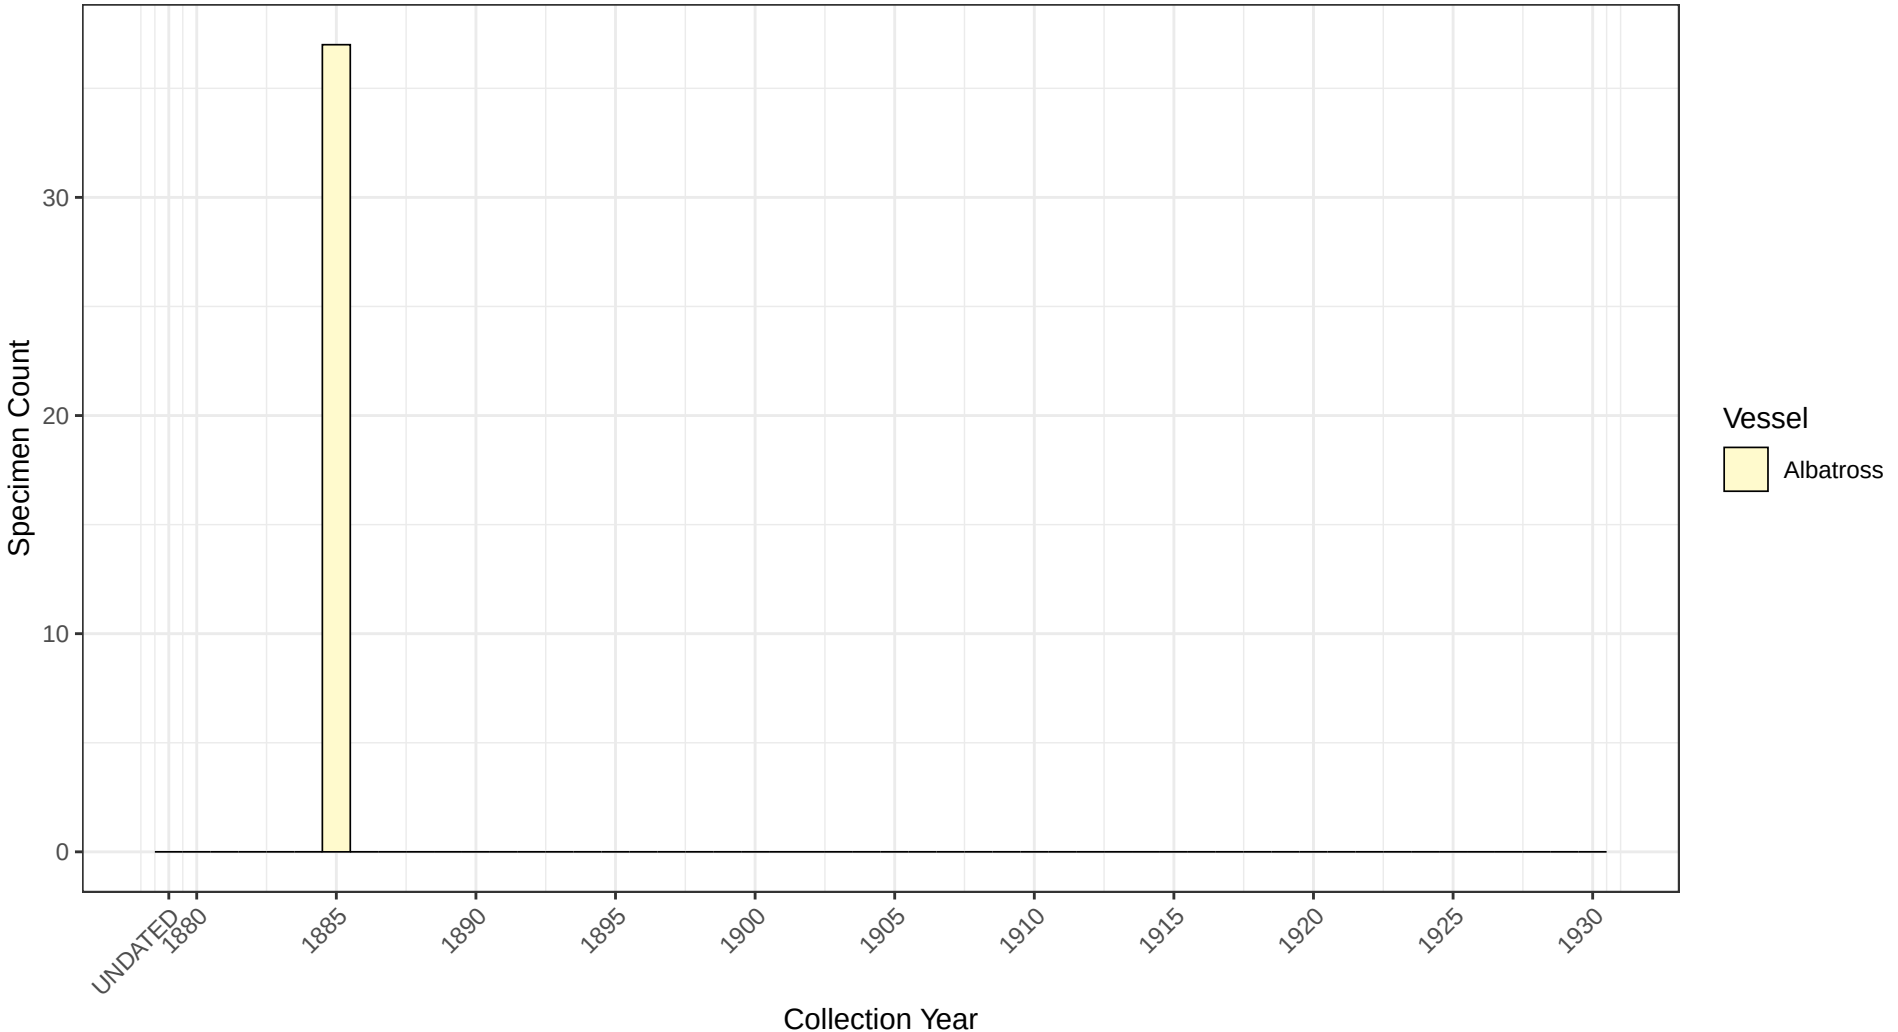

Citharichthys gymnorhinus

Total Specimens: 38 | Total Populations (40 km R): 1

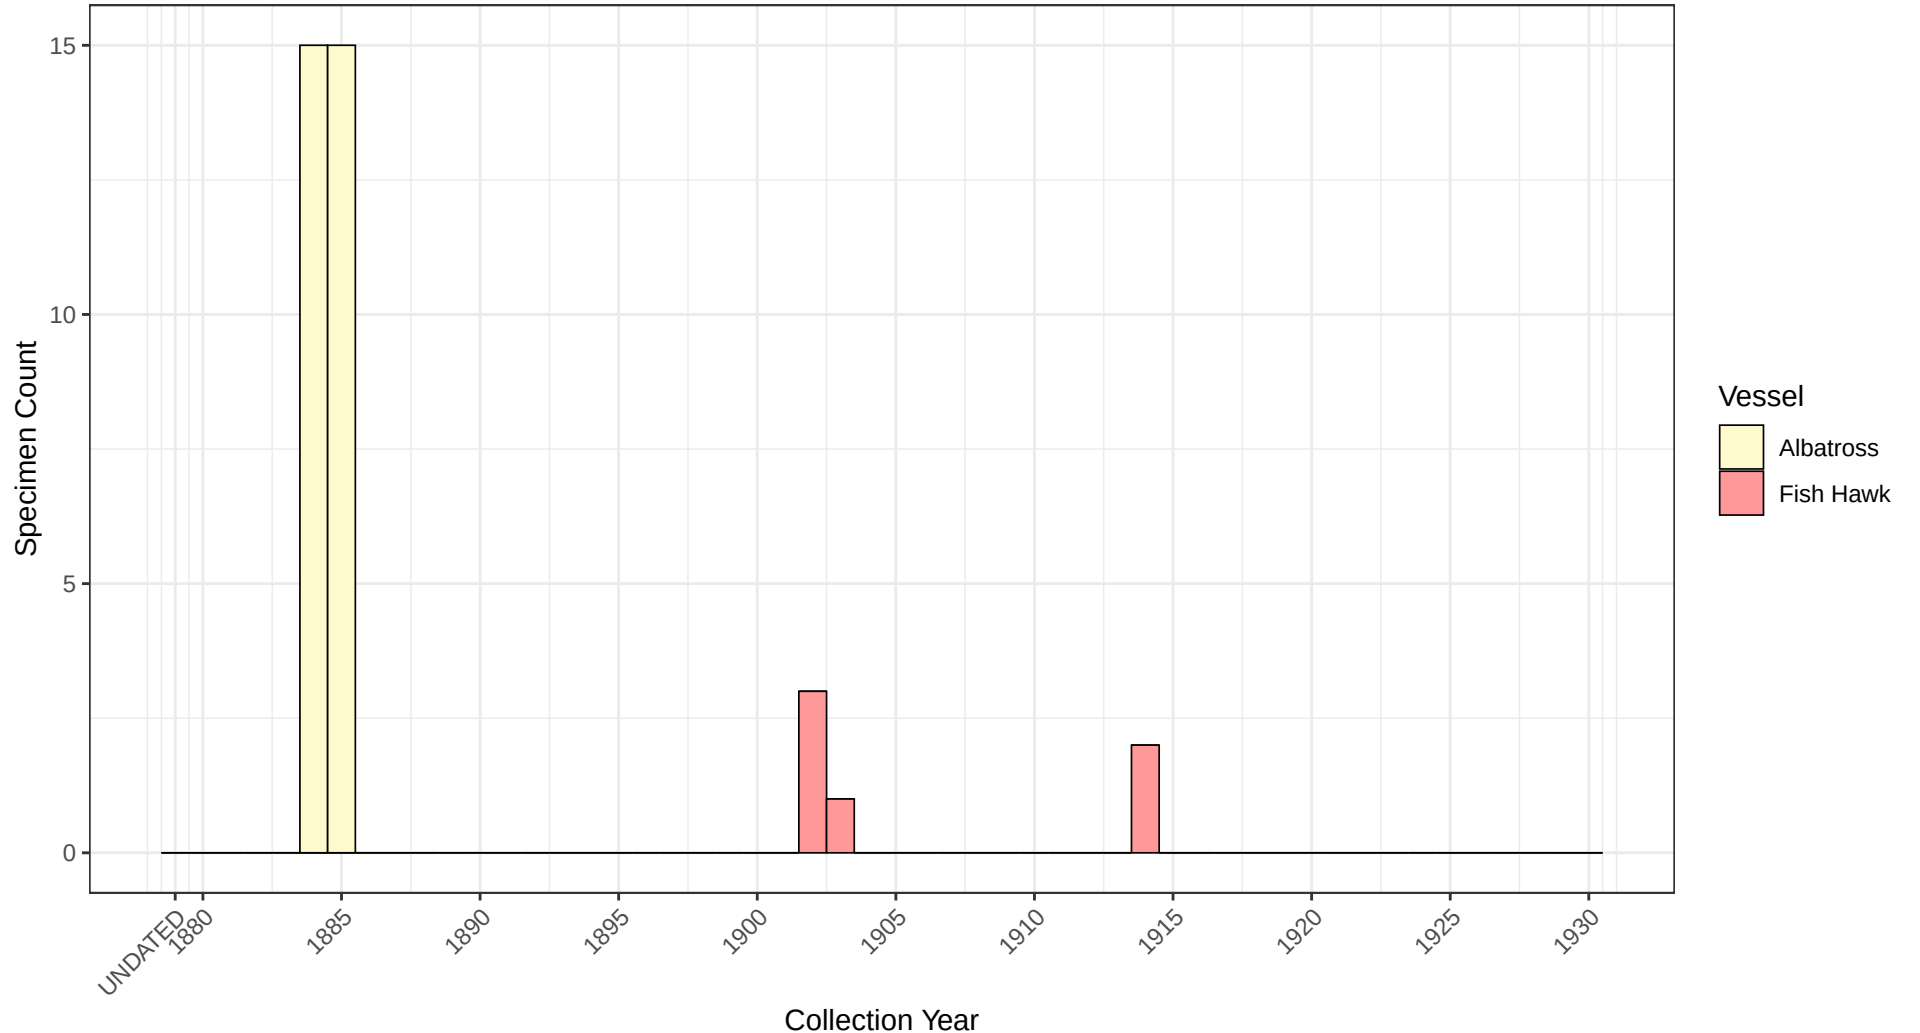

Chromis enchrysurus

Total Specimens: 37 | Total Populations (40 km R): 1

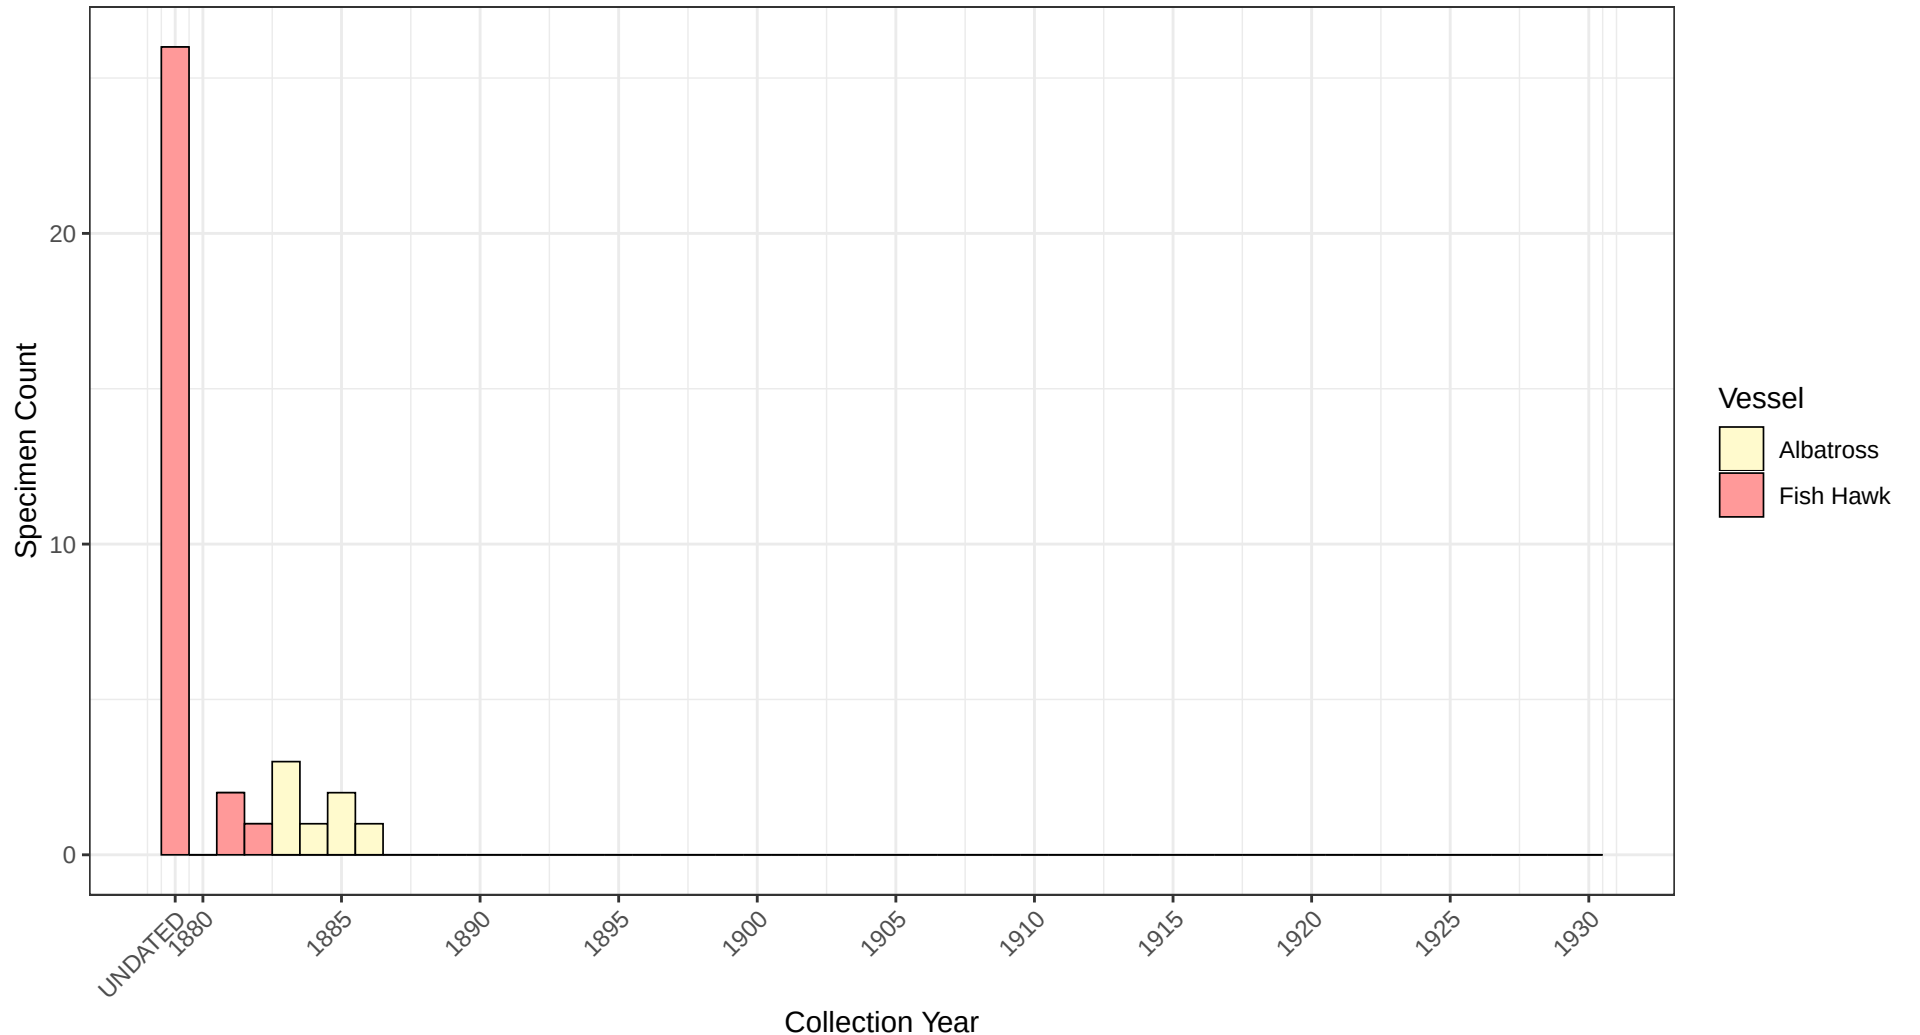

Lutjanus synagris

Total Specimens: 36 | Total Populations (40 km R): 1

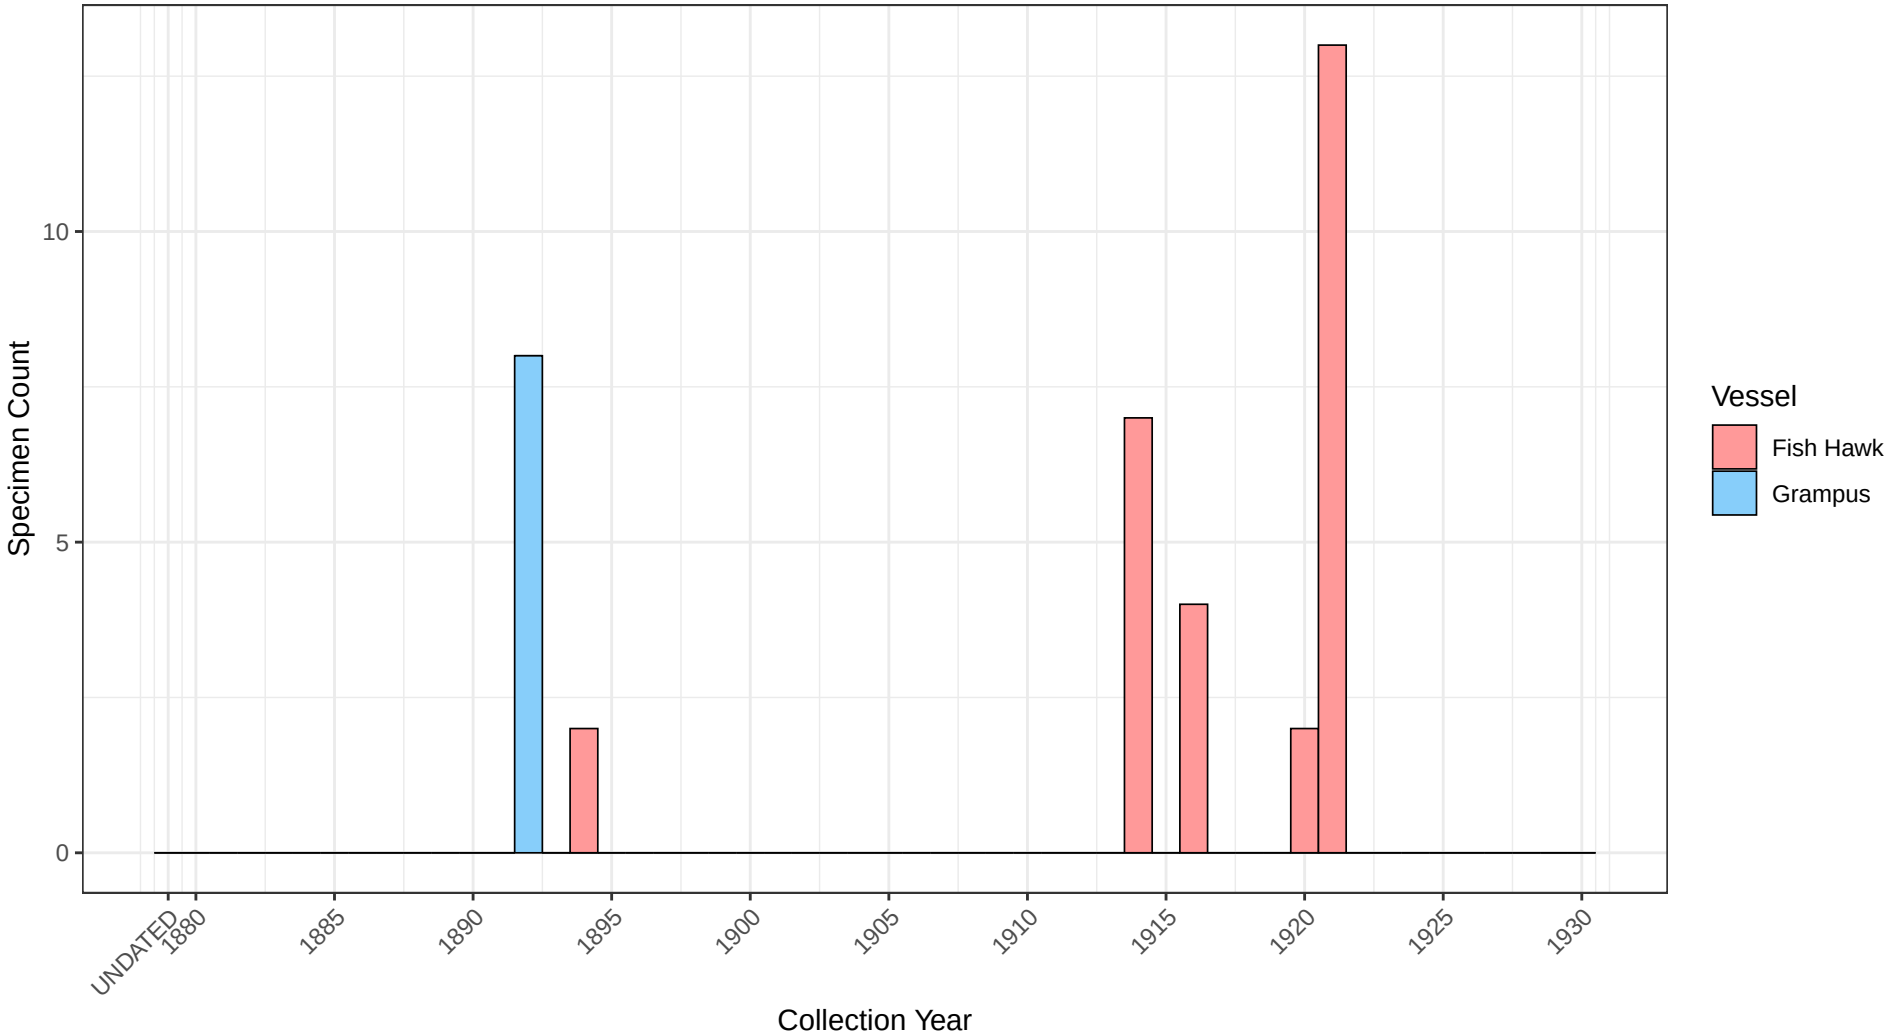

Malacoraja senta

Total Specimens: 36 | Total Populations (40 km R): 1

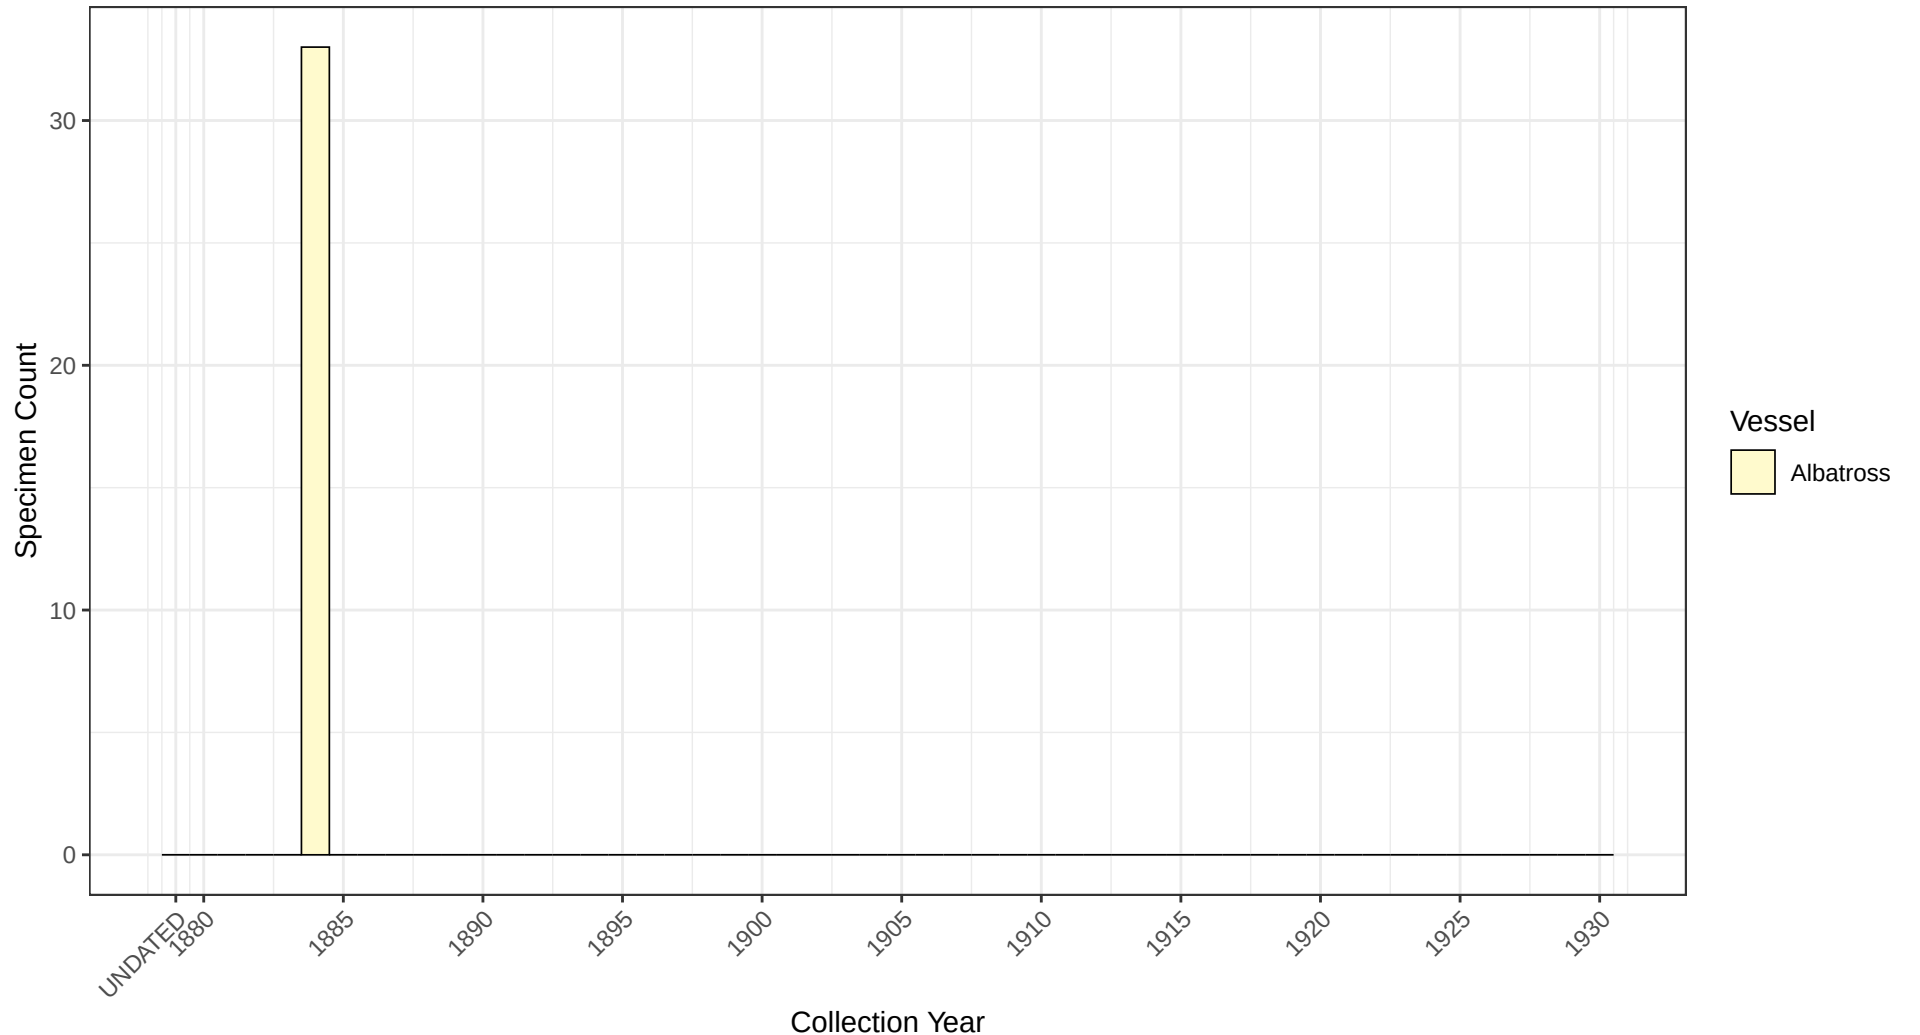

Paralichthys dentatus

Total Specimens: 36 | Total Populations (40 km R): 1

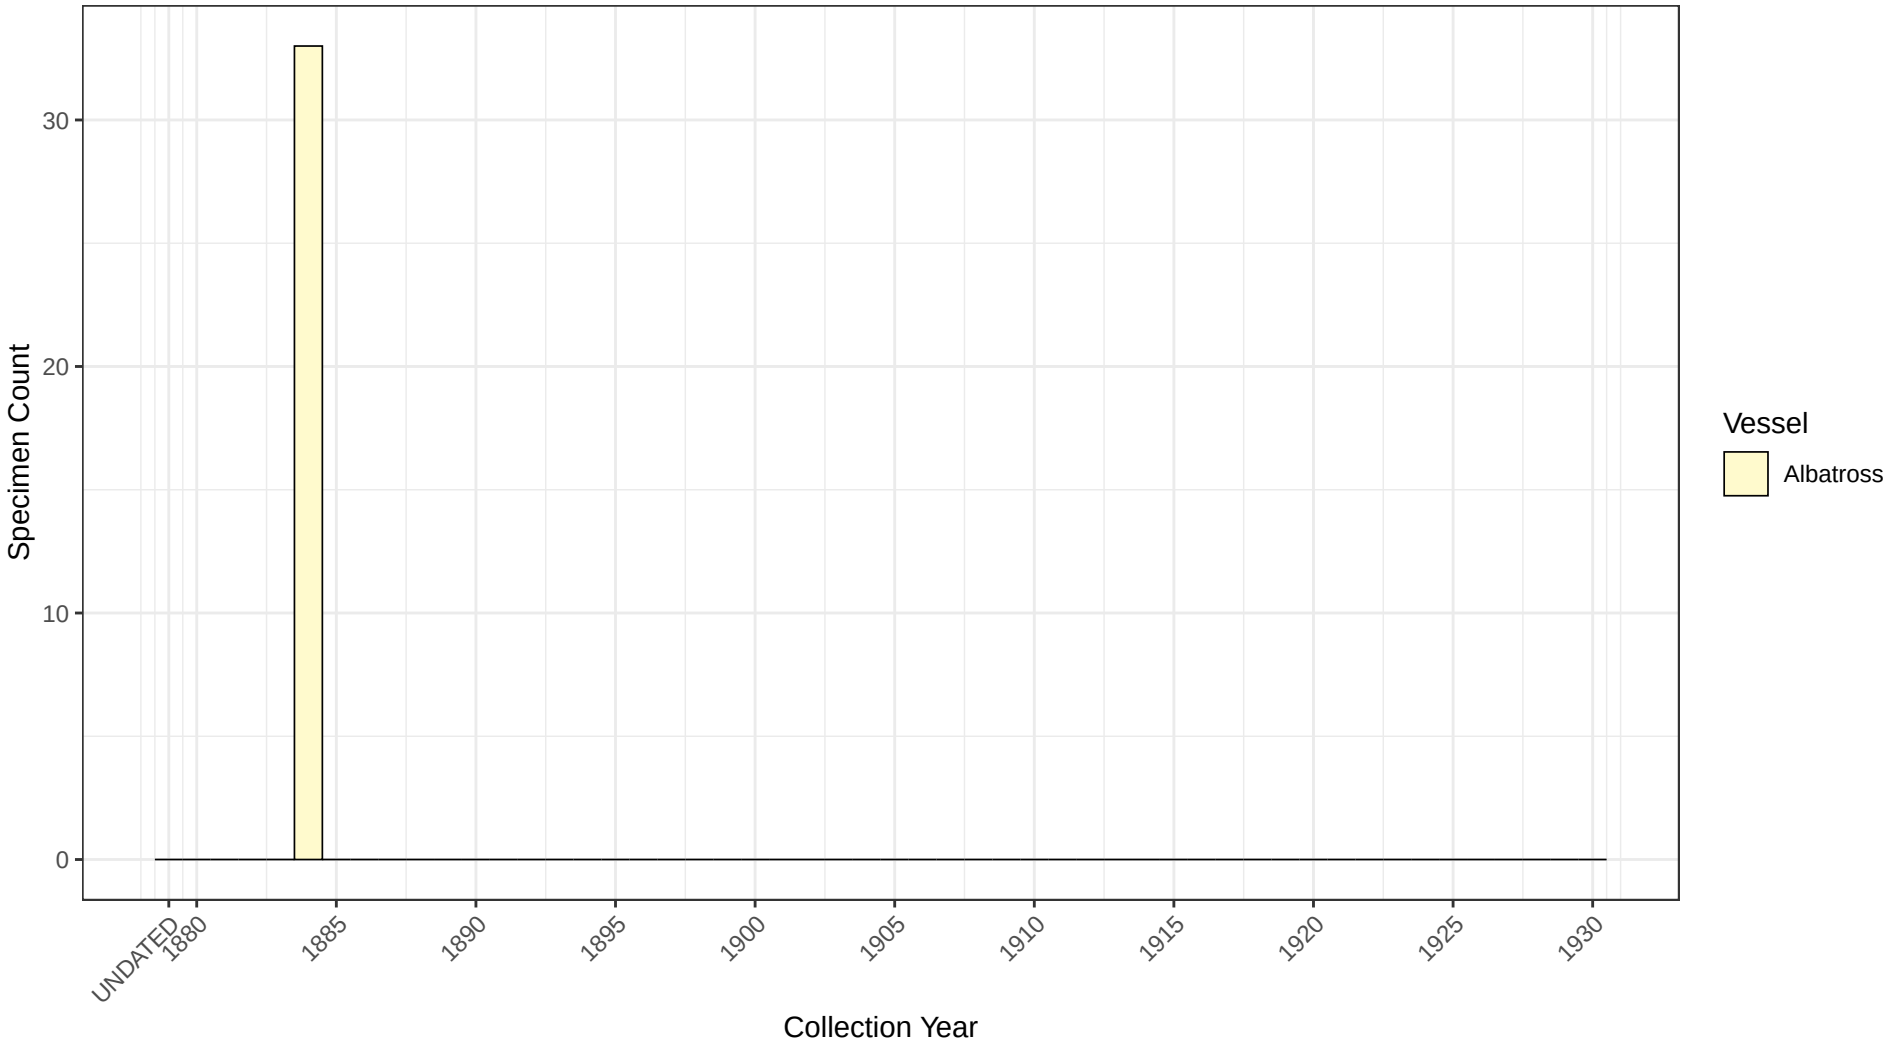

Floridichthys carpio

Total Specimens: 33 | Total Populations (40 km R): 1

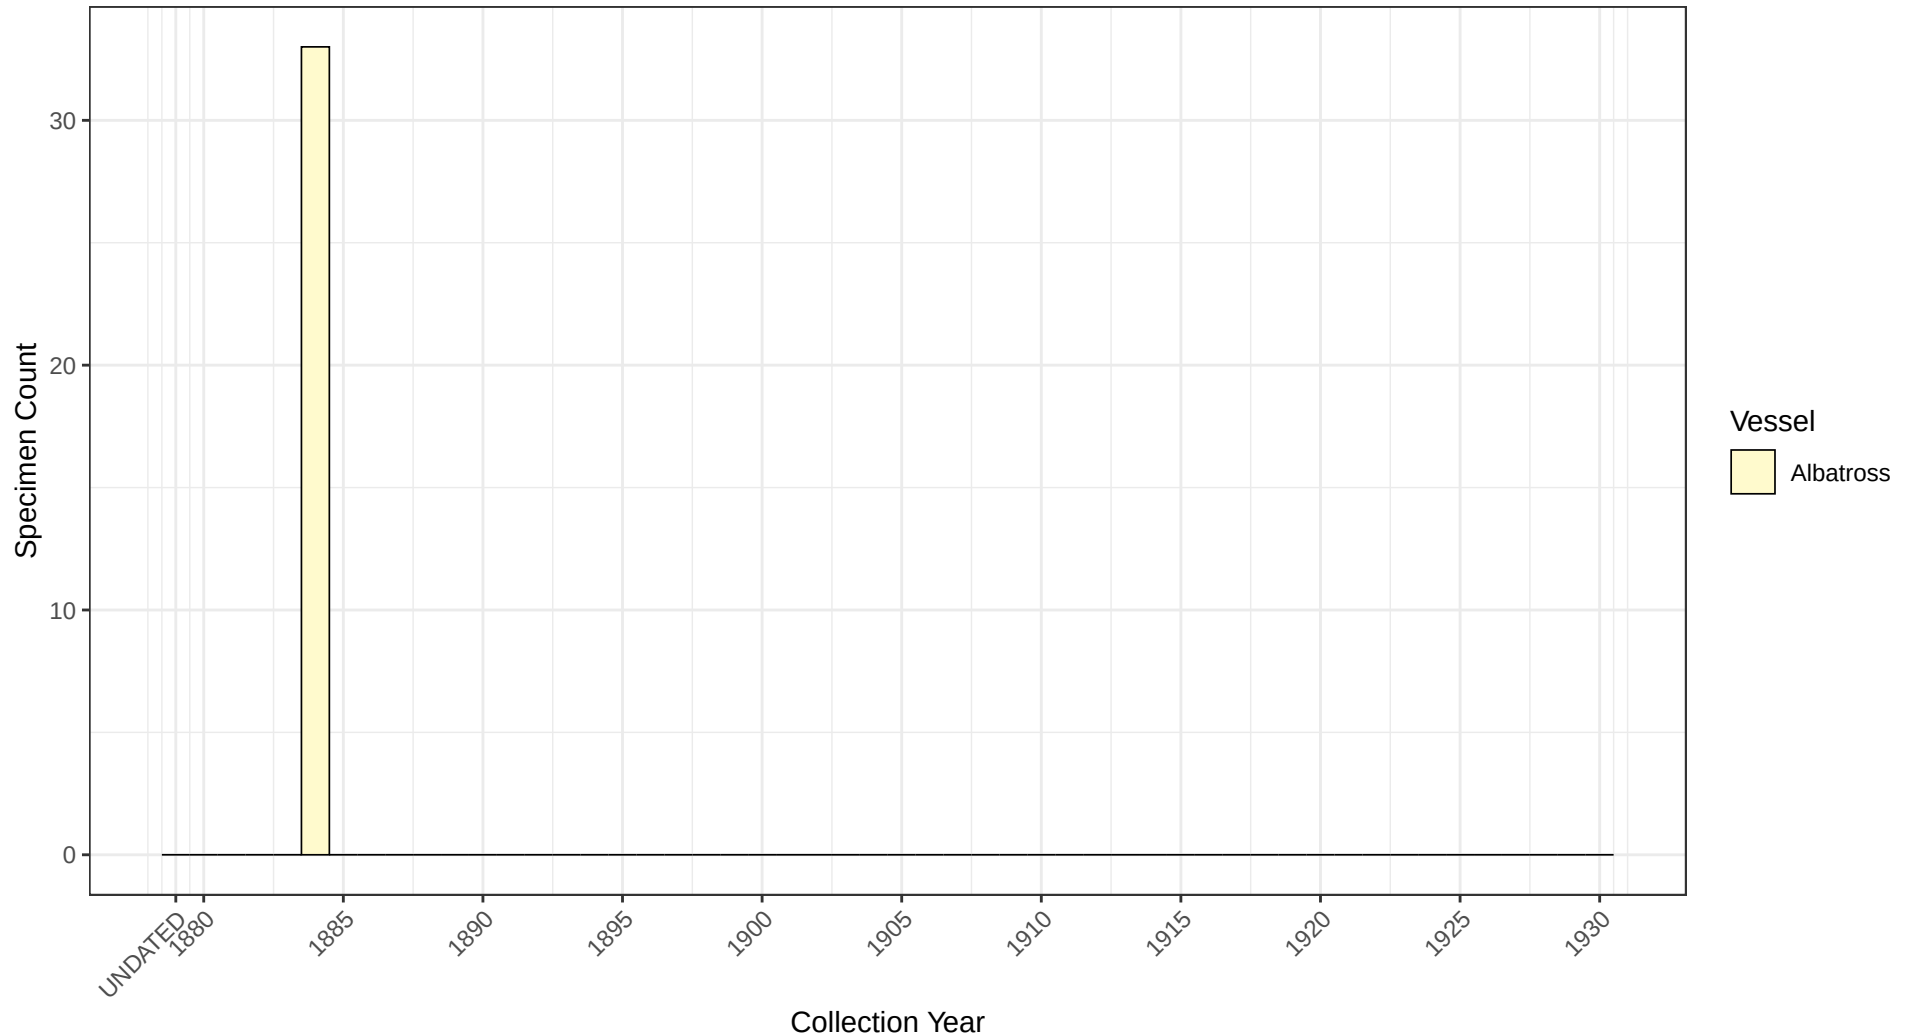

Histrio histrio

Total Specimens: 33 | Total Populations (40 km R): 1

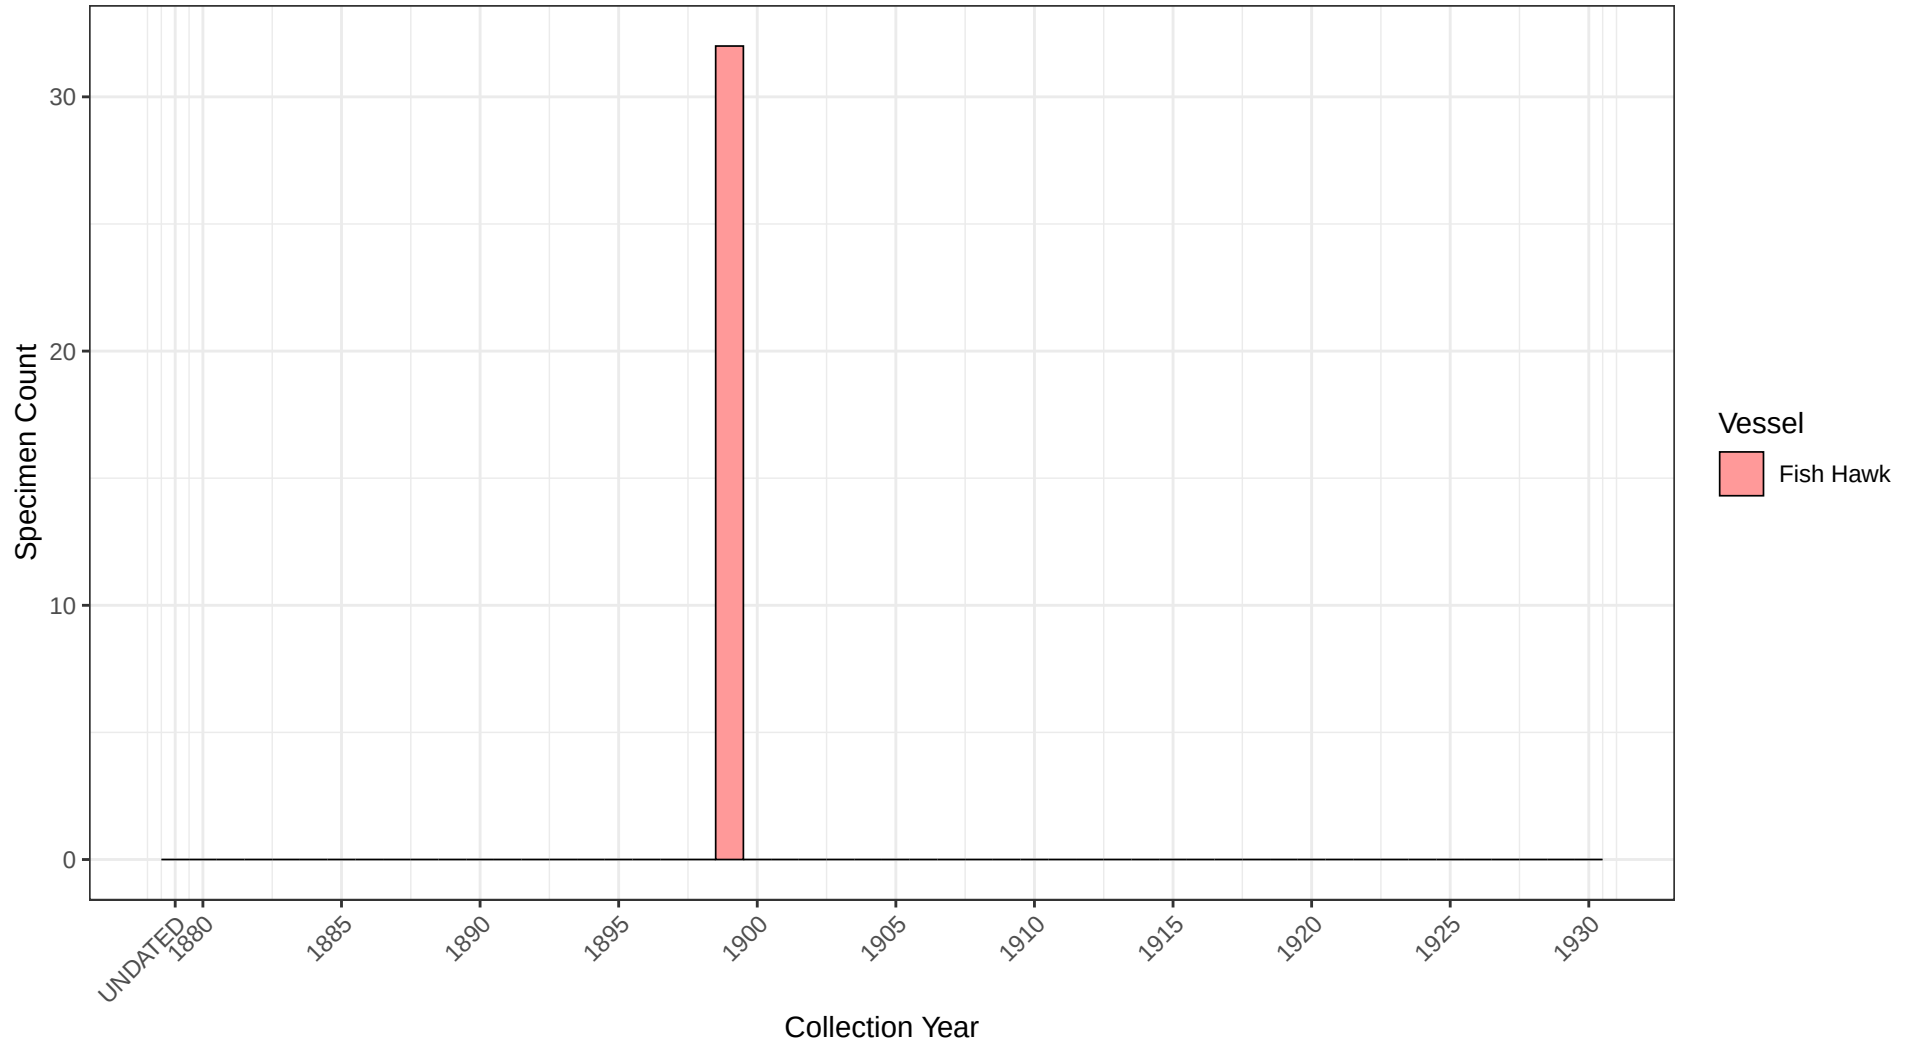

Liparis atlanticus

Total Specimens: 33 | Total Populations (40 km R): 1

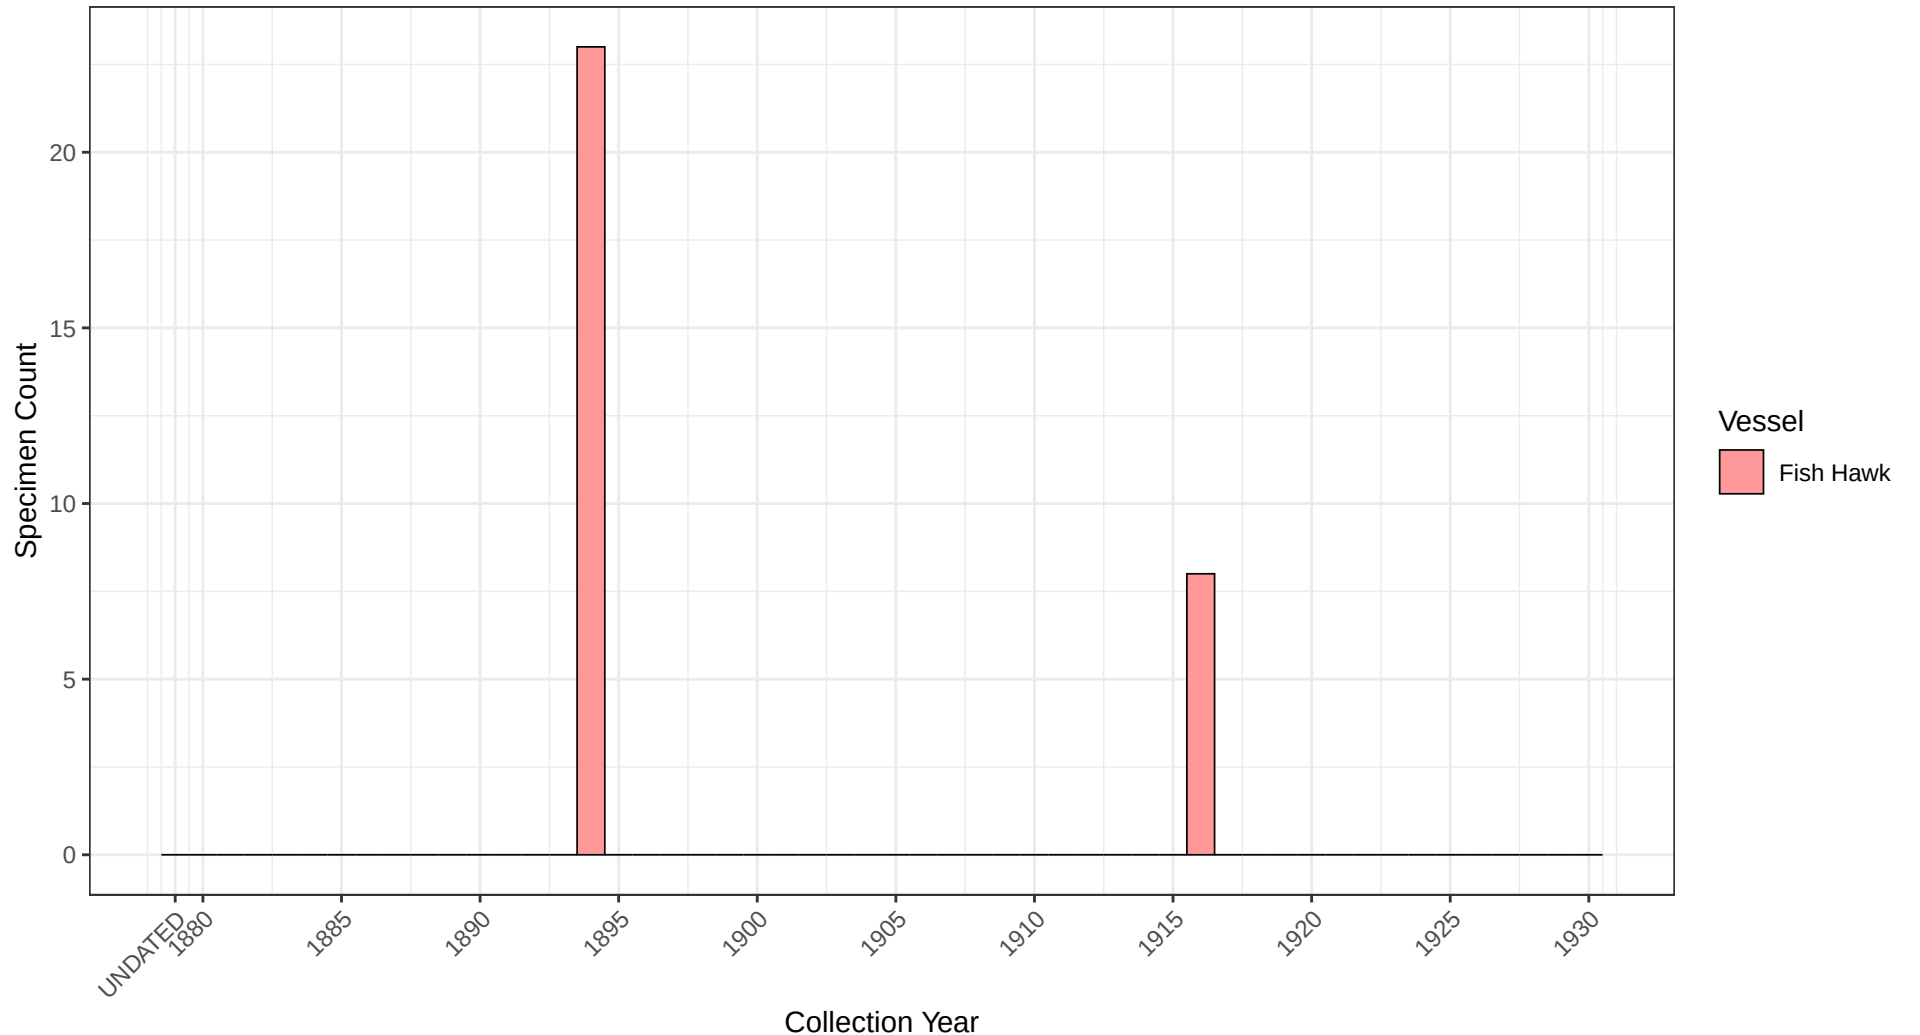

Acanthurus bahianus

Total Specimens: 32 | Total Populations (40 km R): 1

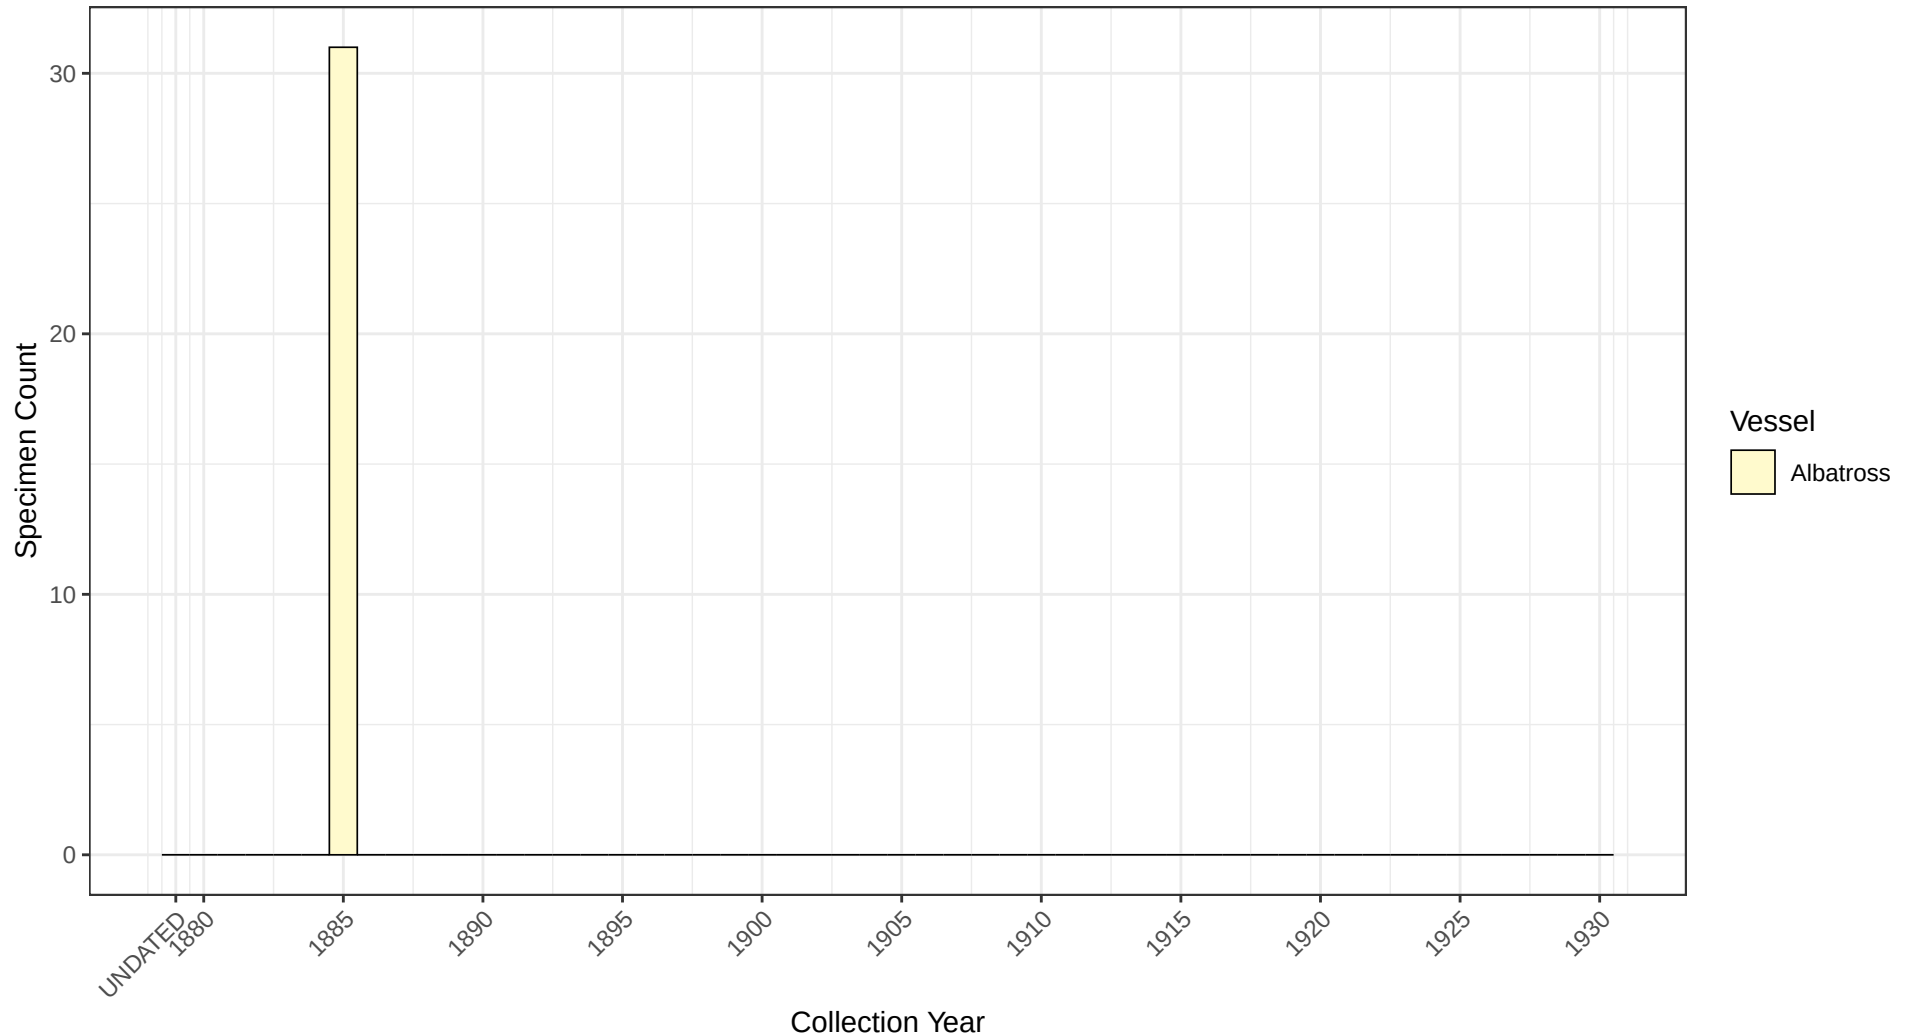

Alosa sapidissima

Total Specimens: 31 | Total Populations (40 km R): 1

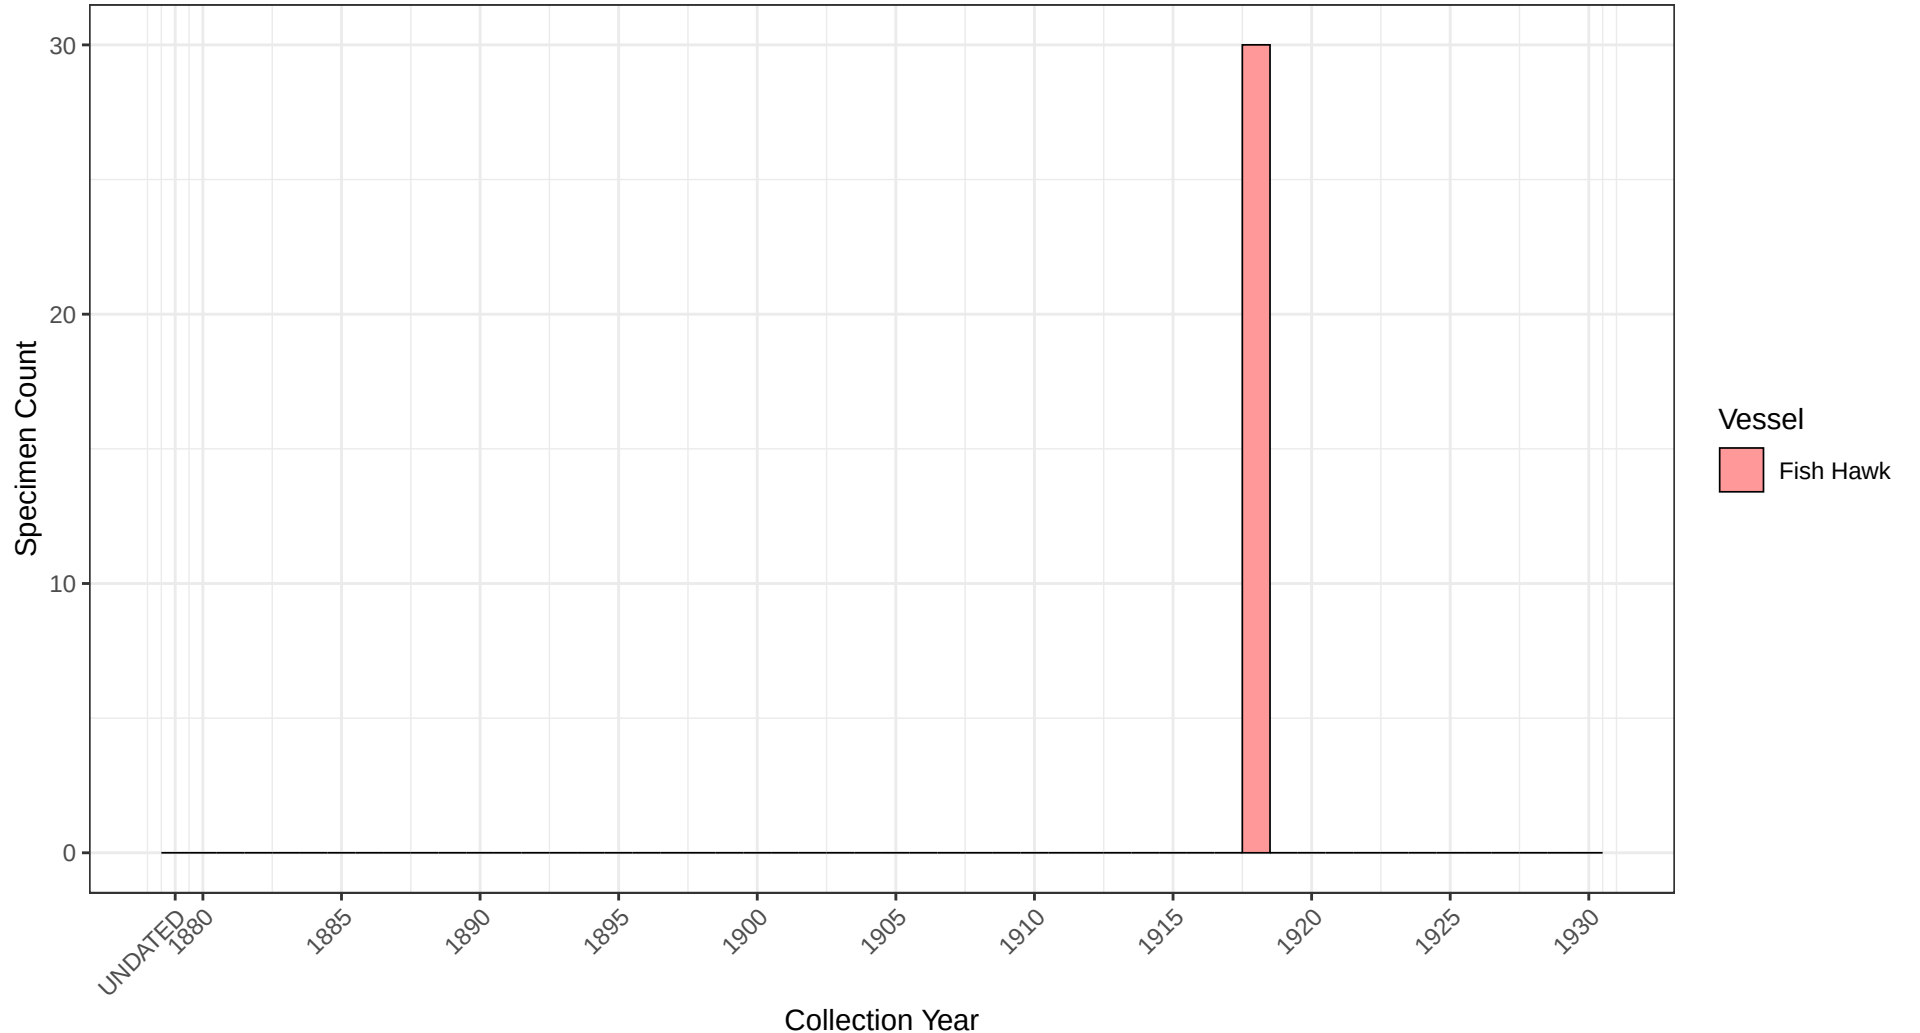

Eucinostomus gula

Total Specimens: 31 | Total Populations (40 km R): 1

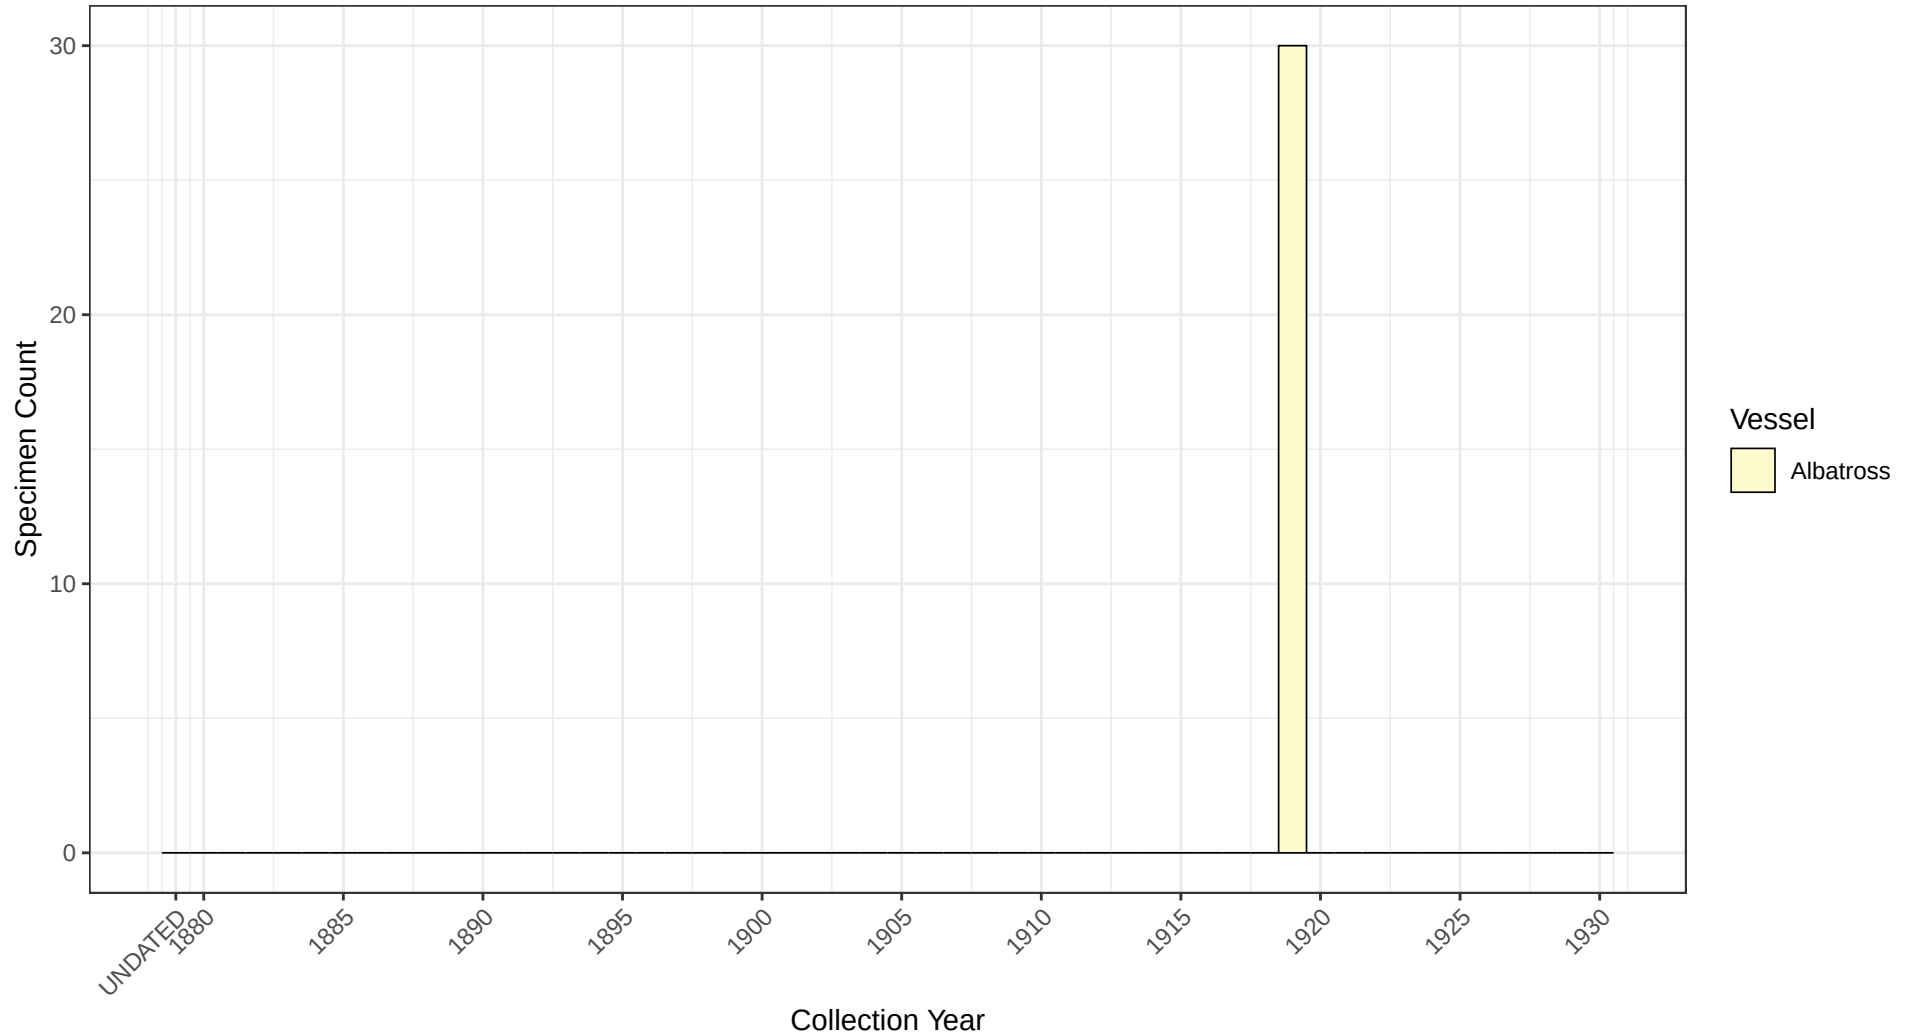

Anchoa hepsetus

Total Specimens: 30 | Total Populations (40 km R): 1

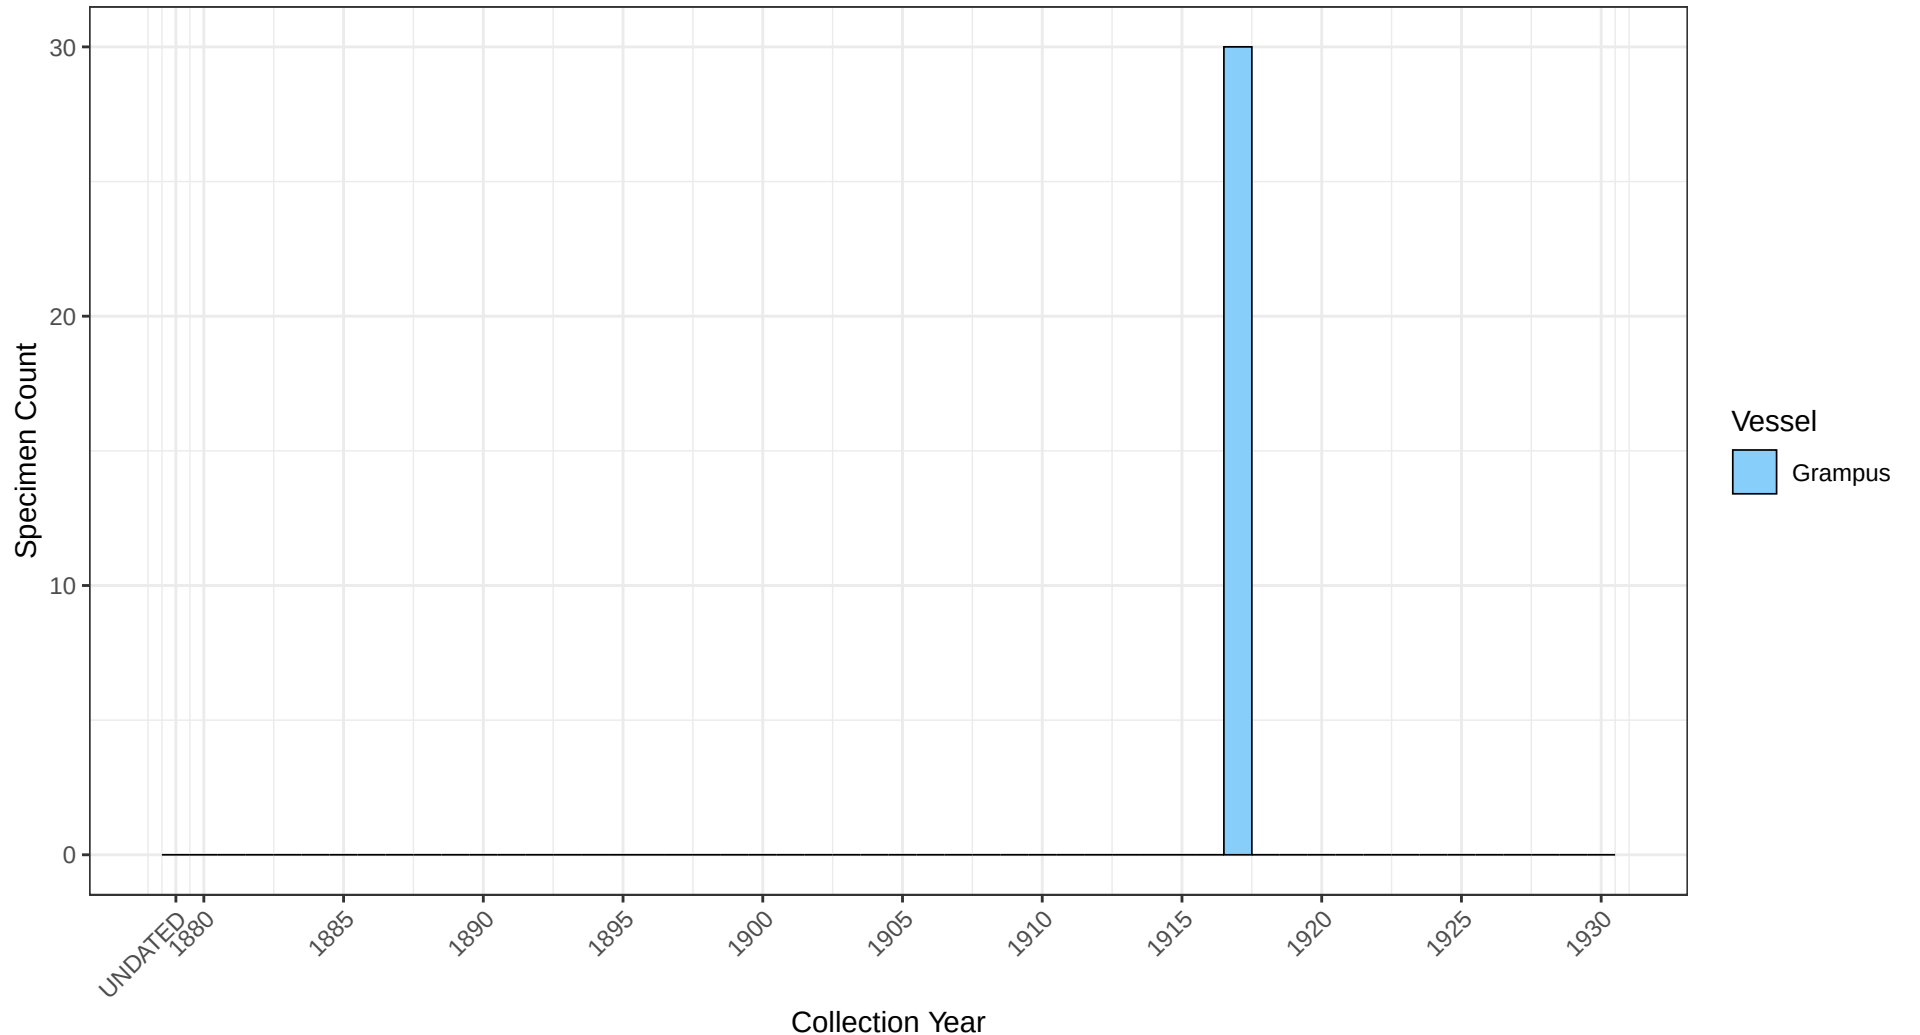

Cynoscion nothus

Total Specimens: 30 | Total Populations (40 km R): 1

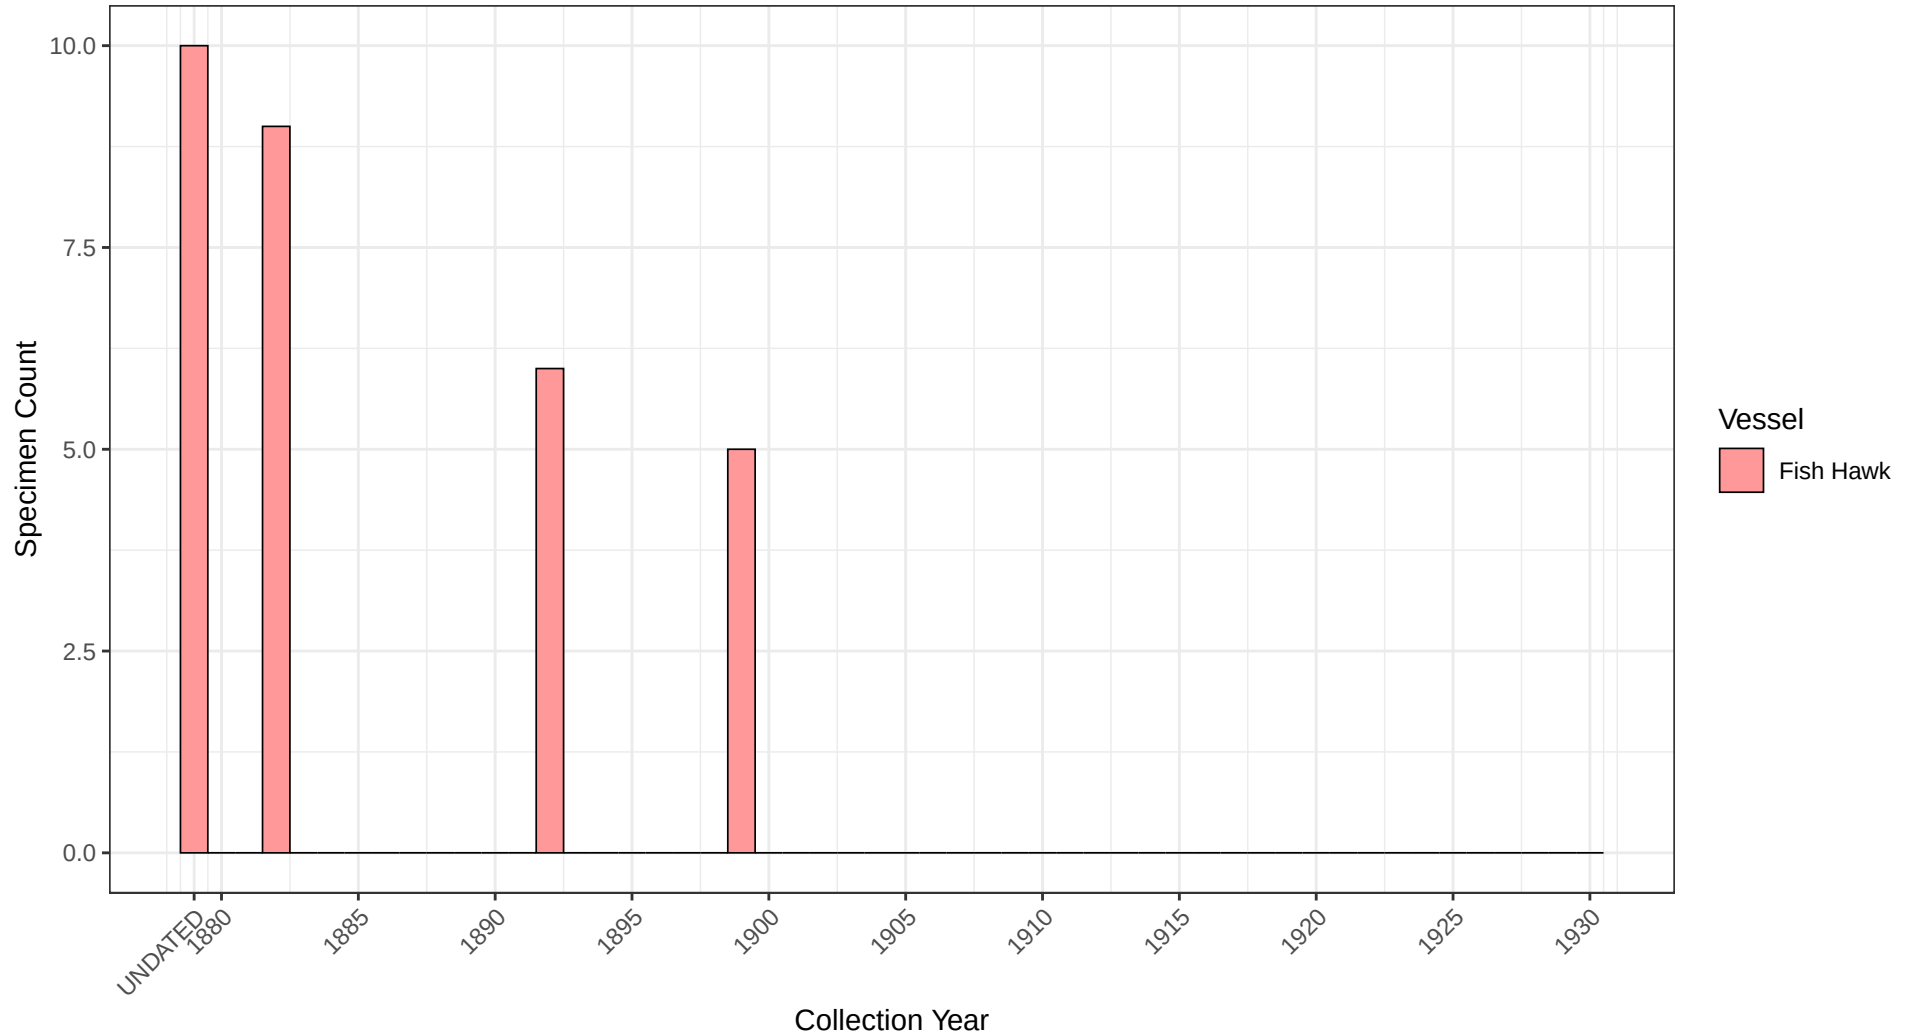

Poecilia latipinna

Total Specimens: 30 | Total Populations (40 km R): 1

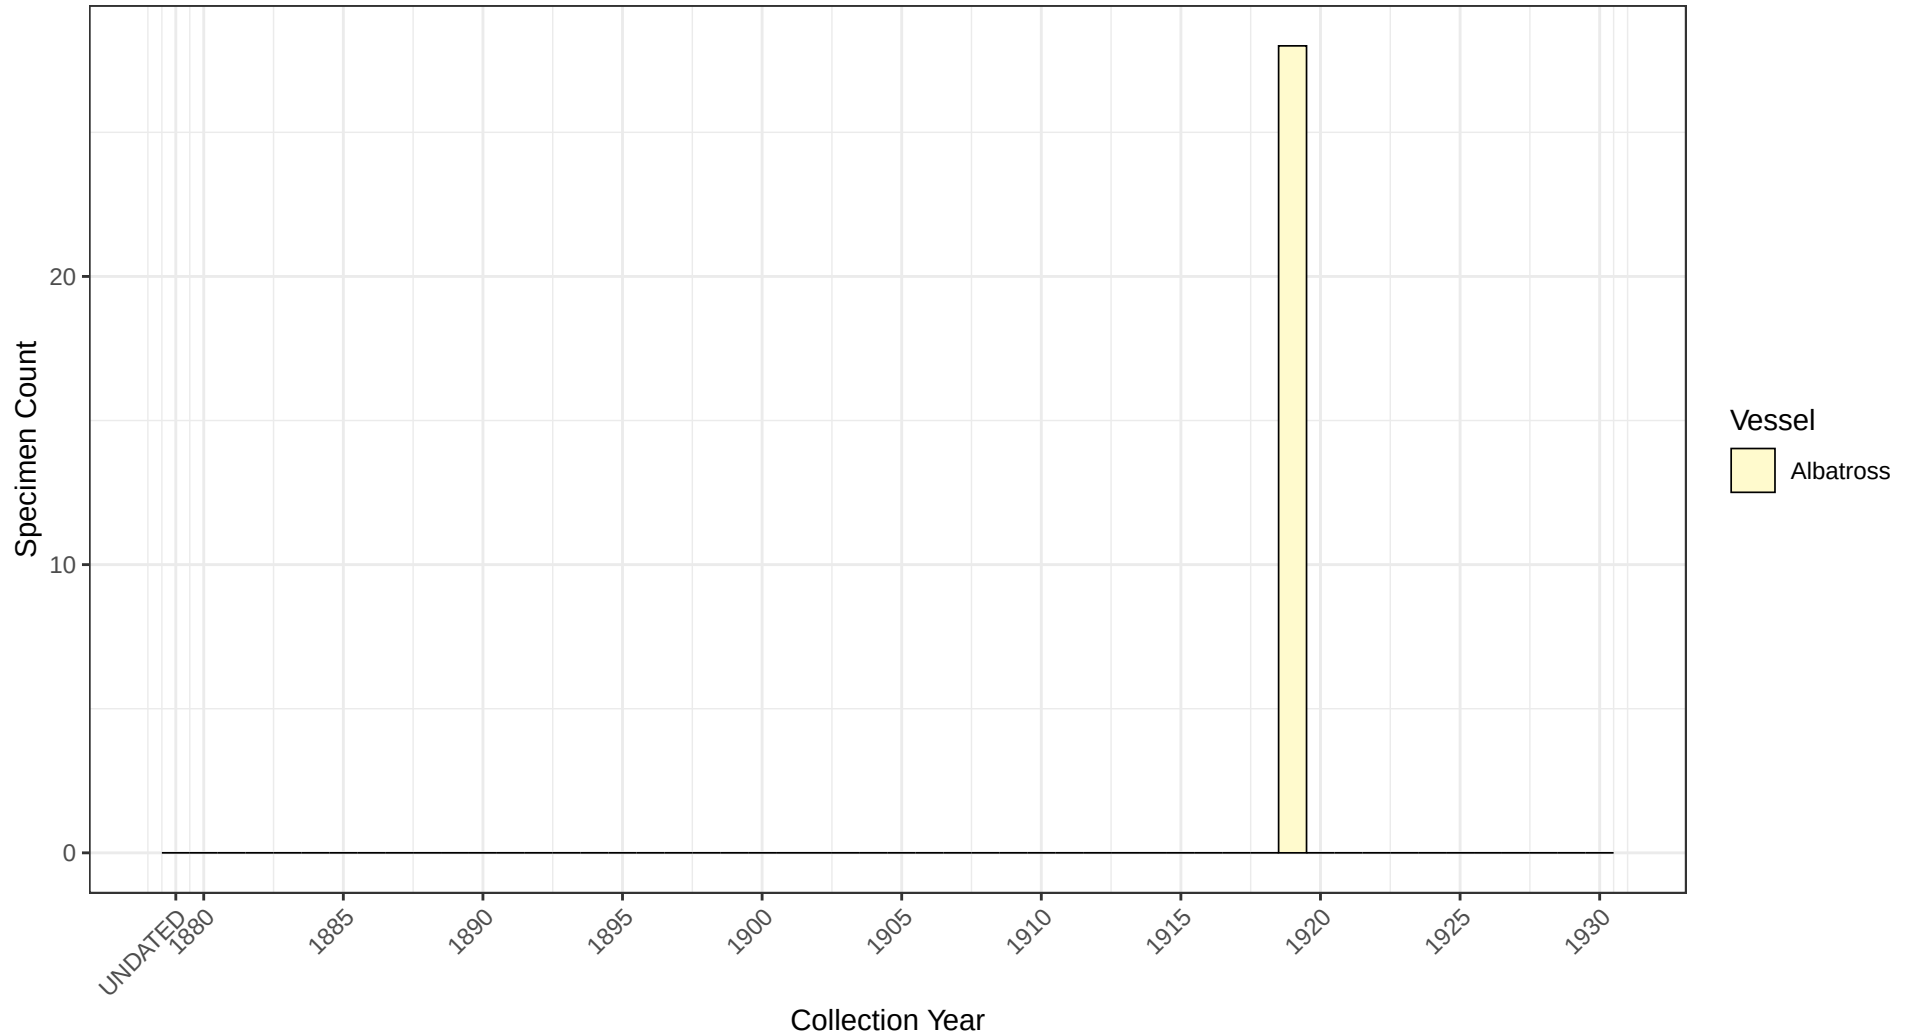

Stenotomus chrysops

Total Specimens: 30 | Total Populations (40 km R): 1

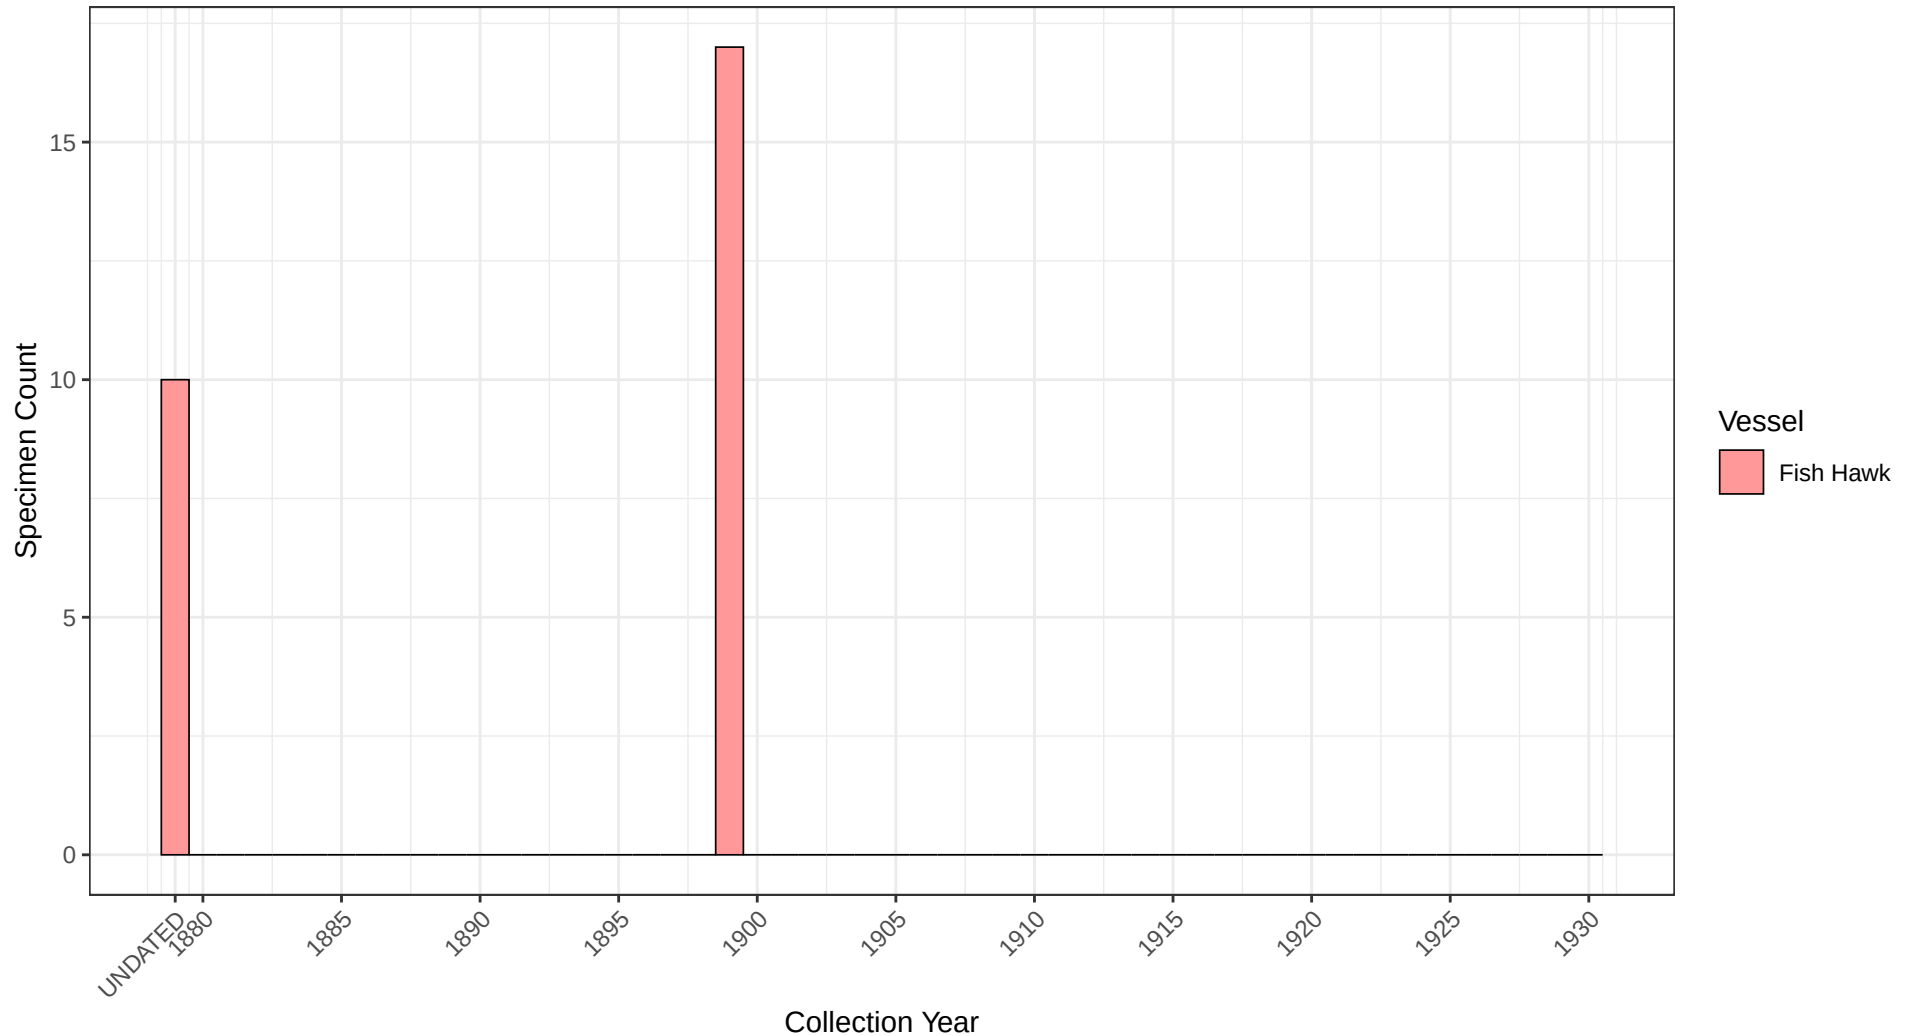

Cynoscion regalis

Total Specimens: 28 | Total Populations (40 km R): 1

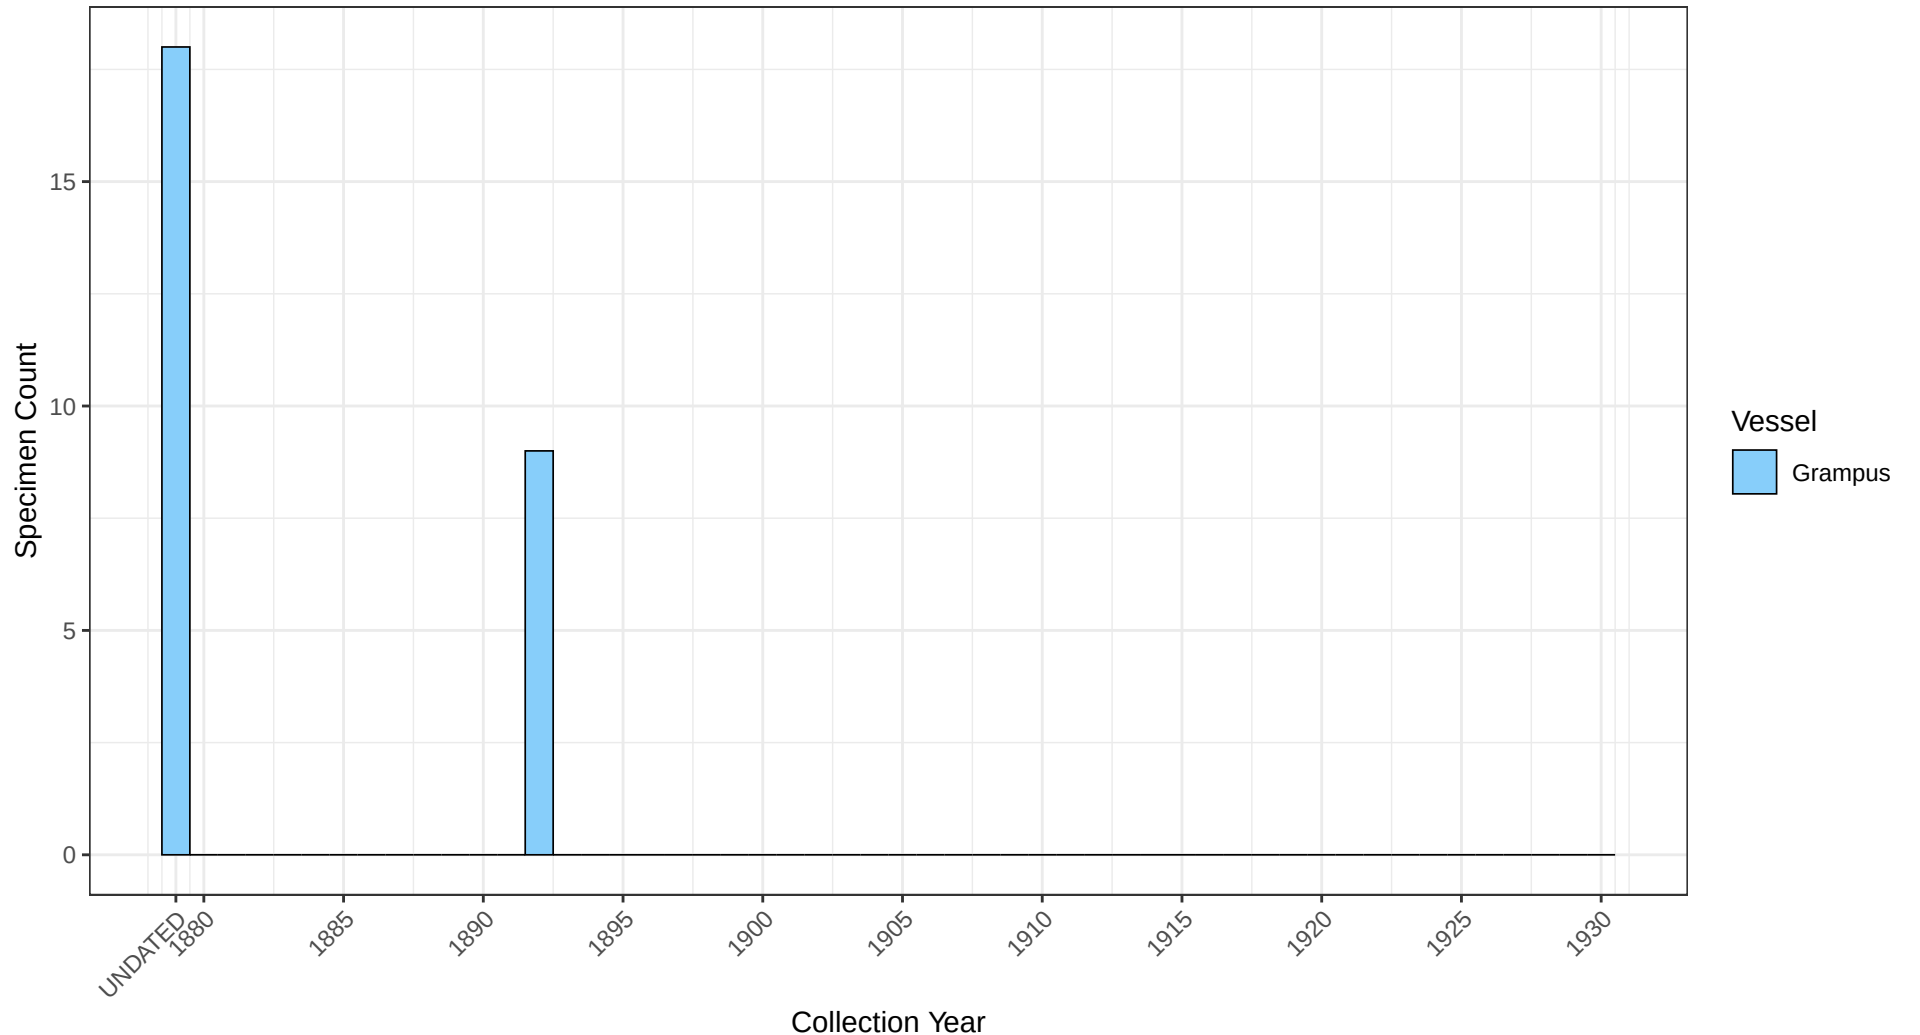

Anchoa lyolepis

Total Specimens: 27 | Total Populations (40 km R): 1

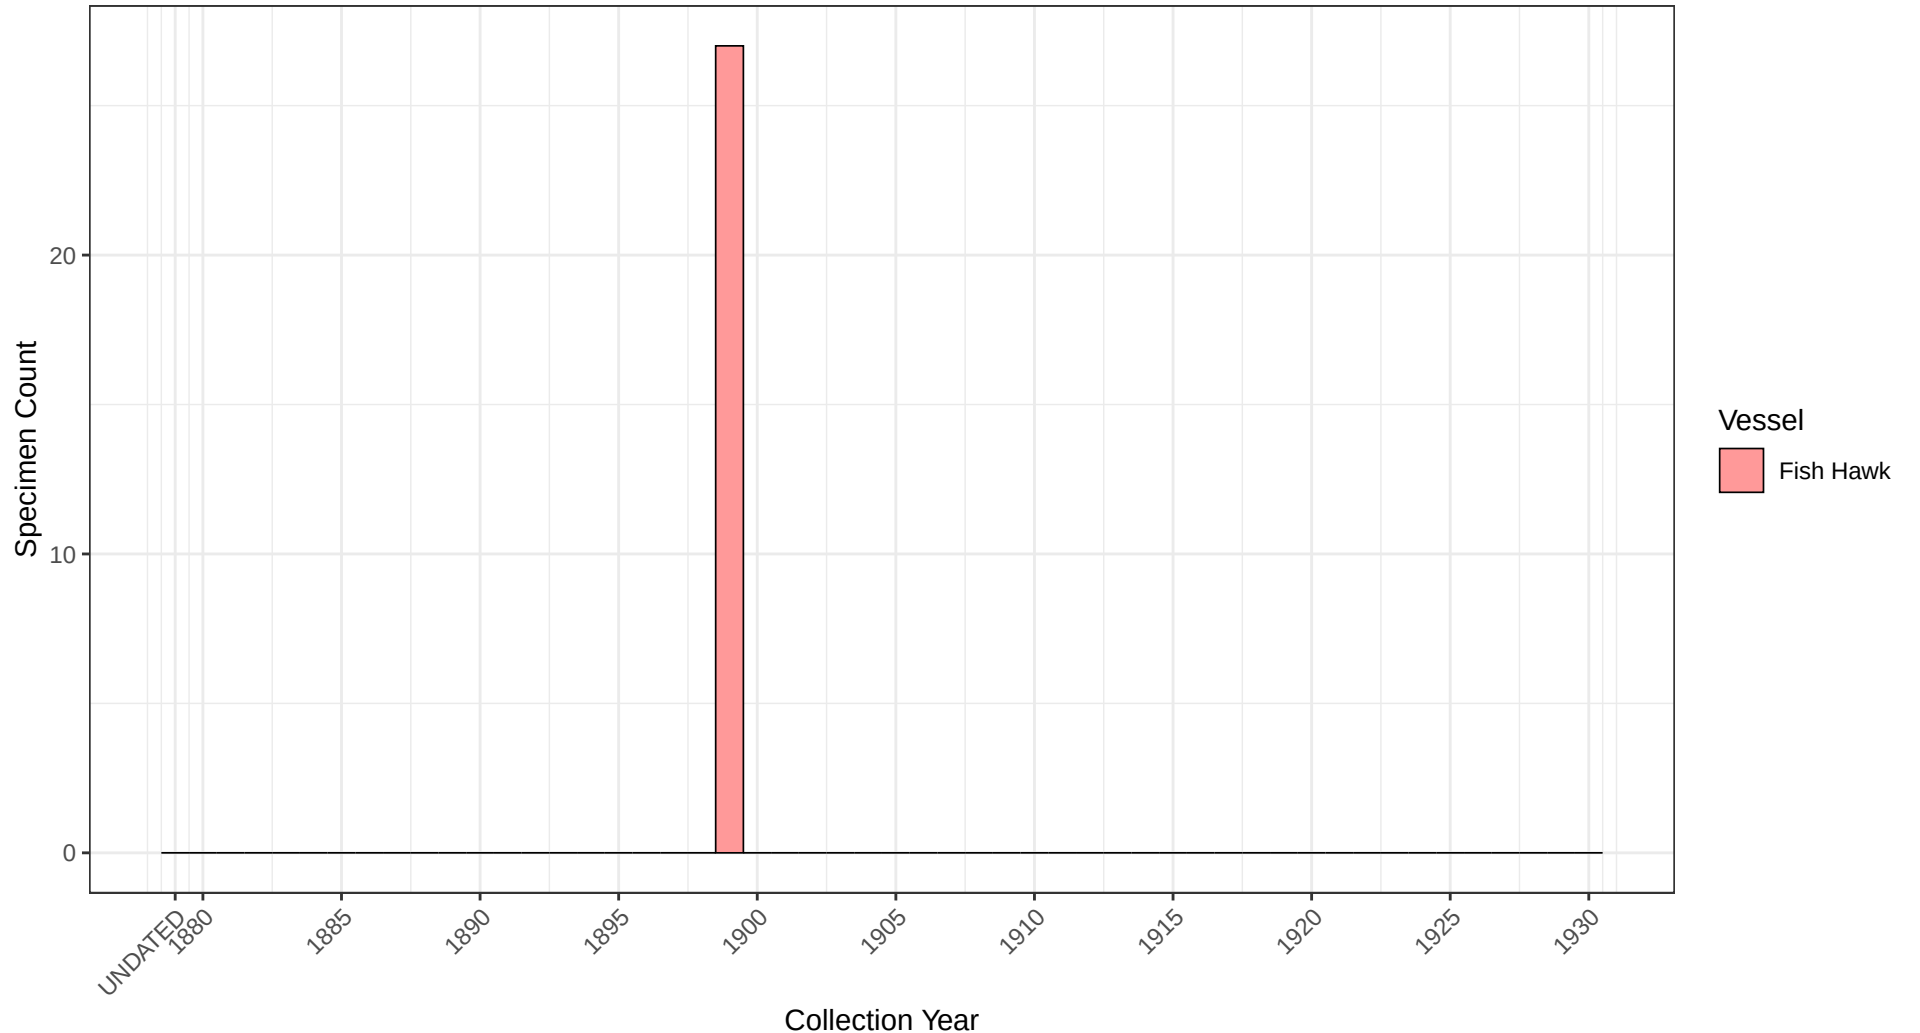

Fundulus majalis

Total Specimens: 27 | Total Populations (40 km R): 1

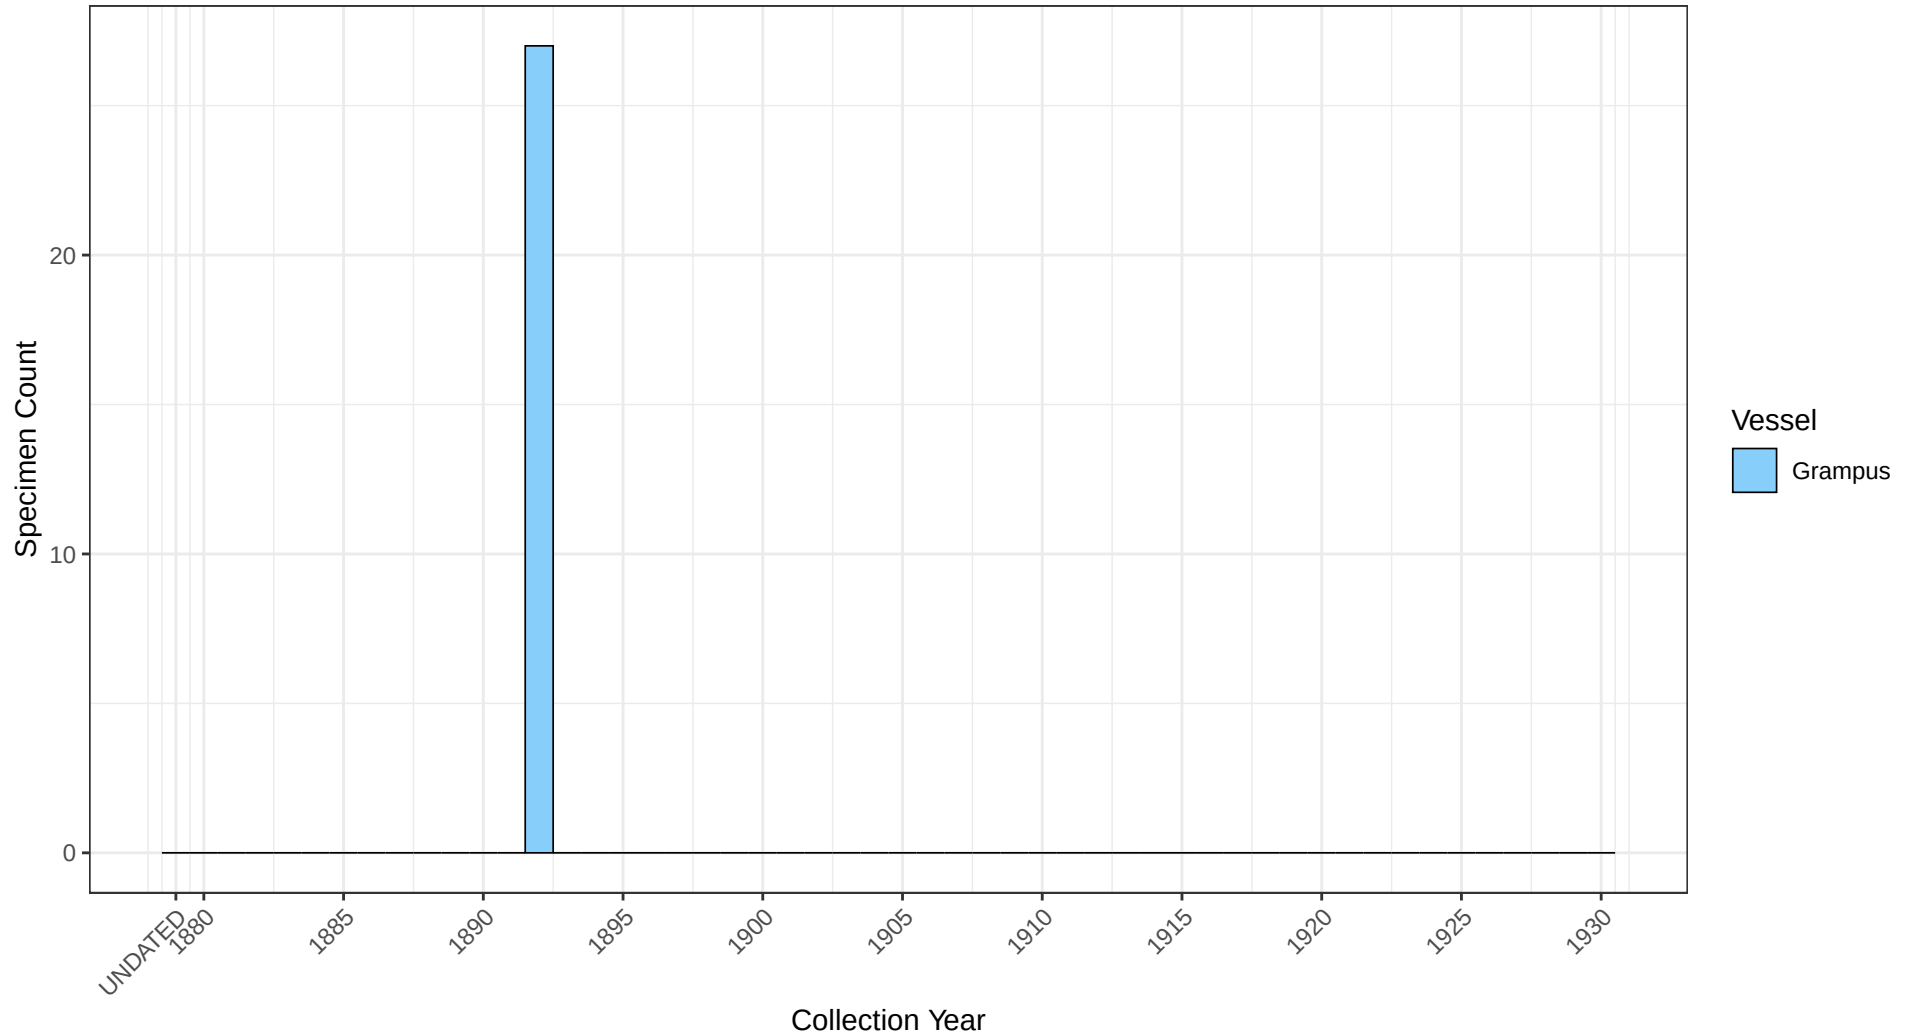

Opisthonema oglinum

Total Specimens: 27 | Total Populations (40 km R): 1

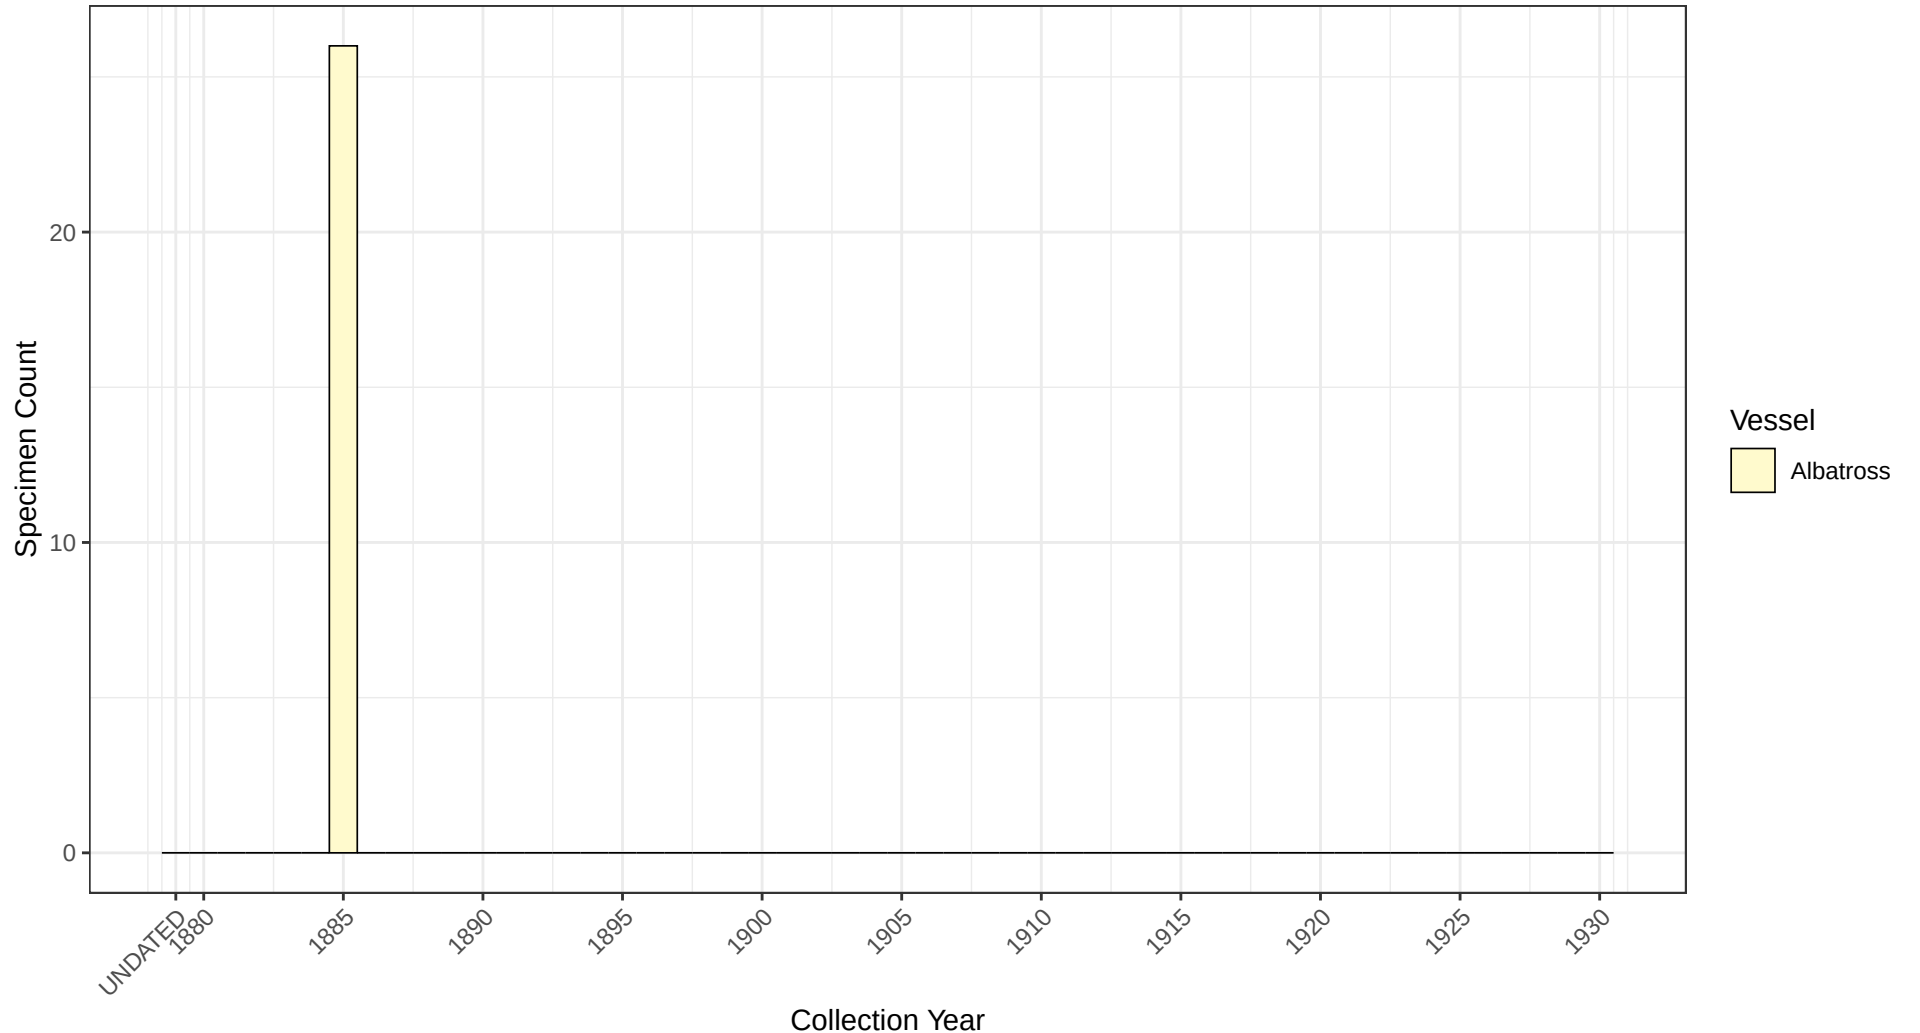

Strongylura marina

Total Specimens: 27 | Total Populations (40 km R): 1

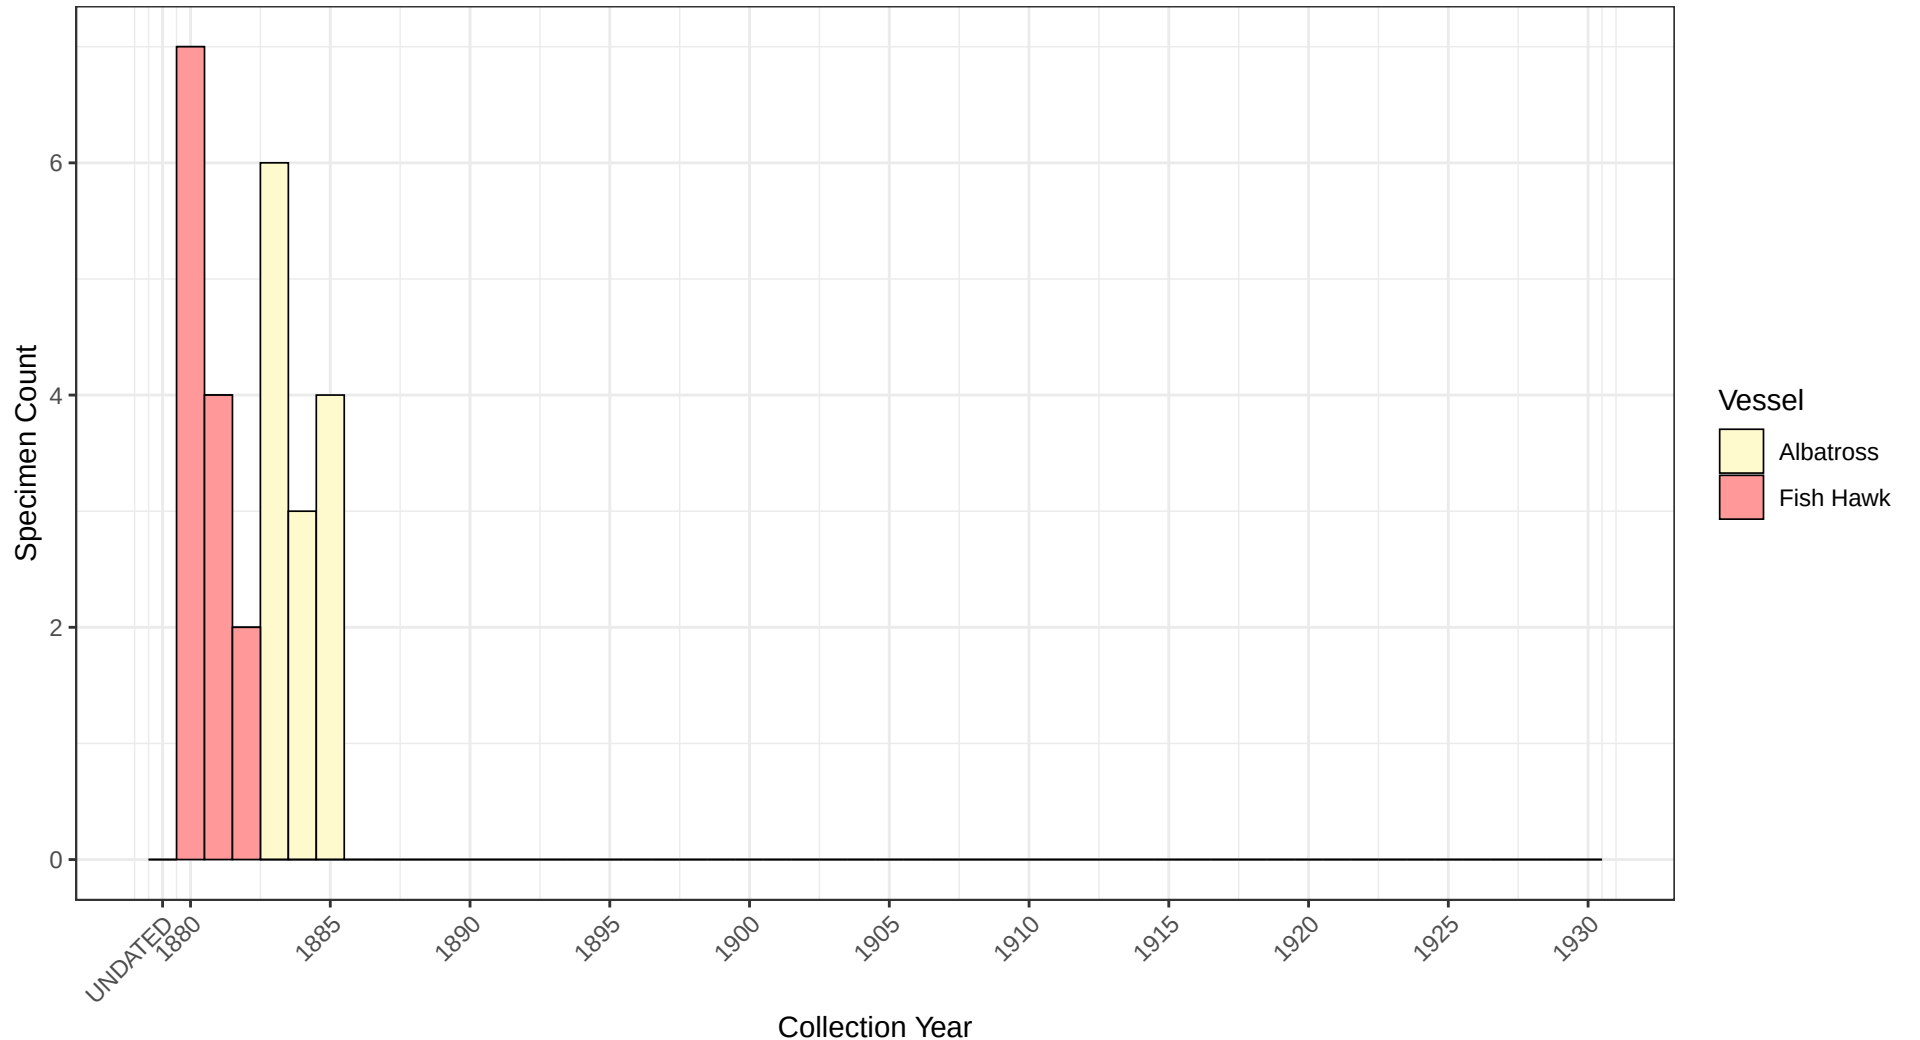

Chlorophthalmus agassizi

Total Specimens: 26 | Total Populations (40 km R): 1

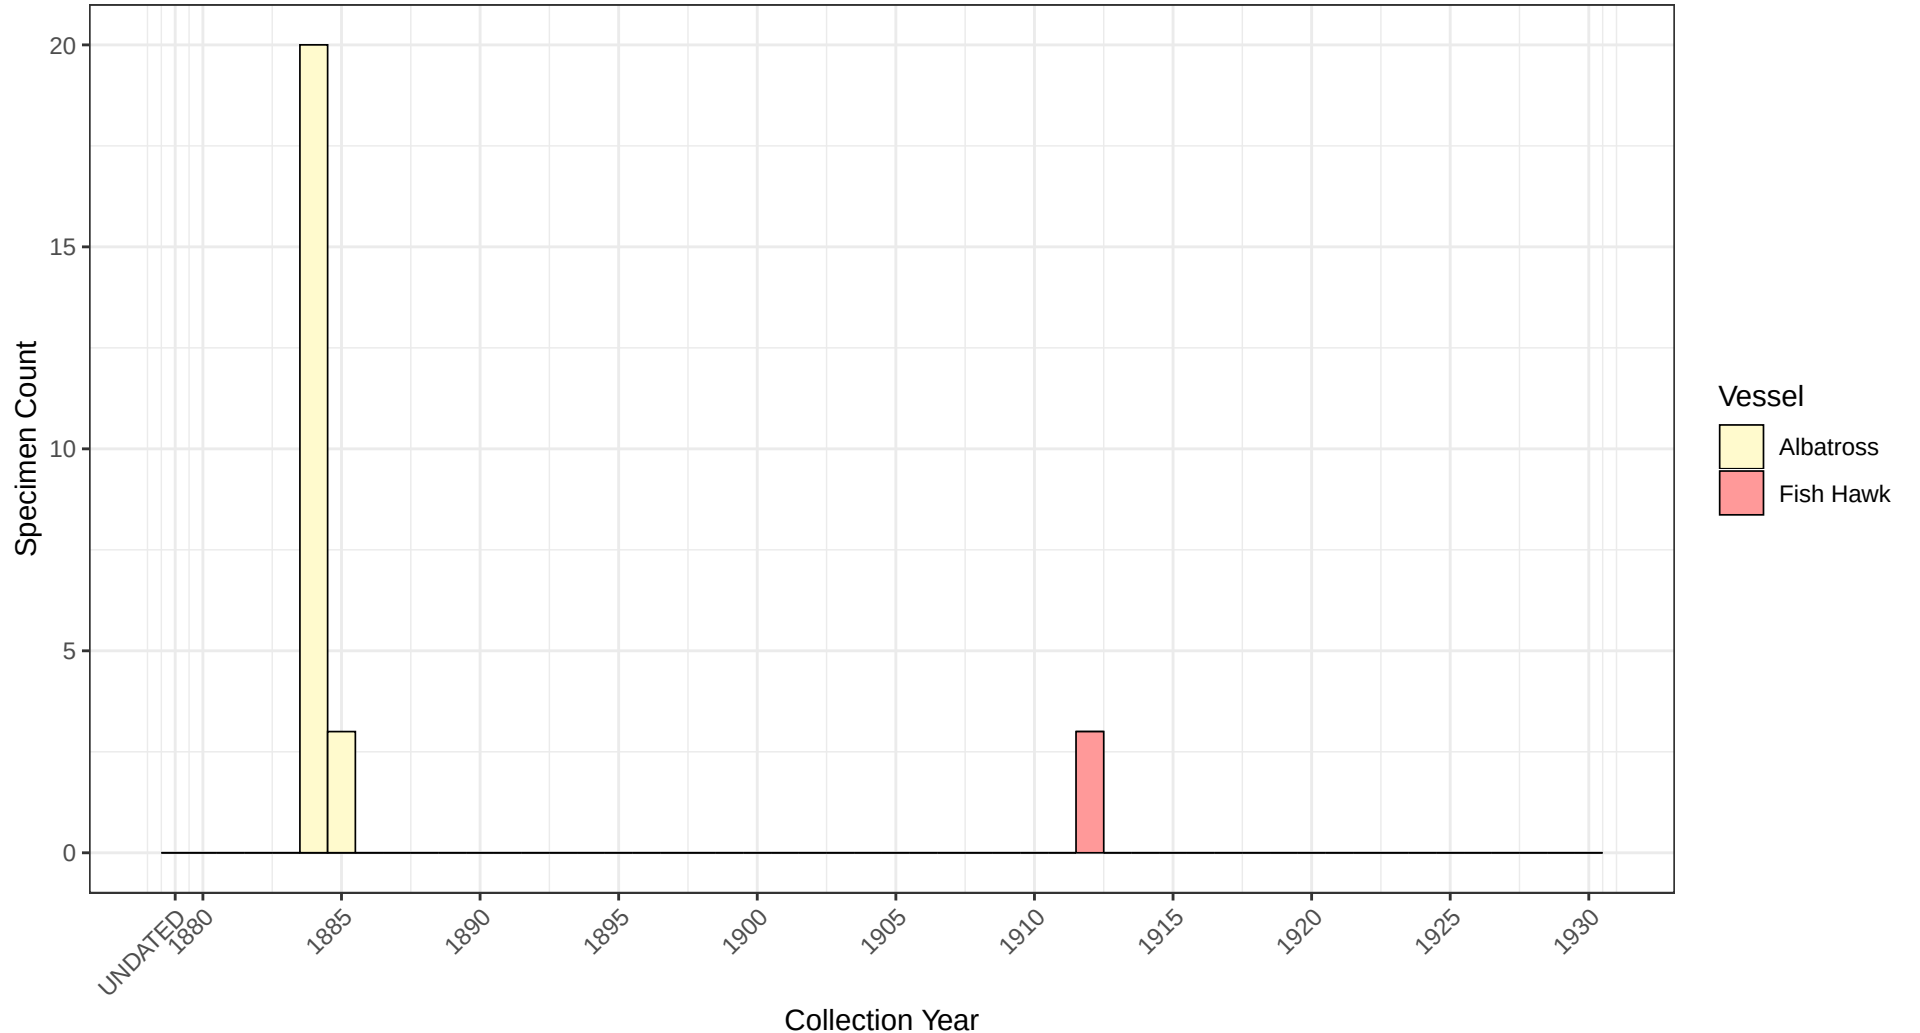

Coelorinchus carminatus

Total Specimens: 26 | Total Populations (40 km R): 1

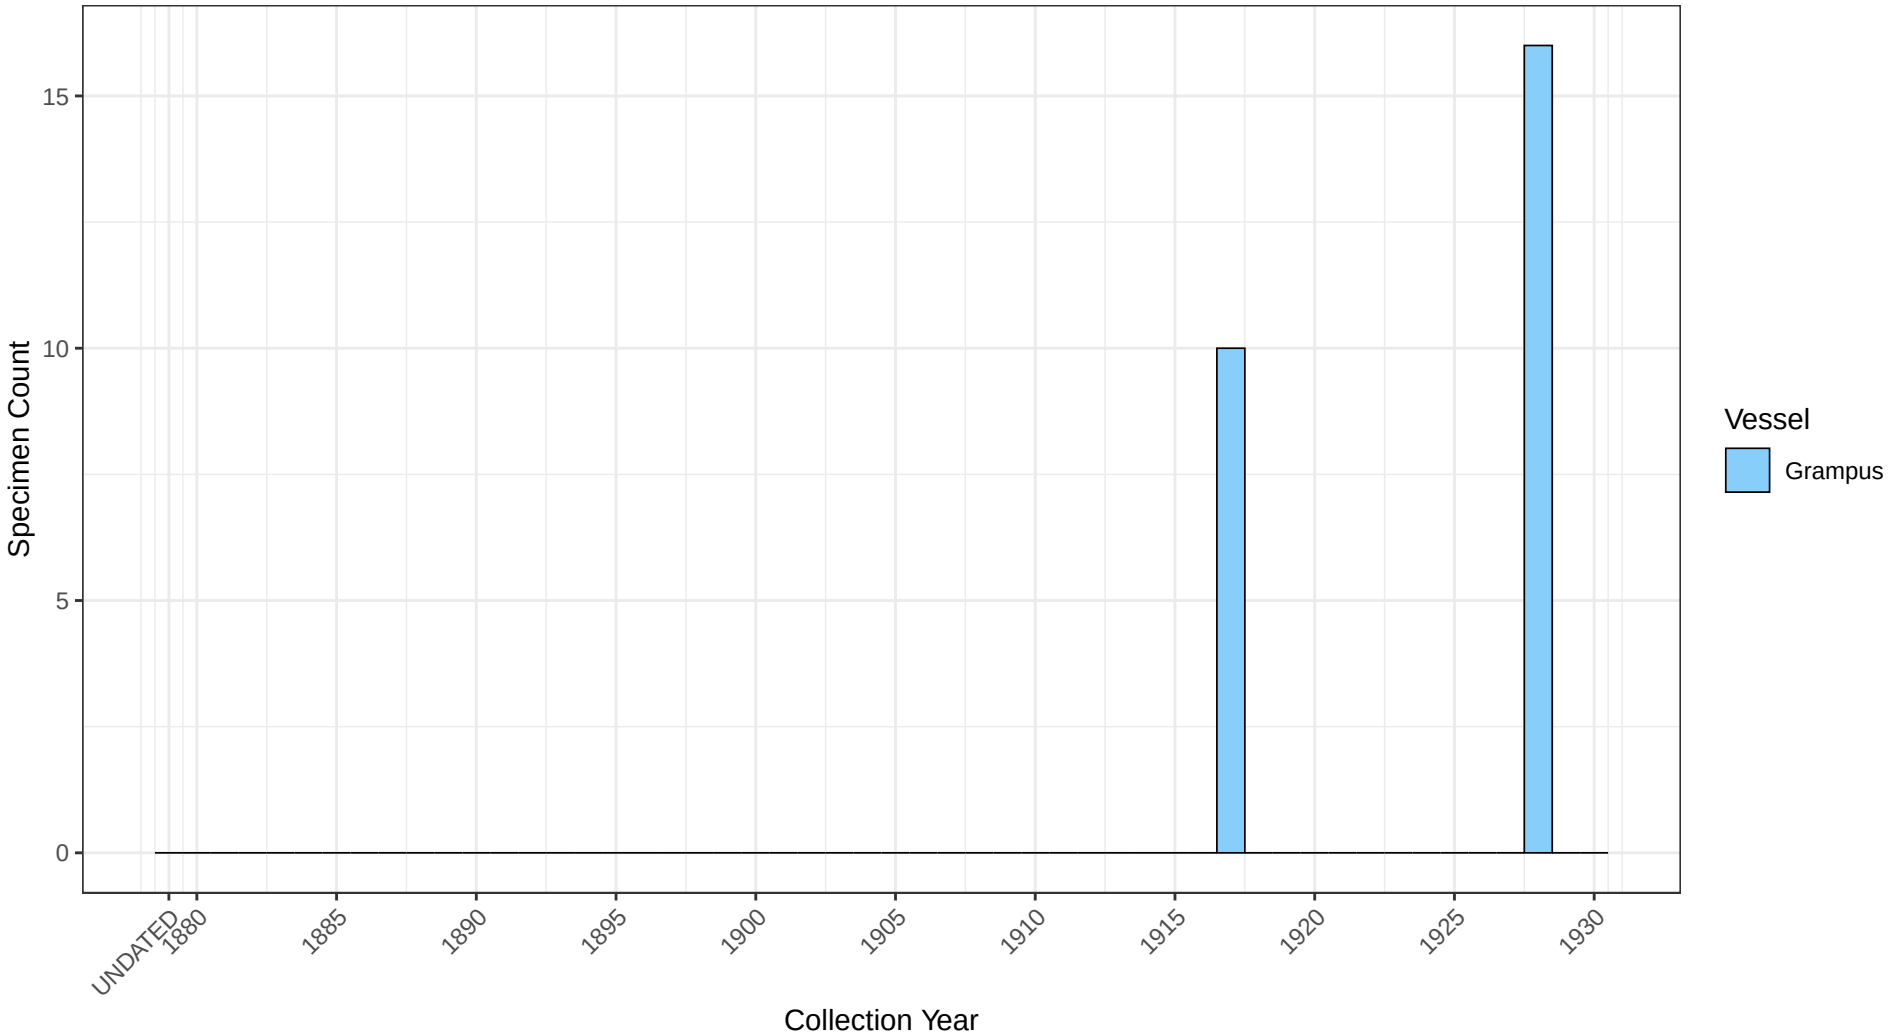

Haemulon plumierii

Total Specimens: 26 | Total Populations (40 km R): 1

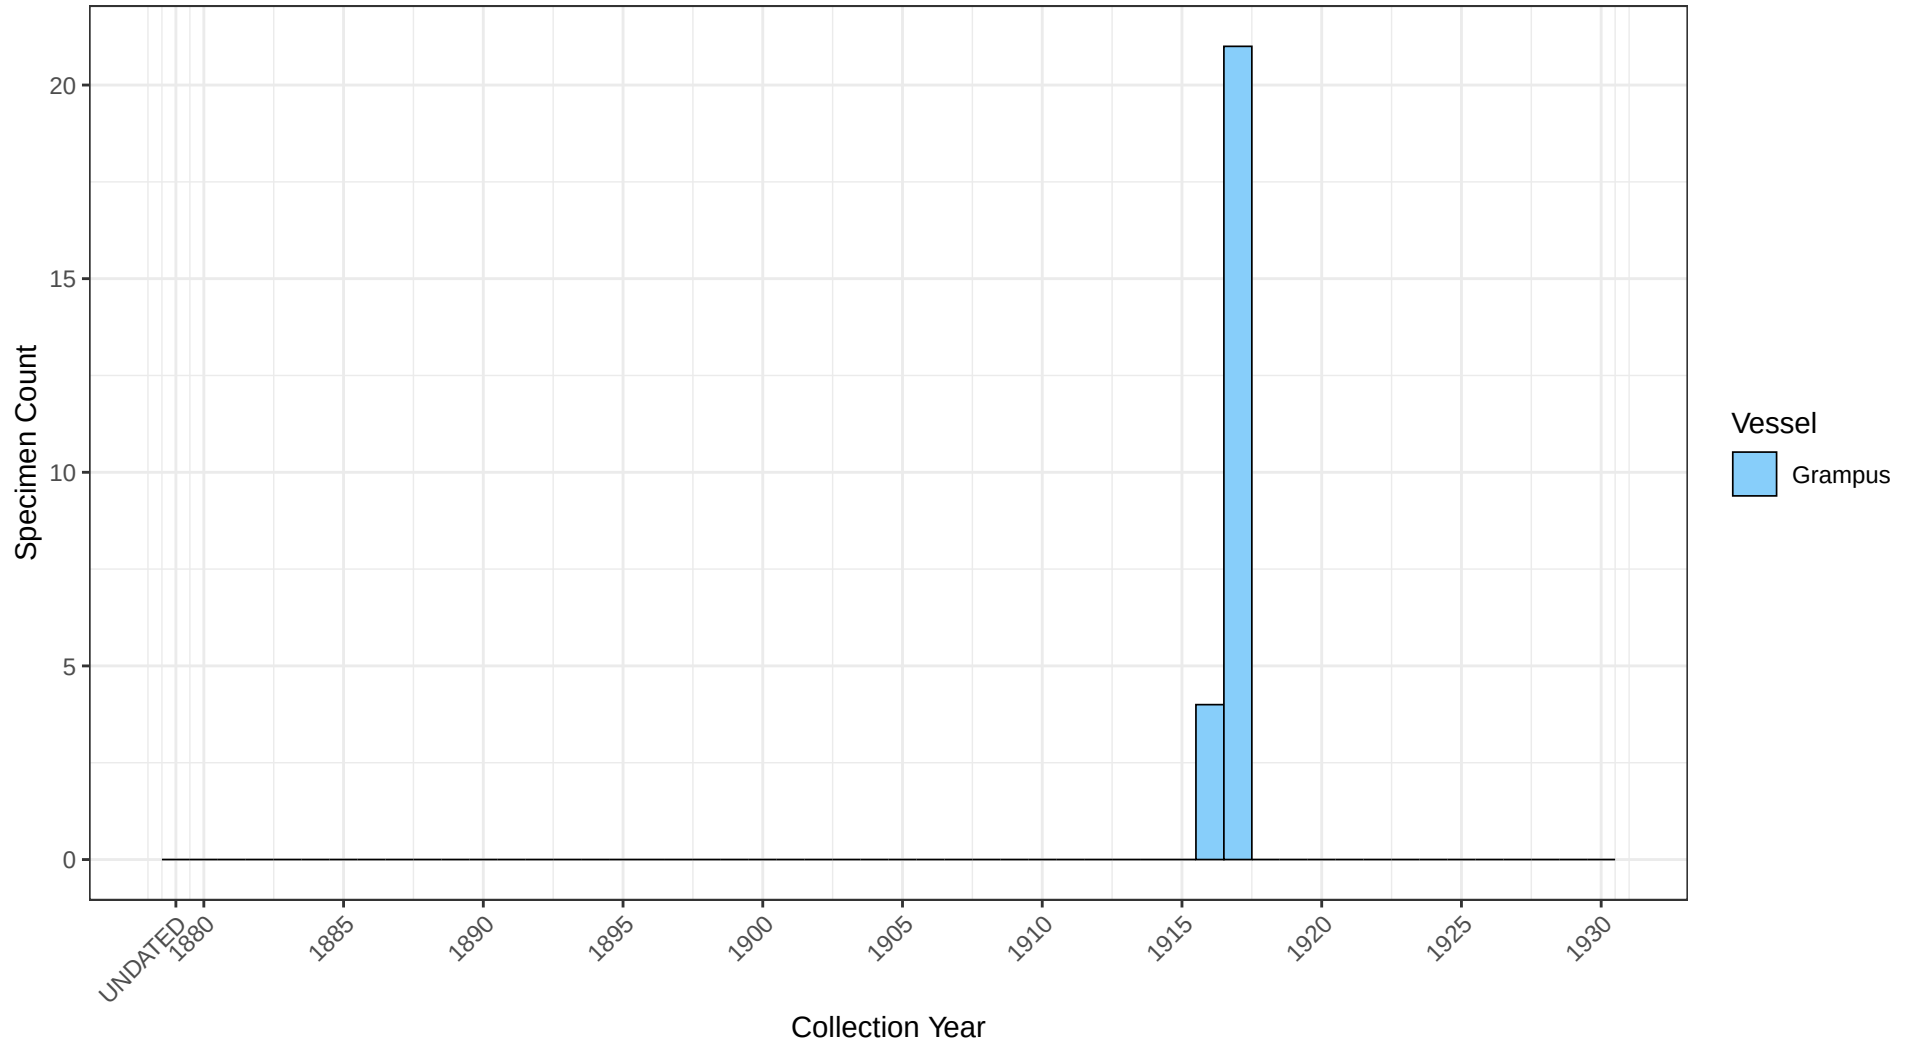

Stenotomus caprinus

Total Specimens: 26 | Total Populations (40 km R): 1

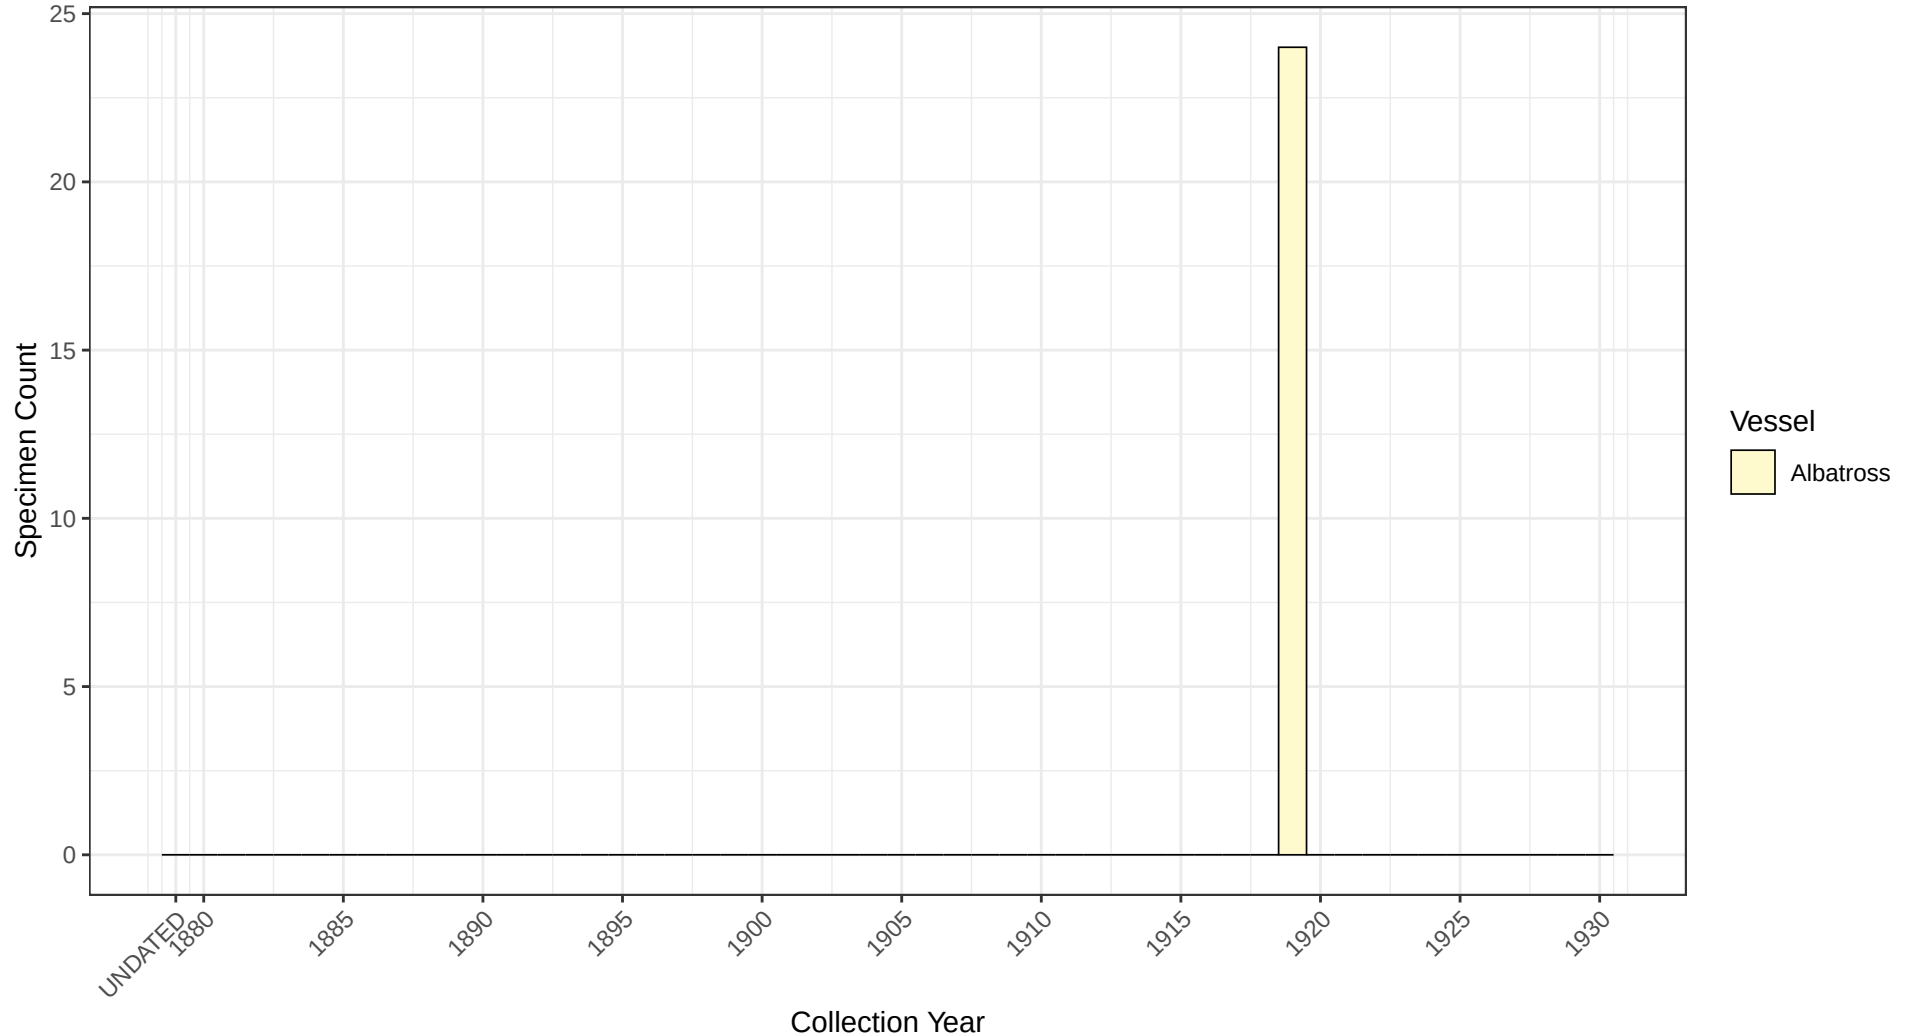

Heterandria formosa

Total Specimens: 25 | Total Populations (40 km R): 1

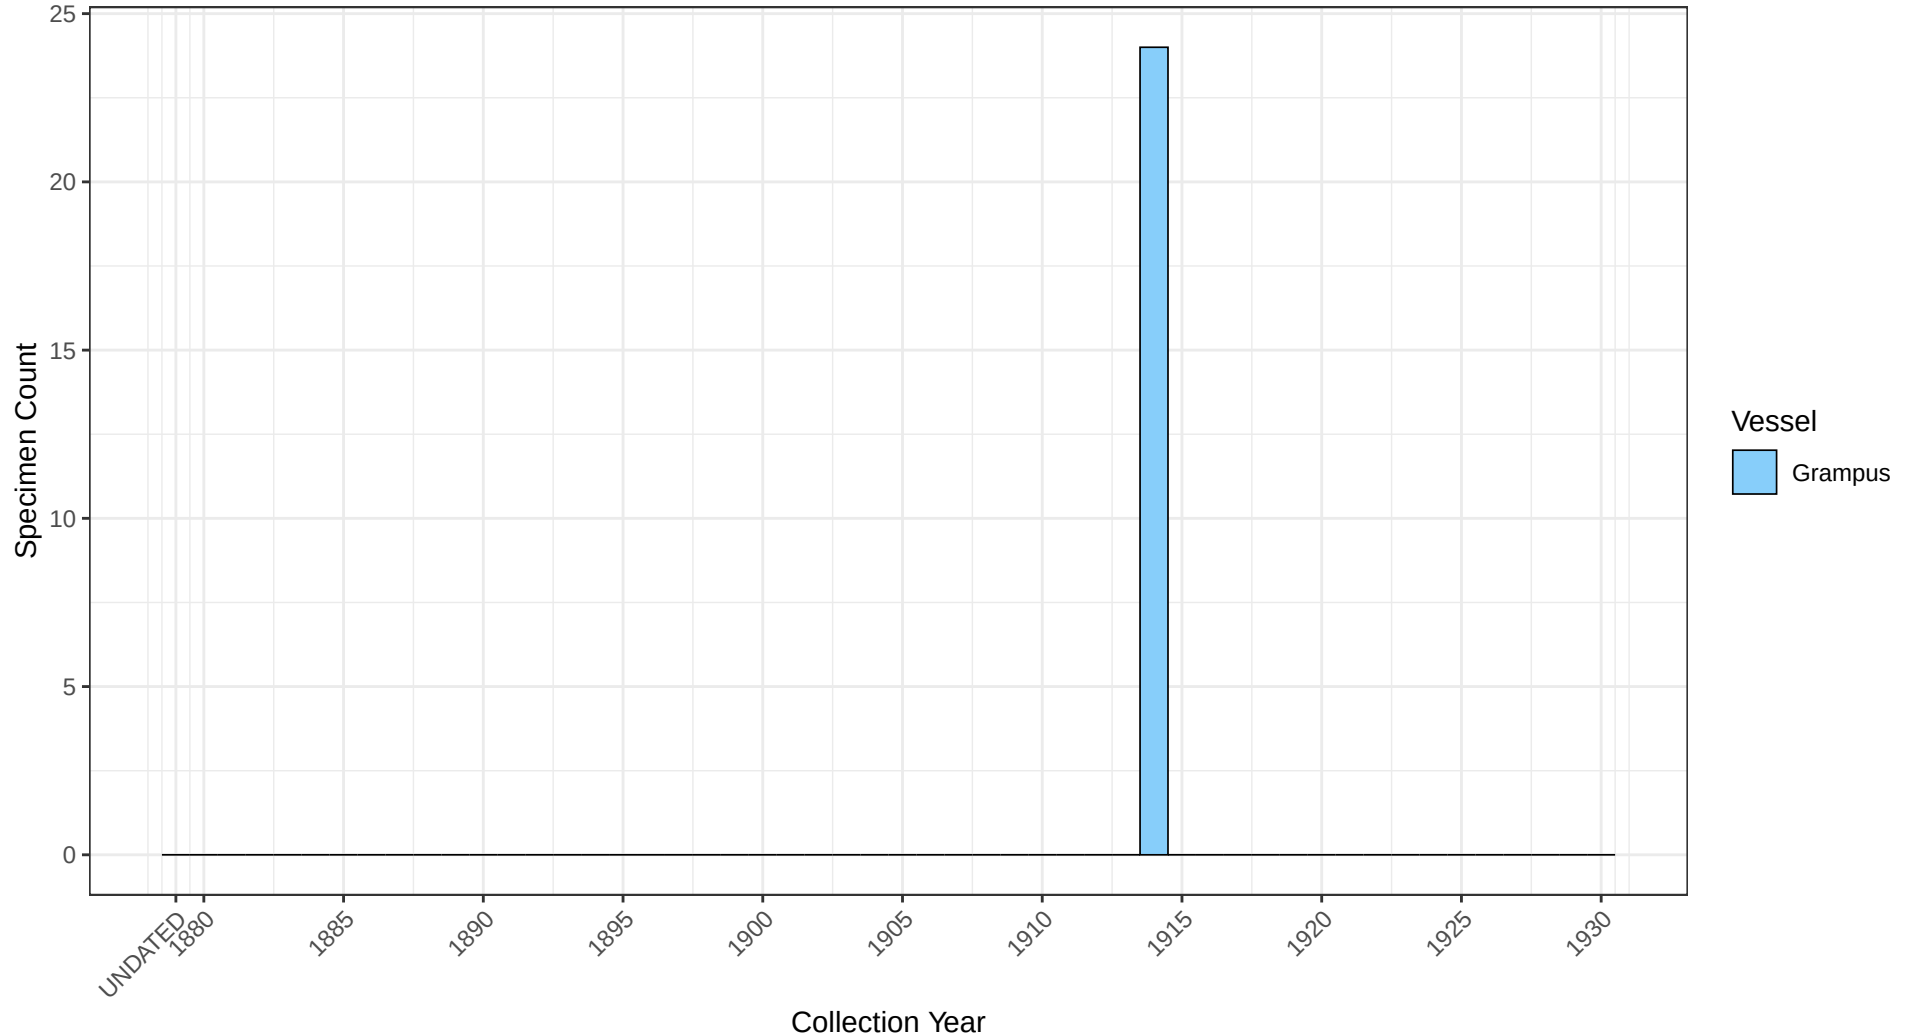

Ahlia egmontis

Total Specimens: 24 | Total Populations (40 km R): 1

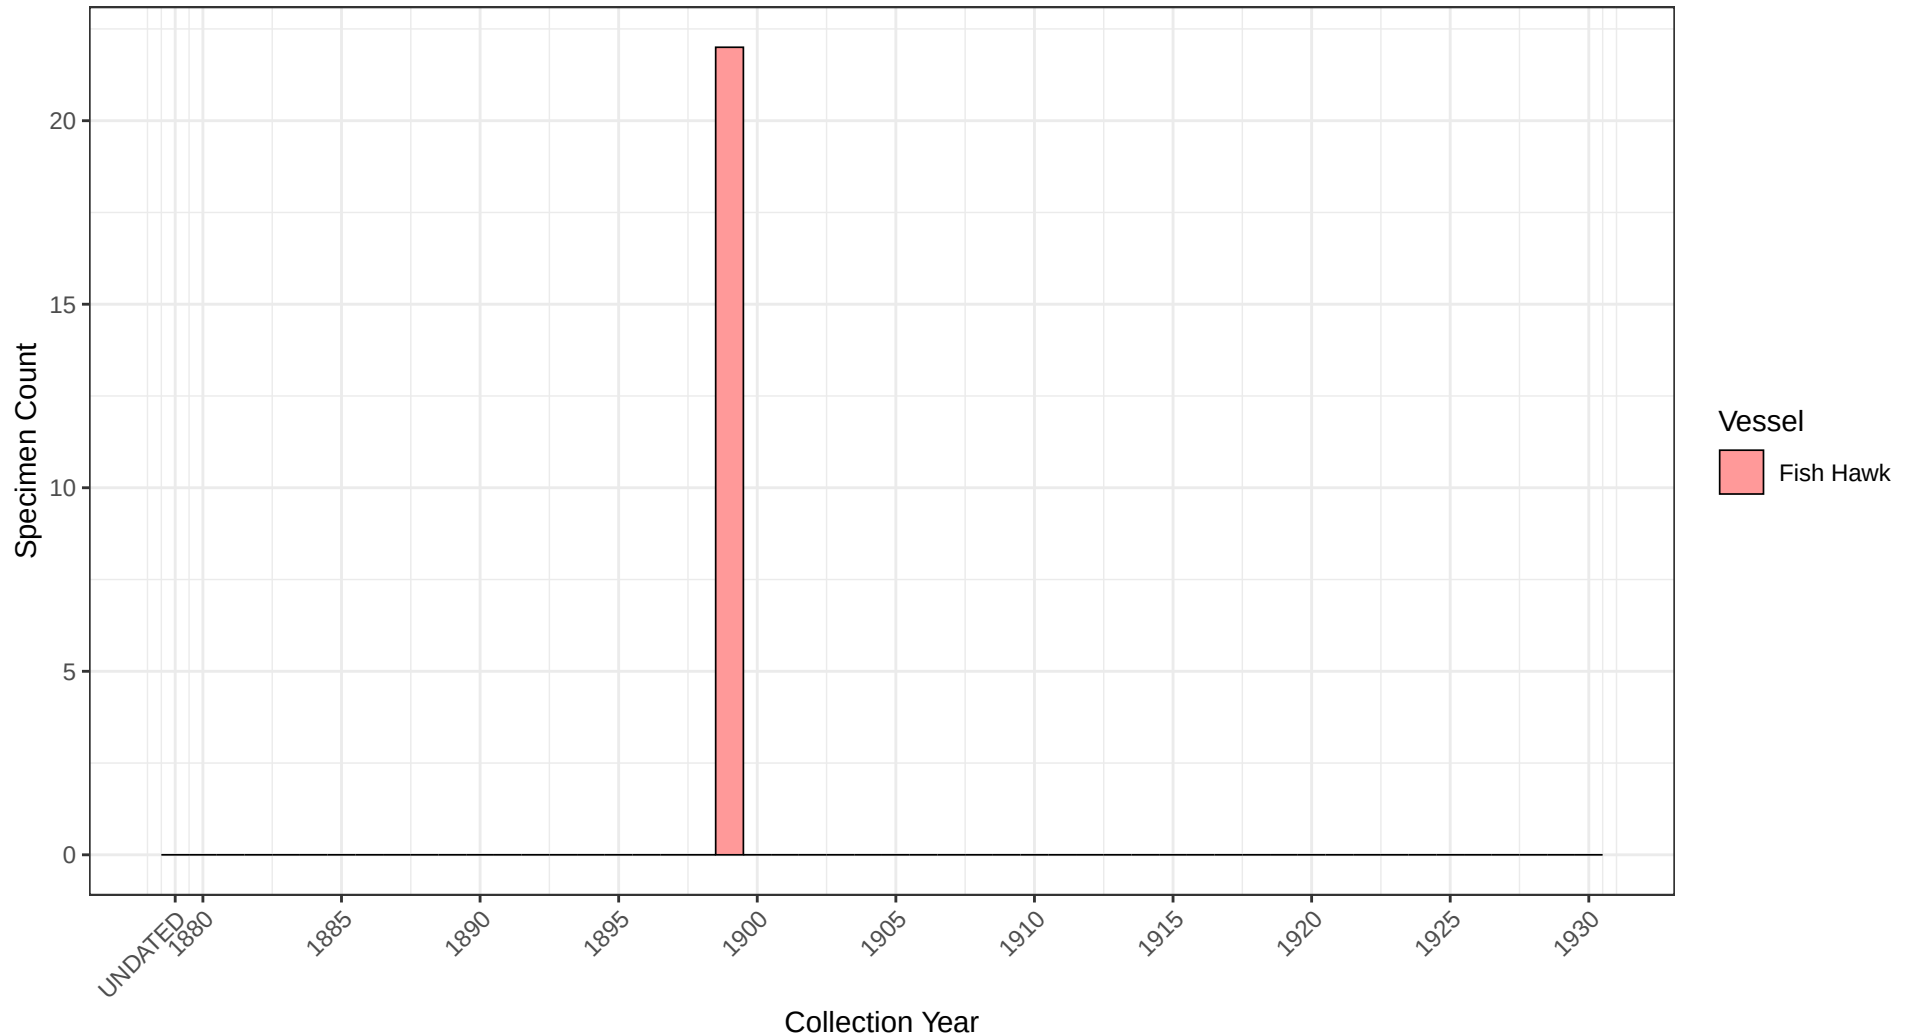

Paralepis coregonoides

Total Specimens: 24 | Total Populations (40 km R): 1

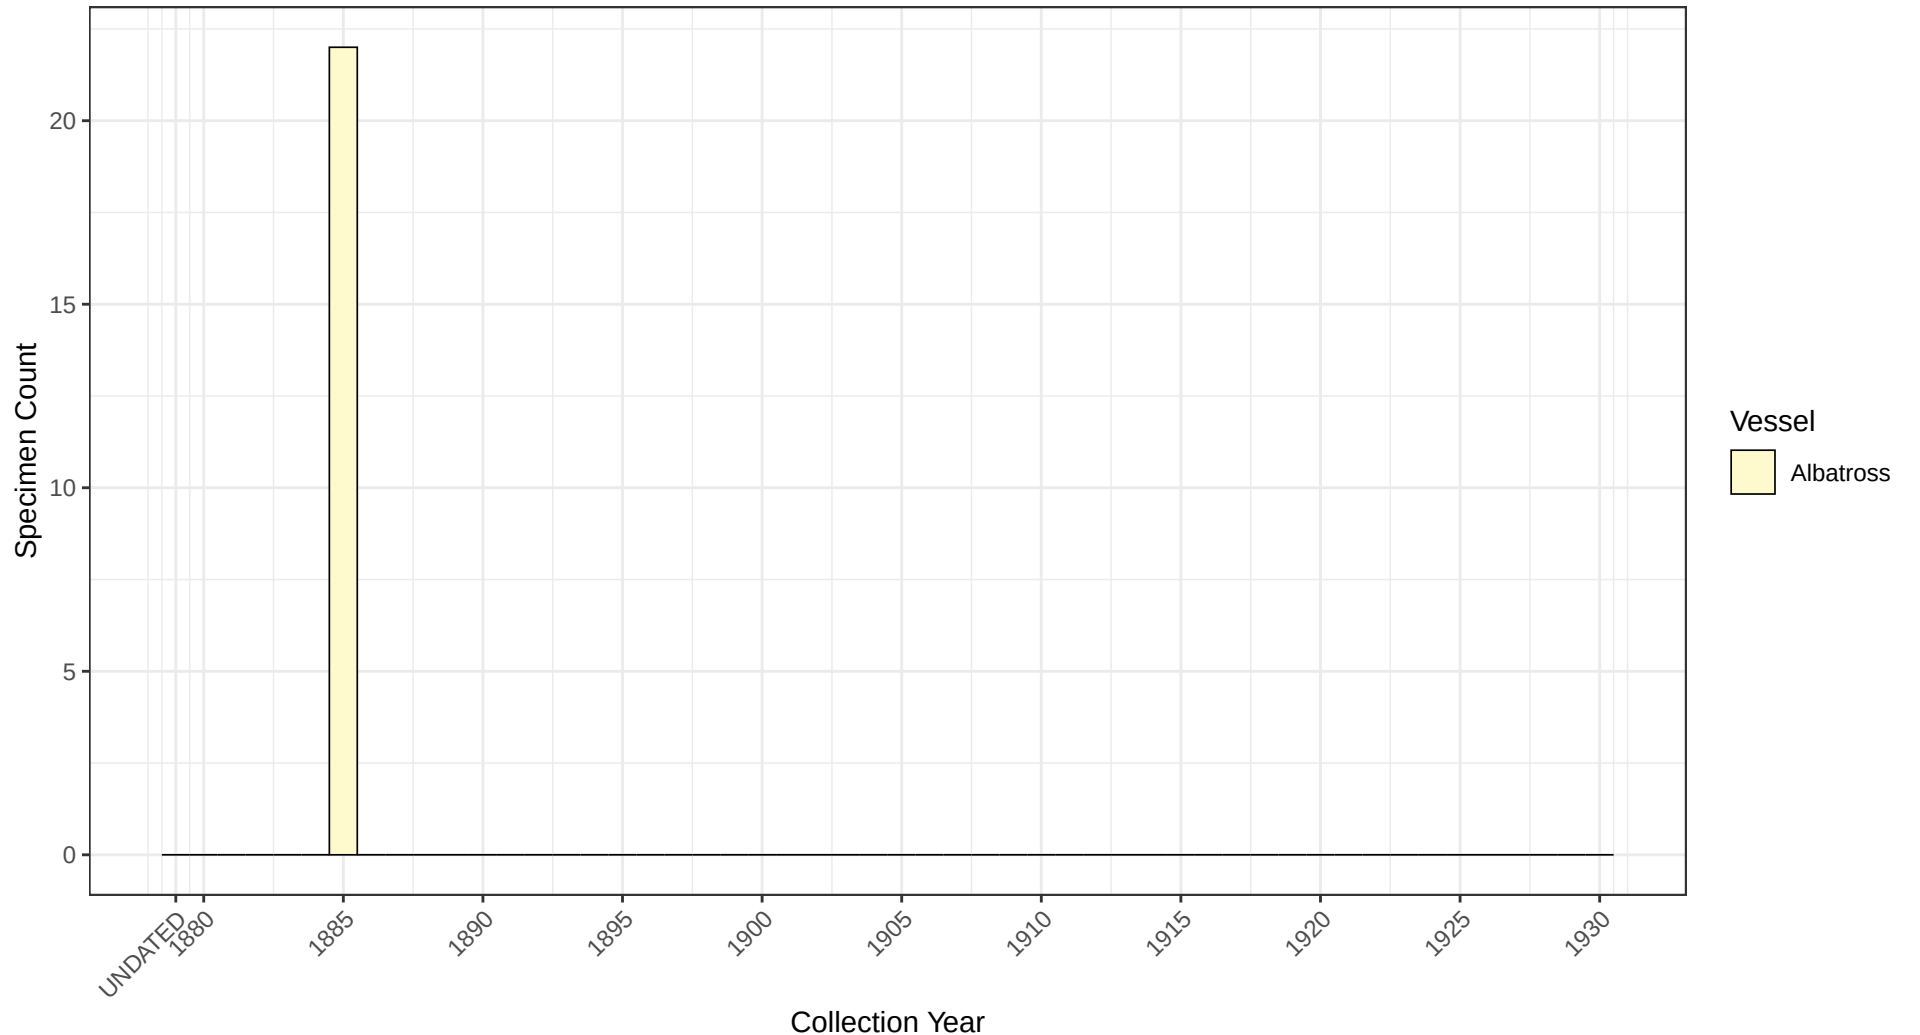

Acanthurus chirurgus

Total Specimens: 22 | Total Populations (40 km R): 1

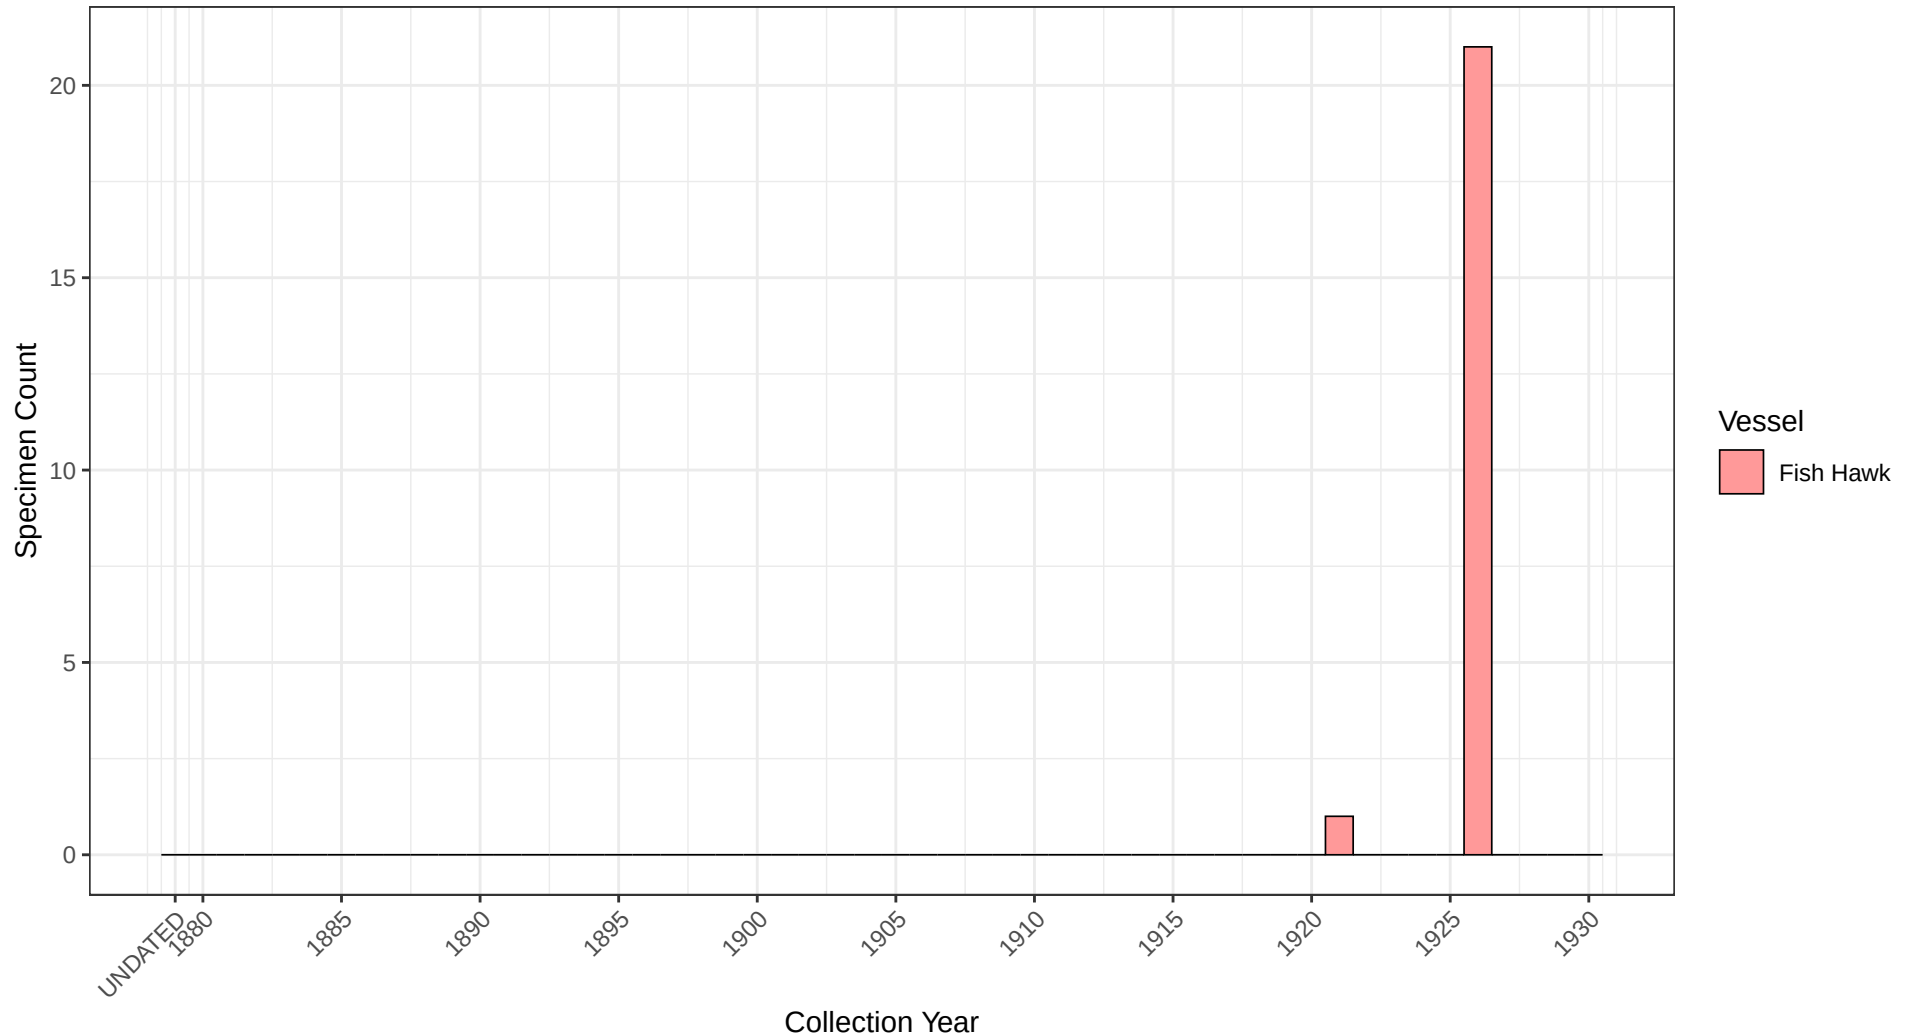

Apogon pseudomaculatus

Total Specimens: 22 | Total Populations (40 km R): 1

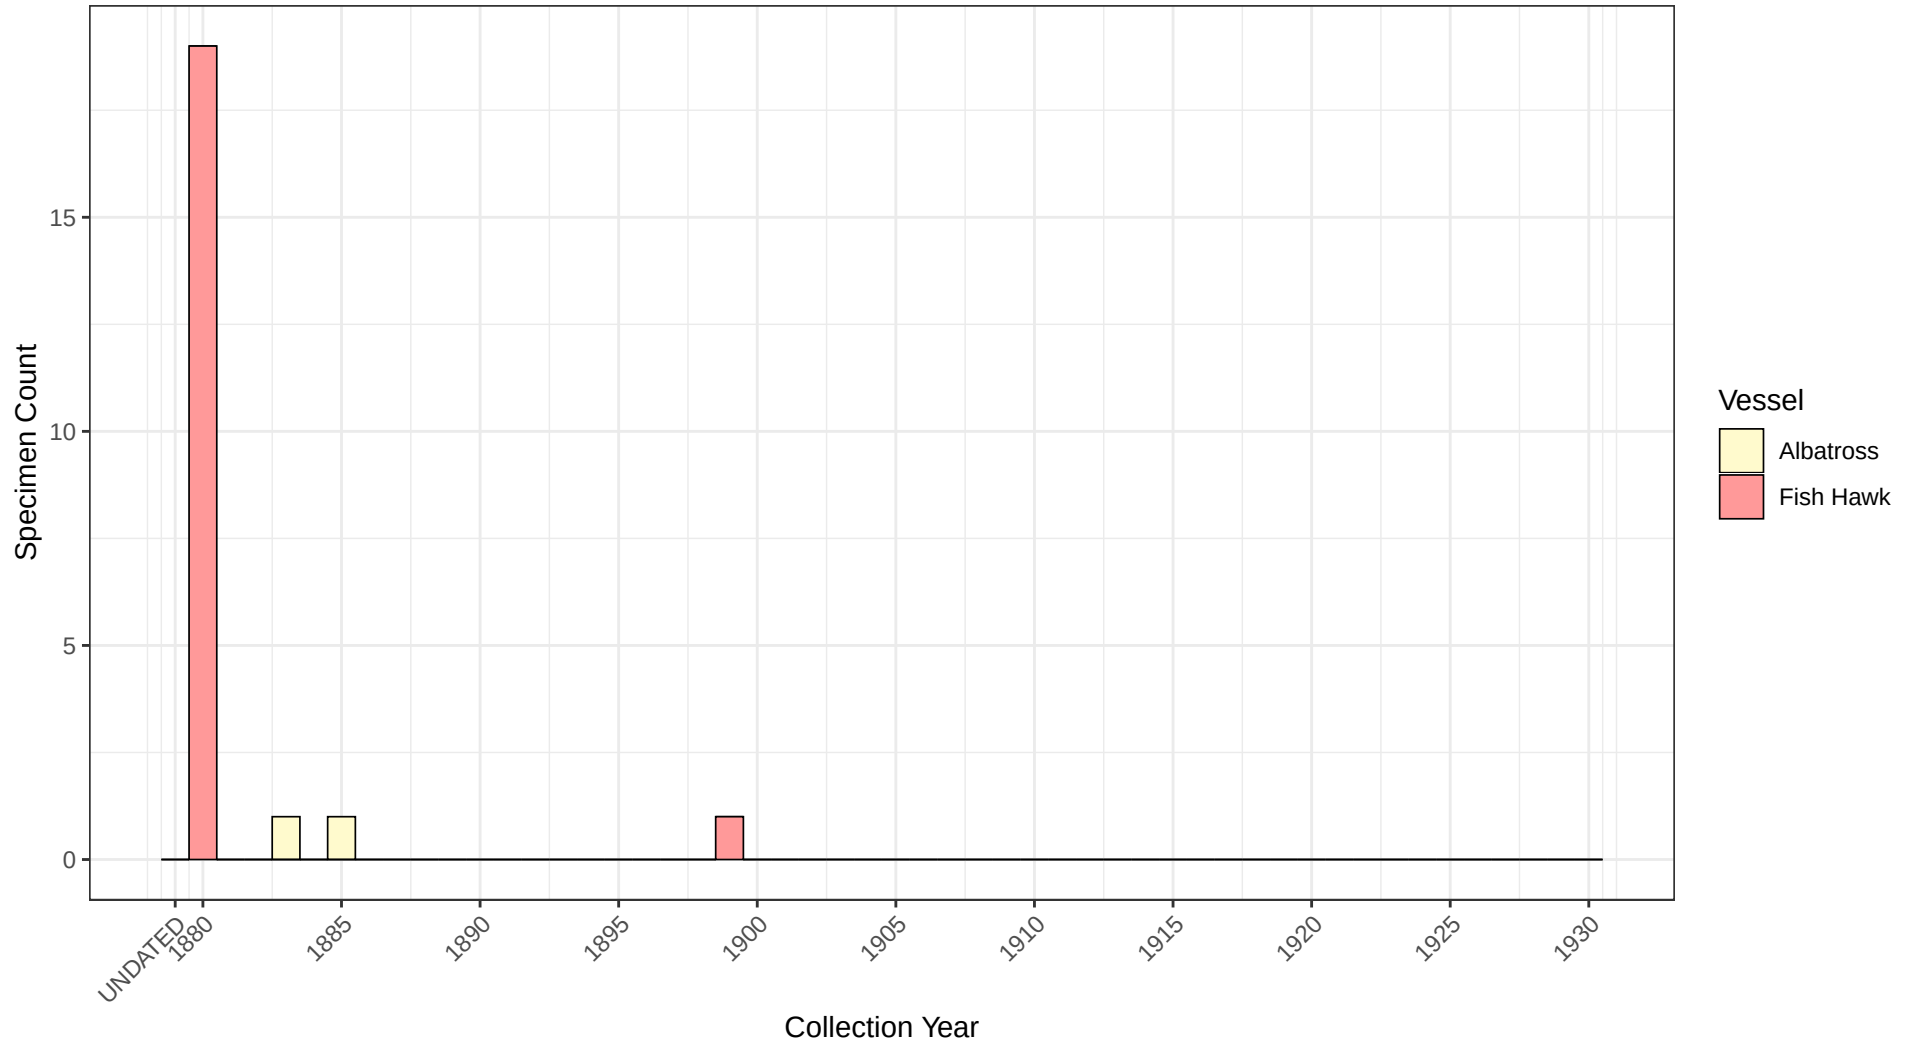

Dorosoma cepedianum

Total Specimens: 22 | Total Populations (40 km R): 1

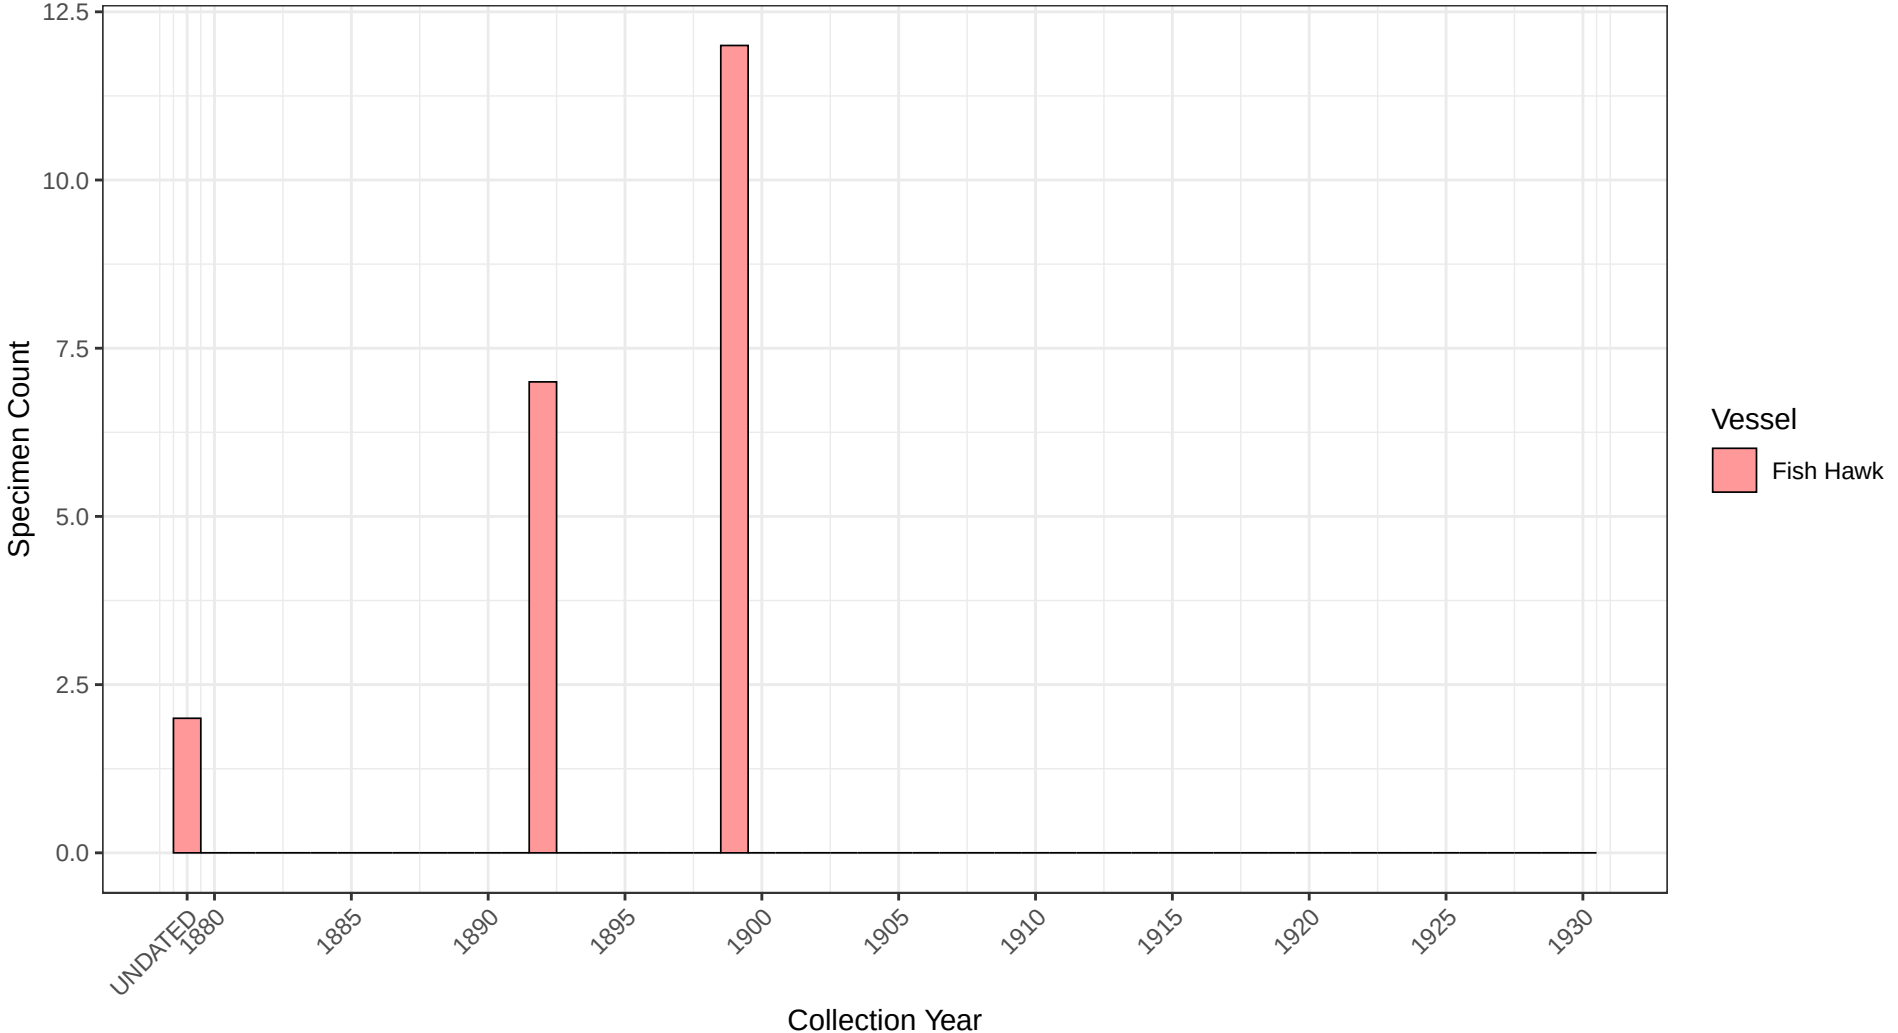

Monolene sessilicauda

Total Specimens: 22 | Total Populations (40 km R): 1

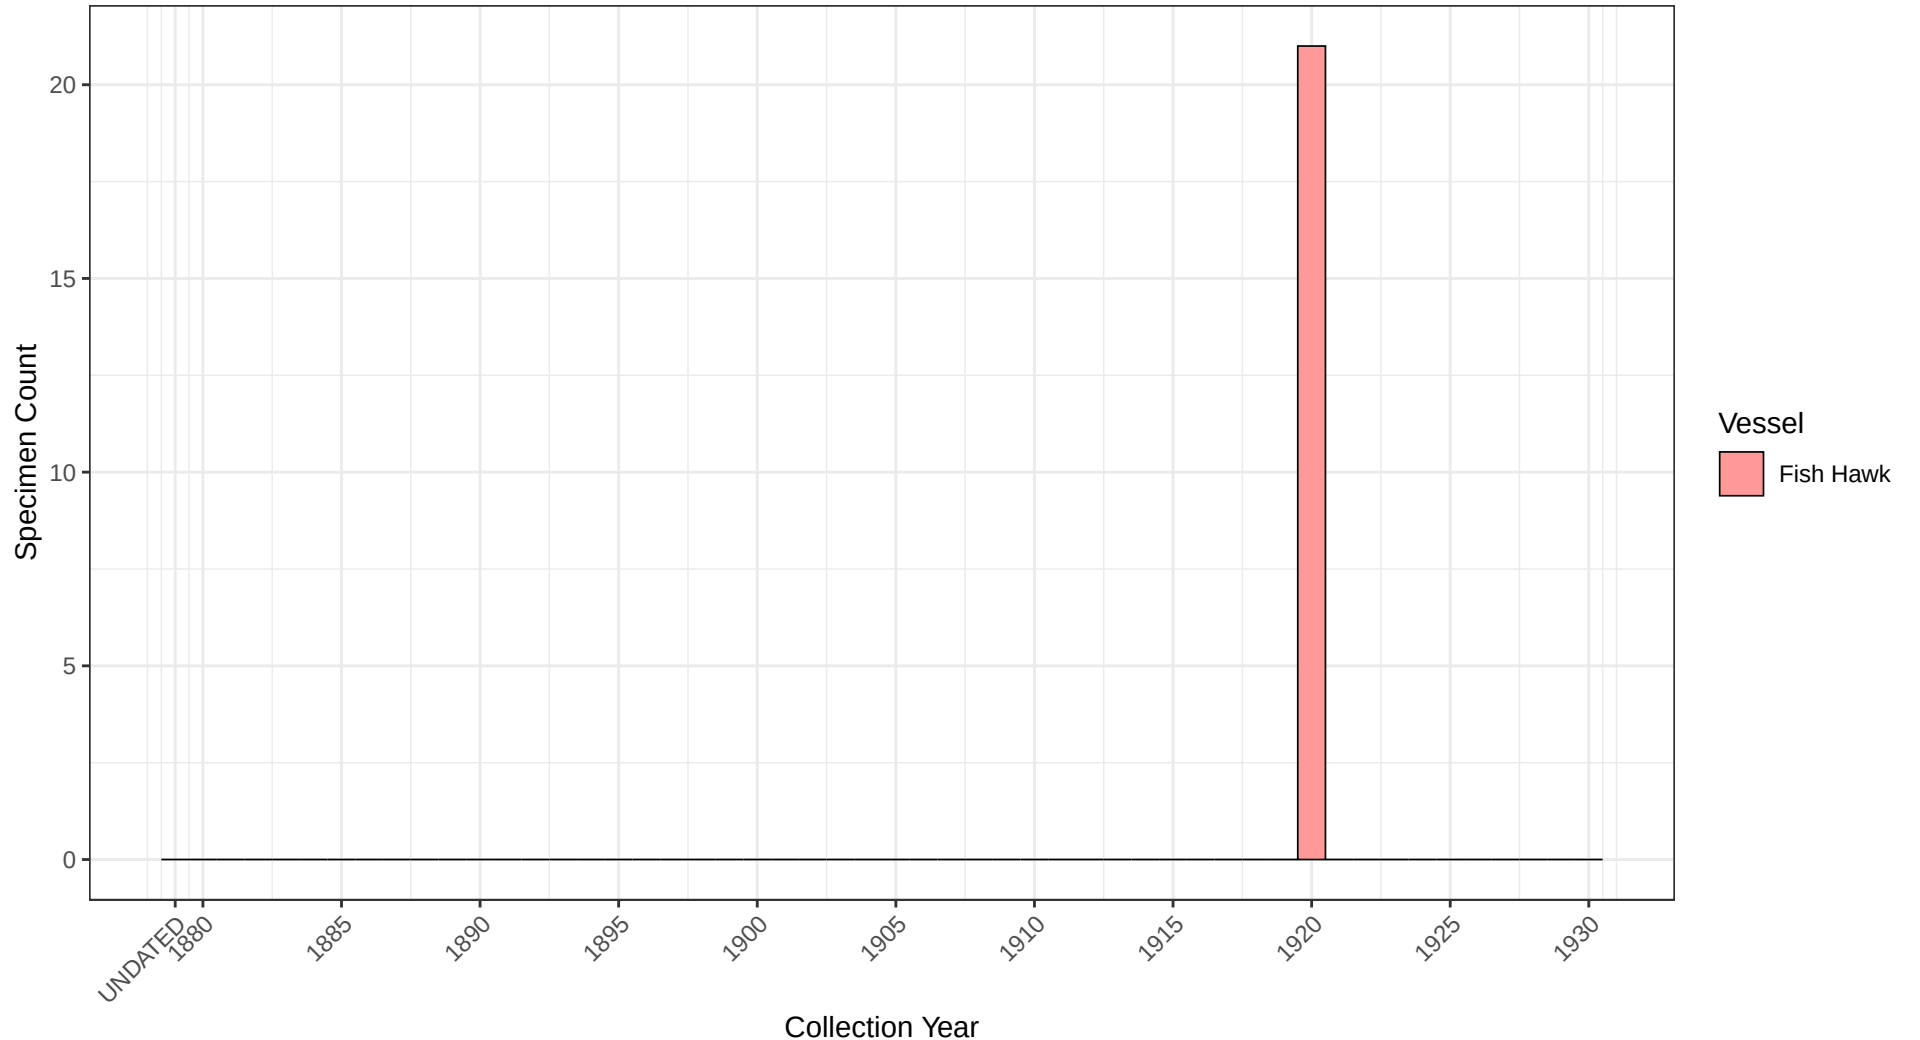

Sphoeroides maculatus

Total Specimens: 21 | Total Populations (40 km R): 1

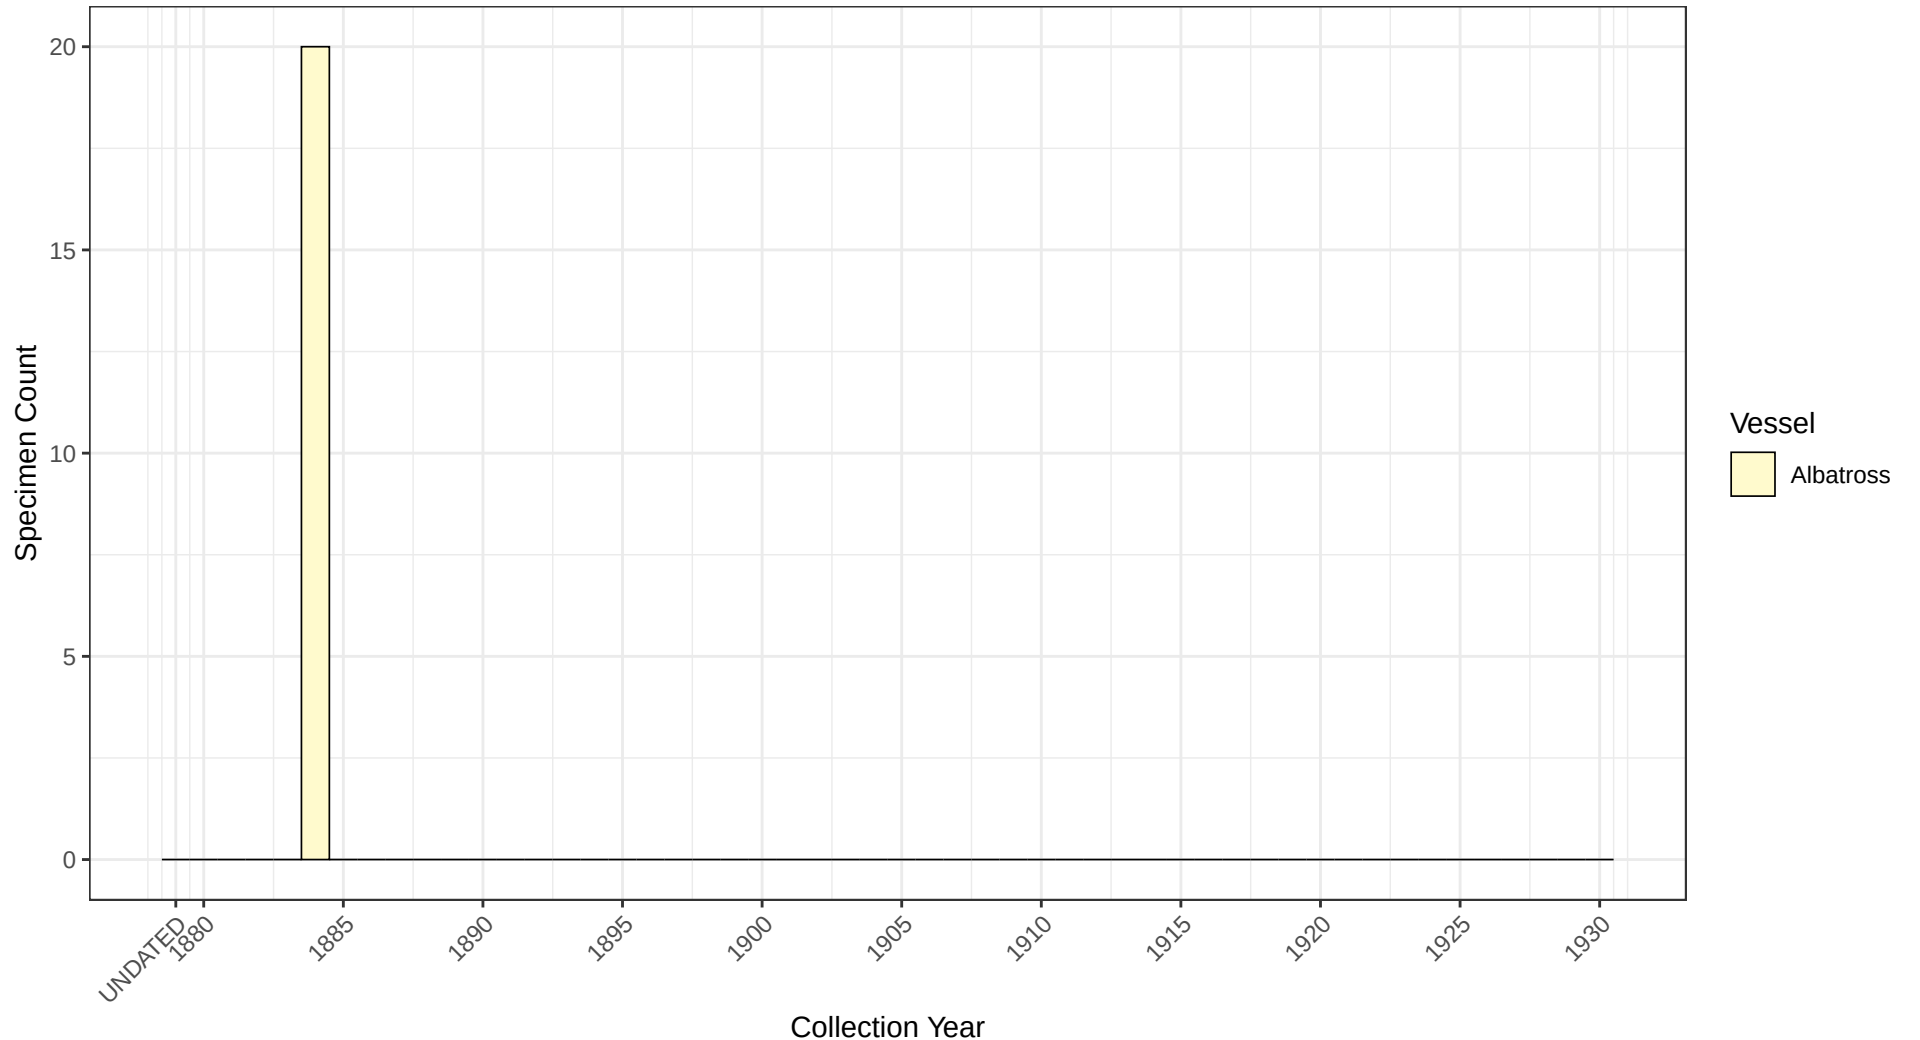

Trinectes maculatus

Total Specimens: 21 | Total Populations (40 km R): 1

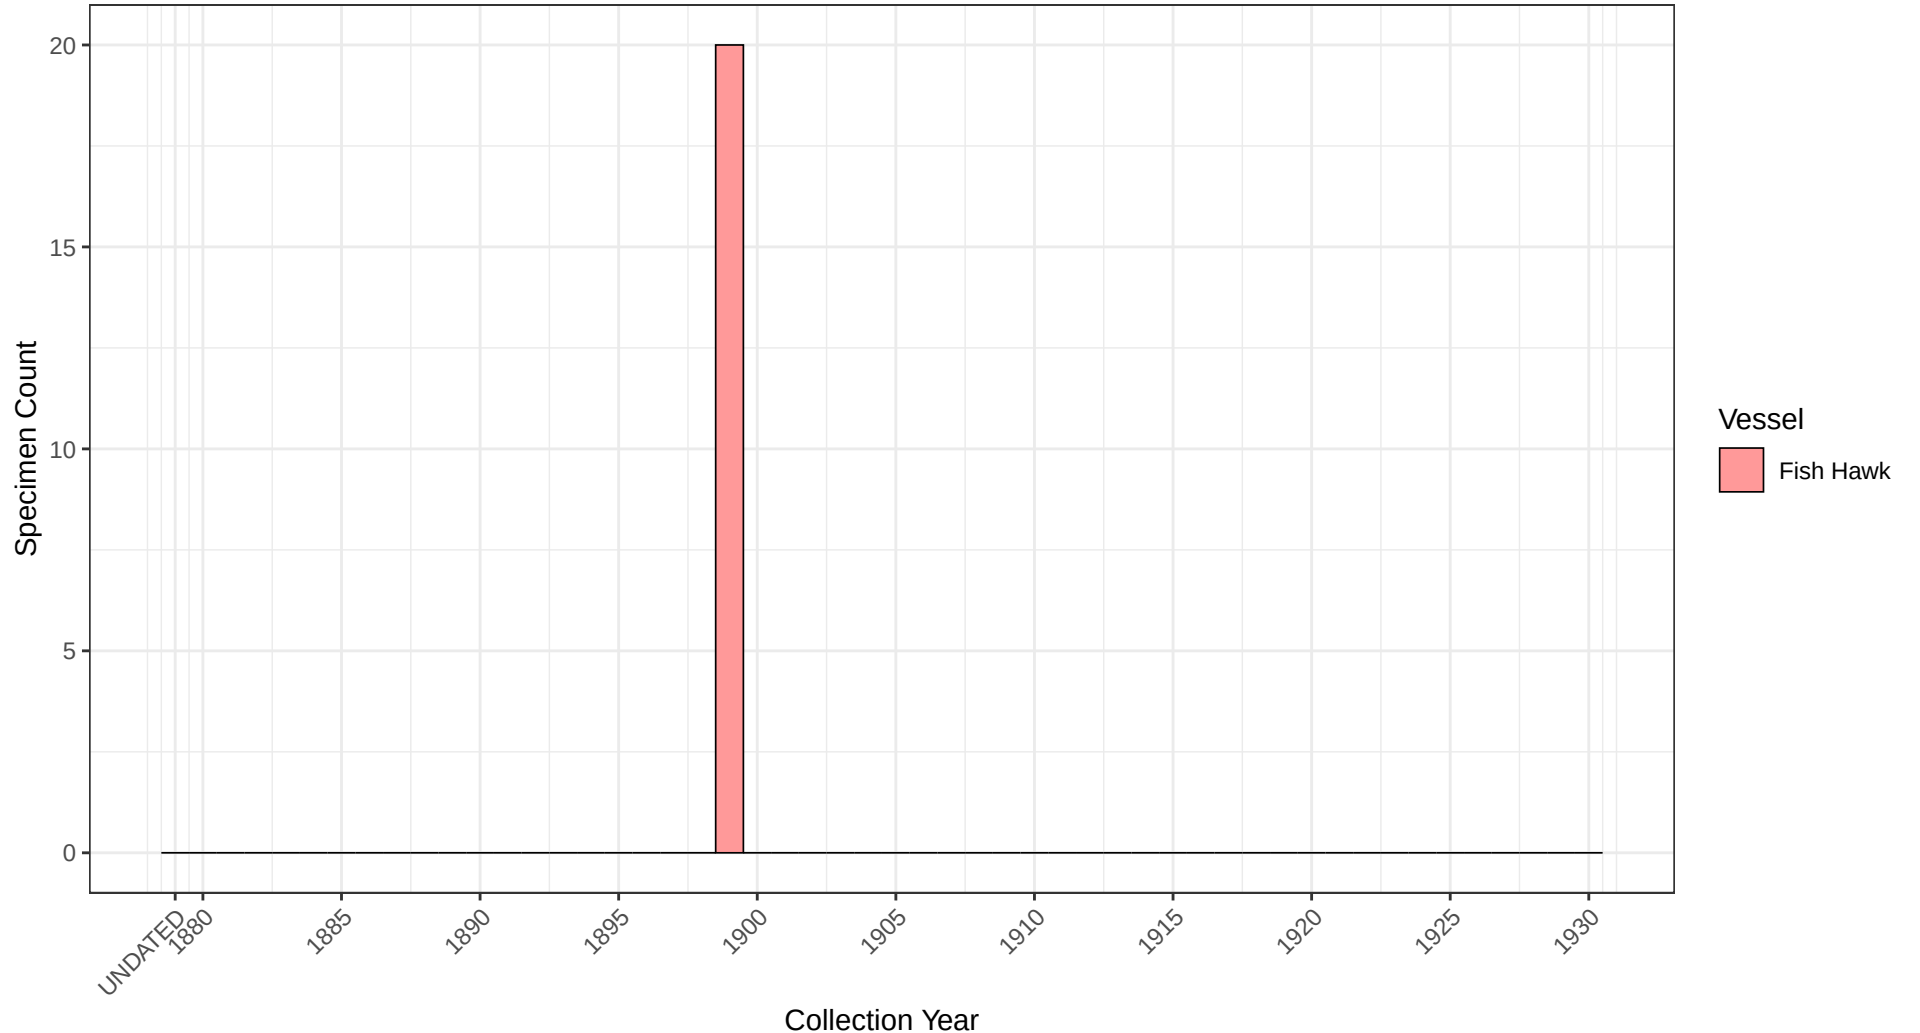

Conodon nobilis

Total Specimens: 20 | Total Populations (40 km R): 1

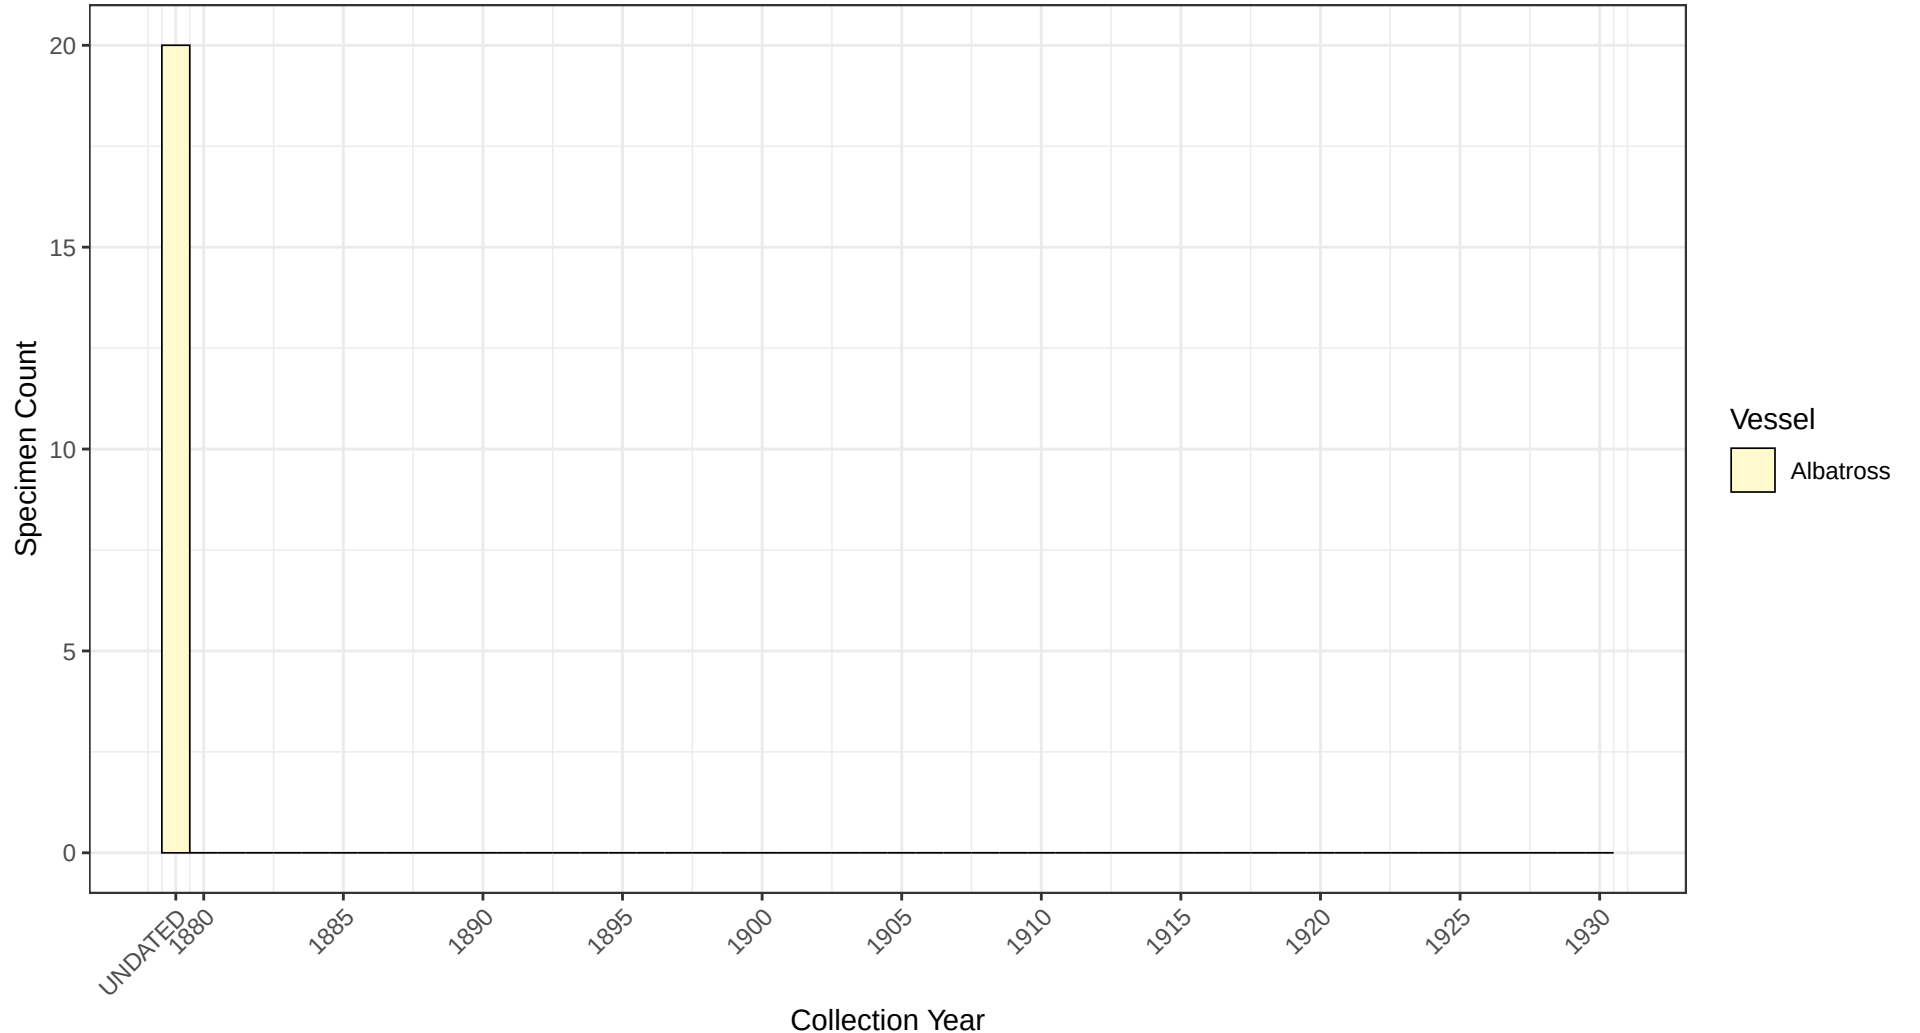

Dajaus monticola

Total Specimens: 20 | Total Populations (40 km R): 1

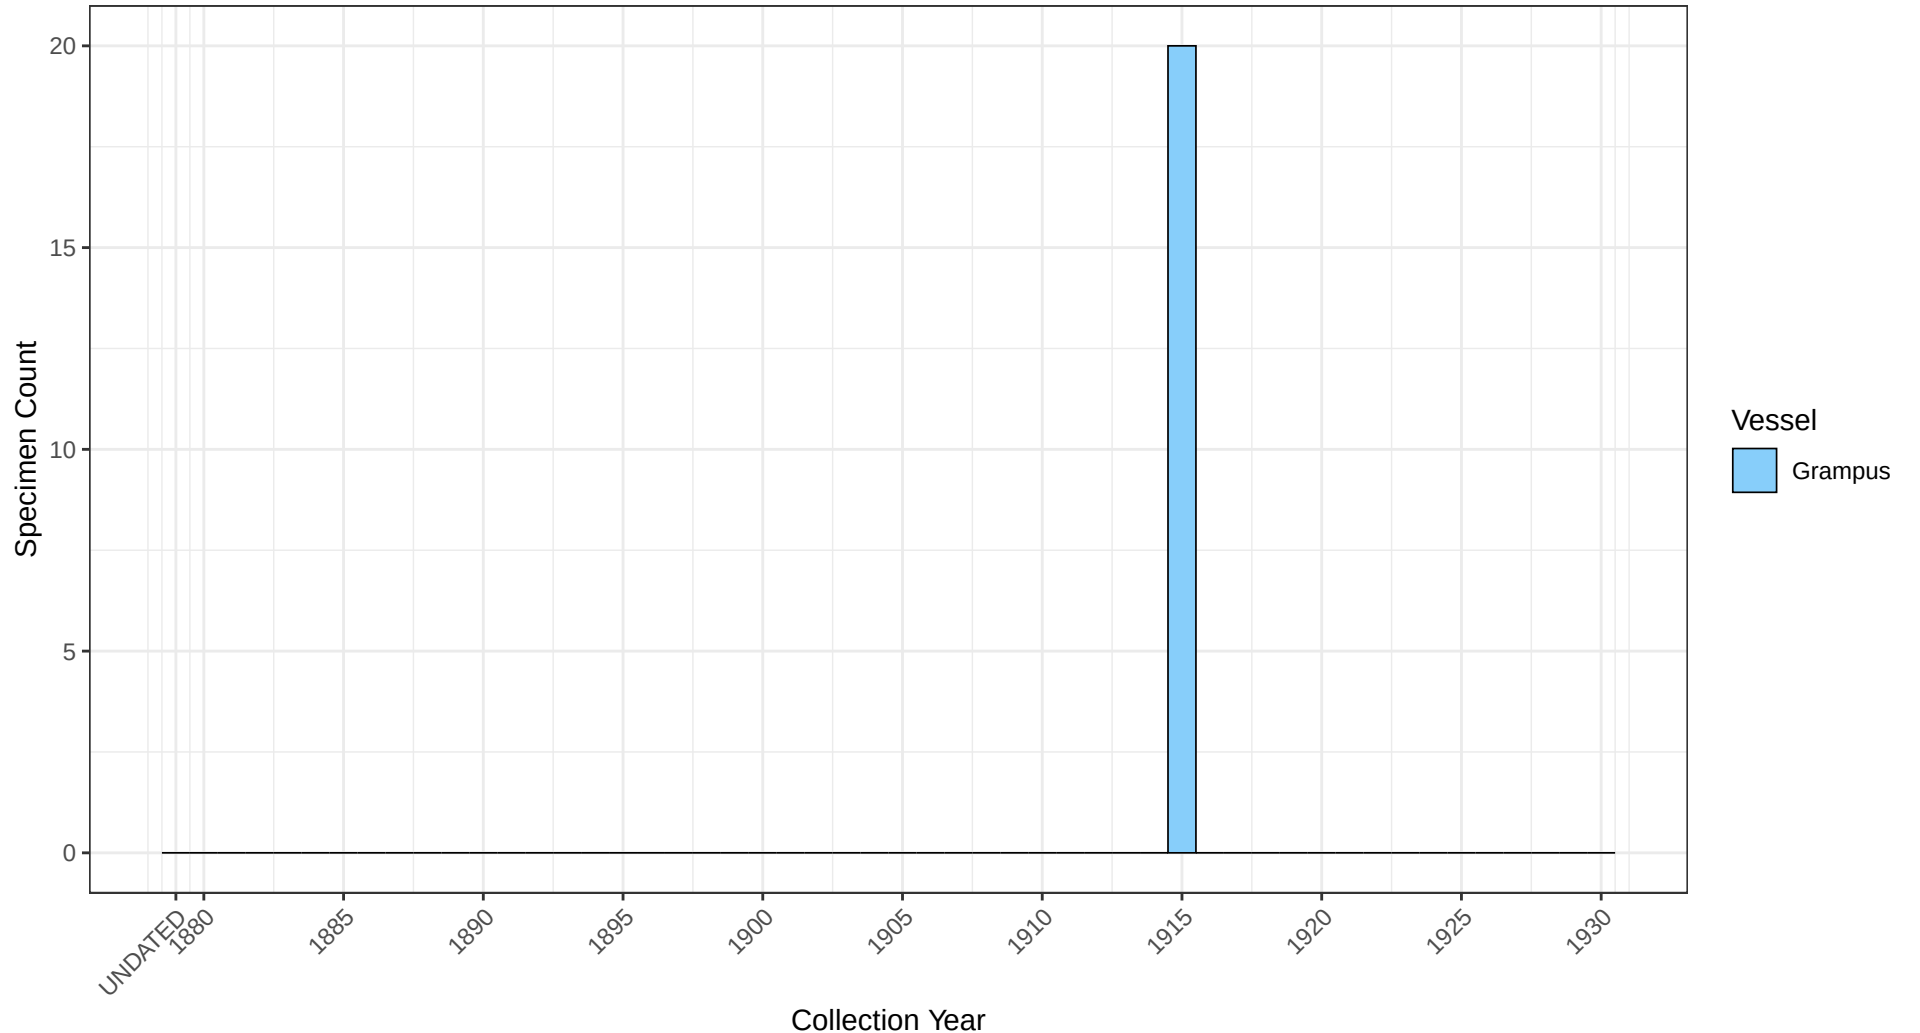

Harengula clupeola

Total Specimens: 20 | Total Populations (40 km R): 1

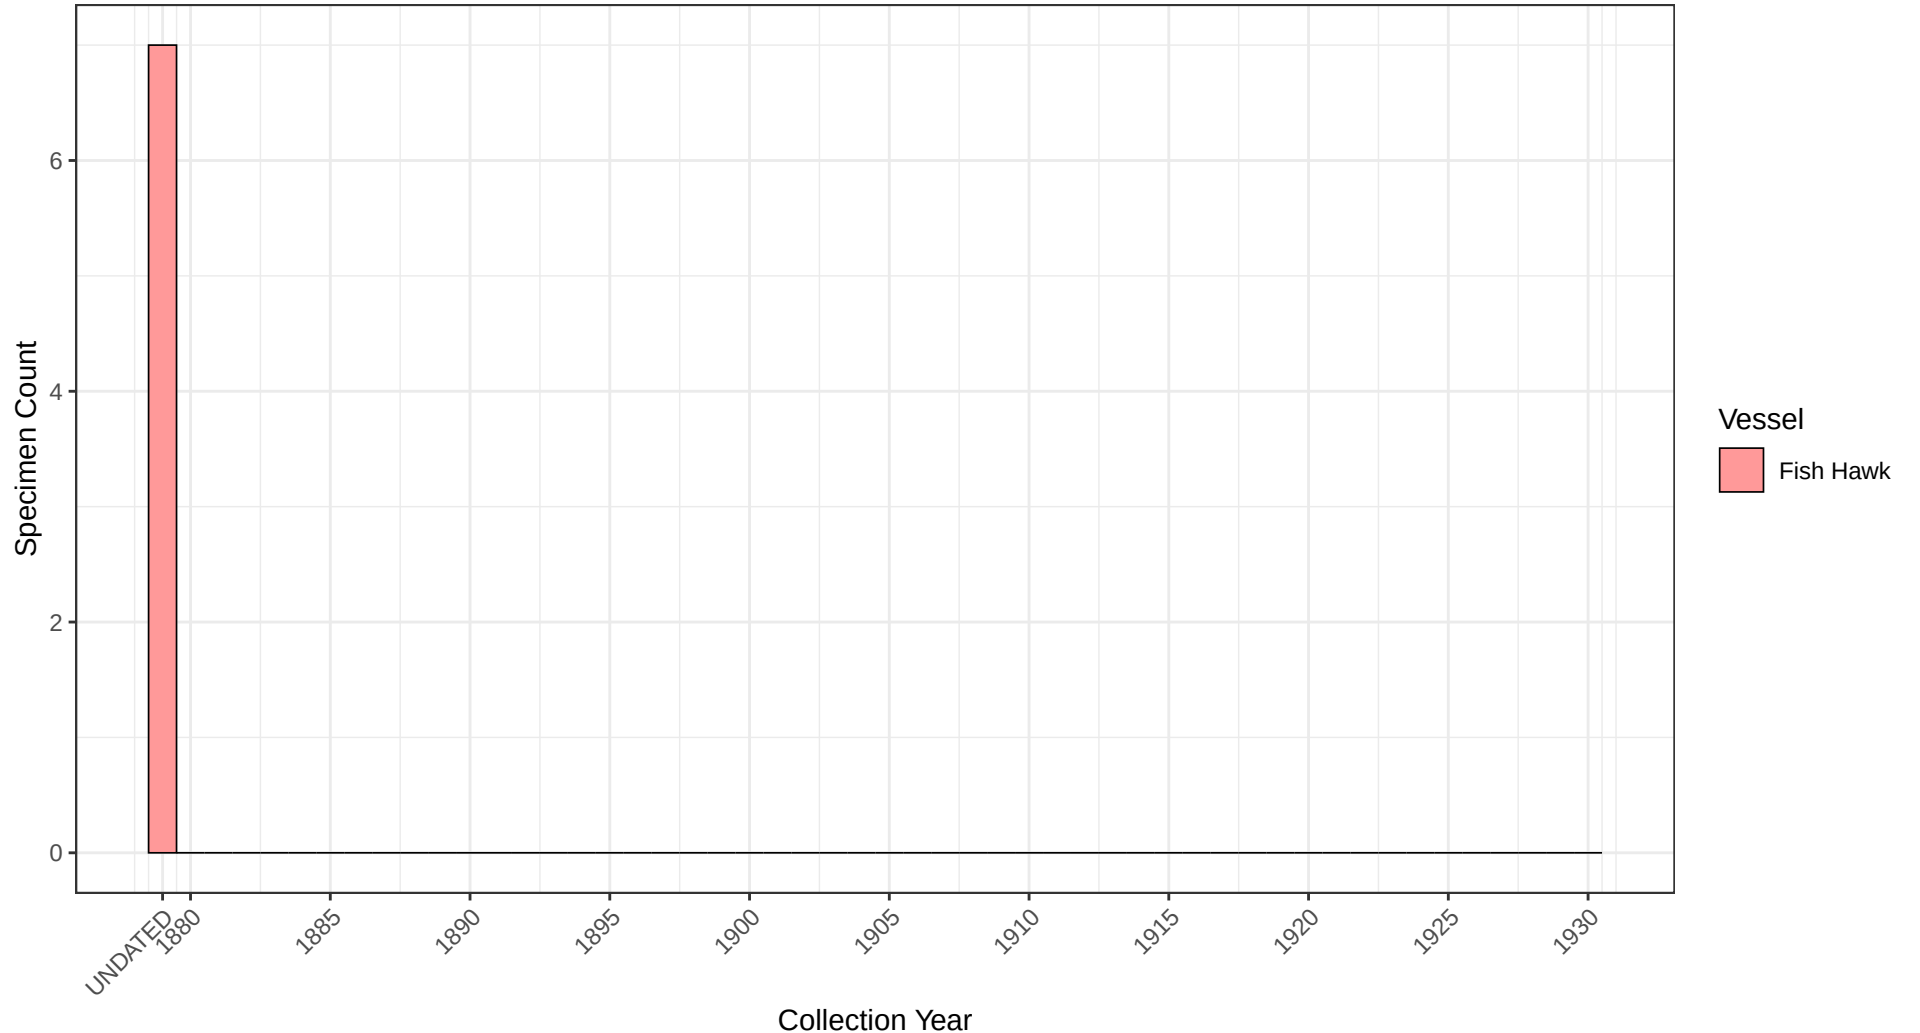

Sebastes norvegicus

Total Specimens: 20 | Total Populations (40 km R): 1

Myoxocephalus octodecemspinosus

Total Specimens: 7 | Total Populations (40 km R): 1

Ancylopsetta dilecta

Total Specimens: 3 | Total Populations (40 km R): 1
